### CHAIRMAN'S ADDRESS TO SHAREHOLDERS

I hereby present the 2014/2015 annual results of ViaGOLD Capital Limited ("VIA") and its subsidiaries collectively referred to as the "Group" and the outlook for 2015.

### REVIEW

The sentiments of the business environment in which the Group is operating in the provision of management and consulting services to education institutions, asset leasing as well as mineral trading business in China have not improved during the current year. Revenue was A\$748,000 for the year ended 31 March 2015 as compared to A\$1,182,000 for the year ended 31 March 2014.

The loss attributable to the equity holders of the Group for the year ended 31 March 2015 was A\$1,038,000 (2014: a loss of approximately A\$854,000). Within which, the loss in the major operations for A\$496,000 was mainly attributed to the results of continuous industrial downsizing in both vocational and higher education and the intense competition during the year. And the remaining balance of loss for A\$542,000 was mainly due to the annual mandatory statutory of professional fees and director remuneration for the year.

### **PROSPECT**

In 2015, the Group will continue in boosting its existing businesses by strengthening the marketing development and the management in its current education management, asset leasing and mineral trading businesses, and will seize for new investment and business opportunities with good potentials in a prudent and cautious manner which is expected to bring significant value to the Group's operating results.

### **APPRECIATION**

On behalf of the Board of directors (the "Board"), I would like to express my sincere thanks to the Group's shareholders, customers, bankers and business associates for their continuing support. And I would also like to take this opportunity to express my heartfelt thanks to my fellow directors and all the dedicated employees of the Group for their hard work and contributing during the year.

Dr Longguang Shi

Chairman

23 June 2015

### CORPORATE GOVERNANCE STATEMENT

The directors of the Company are primarily responsible for the corporate governance practices of the Company. This statement sets out the main corporate governance practices in operation throughout the Company for the financial year ended 31 March 2015 (except where otherwise indicated). The Statement also details compliance by the Company with the best practice recommendations set by the Australian Securities Exchange ("ASX") Corporate Governance Council in its Corporate Governance Principles & Recommendations with 2010 Amendments released in June 2010 (Guide).

On the date of this report, the Board consists of three executive directors and three non-executive directors. Details of the directors are set out on page 18 in this Report.

The primary responsibilities of the Board include:

- the establishment of the long term goals of the Company and strategic plans to achieve those goals;
- the approval of the annual and half year financial statements of the Company;
- the review and adoption of annual budgets for the financial performance of the Company and monitoring the results on a quarterly basis; and
- ensuring that the Company has implemented adequate systems of internal controls together with appropriate monitoring of compliance activities.

Set out below is a summary of the Corporate Governance policies of the Company and the approach of the Company and the Board to issues of corporate governance. The summary is provided in the context of the Revised Principles set out in the Guide, which principles are regarded by ASX as reflective of the best international practice in the area of corporate governance. As required by the Listing Rules of Australian Securities Exchange Limited (the "ASX Listing Rules") and where applicable, the Company has detailed where it fails to meet those principles and the reasons for that failure.

| 1   | Lay solid foundations for manageme                                                           | nt and oversight (cont'd)                                                                                                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                                                                     |
| 1.2 | Companies should disclose the process for evaluating the performance of senior executives.   | One of the key functions of the Board under its Charter is its responsibility for monitoring the performance of the Chief Executive Officer and senior executives.                                                                                                                                                                                          | Not applicable.                                                                                                                                                                                                                                                                                     |
| 1.3 | Companies should provide the information indicated in the Guide to reporting on Principle 1. | The Company will provide an explanation of departures (if any) from the Key Principles recommendations 1.1 and 1.2 in its future annual reports.                                                                                                                                                                                                            | Not applicable.                                                                                                                                                                                                                                                                                     |
| 2   | Structure the Board to add value                                                             |                                                                                                                                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                                                                                     |
| 2.1 | A majority of the Board should be independent directors.                                     | Currently, the Board comprises 6 directors, of which 3 are non-executive directors. Mr. Yan Wang and Mr. Ouyang Cong (Appointed on 21 July 2014), can be characterised as independent for the purposes of the ASX Guidelines. The other 3 members of the Board are executive directors. Details of the Board members are set out on page 18 in this Report. | The Board recognises the importance of having a majority of independent directors. However, it also seeks to have the best possible balance of skills and experience for the Company's activities and has decided that a majority of independent directors is not of critical importance. The Board |
|     |                                                                                              | All directors are subject to retirement by rotation. The Company 's Nomination Committee reviews the composition of the Board on an annual basis and makes recommendations to the Board, to ensure that the Board comprises a number of non-executive directors with an appropriate mix of skills, experience and independence.                             | considers, given the size and business scope of the Company, that the persons selected as directors bring sufficient and specific skills, experience and independence of thought to ensure decisions by the Board are in the best interests of the Company and its shareholders.                    |

| 2   | Structure the Board to add value (co                                                           | nt'd)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                                                              |
| 2.2 | The chair should be an independent director.                                                   | The chair, Dr. Longguang Shi, is a non-executive director of the Company. Dr. Shi is not considered to be an independent director by reason of him being a non-executive director of the Company.  The Board regards Dr. Shi as the best person to chair the Company in the interests of all shareholders.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     | The Board recognises the importance of the chair being held by an independent director, however, it believes Dr. Shi to be the most appropriate person for this role, given his diverse background, his long involvement in the Company and his knowledge of its activities. |
| 2.3 | The roles of chair and Chief Executive Officer should not be exercised by the same individual. | The roles of chair and Chief Executive Officer are not exercised by the same individual.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       | Not applicable.                                                                                                                                                                                                                                                              |
| 2.4 | The Board should establish a nomination committee.                                             | The Board has established a Nomination Committee and a Remuneration Committee. The Committees have a charter adopted by the Board which sets out the responsibilities of the Committees.  The Nomination Committee regions the committee of the committee and the committee of the com | Not applicable.                                                                                                                                                                                                                                                              |
|     |                                                                                                | reviews the composition of the Board on an annual basis and makes recommendations to the Board, where considered necessary, to ensure that the Board comprises a number of non-executive directors with an appropriate mix of skills and experience. Where necessary, the Committee seeks the advice of external advisers in connection with the suitability of applicants                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                              |

