INTUERI 2015 INTERIM RESULTS ANNOUNCEMENT

2015 FIRST HALF KEY EVENTS AND HIGHLIGHTS

- Positive rollout of Intueri's growth strategy:
 - Revenue \$42.7 million, up 75% on prior comparable period (PCP)
 - Net Profit After Tax \$6.1 million, up 277% on PCP
 - EBITA \$11.7 million, up 95% on PCP
- Strategic acquisition of outstanding 50% shareholding in Online Courses Australia Group in January 2015 and 100% acquisition of Information Technology Training Institute in April 2015
- Outperformance from the Online segment and strong growth from International, with softer New Zealand Domestic performance, as previously advised
- Fully imputed interim dividend declared of 6.1 cents per share, in line with prospectus guidance
- 2015 full year underlying EBITA forecast in the range of \$27 million to \$29 million

INTUERI REPORTS UPLIFT IN REVENUE AND PROFIT AS GROWTH STRATEGY CONTINUES

Vocational education provider, Intueri Education Group, has delivered a significant uplift in its first half result as it continues to successfully implement its growth strategy.

The increase in half year net profit after tax to \$6.1 million was primarily driven by additional earnings from strategic acquisitions, as well as strong growth in Intueri's Online and International segments, offset by a weaker than expected performance from the Domestic segment.

**Refer endnote 1 in regards to the impact of acquisition timings on 1H 2014 and 1H 2015 results.*

For the six months to 30 June 2015, Intueri has reported revenue of \$42.7 million.

Earnings Before Interest, Tax and Amortisation of Acquired Intangibles (EBITAⁱⁱⁱ) were \$11.7 million, with EBITA excluding \$0.4 million of acquisition costs of \$12.1 million. EBITA includes \$2.1 million of other income associated with the reversal of a prior year Tertiary Education Commission (TEC) Dive School provision and an adjustment to deferred consideration on the Academy acquisition.

Net Profit After Tax was \$6.1 million for the period, including a \$1.9 million adjustment for the deferred consideration on the 2016 OCA final acquisition payment.

Operating costs increased in line with management's focus on building a strong organisational infrastructure to support future growth. Investment continued into the company's quality and compliance functions to deliver enhanced outcomes for students.

Cash flow from operations of \$4.2 million was impacted by additional working capital requirements of \$1.4 million for Online Courses Australia (OCA), resulting from the strong growth in student numbers and the associated time lag in VET Fee-Help payments. Cash flow also reflects the \$1.3 million expansionary capital expenditure in kitchens at NSIA and \$2.3 million of 2014 terminal tax payments.

Net Debt increased to \$34.9 million from \$11.3 million as at 1 January 2015, largely as a result of acquisition payments. Intueri has a conservative debt gearing level of 1.4x with access to sufficient funds for planned acquisition payments and to investigate further growth opportunities.

Directors have declared a fully imputed dividend of 6.1 cents per share. This equates to 63% of NPATA^{iv}, which is within Intueri's dividend policy of 60-70% of NPATA and in line with prospectus guidance. Given the excellent growth of the Australian business, Intueri will be offering partial franking credits to its Australian investors, in conjunction with a supplementary dividend.

MANAGEMENT COMMENT: ROB FACER, CHIEF EXECUTIVE OFFICER

Management's focus for the first half year has been to integrate acquisitions, drive the quality and compliance programme to ensure quality outcomes for students, develop initiatives to offset the weaker performance from the Domestic sector and continue to identify potential growth opportunities.

The \$10-billion Australasian vocational education market is highly fragmented and offers significant opportunities for consolidation. We have continued to implement our growth strategy with the acquisition of the outstanding 50% shareholding in Online Courses Australia Group (OCA) in January 2015 and the 100% acquisition of the Information Technology Training Institute (ITTI) on 1 April 2015.

Since period-end, we have also announced the acquisition of the New Zealand Institute of Sport, along with its subsidiary the New Zealand College of Massage, which is expected to settle in October 2015 following customary approvals. This increases the company's expected annualised revenue to more than \$100 million and annualised EBITA above \$30 million.

