INTERIM FINANCIAL REPORT FOR THE SIX MONTHS ENDED 31 DECEMBER 2014

Directors' Report

For the six months ended 31 December 2014

The directors of Centuria Capital Limited (the "Company") present the interim financial report of the Company and its controlled entities (the "Group") for the six months ended 31 December 2014.

In order to comply with the provisions of the *Corporations Act 2001*, the directors report as follows:

Directors

The names of the directors of the Company in office during or since the end of the six months are:

| Name | Particulars | Appointment Date |
|-----------------|--|------------------|
| R. W. Dobson | Non-Executive Director and Chairman | 28 November 2007 |
| P. J. Done | Non-Executive Director | 28 November 2007 |
| J. R. Slater | Non-Executive Director | 22 May 2013 |
| J. E. McBain | Executive Director and Chief Executive Officer | 10 July 2006 |
| J. C. Huljich | Executive Director | 28 November 2007 |
| N. R. Collishaw | Executive Director | 27 August 2013 |

The above named directors held office during the entire six months and up to the date of this report.

Company secretaries

Mr Matthew Coy, Chief Financial Officer, was appointed Company Secretary in October 2009 and continues in office.

Mrs Lucy Rowe was appointed Company Secretary on 27 May 2014 and resigned on 28 August 2014.

Principal activities

The principal activities of the Group during the six months were the marketing and management of investment products (including friendly society investment bonds and property investment funds), management of Over Fifty Guardian Friendly Society Limited and management of a reverse mortgage lending portfolio.

Changes in state of affairs

In October 2014, the Company announced:

- the sale of its subsidiary, Over Fifty Insurance Pty Ltd for \$5.2 million; and
- the sale of a large portion of its reverse mortgage portfolio, releasing \$31.7 million cash to the Group (before transaction costs and taxation). The Group sold its variable rate reverse mortgages with a balance of \$124.4 million and retained a \$27.0 million portfolio of fixed rate reverse mortgages.

Both of these capital transactions were part of Centuria's long-stated strategic objectives to monetise non-core assets and promote greater clarity of Centuria's market positioning as a specialist investment manager.

Directors' Report

For the six months ended 31 December 2014

Operating and Financial Review

The Group recorded a consolidated net profit after tax for the six months ended 31 December 2014 of \$7.604 million (six months ended 31 Dec 2013: \$4.999 million).

Operational highlights for the respective divisions within the Group for the period were as follows:

Property Funds Management

- Centuria Metropolitan REIT ("CMA") successfully listed on the ASX on 10 December 2014 after being substantially oversubscribed. The market's initial response was positive and the stock garnered early investor support, closing at \$2.10 on 31 December 2014, a 5% premium to its listing price of \$2.00. The Company holds a 2.13% investment in CMA and a further 3.98% indirectly through the Centuria Growth Bond Fund. The listing of CMA completes the Company's long-stated strategic goal of broadening its property funds management offering to incorporate unlisted, wholesale and listed investment products.
- Centuria Property Funds Limited as Responsible Entity successfully launched Centuria 2 Wentworth Street Fund (the "Fund") in December 2014. The property, 2-10 Wentworth Street Parramatta, is located in the Parramatta CBD, which has Australia's lowest prime office vacancy rate and 82% of income is secured by NSW State Government leases. The Group was able to use its available capital to acquire Acquisition Units in the Fund to facilitate the Fund's acquisition of the property. The Fund is advanced in its equity raising to raise the capital required to redeem (and repay) all the Acquisition Units.
- Some significant sales took place during the half-year within the property funds managed by Centuria as the Group continued to capitalise on opportunities, including the sale of 441 St Kilda Road, Melbourne for \$82.1 million, earning a 35% capital gain for investors, and the sale of the Citilink Business Centre in Brisbane for \$62 million in line with the Centuria Office Fund No 2's defined exit strategy.
- Profit after tax for the division grew substantially to \$4.736 million for the half-year ended 31 December 2014 (2013: \$1.678 million), largely driven by transactional fees.

Investment Bonds

- Centuria Life launched the Implemented Portfolios Dynamic Asset Allocation Bond and the Mason Stevens Credit Bond Fund under the Centuria "TaxAstute Series". Both products have been received well by the marketplace and Centuria is seeing renewed interest in its growing range of investment bonds.
- The Company's key focus is on growing Funds under Management ("FUM") through creating new and innovative products that meet market demand, prudent investment decision making and maintaining informative and regular policyholder communication.
- FUM continued to grow modestly during the reporting period FUM at 31 December 2014 was \$715.9 million up from \$714.4 million at 30 June 2014.
- Loss after tax for the division \$0.181m was significantly impacted by the impairment of the seed capital invested in the Income Accumulation Fund (one of the Benefit Funds). The net after-tax impact was \$2.196 million (impairment of \$4.009 million, offset by a discounting adjustment of \$0.872 million and tax impact of \$0.941 million).

