The proceeds from the Placement and Rights Issue will be used to advance its Mozambique and Tanzanian graphite tenements; and to provide working capital.

The Company's Managing Director, Mr Alan Armstrong said:

'We have received very strong support from our major stakeholders to provide further capital, following the recent negotiations on the 18 tenements held in Tanzania. The backing of these parties confirms our belief that we have put together a solid strategy to optimise returns to shareholders. The Placement and Rights Issue will provide sufficient funding to undertake our exploration programs in Mozambique

and Tanzania for a minimum of 12 months, removes short term funding risks and provide stability to the company going forward’.

## **PLACEMENT**

The Placement will be made under the Company’s available 15% and 10% capacities. The Placement shares are anticipated to be issued upon all applicable funds being received and cleared. The free attaching options under the Placement will be subject to shareholder approval. A further announcement will be released when the shares are issued, along with the despatch of the proposed Notice of Meeting.

## **RIGHTS ISSUE**

In conjunction with the Placement, MOZ will be offering eligible shareholders the opportunity to acquire a total of up to approximately 77,161,355 additional fully paid ordinary shares of the Company on a 1 for 4 basis at \$0.012 (1.2 cents) per share and one for two free attaching MOZO listed option (which is the same price as offered to participants in the Placement), to raise up to approximately \$925,000 before costs of the issue.

Eligible shareholders will be those with a registered address in Australia and New Zealand and that are on the shareholder register on the record date. It is anticipated that participants in the Placement with a registered address in Australia and New Zealand will be included in the shareholders eligible to participate in the Rights Issue. The record date and other dates will be announced to ASX when the document containing the Rights Issue offer is finalised and lodged, which is presently anticipated to be in about the week commencing 15 June 2015.

The Rights Issue will be non-renounceable and will not be tradeable on ASX or otherwise transferable.

Further details of the Rights Issue will be contained in the document containing the Rights Issue offer that will be prepared for mailing to shareholders.