We are pleased with the excellent growth delivered by our Australian Online segment, which provided \$9.5 million in revenue for the six month period, more than double the previous comparable period. The continuing outperformance of OCA validates our decision to acquire the outstanding 50% shareholding of this company in January 2015. We are supportive of the regulatory reforms underway in the Australian sector and remain largely unaffected by these. OCA management are continuing to drive student enrolments by delivering an increasing number of higher value Diploma qualifications.

Our International segment has also delivered strong growth with revenue of \$10.0 million for the period, up 20% on the prior comparable period. We are benefitting from the continuing growth in international student numbers with New Zealand student visa approvals up 10% in 2015 YTD. We have commissioned two additional kitchens at our NSIA college to accommodate further growth in this segment.

Revenue for the Domestic segment, which provided 51% of Intueri's group revenue, was \$22.0 million for the period. A number of our New Zealand colleges are continuing to deliver solid results, such as the Cut Above Academy and Elite. However, as previously advised, ongoing trends are affecting the overall performance of our Domestic segment including a strong local labour market affecting domestic student recruitment in Foundation and Youth Guarantee courses; a slower rebound in Christchurch which is continuing to affect enrolments at the Design and Arts College; and the ongoing consequences around legacy issues at the Dive School.

A number of initiatives are underway to mitigate the soft performance in our Domestic sector, including the operational integration of our Academy and Quantum colleges to facilitate the roll-out of Youth Guarantee programmes in regional centres. A review of sites and premises across the country to ensure optimum use is also underway.

Ensuring quality outcomes for students, including improved student achievement and enhanced relevance of programmes, is at the heart of the company's strategy. This has resulted in a number of changes being implemented at Quantum including the introduction of more robust enrolment pre-requisites and additional measures to ensure successful student completions, as well as aligning reporting metrics with other colleges in the Intueri group.

We believe these initiatives will provide long term, sustainable benefits to our company, and more importantly, result in better outcomes for a greater number of students. While these changes are currently having an impact on recruitment and completions, and therefore the level of course fees received from students, the New Zealand Qualifications Authority (NZQA) and TEC are fully supportive of our quality initiatives and the changes we are making have no impact on the current TEC course funding.

We expect to start seeing the benefits of these initiatives flowing from the second half.

SECOND HALF OUTLOOK

Management are focused on continuing to drive the strong growth in our Online and International segments and are working hard to improve the performance in our Domestic segment.

We are looking forward to resolving the Dive School Worksafe case by year end and rebuilding our student numbers at this respected facility with several new international programmes coming on stream and an increased marketing focus on domestic enrolments. The court callover date has been deferred one further month, till 17 September 2015, whilst discussions continue towards agreeing a resolution.

We are expecting a stronger second half result as we benefit from acquisition growth and the continuing positive growth trends in our Online and International segments. We remain on track to achieve our updated guidance of underlying EBITA between \$27 million and \$29 million for the 2015 financial year.

Intueri is a New Zealand headquartered group of private training establishments delivering vocational education to students in New Zealand, Australia and from around the world. Intueri is dual listed on the NZ and Australian stock exchanges under the code IQE. www.intueri.co.nz

ⁱ Financial results reflect earnings from businesses from the time of acquisition. 1H 2015 includes a full six months for all colleges except for ITTI which was acquired on 1 April 2015. 1H 2014 includes five weeks of Quantum (acquired 23 May 2014) and three months of OCA (acquired 31 March 2014). It does not include ITTI or Academy.

ⁱⁱ Intueri has previously provided 2014 pro forma information as this was the prospectus reporting basis for 2014. No phased 2015 or other forward looking pro forma information was provided in the prospectus, and therefore no 1H 2015 performance comparison vs prospectus is available. The 1H 2014 reported pro forma is the pro forma basis outlined in the Intueri prospectus which assumed that Quantum Education Group Limited and Online Courses Australia Group Limited were acquired on 1 January 2014. It excluded Academy Group NZ Limited and ITTI, which were acquired after the Intueri prospectus was issued, and for which pre acquisition pro forma information was not available.

ⁱⁱⁱ EBITA is Earnings Before Interest, Tax and Amortisation of Acquired Intangibles. The Board has used Underlying EBITA, being EBITA excluding Acquisition Costs, as the basis for its full year forecast guidance as it believes this provides the most appropriate measure of Intueri's operating performance. These are non-GAAP measures.

