About OceanaGold

OceanaGold Corporation is a significant multinational gold and copper producer with over 24 years of operating sustainably in New Zealand and more recently the Philippines. Its flagship operation is the Didipio Mine located in the northern Philippines which commenced commercial production on April 1, 2013 and has a current mine life to 2030. In New Zealand on the South Island, OceanaGold operates the country's largest gold operation at the Macraes Goldfield and the Reefton Gold Mine on the west coast. OceanaGold has an unwavering commitment to the environment and to the host communities in which it operates in and works collaboratively with its valued stakeholders to create opportunities, build capacity and leave a positive, long-lasting legacy well beyond the mining life cycle.

In 2015, the Company expects to produce 295,000 to 335,000 ounces of gold from the combined New Zealand and Didipio operations and 21,000 to 23,000 tonnes of copper from the Didipio operations.

OceanaGold is listed on the Toronto, Australian and New Zealand stock exchanges under the symbol OGC.
