#### **About SML Corporation Limited**

SML Corporation is specialising on gold and base metals exploration in the East Gippsland region of Victoria. SMLC's granted tenements cover an area of approximately 246km² in some of Victoria's most prospective areas and include the historic goldfields at Glen Wills and Sunnyside.

Although the East-Gippsland region has hosted many minerals in the past, the region has been significantly under-explored and SMLC is now using modern geological techniques to explore for gold, silver, and copper.