Directors' Report

For the six months ended 31 December 2014

Reverse Mortgages

- Over Fifty Seniors Equity Release Pty Ltd, a subsidiary of the Company, sold a portfolio of variable rate reverse mortgages at a slight premium to face value in October 2014. The sale represented the successful implementation of Centuria's previously announced strategy and released substantial cash to the Group, strengthening the Group's balance sheet and providing capital to expand core divisions and greatly simplifying the business model of the Group.
- The Group retained a portfolio of fixed rate reverse mortgages which are regarded as a noncore, lowly geared, long-term holding. The Group also retained the associated interest rate swaps which protect the Company's position by fixing the cost of borrowings that fund the remaining portfolio.

Dividends

An interim dividend of 2.0 cents per share franked to 100% was declared by the directors on 19 February 2015 in respect of the six months ended 31 December 2014.

Subsequent events

(a) Issue of Performance Rights

On 1 February 2015, the Company issued 1,831,926 Performance Rights under the Centurial Capital Limited Executive Incentive Plan.

Each Performance Right is an entitlement to one ordinary share in the company, subject to satisfaction, or waiver, of the relevant performance condition. The Performance conditions are measured over 3 years from 1 July 2014 to 30 June 2017 and are based on EPS and Key Strategic Goal measures.

The issuance of Performance Rights to Executive Directors was approved at the Company's Annual General Meeting on 27 November 2014.

(b) Interim Dividend

On 19 February 2015, the Company declared a dividend of 2.0 cents per share franked to 100%. The dividend is expected to be paid on 26 March 2015.

(c) Redemption of Acquisition Units

Subsequent to 31 December 2014, the Company has redeemed a further 5.275 million Acquisition Units in Centuria 2 Wentworth Street Fund for \$5.275 million, with 8.360 million Acquisition Units yet to be redeemed.

Except for the matters above, no other matter or circumstance has arisen in the interval between 31 December 2014 and the date hereof that has significantly affected or may significantly affect:

- (i) the Group's operations in the current and future financial years; or
- (ii) the results of those operations in current and future financial years; or
- (iii) the Group's state of affairs in current or future financial years.

Directors' Report

For the six months ended 31 December 2014

Lead auditor's independence declaration

The lead auditor's independence declaration is set out on page 5 and forms part of the Directors' Report for the six months ended 31 December 2014.

Rounding of amounts to the nearest thousand dollars

The Company is an entity of a kind referred to in ASIC Class Order 98/100, related to the "rounding off" of amounts in the Directors' Report and Interim Financial Report. Amounts in the Directors' Report and Interim Financial Report have been rounded off, in accordance with that Class Order, to the nearest thousand dollars, unless otherwise indicated.

This report is signed in accordance with a resolution of the Directors.

Lead Auditor's Independence Declaration under Section 307C of the Corporations Act 2001

To: the directors of Centuria Capital Limited

I declare that, to the best of my knowledge and belief, in relation to the review for the half-year ended 31 December 2014 there have been:

- (i) no contraventions of the auditor independence requirements as set out in the Corporations Act 2001 in relation to the review; and
- (ii) no contraventions of any applicable code of professional conduct in relation to the review.

Notes to the condensed consolidated interim financial statements For the six months ended 31 December 2014

1. General information

Centuria Capital Limited (the "Company") is a public company listed on the Australian Stock Exchange (trading under the symbol CNI), incorporated and operating in Australia. These condensed consolidated interim financial statements ("interim financial statements") as at and for the six months ended 31 December 2014 comprise the Company and its subsidiaries (together referred to as the "Group").

The Company is required by AASB 10 *Consolidated Financial Statements* to recognise the assets, liabilities, income, expenses and equity of the benefit funds of its subsidiary, Centuria Life Limited (the "Benefit Funds"). The assets and liabilities of the Benefit Funds do not impact the net profit after tax or the equity attributable to the shareholders of the Company.

The Company is a for-profit entity and its principal activities are the marketing and management of investment products (including friendly society investment bonds and property investment funds), management of Over Fifty Guardian Friendly Society Limited and management of a reverse mortgage lending portfolio.

2. Basis of preparation

(a) Statement of compliance

These interim financial statements have been prepared in accordance with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*.

These interim financial statements do not include all the notes of the type normally included in an annual financial report. Accordingly, these interim financial statements are to be read in conjunction with the annual report for the year ended 30 June 2014 and any public announcements made by the Company during the period in accordance with the continuous disclosure obligations of the Australian Securities Exchange.