^{iv} NPATA is Net Profit After Tax Before Amortisation of Acquired Intangibles. The Board believes NPATA provides a better comparable measure of its operating performance and cash flow and it is the basis for the Intueri's dividend policy.

More detail on the financial results and reconciliation of non-GAAP to GAAP measures are available in the Interim Results Presentation released to the market on 20 August 2015 and available on the company website www.intueri.co.nz.

KEY EVENTS

- Acquisition of Information Technology Training Institute (ITTI) in April 2015
- Domestic College Performance:
 - Solid performance from Cut Above and Elite Colleges
 - Quantum & Academy Foundation courses impacted by ongoing economic trends and increasing focus on quality of student outcomes, as previously advised. Implemented a number of initiatives to improve Quantum performance
 - Legacy issues at Dive School and slow rebound in enrolments at Design and Art School in Christchurch
- Significant progress in post NZQA Targeted Review of Qualifications (TRoQ) programme development
- Implemented Quantum/Academy operational integration and review of campus operations
- Initiated rollout of Youth Guarantee courses in regional centres
- Announced acquisition of New Zealand Institute of Sport with settlement expected October 2015

OPERATING ENVIRONMENT

Sector regulated by the New Zealand Qualifications Authority (NZQA) and primarily funded by Tertiary Education Commission (TEC)

NZQA targeted review of qualifications (TRoQ) process nearing completion with significant reduction in the total number of qualifications listed

TEC funding focus continues to shift to relevance for learners and return on investment for Government

Sector consolidation continues to gain momentum

Revenue: \$10m - 24% of Group Revenue

KEY EVENTS

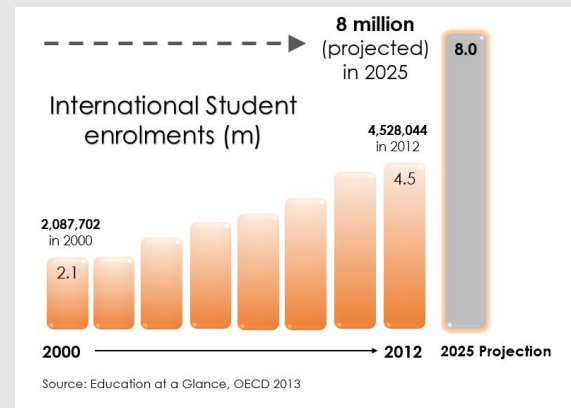

- Maintained strong growth in financial performance, primarily through NSIA - The Professional Hospitality Academy
- Commissioned two additional kitchens at NSIA to meet increasing demand
- Newly accredited training schemes for Dive School approved by NZQA
- Ongoing leveraging of Intueri brand and development of in-market (overseas) initiatives to forge sustainable engagement with agent community and high schools in emerging markets
- Identifying programmes that can be re-packaged for an international cohort thereby diversifying existing provision (e.g Pharmacy and IT)

OPERATING ENVIRONMENT

10%+ year-on-year growth in international student visa approvals

Close to 100,000 international students studying in New Zealand, almost back to 2010 peak levels

Contributes ~\$2.85 billion to New Zealand economy and directly employs 30,000 people

Revenue: \$9.5m - 22% of Group Revenue

KEY EVENTS

- Excellent revenue growth continues, driven by increasing VET FEE-HELP* enrolments
- Established new Diploma programmes in Community Services, Counselling and School-Aged Education & Care to drive growth
- Managed compliance requirements resulting from the Vet Fee-Help reforms
- Relocated to new, larger premises to support expanded operations

OPERATING ENVIRONMENT

The Australian Federal Government Department of Education & Training has initiated a range of VET FEE-HELP reforms to improve the standard of student enrolment practices, quality of delivery and assessments, and overall provider duty of care to students

*VET FEE-HELP (VFH) is an Australian Federal Government support initiative available to assist eligible students studying higher level Vocational Education and Training (VET) qualifications to pay their tuition fees

Further investment in quality & assurance at OCA to ensure compliance with 2016 regulatory changes

Resolve the pre IPO Dive School Worksafe case with court callover date now set for 17 September 2015

INVEST:

Invest in Our People

Implementation of group-wide staff appraisal process

Implementation of group-wide staff learning & development programme

GROWTH:

Add value through organic, acquisition, collaborative and innovative growth

Continued investment in Online segment to fuel sustainable growth

Rollout of International cohort-specific Pharmacy and IT programmes and Dive School training schemes

Drive performance in the Domestic segment

- Finalise overhaul of Quantum marketing strategy
- Ongoing refinement of lead to enrolment conversion process
- Complete student insight project
- Operational integration of Academy and Quantum colleges

TECHNOLOGY:

Harness technology opportunities

eLearning Project rollout

Implement Phase 1 of Student Management System harmonisation project

Significant opportunity in the New Zealand Domestic market

- Stable regulatory and funding environment with positive long term outlook
- Intueri is the largest PTE (Private Training Establishment) group in New Zealand – benefitting from operational synergies and scale
- Intueri is well-positioned to build market share as a result of a focus on quality outcomes for students, the range of course areas available, and strong reputation

Fast growing prospects in the Online and International student markets

- International student visas continue to increase in number, reflecting New Zealand's growing reputation as a study destination, the perceived quality of New Zealand academic programmes and relative affordability
- Intueri is investing into additional capacity and a broader range of programmes to grow the numbers of international students
- Intueri is delivering high quality and an expanding range of provision for a growing cohort of online learners

We remain on track to achieve our updated guidance of underlying EBITA (being EBITA less acquisition costs) of between \$27 million and \$29 million for the 2015 financial year.

Glossary of Financial Results

1. Financial results reflect earnings from businesses from the time of acquisition. 1H 2015 includes a full six months for all colleges except for ITTI which was acquired on 1 April 2015. 1H 2014 includes five weeks of Quantum (acquired 23 May 2014) and three months of OCA (acquired 31 March 2014). It does not include ITTI or Academy
2. Intueri has previously provided 2014 pro forma information as this was the prospectus reporting basis for 2014. No phased 2015 or other forward looking pro forma information was provided in the prospectus, and therefore no 1H 2015 performance comparison vs prospectus is available. The 1H 2014 reported pro forma is the pro forma basis outlined in the Intueri prospectus which assumed that Quantum Education Group Limited and Online Courses Australia Group Limited were acquired on 1 January 2014. It excluded Academy Group NZ Limited and ITTI, which were acquired after the Intueri prospectus was issued, and for which pre acquisition pro forma information was not available.
3. EBITA is Earnings Before Interest, Tax and Amortisation of Acquired Intangibles. The Board has used EBITA excluding Acquisition Costs, as the basis for its full year forecast guidance as it believes this provides the most appropriate measure of Intueri's operating performance. These are non-GAAP measures.
4. NPATA is Net Profit After Tax Before Amortisation of Acquired Intangibles. The Board believes NPATA provides a better comparable measure of its operating performance and cash flow and it is the basis for the Intueri Dividend Policy

Intueri Education Group Limited and Its Controlled Entities
Directors' Declaration

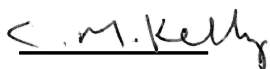

In the opinion of the Directors of Intueri Education Group Limited (the "Company"), the interim consolidated financial statements and notes set out on pages 5 to 25:

- (i) comply with generally accepted accounting practice in New Zealand and give a true and fair view of the Group as at 30 June 2015, and the financial performance and the cash flows of the Group for the period ended on that date;
- (ii) have been prepared using the appropriate accounting policies, which have been consistently applied and supported by reasonable judgements and estimates.

The Directors consider that they have taken adequate steps to safeguard the assets of the Group, and to prevent and detect fraud and other irregularities. Internal control procedures are also considered to be sufficient to provide reasonable assurance as to the integrity and reliability of the interim consolidated financial statements.

The Board of Directors are pleased to present the interim consolidated financial statements of Intueri Education Group Limited and its controlled entities for the six months ended 30 June 2015, and the independent review report thereon.

Approved for and on behalf of the Board of Directors.

**INDEPENDENT REVIEW REPORT
TO THE SHAREHOLDERS OF
INTUERI EDUCATION GROUP LIMITED**

Report on the Condensed Interim Consolidated Financial Statements

We have reviewed the accompanying condensed interim consolidated financial statements of Intueri Education Group Limited and its controlled entities ("the Group") on pages 5 to 25, which comprise the consolidated statement of financial position as at 30 June 2015, and the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the six month period ended on that date, and a summary of significant accounting policies and other explanatory information.