| 7.1 | Companies should establish policies for the oversight and management of material business risks and disclose a summary of those policies.                                                                                                                                                                                                                                           | The Board is responsible for the Company's system of internal controls. The Board constantly monitors the operational and financial aspects of the Company's activities. Through the Audit Committee, the Board considers the recommendations and advice of external auditors and other advisers on the operational and financial risks that are facing the Company.                                                                                      | Not applicable. |
| 7.2 | The Board should require management to design and implement the risk management and internal control system to manage the Company's material business risks and report to it on whether those risks are being managed effectively. The Board should disclose that management has reported to it as to the effectiveness of the Company's management of its material business risks. | Where necessary, the Board ensures that its recommendations are investigated and appropriate action is taken to ensure that the Company has an appropriate internal control environment in place to manage the key risks identified. In addition, the Board investigates ways of enhancing existing risk management strategies, including appropriate segregation of duties, the employment and training of suitably qualified and experienced personnel. | Not applicable. |

| 7.3 | The Board should disclose whether it has received assurance from the Chief Executive Officer (or equivalent) and the Chief Financial Officer (or equivalent) that the declaration provided in accordance with section 295A of the Corporations Act is founded on a sound system of risk management and internal control and that the system is operating effectively in all material respects in relation to financial reporting risks. | Prior to finalising the full year and half year financial statements and reports of the Company, the Audit Committee undertakes such investigations and reviews each year as it determines to be necessary to confirm the integrity of the financial reporting of the Company. Included in those steps, the Board requires the Chief Executive Officer and the Chief Financial Officer to make a statement (and sign off to the Board) on the management and internal controls of the Company and the financial reporting. | Not applicable. |
| 7.4 | Companies should provide the information indicated in the Guide to reporting on Principle 7.                                                                                                                                                                                                                                                                                                                                            | The Company will provide an explanation of departures (if any) from the Key Principles recommendations 7.1 - 7.3 (inclusive) in its future annual reports.                                                                                                                                                                                                                                                                                                                                                                 | Not applicable. |
| 8   | Remunerate reasonably and fairly                                                                                                                                                                                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |                 |
| 8.1 | The Board should establish a remuneration committee.                                                                                                                                                                                                                                                                                                                                                                                    | The Board has a Remuneration Committee.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | Not applicable. |
| 8.2 | The remuneration committee should be structured so that it:  (a) consists of a majority of independent directors;  (b) is chaired by an independent chair,  (c) has at least 3 members.                                                                                                                                                                                                                                                 | The Remuneration Committee presently consists of two independent non-executive director, being Mr. Ouyang Cong (Appointed on 21 July 2014) and Mr. Yan Wang, and one executive director Mr. Libin Sun.  Mr. Yan Wang is the chair of the committee.                                                                                                                                                                                                                                                                        | Not applicable. |

### **DIRECTORS' REPORT**

### DIRECTORS' INTERESTS IN SHARES AND SHARE OPTIONS

### (i) Shares

At 31 March 2015, the interests of the Company's directors and their associates in the issued share capital are as follows:

|                            | Number of shares held |                     |  |  |
|----------------------------|-----------------------|---------------------|--|--|
| Name                       | Personal interests    | corporate interests |  |  |
| Dr. Longguang Shi (Note i) | -                     | 6,000,000           |  |  |
| Ms. Mulei Shi (Note i)     | -                     | 4,000,000           |  |  |

Note:

(i) Dr. Longguan Shi and Ms. Mulei Shi are the beneficial owners of Capital Luck Group Limited.

### (ii) Share options

### **Employee share option scheme**

On 19 December 2007, ordinary resolutions were passed by the shareholders at the annual general meeting to approve the adoption of a new share option scheme (the "New Scheme") and the termination of the old share scheme (the "Old Scheme") which were adopted on 28 November 1995.

The Company changed the share option scheme because of the limited participation by senior management, employees and director provided by the Old Scheme. Under the New Scheme, it offers a wider participation by directors, employees, management, contractors and consultant.

The participants of New Scheme are the employee of the Company. No option may be issued to a person under the plan unless the person remains as an employee as at the date of grant, or the Plan Committee determines otherwise.

### **DIRECTORS' REPORT**

### **DIRECTORS' INTERESTS IN SHARES AND SHARE OPTIONS** (Continued)

### (ii) Share options (Continued)

### **Employee share option scheme** (Continued)

The employee means:

- (a) an individual whom the Plan Committee determines to be in the full-time or part-time employment of a body corporate in the Group (including any employee on parental leave, long service leave or other special leave as approved by the Plan Committee);
- (b) a director of a body corporate in the Group;
- (c) a director of the Company;
- (d) an individual who provides services to a body corporate in the Group whom the Plan Committee determines to be an employee for the purposes of the Plan;
- (e) an individual whose associate (as that expression is defined in section 139GE of the Income Tax Assessment Act 1936) provides services to a body corporate in the Group, which individual the Plan Committee determines to be an employee for the purposes of the Plan; or
- (f) an individual otherwise in the employment of a body corporate in the Group whom the Plan Committee determines to be an employee for the purposes of the Plan.

The total number of shares in respect of which option may be granted under the New Scheme is not permitted to exceed 10% of the total number of issued shares in the Company as at the date of the offer.

The option granted under the New Scheme will be non-transferable, it means that they cannot be sold, transferred, mortgaged, charged or otherwise disposed of or dealt with by the participant prior to exercise except as permitted under Rule 10.3 which are stated as follows.

### **DIRECTORS' REPORT**

### **DIRECTORS' INTERESTS IN SHARES AND SHARE OPTIONS** (Continued)

### (ii) Share options (Continued)

### **Employee share option scheme** (Continued)

Rule 10.3 stated that Options may be transferred, by an instrument of transfer, in the following circumstances only:

- (a) a transfer constituting the necessary transfer documents following an acceptance of an offer made under an off-market bid relating to options;
- (b) a transfer to a bidder on the sale of the Options under any provision of an applicable law that entitles the bidder to compulsorily acquires the options;
- (c) a transfer to a 100% holder of shares on the sales of the options under any provision of an applicable law that requires the holder to compulsorily acquire the options;
- (d) a transfer under any provision of an applicable law to any person required to acquire the options, if offered for sales, under such provision of the applicable law;
- (e) a transfer in accordance with a scheme of arrangement relating to the options which has become binding in accordance with the provisions of any applicable law;
- (f) if approved by the Board, which approval must not be unreasonably withheld or delayed, a transfer to a related entity of the Participant; or
- (g) any other transfer approved by the Board, which approval may be withheld or delayed or be made subject to conditions at the absolute discretion of the board.

Options will be issued for consideration comprising the services that are expected to be provided by an eligible employee to or for the benefit of the Group but no further monetary or other consideration will be payable in respect of the issue of an option.