These interim financial statements were authorised for issue by the Company's Board of Directors on 19 February 2015.

(b) Significant accounting policies

The accounting policies adopted in these interim financial statements are consistent with those applied in the previous financial year. When the presentation or classification of items in the interim financial statements has been amended, comparative amounts are also reclassified, unless it is impractical.

The Group has not elected to adopt any new Australian Accounting Standards that have been issued but are not yet effective.

The Company is a company of the kind referred to in ASIC Class Order 98/0100, dated 10 July 1998, and in accordance with that Class Order amounts in the financial report are rounded off to the nearest thousand dollars, unless otherwise indicated.

(c) Use of judgements and estimates

In preparing these interim financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense that are not readily apparent from other sources. The judgements, estimates and assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those applied in the consolidated financial statements as at and for the year ended 30 June 2014.

Notes to the condensed consolidated interim financial statements For the six months ended 31 December 2014

3. Operating Segments

The Group has currently has five reportable segments. These reportable segments are the divisions used to report to the Group's CEO and Board for the purpose of resource allocation and assessment of performance.

These reportable segments have changed from the prior period with Benefit Funds now reported as part of the Investment Bonds segment and Corporate now including the "Other", non-material investments that used to be reported separately.

The operations of the reportable segments are:

- Property Funds Management: management of listed and unlisted property funds through Centuria Property Funds Limited and Centuria Strategic Property Limited.
- Investment Bonds: management of the Benefit Funds of Centuria Life Limited and management of the Guardian Over Fifty Friendly Society Limited. The Benefit Funds include a range of financial products, including single and multi-premium investments.
- Reverse Mortgages: management of a reverse mortgage lending portfolio.
- Insurance: general, home and contents, motor vehicle and travel insurance agency.
- Corporate.

The accounting policies of reportable segments are the same as the Group's accounting policies.

Following is an analysis of the Group's revenue and results by reportable segment.

In October 2014, the Company announced:

- the sale of its subsidiary, Over Fifty Insurance Pty Ltd for \$5.2 million; and
- the sale of a large portion of its reverse mortgage portfolio, releasing \$31.7 million cash to the Group (before transaction costs and taxation). The Group sold its variable rate reverse mortgages with a balance of \$124.4 million and retained a \$27.0 million portfolio of fixed rate reverse mortgages.

Both of these capital transactions were part of Centuria's long-stated strategic objectives to monetise non-core assets and promote greater clarity of Centuria's market positioning as a specialist investment manager.

6. Reconciliation of cash and cash equivalents

For the purposes of the statement of cash flows, cash and cash equivalents includes cash on hand and in banks. Cash and cash equivalents at the end of the reporting period as shown in the statement of cash flows are reconciled to the related items in the statement of financial position as follows:

| | Asa | at |
|--|---------------------|---------------------|
| | 31-Dec-14 \$'000 | 30-Jun-14 \$'000 |
| Cash and cash equivalents | 106,585 | 51,400 |

| Attributable to Benefit Fund policyholders | 83,574 | 38,285 |
| Total | 106,585 | 51,400 |

Under AASB 107 Statement of Cash Flows, the income, expenses, assets and liabilities of the Benefit Funds of Centuria Life Limited are included in the Group's statement of comprehensive income and statement of financial position and statement of cash flows. As a result, the Benefit Funds' cash is included in the Group's assets with a corresponding amount included in liabilities. The shareholders of the Group have no rights over the cash held in the Benefit Funds. Included in cash and cash equivalents attributable to shareholders are amounts held by Centuria Life Limited and Senex Warehouse Trust No.1 which is not readily available for use of \$9.9 million (30 June 2014: \$8.6 million).

| Acqu | isition Units in Centuria 2 Wentworth Street Fund (current asset) | 13,635 | _ |

During the current reporting period, the Company acquired 100% of the Acquisition Units in Centuria 2 Wentworth Street Fund ("the Fund") to seed the Fund and enable the acquisition of the underlying investment property.

It is not the intent of the Company to hold a significant long-term investment in the Fund, with the expectation that all Acquisition Units will be redeemed by 30 June 2015, hence the classification as "held for sale".

Acquisition Units rank equally with Ordinary Units, except that the proceeds from the allotment of Ordinary Units may be used to redeem any Acquisition Units.

Subsequent to 31 December 2014, the Company has redeemed a further 5.275 million Acquisition Units in Centuria 2 Wentworth Street Fund for \$5.275 million, with 8.360 million Acquisition Units yet to be redeemed as stated in Note 14 (c).