Board of Directors' Responsibility

The Board of Directors of the Group is responsible for the preparation and fair presentation of the condensed interim consolidated financial statements in accordance with NZ IAS 34 *Interim Financial Reporting* and IAS 34 *Interim Financial Reporting* and for such internal control as the Board of Directors determine is necessary to enable the preparation and fair presentation of the condensed interim consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Our Responsibility

Our responsibility is to express a conclusion on the condensed interim consolidated financial statements based on our review. We conducted our review in accordance with NZ SRE 2410 *Review of Financial Statements Performed by the Independent Auditor of the Entity*. NZ SRE 2410 requires us to conclude whether anything has come to our attention that causes us to believe that the financial statements, taken as a whole, are not prepared in all material respects in accordance with NZ IAS 34 *Interim Financial Reporting* and IAS 34 *Interim Financial Reporting*. As the auditor of the Group, NZ SRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial statements.

A review of the condensed interim consolidated financial statements in accordance with NZ SRE 2410 is a limited assurance engagement. The auditor performs procedures, primarily consisting of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures.

The procedures performed in a review are substantially less than those performed in an audit conducted in accordance with International Standards on Auditing (New Zealand). Accordingly, we do not express an audit opinion on the condensed interim consolidated financial statements.

Other than in our capacity as assurance provider, our firm also provided other services to the Group in relation to taxation services. Other than these matters, we have no relationship with or interests in the Group.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the condensed interim consolidated financial statements of the Group do not present fairly, in all material respects, the financial position of the Group as at 30 June 2015, and of its financial performance and its cash flows for the period ended on that date, in accordance with NZ IAS 34 *Interim Financial Reporting* and IAS 34 *Interim Financial Reporting*.

1 Reporting entity

Intueri Education Group Limited (the "Company") is a company incorporated and domiciled in New Zealand, registered under the Companies Act 1993, and listed on the New Zealand and Australian Stock Exchanges. The Company is a FMC Reporting Entity under the Financial Markets Conduct Act 2013 and the Financial Reporting Act 2013.

These condensed interim consolidated financial statements comprise the Company and its controlled entities (the "Group"). The consolidated financial statements have been presented for the Group.

The interim consolidated financial statements for the Group are presented for the six months ended 30 June 2015.

The Company's principal activity is investment in private training establishments and the Group's principal activity is the provision of both physical and online private training tuition.

2 Basis of preparation

The condensed interim consolidated financial statements have been prepared in accordance with NZ IAS 34 and IAS 34 Interim Financial Statements, and requires the use of certain critical accounting estimates. It also requires Group management to exercise judgment in applying the Group's accounting policies. The areas where significant judgments and estimates have been made in preparing the financial statements and their effect are disclosed below.

The Group has applied the same accounting policies and methods of computation in its interim financial statements as in its financial statements for period ended 31 December 2014.

These financial statements do not include all the information and disclosures required for a complete set of NZ IFRS financial statements, and should be read in conjunction with the Group's annual financial statements as at 31 December 2014. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group's financial position and performance since the last annual financial statements as at and for the year ended 31 December 2014.

The Group's operations are not affected by cyclicalality or seasonality.

3 Use of estimates and judgements

The preparation of interim consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on various other factors, including expectations of future events that management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results.

In preparing these interim consolidated financial statements, the significant judgments made by management in applying the Group's accounting policies and the key sources of estimation of uncertainty were the same as those applied to the annual financial statements as at and for the year ended 31 December 2014, except for acquisition accounting for ITTI (note 4) and deferred contingent consideration in respect of the acquisition of the final 50% of OCA (note 19).

4 Business combinations

Business combinations are accounted for using the acquisition method as at the acquisition date, which is the date on which control is transferred to the Group. As part of its growth strategy and in line with investment criteria the Company has made the following acquisition.