The exercise price in respect of an option is as determined by the Plan Committee and must be denominated and payable in Australian dollars.

The New Share Scheme was approved by the shareholders of the Company on 19 December 2007.

The Company adopts the Binomial Option Pricing Model for estimating the fair value of share options issued under the Share Option Scheme. The model is one of the commonly used models to estimate the fair value of a share option which can be exercised before the expiry of the option period.

### **DIRECTORS' REPORT**

### **DIRECTORS' INTERESTS IN SHARES AND SHARE OPTIONS (Continued)**

### (ii) Share options (Continued)

### **Employee share option scheme** (Continued)

Significant assumptions are used in the Binomial Option Pricing Model to estimate the value of the share option granted on the grant date, taking into account the following factors:

- Risk-free interest rate the yields of Australian Government Bonds.
- Expected volatility the historical volatility of the share prices of the Company.

Binomial Option Pricing Model is subject to certain fundamental limitations because of the subjective nature of and uncertainty relating to the assumptions and inputs to the model as well as certain inherent limitation of the model itself. Any changes in the above assumptions or inputs may materially affect the fair value estimation.

Consultant is classified as employee under the New Scheme.

### ARRANGEMENTS TO PURCHASE SHARES OR DEBENTURES

At no time during the year was the Company, its ultimate holding company, any of its subsidiaries or fellow subsidiaries a party to any arrangements to enable the directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

### DIRECTORS' INTERESTS IN CONTRACTS OF SIGNIFICANCE

Other than as disclosed in note 23 to the consolidated financial statements, no other contract of significance in relation to the Group's business to which the Company, its ultimate holding company, or any of its subsidiaries or its fellow subsidiaries was a party and in which a director of the Company had a material interest, whether directly or indirectly, subsisted at the end of the year or at any time during the year.

### **DIRECTORS' BENEFITS**

Other than as disclosed in note 10 to the consolidated financial statements, during the year, no director of the Company has received or become entitled to receive a benefit because of a contract that the director or a firm of which the director is a member or a company in which the director has a substantial financial interest made with the Company or a company that the Company controlled, or a body corporate that was related to the Company, when the contract was made or when the director received, or became entitled to receive the benefit.

### **DIRECTORS' REPORT**

### DIRECTORS' INTERESTS IN SHARES AND SHARE OPTIONS (Continued)

### PRE-EMPTIVE RIGHTS

There is no provision for pre-emptive rights under the Company's Bye-Laws, or the laws of Bermuda which would oblige the Company to offer new shares on a pro-rata basis to existing shareholders.

### **AUDITOR**

The consolidated financial statements have been audited by Messrs. Cheng & Cheng Limited, who will retire at the forthcoming annual general meeting and, being eligible, offer themselves for re-appointment.

On behalf of the Board

Dr. Longguang Shi

Director

23 June 2015

### **DIRECTORS' DECLARATION**

The directors of the Company declare that, for the year ended 31 March 2015:

- The attached consolidated financial statements and notes thereto as set out on pages 31 to 77:
  - (a) comply with the International Financial Reporting Standards; and
  - (b) present fairly of the Group's financial position as at 31 March 2015 and of its performance for the financial year then ended.
- In the directors' opinion, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

Signed on behalf of and in accordance with a resolution of Board of directors.

Mulei Shi

Director

23 June 2015

10/F., Allied Kajima Building,138 Gloucester Road, Wanchai, Hong Kong.

### INDEPENDENT AUDITOR'S REPORT

### TO THE SHAREHOLDERS OF VIAGOLD CAPITAL LIMITED

(Incorporated in the Bermuda with limited liability)

We have audited the consolidated financial statements of ViaGOLD Capital Limited (the "Company") and its subsidiaries (collectively referred to as the "Group") set out on pages 31 to 77, which comprise the consolidated statement of financial position as at 31 March 2015, and the consolidated statements of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

### Directors' responsibilities for the financial statements

The directors are responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with International Financial Reporting Standards, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit and to report our opinion solely to you, as a body, in accordance with Section 90 of the Companies Act 1981 (as amended) of Bermuda and for no other purpose. We do not assume reponsibility towards or accept liability to any other person for the content of this report.

We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### INDEPENDENT AUDITOR'S REPORT (Continued)

### TO THE SHAREHOLDERS OF VIAGOLD CAPITAL LIMITED

(Incorporated in the Bermuda with limited liability)

### **Opinion**

In our opinion, the consolidated financial statements give a true and fair view of the state of affairs of the Company and of the Group as at 31 March 2015 and of its loss and cash flows for the year then ended in accordance with International Financial Reporting Standards.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS For the year ended 31 March 2015

#### 1. General information

ViaGOLD Capital Limited (the "Company") was incorporated in Bermuda as an exempted company with limited liability and its shares are listed on the Australian Securities Exchange Limited (the "ASX"). The addresses of the registered office and principal place of business of the Company are disclosed on page 80.

The Company and its subsidiaries (together the "Group") are principally engaged in investment holding, assets leasing, minerals trading and consultancy and management services to educational institutions. Details of the activities of the Company's principal subsidiaries are set out in note 26.

These consolidated financial statements are presented in units of Australian dollars (A\$), unless otherwise stated. These consolidated financial statements were approved for issue by the Board of directors on 23 June 2015.

#### 2. Significant accounting policies

#### 2.1. Basis of preparation of financial statements

The consolidated financial statements of the Company have been prepared in accordance with International Financial Reporting Standards and IFRIC interpretations ("IFRS") issued by the International Accounting Standards Board ("IASB"). The consolidated financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets and financial liabilities at fair value through profit or loss.

These consolidated financial statements have been prepared under the accrual basis of accounting and on the basis that the Group is a going concern.

The preparation of financial statements in conformity with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in note 5.

#### Application of new and revised IFRS

In the current year, the Group has applied the following new and revised standards, amendments and interpretations ("new and revised IFRSs") issued by IASB and the International Financial Reporting Interpretations Committee ("IFRIC") of the IASB which are or have become effective.

