No directors are currently or have in the past three years held directorships in other listed companies.

### COMPANY SECRETARY

**Duncan Reginald Veall**, B.Ec. (Monash)  
Appointed 2000. 26 years' experience with the company.

### DIRECTOR'S MEETINGS

The number of meetings of the board of directors and committees of the board and the number of meetings attended by each of the directors during the financial year were as follows:

	Directors'		Audit Committee	
	Number of meetings held	Meetings attended	Number of meetings held	Meetings attended
Ian Raymond Veall	6	6	-	-
Martin Charles Veall	6	5	2	2
Robert Sidney Righetti	6	5	2	2
Duncan Reginald Veall	6	6	-	-

### PRINCIPAL ACTIVITIES

The principal activities during the year of the consolidated entity were agriculture, forestry and investment in real estate and negotiable securities.

## **Directors' Report** continued

### **REVIEW OF OPERATIONS**

#### **1. Revenue & Other Income**

Total revenue for the year was \$3.859m (2014: \$3.622m), comprising for the most part interest income earned from NZD deposits. Other income of \$1.925m (2014: \$3.168m) was recorded, relating mainly to fair value gains of \$1.781m (2014: \$3.168m).

#### **2. Profit**

Consolidated net profit was \$5.034m (2014: \$5.108m) after income tax benefit of \$0.107m (2014: \$0.797m expense). Other comprehensive expense totalled \$2.617m (2014: \$3.871m income) comprising net losses principally arising from the NZD/AUD exchange rate, resulting in losses of \$2.595m (2014: \$3.893m gain).

#### **3. Cash Flows**

Net cash flows from all activities was \$2.273m (2014: \$45.218m).

#### **4. Financial Position**

Total assets increased by \$1.440m, while total liabilities reduced by \$0.635m. Shareholders' funds increased as a result by \$2.075m. The value of the Australian Dollar in relation to other currencies continued to be a major factor in this regard.

#### **5. Dividends**

Final dividends of 0.35c on preference shares, 5.40c on income shares and 0.50c on capital shares have been declared payable on 30 October 2015. The dividends are fully franked at a tax rate of 30%.

#### **6. Review of Operations**

(a) In furtherance of the actions to be taken under the company's restructure of its operations;

The subsidiary company V.L.Pastoral Pty Ltd was deregistered on 15 July 2015.

(b) The main feature of the year's operations was the scheduled program of cashing up the company's operations. Again the NZD/AUD exchange rate is noted as an important factor.

(c) Steps continued to be taken in relation to the ultimate disposal of properties at Mt Martha, Victoria and at Moulins, France. It is expected that a period of more than two years may be required to effect this action.

#### **7. Significant features of Operating Performance**

The transition from operating through a number of diverse subsidiaries to an end objective of operating through a single investment company based in Singapore was progressed.

#### **8. Other Financial Information**

(a) Basic and diluted earnings per ordinary share was 53.37c compared with 141.09c in the prior year.

(b) Net tangible asset backing per ordinary share was \$13.60 compared with \$13.36 in the previous year.

(c) Returns to shareholders (cents per-share)

• Preference share dividends	0.70c
• Income share dividends	10.70c
• Capital shared dividends	0.50c

(d) Statement of Retained Earnings (Consolidated)

	\$000's
Balance at beginning of year	90,361
Add - profit after tax	5,034
Less – dividends paid	(342)
Balance at end of year	95,053

#### **9. Subsequent events**

In the opinion of the directors there are no events subsequent to reporting date that would have a material financial effect on the financial statements for the year ended 30 June 2015.

## **Directors' Report** continued

### **LIKELY DEVELOPMENTS AND EXPECTED RESULTS**

Implementation of the company's restructure of its operations will result over time in the acquisition of investments through the hub of Singapore of securities listed on the stock exchanges of the Asian area.

It is not feasible at this juncture to indicate expected results from such operations other than to observe that investment policy is intended to be directed to both income and capital growth over the longer term from a spread of securities.

An important consideration in the timing of this process will be the foreign exchange rates at the time funds are transferred from their existing currencies to the investment currencies.

### **ENVIRONMENTAL REGULATION AND PERFORMANCE**

The company's operations are not regulated by any significant environmental regulation under a law of the Commonwealth or of a State or Territory.