(a) IT Training Limited (ITTI)

On 1 April 2015, the Company acquired 100% of the share capital of IT Training Limited and Information Technology Training Institute Limited, together referred to as ITTI, for \$1.21 million. ITTI delivers computer and information technology programmes in Auckland. The acquisition is expected to help lay the foundation for entry into IT provision for International students. The goodwill reflects intangible assets that do not qualify for separate recognition such as synergies. Acquisition costs for ITTI of \$50,000 have been charged to profit or loss, \$30,000 to other expenses and \$20,000 to employee expenses.

4 Business combinations (continued)

The following table summarises the consideration paid for ITTI, the fair value of assets acquired and liabilities assumed at the acquisition date.

	Group For six months ended 30 June 2015 (unaudited) \$'000
Cash consideration	1,210
Recognised amounts of identifiable assets acquired and liabilities assumed	
Cash and cash equivalents	16
Property, plant and equipment (note 13)	48
Identifiable intangible assets (note 14)	469
Other current assets	134
Trade and other payables	(140)
Deferred tax liabilities (note 21)	(131)
Total identifiable net assets	<u>396</u>
Goodwill (note 14)	814

Had ITTI been consolidated from 1 January 2015, the consolidated statement of comprehensive income would show pro-forma revenue of \$658,590 and profit after tax of \$109,787 in respect of ITTI.

Since acquisition, revenue of \$359,551 and profit after tax of \$41,037 has been included in the consolidated statement of comprehensive income.

On 22 May 2015 both Intueri Education Australia Pty Ltd, which is wholly owned by Intueri Education Group Limited, and Intueri Services Australia Pty Ltd, which is wholly owned by Intueri Education Australia Pty Ltd, were incorporated. There has been no trading by these companies to date.

Release of contingent consideration	<u>1,000</u>	<u>-</u>
	<u>2,087</u>	<u>-</u>

The release of the TEC payable relates to an amount for NZ School of Outdoor Studies. Refer to note 27

The contingent consideration release arises from the reassessment of the forecast earnings before interest and tax for Academy Group for 2015. Academy was acquired on 23 December 2014 for an amount of \$4 million plus a contingent consideration of four times the earnings before interest and tax over \$1 million and up to \$1.25 million for the year to 31 December 2015. As the forecast does not show an expectation of reaching the threshold of \$1 million the contingent consideration payable has been released.

9 Segment information

In accordance with NZIFRS 8 Operating Segments, the Group has determined that it has two reportable segments, online vocational training and in-class vocational training. These segments offer different services and are managed separately because they require different technology and marketing strategies. The financial information in respect of these segments is reviewed by the Board of Directors which is the chief operating decision maker and makes resource allocation decisions.

The comparative is for a three month period only as the online vocational training business was acquired on 31 March 2014.

On 2 June 2015 a new facility agreement was signed with ANZ. The facility consists of two elements, a short term advances facility of \$40m (reviewed annually on 30 June) to assist with working capital and acquisitions, and a \$20m 3 year term debt facility to refinance existing loans. Both facilities are interest only, and the amounts above represent the drawdown on each at the reporting date. The loans are secured by a fixed and floating charge over the assets of Intueri Education Group Limited and its subsidiaries. The term debt has a floating interest rate of 5.24% as at 30 June 2015, and the short term facility has a floating interest rate of 4.84% at the same date.

(a) TEC payable provision

A provision is recognised for the amount of Youth Guarantee funding received from TEC but not utilised. It is expected that the full amount will be repaid to TEC in the first half of 2016.

(b) Recognised contingent liability

A provision for fines and/or penalties in relation to the previously reported Dive School WorkSafe charges was recognised in 2014. There has been no significant change from 31 December 2014. The balance at 30 June 2015 is expected to be utilised in the second half of 2015. In the directors' opinion, after taking appropriate legal advice, the outcome of these charges will not give rise to any significant loss beyond the amounts provided at 30 June 2015.

(c) Deferred consideration provision

The agreement to purchase the remaining 50% of OCA on 7 January 2015 included an earnout amount in relation to 2015 EBITA. Refer to note 24

19 Current liabilities - Provisions (continued)

The deferred contingent consideration amount at 30 June 2015 has been established by reference to the forecast EBITA for OCA for 2015, the current exchange rate for AUD and an appropriate discount rate to the expected payment date. Payment will be made upon finalisation of the 2015 Financial Statements, which is expected to be March 2016. The fair value adjustment has been included in finance income.