#### 2.1. Basis of preparation of financial statements (Continued)

Application of new and revised IFRS (Continued)

The Group has applied the following amendments to IFRSs and a new interpretation issued by the International Accounting Standards Board (the "IASB") and IFRS Interpretation Committee (the "IFRIC") of the IASB for the first time in the current year:

Amendments to IFRS 10, IFRS 12 Investment entities

and IAS 27

Amendments to IAS 32 Offsetting financial assets and financial liabilities

Amendments to IAS 36 Recoverable amount disclosures for non-financial assets

Amendments to IAS 39 Novation of derivatives and continuation of hedge accounting

IFRIC-INT 21 Levies

The Group has not early applied the following new and revised standards, amendments and interpretations that have been issued but are not yet effective:

IAS 1 Presentation of financial statements<sup>3</sup>

IFRS 9 Financial instruments<sup>5</sup>

IFRS 10 Consolidated financial statements<sup>3</sup>
IFRS 14 Regulatory deferral accounts<sup>3</sup>

IFRS 15 Revenue from contracts with customers<sup>4</sup>

Amendments to IFRS 11 Accounting for acquisitions of interests in joint operations<sup>3</sup>

Amendments to IAS 1 Disclosure initiative<sup>3</sup>

Amendments to IAS 16 and IAS 38 Clarification of acceptable methods of depreciation and amortisation<sup>3</sup>

Amendments to IAS 16 and IAS 41 Agriculture: Bearer plants<sup>3</sup>

Amendments to IAS 19 Defined benefit plans: Employee contributions <sup>1</sup>
Amendments to IAS 27 Equity method in separate financial statements <sup>3</sup>

Amendments to IFRS 10 and IAS 28 Sale or contribution of assets between an investor and its associate or

joint venture<sup>3</sup>

Amendments to IFRS 10, IFRS 12

and IAS 28

Investment entities: Apply the consolidation exception<sup>3</sup>

Amendments to IFRSs
Annual improvements to IFRSs 2010-2012 cycle<sup>2</sup>
Amendments to IFRSs
Annual improvements to IFRSs 2011-2013 cycle<sup>1</sup>
Amendments to IFRSs
Annual improvements to IFRSs 2012-2014 cycle<sup>3</sup>

- <sup>1</sup> Effective for annual periods beginning on or after 1 July 2014, with earlier application permitted.
- <sup>2</sup> Effective for annual periods beginning on or after 1 July 2014, with limited exceptions. Earlier application is permitted.
- <sup>3</sup> Effective for annual periods beginning on or after 1 January 2016, with earlier application permitted.
- 4 Effective for annual periods beginning on or after 1 January 2017, with earlier application permitted.
- <sup>5</sup> Effective for annual periods beginning on or after 1 January 2018, with earlier application permitted.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS For the year ended 31 March 2015

#### 2. Significant accounting policies (Continued)

#### 2.2. Consolidation

The consolidated financial statements include the financial statements of the Company and all of its subsidiaries made up to 31 March 2015.

#### Subsidiaries

Subsidiaries are all entities controlled by the Group. The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. When assessing whether the Group has power, only substantive rights (held by the Group and other parties) are considered. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date that control ceases.

The Group uses the acquisition method of accounting to account for business combinations. The consideration transferred for the acquisition of a subsidiary is the fair values of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Acquisition-related cost are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. On an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree either at fair value or at the non-controlling interest's proportionate share of the acquiree's net assets.

Investments in subsidiaries are accounted for at cost less impairment. Cost is adjusted to reflect changes in consideration arising from contingent consideration amendments. Cost also includes direct attributable costs of investment.

The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the Group's share of the identifiable net assets acquired is recorded as goodwill. If this is less than the fair value of the net assets of the subsidiary acquired in the case of a bargain purchase, the difference is recognise directly in the profit or loss.

Inter-company transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

#### Transactions and non-controlling interests

The Group treats transactions with non-controlling interests as transactions with equity owners of the Group. For purchases from non-controlling interests, the difference between any consideration paid and the relevant share acquired of the carrying value of net assets of the subsidiary is recorded in equity. Gains or losses on disposals to non-controlling interests are also recorded in equity.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS For the year ended 31 March 2015

#### 2. Significant accounting policies (Continued)

#### **2.2.** Consolidation (Continued)

*Transactions and non-controlling interests (Continued)* 

When the Group ceases to have control or significant influence, any retained interest in the entity is remeasured to its fair value, with the change in carrying amount recognised in profit or loss. The fair value is the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to profit or loss.

#### 2.3. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the steering committee that makes strategic decisions.

#### 2.4. Foreign currency translation

Functional and presentation currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in Australian dollars, which is the Group's presentation currency, while the Group's transactions are denominated in multi-currencies, including Hong Kong Dollars ("HKD"), United States Dollars ("USD"), Macau Pataca ("MOP") and Renminbi ("RMB").

#### Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are re-measured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the consolidated income statement.

Changes in the fair value of monetary securities denominated in a foreign currency and classified as available-for-sale are analysed between translation differences resulting from changes in the amortised cost of the security, and other changes in the carrying amount of the security. Translation differences related to changes in amortised cost are recognised in profit or loss, and other changes in the carrying amount are recognised in other comprehensive income.

Translation differences on non-monetary financial assets and liabilities such as equities held at fair value through profit or loss are recognised in profit or loss as part of the fair value gain or loss. Translation differences on non-monetary financial assets such as equities classified as available-for-sale are included in the other comprehensive income.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS For the year ended 31 March 2015

#### 2. Significant accounting policies (Continued)

#### **2.4.** Foreign currency translation (Continued)

#### Group companies

The results and financial position of all the Group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- assets and liabilities for each statement of financial position presented are translated at the closing rate at the end of the reporting period;
- income and expenses for each income statement are translated at average exchange rates (unless this
  average is not a reasonable approximation of the cumulative effect of the rates prevailing on the
  transaction dates, in which case income and expenses are translated at the dates of the transactions);
   and
- all resulting exchange differences are recognised in other comprehensive income.

On consolidation, exchange differences arising from the translation of the net investment in foreign operations, and of borrowings and other currency instruments designated as hedges of such investments, are taken to other comprehensive income. When a foreign operation is partially disposed of or sold, exchange differences that were recorded in equity are recognised in the profit or loss as part of the gain or loss on sale.

Goodwill and fair value adjustments arising on the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and translated at the closing rate.

#### 2.5. Revenue recognition

Revenue comprises the fair value of the consideration received or receivable for the sale of services in the ordinary course of the Group's activities. Revenue is shown net of value-added tax, returns, rebates and discounts and after eliminating sales within the Group.

The Group recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and when specific criteria have been met for each of the Group's activities as described below. The Group bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

Provision of management and consulting services to educational institutions

Revenue from management and consulting services to educational institutions are recognised when the services are rendered.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS For the year ended 31 March 2015

#### 2. Significant accounting policies (Continued)

#### **2.5. Revenue recognition** (Continued)

Sales of equity securities

Sales of listed securities are recognised when instructions for sales given to securities brokers/purchasers are properly executed thereafter.