The significant decrease in reverse mortgage borrowings is due to the repayment of borrowings following the sale of variable rate reverse mortgages. Refer to Note 4(b) for further details.

(a) Terms and conditions

The terms and conditions relating to the above facilities are set out below.

Corporate working capital facility

The Company entered into a new revolving cash advance facility with National Australia Bank during the reporting period to replace its previous working capital facility. The facility limit is \$12.0 million, maturing 30 September 2016 and there was no amount drawn under the facility at reporting date.

Reverse mortgage bill facilities and notes - secured

At reporting date, the Group has \$12.8 million (30 June 2014: \$114.2 million) non-recourse notes on issue to the ANZ Bank, secured over the remaining reverse mortgages held in Senex Warehouse Trust No.1 (a subsidiary of the Group) maturing on 31 March 2016.

The facility limit is \$18.0 million (30 June 2014: \$150.0 million) and is reassessed every 6 months with a view to reducing the facility in line with the reduction in the reverse mortgage book. Under the facility agreement, surplus funds (being mortgages repaid (including interest) less taxes, administration expenses and any hedge payments) are required to be applied against the facility each month. During the six months ended 31 December 2014, \$6.9 million surplus funds have been applied against the facility (six months ended 31 December 2013: \$9.6m) in addition to the \$94.9 million repayment following the portfolio sale.

10. Financial instruments

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy for financial instruments measured at fair value. It does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.

The table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable.

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

There were no transfers between Level 1, 2 and 3 in the period.

The consolidated results include the assets and liabilities of the Benefit Funds of Centuria Life Limited. The shareholders of the Company are not subject to the risks and rewards of the assets and liabilities held by the Benefit Funds, therefore this note does not include information in regards to the financial assets and financial liabilities held by the Benefit Funds (as set out in Note 11).

The Group determines Level 2 fair values for financial assets and liabilities without an active market based on broker quotes.

Level 2 fair values for simple over-the-counter derivatives are also based on broker quotes. Those quotes are tested for reasonableness by discounting expected future cash flows using market interest rates for a similar instrument at the measurement date. Fair values reflect the credit risk of the instrument and include adjustments to take account of the credit risk of the entity and counterparty where appropriate.

10. Financial instruments (continued)

Set out below is a reconciliation of Level 3 fair value movements of financial assets and liabilities.

The Level 3 financial asset held by the Group is the fair value of the residential mortgage receivables attributable to interest rate risk. The Level 3 financial liability held by the Group is the fixed-for-life interest rate swaps.

These two items are designed in a fair value hedging relationship, with the fair value movements on the swaps, offset by the fair value movements in the mortgage receivables (refer to Note 5). However, as the Group has only designed the fair value movements attributable to interest rate risk in the hedging relationship, any other fair value movements impact the profit and loss directly, such as credit risk movements. Items such as credit risk, cannot be designed in a hedging relationship.

(b) Significant assumptions used in determining fair value of financial assets and liabilities

The fair value of the 50 year residential mortgage loans and 50 years swaps are calculated using a valuation technique based on assumptions that are not supported by prices from observable current market transactions in the same instrument and not based on available observable market data due to the illiquid nature of the instruments. Use is made of discounted cash flow analysis using the applicable yield curve out to 15 years, with the yield curve at 15 years employed as the best proxy for subsequent rates due to non-observable market data.

Mortality rates for males and females have been assumed to be consistent with 2013 Life Tables. Mortality improvements of 3% p.a. are assumed starting at age 70. The improvement factor tapers down to 1% p.a. at age 90 and then zero at age 100. Joint life mortality is calculated based on last death for loans with joint borrowers. 50% of residential mortgage loan portfolio consists of joint lives.

Independent auditor's review report to the members of Centuria Capital Limited

We have reviewed the accompanying interim financial report of Centuria Capital Limited (the Company), which comprises the condensed consolidated statement of financial position as at 31 December 2014, condensed consolidated statement of comprehensive income, condensed consolidated statement of changes in equity and condensed consolidated statement of cash flows for the half-year ended on that date, notes 1 to 14 comprising a summary of significant accounting policies and other explanatory information and the directors' declaration of the Group comprising the Company and the entities it controlled at the half-year's end or from time to time during the half-year period.

Directors' responsibility for the interim financial report

The directors of the Company are responsible for the preparation of the interim financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the interim financial report that is free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express a conclusion on the interim financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the interim financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Group's financial position as at 31 December 2014 and its performance for the half-year period ended on that date; and complying with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As auditor of Centuria Capital Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of an interim financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the interim financial report of Centuria Capital Limited is not in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the Group's financial position as at 31 December 2014 and of its performance for the half-year period ended on that date; and
- (b) complying with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.