(a) Key management personnel remuneration

Key management personnel remuneration for the six months ended 30 June 2015 and 30 June 2014 is set out below. The key management personnel are all the directors of the company and executive management team.

	Short-term benefits \$'000	Share-based benefits \$'000	Total \$'000
30 June 2015 (unaudited)	1,110	36	1,146
30 June 2014 (unaudited)	754	-	754

The share based benefit relates to the Foundation Shares Scheme, of which the CEO and CFO are the beneficiaries. The Scheme was established in conjunction with the Initial Public Offering and permits participants to receive an interest free loan from the Company in order to purchase shares. The loan must be repaid within five years of the acquisition of the shares, and the participants are restricted from selling these shares for a period of three years following acquisition. The participants have the right to sell any shares held on their behalf to the Company at the original issue price, with those proceeds used to repay any loan.

24 Transactions with non-controlling interests

Acquisition of additional interest in a subsidiary

On 7 January 2015, the Company acquired the remaining 50% of the issued shares of Online Courses Australia Group Pty Ltd (OCA) for a purchase consideration of 2.875 times earnings before interest, tax and amortisation of acquired intangibles for the year to 31 December 2015. An initial amount of AUD 15 million has been paid, with the remainder to be paid upon confirmation of the 2015 earnings. The Company now holds 100% of the equity share capital of OCA. The carrying amount of the non-controlling interests in OCA on the date of acquisition was \$4,633,121. The Company derecognised non-controlling interests of \$4,633,121 and recorded a decrease in equity attributable to owners of the Company of \$26,449,700. Acquisition costs in the period of \$24,500 have been incurred, \$10,000 in travel costs and \$14,500 in other costs.

The effect of changes in the ownership interest of OCA on the equity attributable to owners of the Company during the year is summarised as follows:

24 Transactions with non-controlling interests (continued)

Group
For six
months ended
30 June 2015
(unaudited)
\$'000

Carrying amount of non-controlling interests acquired	4,633
Consideration paid/payable to non-controlling interests	(31,083)
Excess of consideration paid recognised in parent's equity	(26,450)

25 Dividends

During the six months to 30 June 2015 a final dividend in respect of the financial year to 31 December 2014 was paid of \$7,700,000 (7.7 cents per share).

26 Events post balance sheet

On 23 July 2015 Intueri announced the conditional agreement to purchase New Zealand Institute of Sport and its controlled entities (NZIS) for an amount of 5.5 times 2016 earnings before interest, tax, depreciation and amortisation (EBITDA). Based on the forecast EBITDA of \$3.5 million, this equates to a total consideration of \$19.25 million. An initial payment of \$17.6 million will be made upon completion, followed by two contingent payments in March 2016 and March 2017. The conditions of the agreement have yet to be fulfilled and therefore control has not been obtained. Acquisition costs of \$247,000 have been incurred up to 30 June 2015, \$101,000 has been charged to employee costs, \$136,000 to other costs and \$10,000 to travel costs.

There were no other events occurring subsequent to balance date which require adjustment to or disclosure in the interim financial statements.

27 Restatement of prior period

During 2014, the Group discovered that some historical student records at NZ School of Outdoor Studies Limited (NZSOS) may be incorrect and had been included in returns to the Tertiary Education Commission (TEC) affecting funding claims. An independent investigation of the error was conducted, and the estimated amount of the potential liability relating to the over funding was accrued for at 31 December 2014. The restatement has affected the opening balance as at 1 January 2014 of retained earnings (decrease of \$268,834) and goodwill (increase of \$518,047). During the period TEC has confirmed it will not be requiring any further information nor any repayment of funding. The potential liability has subsequently been released to the statement of comprehensive income as other income.

28 NZX rule 5.2.3 Waiver Extension

On 22 May 2015, NZX granted a further extension of the NZX Main Board listing rule 5.2.3 for a period of 12 months to May 23 2016. This allows Intueri to remain listed on the NZX main board whilst retaining less than 500 shareholders of the public, subject to certain requirements. Please refer to the investor section of Intueri.co.nz or NZX.com (code IQE) for these requirements and full details for the waiver.