Interest income

Interest income is recognised on a time proportion basis on the principal outstanding and at the effective interest rate applicable.

Dividend income

Dividend income is recognised when the right to receive payment is established.

Lease income

Lease income is recognised over the term of the lease on a straight-line basis.

#### 2.6. Leases

A lease is an agreement whereby the lessor conveys to the lessee in return for a payment, or series of payments, the right to use an asset for an agreed period of time.

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to the consolidated income statement on a straight-line basis over the period of the lease.

#### 2.7. Fixed assets

#### *Investment property*

Investment properties are properties held to earn rental income and/or for capital appreciation. Investment properties are initially measured at cost, including any directly attributable expenditure, except for those transferred from property, plant and equipment and land use rights which are measured at fair value at date of transfer. After initial recognition, investment property is accounted for in accordance with the cost model as set out in IAS 16, Property, Plant and Equipment – cost less accumulated depreciation and less accumulated impairment losses.

Depreciation is calculated using the straight-line method to allocate their costs to their residual values over their estimated useful lives, as follows:

Buildings

- over 240 months

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS For the year ended 31 March 2015

#### 2. Significant accounting policies (Continued)

#### **2.7. Fixed assets** (Continued)

#### *Investment property (Continued)*

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.

#### Other property, plant and equipment

Building comprises only an office. Building and all other property, plant and equipment are stated at historical cost less accumulated depreciation and impairment losses. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are expensed in the profit or loss during the financial period in which they are incurred.

Depreciation is calculated using the straight-line method to allocate their costs to their residual values over their estimated useful lives, as follows:

Leasehold improvements - over the lease terms

Plant and equipment - 5-10 years Furniture and fixtures - 5-10 years Motor vehicles - 4-10 years

Buildings - over the lease terms

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount (note 2.8).

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in the profit or loss.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS For the year ended 31 March 2015

#### 2. Significant accounting policies (Continued)

#### 2.8. Impairment of non-financial assets

Assets that have an indefinite useful life, for example, goodwill, are not subject to amortisation and are tested annually for impairment. Assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date.

#### 2.9. Financial assets

The Group classifies its financial assets in the following categories: at fair value through profit or loss, loans and receivables and available-for-sale. The classification depends on the purposes for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition.

#### (i) Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss are financial assets held for trading. A financial asset is classified in this category if it is acquired principally for the purpose of selling in the short term. Derivatives are also categorised as held for trading unless they are designated as hedges. Assets in this category are classified as current assets if expected to be settled within 12 months; otherwise, they are classified as non-current.

#### (ii) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for maturities greater than 12 months after the end of the reporting period, which are classified as non-current assets. The Group's loans and receivables comprise "trade and other receivables" and "cash and cash equivalents" in the consolidated statement of financial position (note 2.10 and 2.11).

#### (iii) Available-for-sale financial assets

Available-for-sale financial assets are non-derivatives that are either designated in this category or not classified in any of the other categories. They are included in non-current assets unless the investment matures management intends to dispose of it within 12 months of the end of the reporting period.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS For the year ended 31 March 2015

#### 2. Significant accounting policies (Continued)

#### **2.9. Financial assets** (Continued)

#### Recognition and measurement

Regular purchases and sales of financial assets are recognised on the trade-date - the date on which the group commits to purchase or sell the asset. Investments are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value, and transaction costs are expensed in the profit or loss. Financial assets are derecognised when the rights to receive cash flows from the investments have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership. Available-for-sale financial assets and financial assets at fair value through profit or loss are subsequently carried at fair value. Loans and receivables are subsequently carried at amortised cost using the effective interest method.

Gains or losses arising from changes in the fair value of the "financial assets at fair value through profit or loss" category are presented in the consolidated income statement in the period in which they arise. Dividend income from financial assets at fair value through profit or loss is recognised in the profit or loss as part of "other income" when the Group's right to receive payments is established.

Changes in the fair value of monetary and non-monetary securities classified as available-for-sale are recognised in other comprehensive income.

When securities classified as available-for-sale are sold or impaired, the accumulated fair value adjustments recognised in equity are included in the profit or loss as "gains and losses from investment securities".

Interest on available-for-sale securities calculated using the effective interest method is recognised in the consolidated income statement as part of "other income". Dividends on available-for-sale equity instruments are recognised in the profit or loss as part of "other income" when the Group's right to receive payments is established.

#### Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the consolidated statement of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS For the year ended 31 March 2015

#### 2. Significant accounting policies (Continued)

#### 2.9. Financial assets (Continued)

#### Impairment of financial assets carried at amortised cost

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or a group of financial assets is impaired. A financial asset or a group of financial assets is impaired and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or a group of financial assets that can be reliably estimated.

Evidence of impairment may include indications that the debtors or a group of debtors is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganisation, and where observable data indicate that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults.

For loans and receivables category, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate. The carrying amount of the asset is reduced and the amount of the loss is recognised in the profit or loss. If a loan or held-to-maturity investment has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract. As a practical expedient, the Group may measure impairment on the basis of an instrument's fair value using an observable market price.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised (such as an improvement in the debtor's credit rating), the reversal of the previously recognised impairment loss is recognised in the profit or loss.

#### Impairment of assets classified as available-for-sale

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or a group of financial assets is impaired. For debt securities, the Group uses the criteria referred above. In the case of equity investments classified as available-for-sale, a significant or prolonged decline in the fair value of the security below its cost is also evidence that the assets are impaired. If any such evidence exists for available-for-sale financial assets, the cumulative loss - measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in profit or loss - is removed from equity and recognised in the separate consolidated income statement. Impairment losses recognised in the consolidated income statement on equity instruments are not reversed through the profit or loss. If, in a subsequent period, the fair value of a debt instrument classified as available-for-sale increases and the increase can be objectively related to an event occurring after the impairment loss was recognised in profit or loss, the impairment loss is reversed through the separate consolidated income statement.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS For the year ended 31 March 2015

#### 2. Significant accounting policies (Continued)

#### 2.10. Trade and other receivables

Trade and other receivables are initially recognised at fair value and thereafter stated at amortised cost less provision for impairment, except where the effect of discounting would be immaterial. In such cases, the receivables are stated at cost less impairment losses for bad and doubtful debts.

#### 2.11. Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks and other short-term highly liquid investments with original maturities of three months or less.

#### 2.12. Share capital

Ordinary shares are classified as equity.

