
EchoPixel Announces FDA Clearance

- **3DM is the Australia and New Zealand distributor of EchoPixel's products**
- **EchoPixel has announced 510(k) FDA clearance of its True3D Viewer**

3D Medical Limited (ASX: **3DM**) is pleased to advise that EchoPixel, Inc. has achieved FDA approval for its EchoPixel True3D Viewer product. The timing of this approval is in accordance with previous public statements made by 3DM.

3DM will continue focussing on pre sales and educational sales of the EchoPixel viewer in local geographies whilst EchoPixel now pursue regulatory approval in Europe and Australia.

About 3D Medical Limited:

At 3D Medical our aim is to aid medical professionals in the facilitation of improved clinical care, improving medical procedures, diagnostics and ultimately improving patient outcomes.

3D Medical is a medical specific 3D printing and holographic projection and data integrations provider. Our services 3D Medical Printing; EchoPixel (holographic projection technology); GestSure (in surgery image control); Mach 7 (enterprise imaging solution provides healthcare organisations with the ability to archive, consolidate, access, and share medical imaging data across departments, locations and regions) and MediDATA service provides medical practices the opportunity to leverage their analytical capabilities to gain an improved understanding of the characteristics of the patients which drive their business.

These new and innovative products leverage data already captured by conventional imaging modalities and apply it in more meaningful ways to deliver improved economic and patient outcomes.