Incremental costs directly attributable to the issue of new ordinary shares or options are shown in equity as a deduction, net of tax, from the proceeds.

#### 2.13. Other payables

Other payables are initially recognised at fair value and thereafter stated at amortised cost unless the effect of discounting would be immaterial, in which case they are stated at cost.

#### 2.14. Current and deferred income tax

The tax expense comprises current and deferred tax. Tax is recognised in the consolidated income statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly, in equity respectively.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted by the end of the reporting period in the countries where the Company and its subsidiaries operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is recognised, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill; deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred income tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS For the year ended 31 March 2015

#### 2. Significant accounting policies (Continued)

#### **2.14.** Current and deferred income tax (Continued)

Deferred income tax is provided on temporary differences arising on investments in subsidiaries, except for deferred income tax liability where the timing of the reversal of the temporary difference is controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income taxes assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

#### 2.15. Employee benefits

#### Employee leave entitlement

Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the reporting date.

Employee entitlements to sick leave and maternity leave are not recognised until the time of leave.

#### Pension obligations

The employees of two of the Company's subsidiaries which operates in the People's Republic of China participates in the central pension scheme (the "CPS") operated by the local government authorities on behalf of its staff. This subsidiary is required to contribute a certain percentage of their covered payroll to the CPS to fund the benefits. The only obligation of the subsidiary with respect to the CPS is to pay the ongoing required contribution under the CPS. Contribution under the CPS are charged to the consolidated income statement as they become payable in accordance with the rules of the CPS.

#### Share-based compensation

The Group operates a number of equity-settled, share-based compensation plans, under which the entity receives services from employees and consultants as consideration for equity instruments (options) of the Group. The fair value of the employee services received in exchange for the grant of the options is recognised as an expense. The total amount to be expensed is determined by reference to the fair value of the options granted, excluding the impact of any non-market service and performance vesting conditions (for example, profitability and sales growth targets.) Non-market vesting conditions are included in assumptions about the number of options that are expected to vest. The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each reporting period, the Group revises its estimates of the number of options that are expected to vest based on the non-marketing vesting conditions. It recognises the impact of the revision of original estimates, if any, in the consolidated income statement, with a corresponding adjustment to equity.

The proceeds received net of any directly attributable transaction costs are credited to share capital (nominal value) and share premium when the options are exercised.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS For the year ended 31 March 2015

#### 2. Significant accounting policies (Continued)

#### 2.16. Provisions

Provisions for environmental restoration, restructuring costs and legal claims are recognised when: the Group has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Restructuring provisions comprise lease termination penalties and employee termination payments. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognised as interest expense.

#### 2.17. Borrowings

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently carried at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the consolidated income statement over the period of the borrowings using the effective interest method.

Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

#### 3. Prior year adjustment

During the preparation of the full year result for the year ended 31 March 2015, it was discovered that an amount of accumulated depreciation (A\$242,093) should have been recorded as an other income in the results for the year ended 31 March 2012. The amount was related to the accumulated depreciation regarding a motor vehicle in Beijing Hua Bao Times International Leasing Company Limited which had been already disposed. Under the International Accounting Standards 16, such amount should have been included in previous year's results. The impact of this error on the previous year's results is as follows:

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS For the year ended 31 March 2015

#### 3. Prior year adjustment (Continued)

#### Impact on the consolidated statement of financial position

#### Impacts on consolidated statement of cash flows

There is no effect on the consolidated statement of cash flows for the year ended 31 March 2014.

#### Impacts on basic and diluted earnings per share

There is no effect on the basic and diluted earnings per share for the year ended 31 March 2014. There is no effect on management basic or diluted earnings per share.

#### 4. Financial risk management

The Group's activities expose it to a variety of financial risks: market risk (including foreign exchange risk, cash flow interest rate risk and fair value interest rate risk), credit risk and liquidity risk. The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance. The Group does not use derivative financial instruments to hedge certain risk exposures.

Risk management is carried out by the Board of Directors. The Board of Directors identifies, evaluates and hedges financial risks in close co-operation with the Group's operating units.

#### 4.1. Market risk

#### i. Foreign exchange risk

The Group operates internationally and is exposed to foreign exchange risk arising from various currency exposures, including the RMB (2014: RMB).

Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the entity's functional currency (Hong Kong dollars) and net investments in foreign operations. The risk is measured using sensitivity analysis.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS For the year ended 31 March 2015

#### 4. Financial risk management (Continued)

#### 4.1. Market risk (Continued)

#### i. Foreign exchange risk (Continued)

Based on the financial instruments held at 31 March 2015, if the Hong Kong dollars had weakened/strengthened by 4% (2014: 4%) against the RMB, with all other variables held constant, the Group's post-tax profit/(loss) would have been higher/lower by approximately A\$6,000 (2014: higher/lower by A\$36,000).

The Group endeavours to manage its sources and uses of foreign currencies to minimise potential mismatches in accordance with management directives. However, the Group's ability to manage its foreign currency positions in relation to the RMB is limited as the RMB is not a freely convertible currency. The PRC government's current foreign currency regulations require the conversion of foreign currency to be approved by relevant PRC government authorities.

#### ii. Cash flow and fair value interest rate risk

The Group's income and operating cash flows are substantially independent of change in market interest rates and the Group has no significant interest-bearing assets and liabilities except for cash and cash equivalents, details of which have been disclosed in note 17. Since the bank interest income is insignificant, management considers that cash flow and fair value interest rate risks of the Group are insignificant. Therefore no sensitivity analysis is presented thereon.

#### 4.2. Credit risk

Credit risk is managed on a group basis. Credit risk arises from cash and cash equivalent, trade and other receivables.

The majority of the Group's trade and other receivables arose from credit sales to customers. Management has a credit policy in place and the exposures to these credit risks are monitored on an ongoing basis.

The credit risk on cash and cash equivalent is limited because the Group mainly places the deposits in banks with high credit rating and management does not expect any losses from non-performance by banks.

The Group has significant concentration of credit risk on trade receivables as they are mainly attributable from certain limited counterparties.

Other than concentration of credit risk on trade receivables and liquid funds which are deposited with banks with high credit rating, the Group does not have any other significant concentration of credit risk.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS For the year ended 31 March 2015

#### 4. Financial risk management (Continued)

#### 4.3. Liquidity risk

The Group regularly monitors current and expected liquidity requirements to ensure that it maintains sufficient cash to meet its liquidity requirements in the short and longer term.

The maturity profile of the Group's financial liabilities as at the end of the reporting period, based on the contracted undiscounted payment, was as follows:

| As at 31 March 2015         | Carrying<br>amount<br>A\$'000 | On demand<br>A\$'000 | Less than<br>1 year<br>A\$'000 |
|-----------------------------|-------------------------------|----------------------|--------------------------------|

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS For the year ended 31 March 2015

#### 4. Financial risk management (Continued)

#### 4.4. Capital risk management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The Group actively and regularly reviews and manages its capital structure to ensure optimal capital structure and shareholder returns, taking into consideration the future capital requirements of the Group and capital efficiency, prevailing and projected operating cash flows, projected capital expenditures and projected strategic investment opportunities.

The Company also endeavours to ensure the steady and reliable cash flow from the normal business operation. For both years, the Group did not raise any debts.

#### 4.5. Fair value estimation

The carrying amounts of the Group's current financial assets, including other receivables, financial assets at fair value through profit or loss and cash and cash equivalents; and current financial liabilities including other payables and income tax payable, approximate to their fair values due to their short maturities. The face values less any estimated credit adjustments for financial assets and liabilities with a maturity of less than one year are assumed to approximate to their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Group for similar financial instruments.

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

No financial assets and liabilities at fair value through profit or loss are measured at fair value at 31 March 2015 (2014: Nil).

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS For the year ended 31 March 2015

#### 5. Critical accounting estimates and judgments

#### 5.1. Critical accounting estimates and assumptions

The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below.

#### Estimated impairment of trade and other receivables

The estimated impairment of trade and other receivables of the Group is based on the evaluation of collectability and aging analysis of accounts and on management's judgment. A considerable amount of judgment is required in assessing the ultimate realisation of these receivables, including the current creditworthiness and the past collection history of each customer. If the financial conditions of customers of the Group were to deteriorate, resulting in an impairment of their ability to make payments, additional allowances might be required.

#### Income taxes

The Group is subject to income taxes in numerous jurisdictions. Significant judgement is required in determining the worldwide provision for income taxes. There are many transactions and calculations for which the ultimate tax determination is uncertain. The Group recognises liabilities for anticipated tax audit issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the current and deferred income tax assets and liabilities in the period in which such determination is made.

#### Useful lives of property, plant and equipment

The Group's management determines the estimated useful life and related depreciation charges for its property, plant and equipment. This estimate is based on the historical experience of the actual useful life of property, plant and equipment of similar nature and functions. It could change significantly as a result of store renovation and relocation. Management will increase/decrease the depreciation charges where useful life are less/more than previous estimates.

#### Fair value of investment property

The investment property was revalued after the reporting date on market value basis by directors. Such valuation was based on certain assumption, which is subject to uncertainty and might materially differ from the actual value. In making the judgment, the Group considers information from current prices in an active market for similar properties and uses assumptions that are mainly based on market conditions existing at each reporting date.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS For the year ended 31 March 2015

#### 6. Segment information

The Group manages its business by divisions, which are organized by business lines. In a manner consistent with the way in which information is reported internally to the Group's most senior executive management for the purposes of resource allocation and performance assessment, the Group has identified the following reportable segments:

- Investment holdings and administration
- Trading of minerals
- Leasing and capital financing
- Provision of consultancy and management services to educational institutions

The management considers the business from both a geographic and product perspective. Geographically, the management operates as investment holding and the businesses in Hong Kong and Macao, and the People's Republic of China (the "PRC"), which is further segregated into leasing and capital financing, consultancy and management services to educational institutions.

The management assesses the performance of the operating segments based on the profit/loss for the year. This measurement basis excluded intra-group transactions and gain/loss on disposal of subsidiaries.

Segment assets include all tangible and current assets excluding the interests in subsidiaries, and intergroup current accounts.

Segment liabilities include all current and non-current liabilities excluding intra-group current accounts.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS For the year ended 31 March 2015

#### 12. Income tax expenses

The Group's principle activities are operated in Hong Kong and the PRC. Current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted by the end of the reporting period in the countries where the Group operates and generates taxable income.

Hong Kong profits tax has been provided at the rate of 16.5% on the estimated assessable profit for the year (2014: 16.5%). No provision for taxation has been made in the consolidated financial statements for both years as the Group had no assessable profits in Hong Kong, PRC and other jurisdictions for both years.

In the opinion of the directors, the other companies in the Group are not subject to tax in PRC and other jurisdictions.

The tax on the Group's loss before tax differs from the theoretical amount that would arise using the tax rate applicable to loss of the consolidated entities as follows:

|                                                                                                  | 2015<br>A\$'000 | 2014<br>A\$'000 |
|--------------------------------------------------------------------------------------------------|-----------------|-----------------|
| Loss before income tax                                                                           | (1,084)         | (919)           |
| Notional tax on loss calculated at the rates applicable to profits in the jurisdiction concerned | (209)           | (248)           |
| Tax effect of: Expenses not deductible for tax purposes  Income not subject to tax               | 89              | 178             |
| Income not subject to tax  Tax effect of unused tax losses not recognised                        | 120             | (1)<br>71       |
| Income tax expense                                                                               |                 |                 |

There was no tax charge relating to components of other comprehensive income for the year (2014: Nil).

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS For the year ended 31 March 2015

#### 13. Employee share option scheme

On 19 December 2007, ordinary resolutions were passed by the shareholders at the annual general meeting to approve the adoption of a new share option scheme (the "New Scheme") and the termination of the old scheme (the "Old Scheme") which was adopted on 28 November 1995.

On 19 December 2007, share options were granted to certain employees and directors of the Group pursuant to the Group's New Scheme. Share options with rights to subscribe for a total of 1,898,792 shares were granted to certain employees with an exercise price at A\$2.00 per share on 19 December 2007. The share options can be exercised from 8 April 2008 and expire on 8 April 2018.

On 29 November 2010, share options were granted to employees and consultants of the Group pursuant to the Group's New Scheme. Share options with rights to subscribe to a total of 4,200,000 shares were granted to employees and consultants with an exercise price of A\$1.00 per share on 29 November 2010. The share options can be exercised from 29 November 2010 and expire on 29 November 2015.

On 1 November 2012, share options were granted to consultants of the Group pursuant to the Group's New Scheme. Share options with rights to subscribe to a total of 4,500,000 shares were granted to consultants with an exercise price of A\$1.00 per share on 1 November 2012. The share options can be exercised from 1 November 2012 and expire on 1 November 2017.

No share options were granted, exercised or lapsed during the year ended 31 March 2015.

Movements in the share options outstanding and their related weighted average exercise prices are as follows:

|                                                   | Weighed<br>average<br>exercise price<br>per share<br>A\$ | Number of<br>underlying<br>shares |

| As at 1 April 2013                                | 1.17                                                     | 10,448,792                        |
| Granted                                           | -                                                        | -                                 |
| Exercised                                         | -                                                        | -                                 |
| Lapsed                                            | -                                                        | -                                 |
| As at 31 March and 1 April 2014 and 31 March 2015 | 1.17                                                     | 10,448,792                        |

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS For the year ended 31 March 2015

#### 13. Employee share option scheme (Continued)

Share options outstanding at the end of the year have the following expiry dates and exercise prices:

| Expiry date      | Exercise<br>price per<br>share<br>A\$ | 2015<br>Number of<br>underlying<br>shares | 2014<br>Number of<br>underlying<br>shares |
|------------------|---------------------------------------|-------------------------------------------|-------------------------------------------|
| 8 April 2018     | 2.00                                  | 1,748,792                                 | 1,748,792                                 |
| 29 November 2015 | 1.00                                  | 4,200,000                                 | 4,200,000                                 |
| 1 November 2017  | 1.00                                  | 4,500,000                                 | 4,500,000                                 |

The expected volatility was based on the historical volatility of the share price of the Company.

The risk-free interest rate was determined with reference to the yield of Australian Sovereign Curve yield.

The expected life was determined based on the information provided by the management of the Company.

The Binomial Pricing Model is subject to certain fundamental limitations because of the subjective nature of and uncertainty relating to the assumptions and inputs to the model as well as certain inherent limitations of the model itself. Any changes in the above assumptions or inputs may materially affect the fair value estimation.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS For the year ended 31 March 2015

#### 14. Loss per share

#### 14.1. Basic

Basic loss per share is calculated by dividing the loss attributable to equity holders of the Company by the weighted average number of ordinary shares in issue during the year.

|                                                                 | 2015    | 2014   |
|-----------------------------------------------------------------|---------|--------|
| Loss attributable to equity holders of the Company (A\$'000)    | (1,038) | (854)  |
| Weighted average number of ordinary shares in issue (thousands) | 30,656  | 30,656 |
| Basic loss per share (A\$ per share)                            | (0.03)  | (0.03) |

#### 14.2. Diluted

Diluted loss per share is calculated by adjusting the weighted average number of ordinary shares outstanding to assume conversion of all dilutive potential ordinary shares. The Company has one category of dilutive potential ordinary shares: share options. For the share options, a calculation is done to determine the number of shares that could have been acquired at fair value (determined as the average annual market share price of the Company's shares) based on the monetary value of the subscription rights attached to outstanding share options. The number of shares calculated as above is compared with the number of shares that would have been issued assuming the share options were exercised. Adjustment is made to the weighted average number of ordinary shares in issue only if the fair value was less than the exercise price.

|                                                                                   | 2015    | 2014   |
|-----------------------------------------------------------------------------------|---------|--------|
| Loss attributable to equity holders of the Company (A\$'000)                      | (1,038) | (854)  |
| Weighted average number of ordinary shares for diluted loss per share (thousands) | 30,656  | 30,656 |
| Diluted loss per share (A\$ per share)                                            | (0.03)  | (0.03) |

No diluted loss per share has been presented for this year and last year because the exercise prices of the Company's share options were higher than the average market price of the Company's shares during the years.

ViaGOLD Mining Group Limited entered into purchase agreement of mineral with PT Pandan Lam Jaya and the deposit paid is amounted to A\$330,000 which is included in the other debtors, deposits and prepayments.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS For the year ended 31 March 2015

#### **16.** Trade and other receivables (Continued)

(a) Impairment of trade debtors and bills receivable

Impairment losses in respect of trade debts with related parties are recorded using an allowance account unless the Company is satisfied that recovery of the amount is remote, in which case the impairment loss is written off against trade debts with related parties directly.

The movement in the allowance for doubtful debts during the year, including both specific and collective loss components, is as follows:-

|                                                                          | 2015<br>A\$'000 | 2014<br>A\$'000 |
|--------------------------------------------------------------------------|-----------------|-----------------|
| At beginning of the year<br>Impairment losses recognised during the year | 22              | -               |
| At end of the year                                                       | 22              | -               |

(b) Trade debtors are due within 30 days from the date of billing. The aging analysis of trade debtors that are neither individually nor collectively considered to be impaired are as follows:

|                               | 2015<br>A\$'000 | 2014<br>A\$'000 |
|-------------------------------|-----------------|-----------------|
| Neither past due nor impaired | 185             | 243             |

As at 31 March 2015, no other receivables was impaired and provided (2014: Nil).

Amounts due from related parties are non-interest bearing, unsecured and repayable on demand.

The directors consider that the carrying amounts of trade and other receivables approximate to their fair values due to their short term maturities.

The carrying amounts of the trade and other receivables are denominated in the following currencies:

|     | 2015<br>A\$'000 | 2014<br>A\$'000 |
|-----|-----------------|-----------------|
| HKD | 91              | 74              |
| RMB | 834             | 298             |
|     | 925             | 372             |

# Notes:

Under the Companies Act 1981 of Bermuda (as amended), the contributed surplus of the Company is available for distribution. However, the Company cannot declare or pay a dividend, or make a distribution out of contributed surplus if:

the realisable value of its assets would thereby be less than the aggregate of its liabilities and its issued share capital and share premium accounts. i. it is, or would after the payment be, unable to pay its liabilities as they become due; or ii. the realisable value of its assets would thereby he less than the comments of its ii. ii. iii.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS For the year ended 31 March 2015

#### 20. Other payables

|                                    | 2015<br>A\$'000 | 2014<br>A\$'000 |
|------------------------------------|-----------------|-----------------|
| Other payables and accrued charges | 833             | 397             |
| Amount due to a director           | 162             |                 |
|                                    | 995             | 397             |

The directors consider that the carrying amounts of other payables approximate to their fair values due to their short term maturities.

The carrying amounts of the other payables are denominated in the following currencies:

|     | 2015<br>A\$'000 | 2014<br>A\$'000 |
|-----|-----------------|-----------------|
| HKD | 437             | 236             |
| RMB | 558             | 161             |
|     | 995             | 397             |

ViaGOLD Mining Group Limited entered into sales agreement of mineral with Polygoal Capital Limited and the deposit received is amounted to A\$333,000 which is included in the other payables and accrued charges.

#### 21. Net cash used in operating activities