### **REMUNERATION REPORT - AUDITED**

Pursuant to Section 300A Corporations Act 2001 the directors state:

#### **Remuneration policy**

- (a) There is no remunerations or appointments committee of the board, and the directors and other officers' emoluments are determined in accordance with a policy that encompasses the relevant criteria and procedures to be followed.
- (b) A director of the company, including an executive officer, is usually appointed by invitation of the board, but may be appointed otherwise by the company's shareholders in general meeting. All directors are in any case ultimately either confirmed or not confirmed to hold office by vote of the shareholders.
- (c) The board is responsible for setting the direction taken by the company in its operations and the nature of such operations; and is responsible thereafter for monitoring the results that flow from its decisions.
- (d) An executive director (officer) is additionally responsible for the management of the company's operations in accordance with the board's directives in that regard.
- (e) A non-executive director receives an emolument for serving as a director of the company and/or its subsidiaries. The emoluments consists of fees, superannuation and such other benefits as may firstly be agreed between that director and the board's chairman and secondly be approved by the remaining directors. The maximum amount of directors' fees payable is limited to the amount approved by the company's shareholders.
- (f) An executive director does not receive an emolument for serving as a director, but receives an emolument for serving as an executive officer with management responsibilities. The emolument consists of salary, superannuation and such other benefits as are agreed between that director and the remaining directors.
- (g) The emolument of a director is determined by reference to the particular service to be provided to the company and/or its subsidiaries, the nature of that service, the knowledge and skill required and the time and application to the position expected of that director.
- (h) Information from external consultants will usually be sought about current market remuneration levels and conditions over a range of positions relevant to the company's operations and the particular circumstances, and this guide will also be used in determination of an emolument.
- (i) The board measures the company's performance by reference to the movement over time in the value of Shareholders' Equity as shown by the consolidated statement of financial position and expressed as a dollar value per issued share; and the amounts distributed to shareholders in dividends or by other means and expressed as a dollar value per issued share.
- (j) Maintenance of such values per share would be rated an "average" performance; reductions would be rated "below average"; and an increase would be rated "above average" performances.
- (k) The performance of a non-executive director in the role of director is the determining factor in the emolument of that director.
- (l) The performance of an executive director in the dual role of director and executive officer is the determining factor in the emolument of that director.

- (m) There is no direct relationship between the emolument of a director or executive officer and the performance of the company, except over time. For example, no director or executive officer receives payment in relation to profits of the company and/or its subsidiaries; or receives the issue of shares or options to acquire shares except by entitlement thereto as a shareholder.
- (n) The company's performance in the short term at or "below average" rating may, but not necessarily will, lead to a reduction in the emolument of a director or executive officer because there are several factors that can materially affect the company's operations that are beyond the immediate control of a director or executive officer. For instance, global economic conditions, particularly interest and exchange rate movements, and weather conditions. Conversely, an "above average" rating may, but not necessarily will, lead to an increase in the emolument of a director or executive officer.
- (o) On the other hand, a "below average" rating in the longer term is bound to affect the emolument of a director or executive officer in one way or another, because, unless persuasive reasons can be given to and accepted by shareholders for such a rating, it is highly likely shareholders will use their voting power to reject the directors. Conversely, an "above average" rating is highly likely to lead to an increase in the emolument of a director or executive officer.

#### **Service agreements**

There are no formal agreements in place with Key Management Personnel as at 30 June 2015. Termination is governed by the appropriate legal framework.

#### **Voting and comments made at the Company's 2014 Annual General Meeting ('AGM')**

At the 2014 Annual General Meeting, the Company received votes against its Remuneration Report representing greater than 25% of the votes cast by persons entitled to vote. This was a "Second Strike" against the Company's Remuneration Report. In these circumstances, the Corporations Act 2001 requires the Company to include in this year's Remuneration Report, an explanation of the Board's proposed action in response to that Second Strike or, alternatively, if the Board does not propose any action, the Board's reason for such inaction.

The Company held an Extraordinary General Meeting at which the Directors' resigned and offered themselves for re-election. All four directors were duly re-elected. The Board determined that the remuneration levels set were reasonable and that no further action was required.

The following table sets out the company's earnings and the consequences of the company's performance on shareholder wealth as defined by subsections 300A (1AA) and (1AB) of the Corporations Act 2001.

#### **(a) Earnings**

<b>Year ended 30 June:</b>	<b>2011</b>	<b>2012</b>	<b>2013</b>	<b>2014</b>	<b>2015</b>

## **Directors' Report** continued

### **NON-AUDIT SERVICES**

Details of the amounts paid or payable to the auditor for non-audit services provided during the financial year by the auditor are outlined in note 18 to the financial statements.

The directors are satisfied that the provision of non-audit services during the financial year, by the auditor (or by another person or firm on the auditor's behalf), is compatible with the general standard of independence for auditors imposed by the Corporations Act 2001.

The directors are of the opinion that the services as disclosed in note 18 to the financial statements do not compromise the external auditor's independence requirements of the Corporations Act 2001 for the following reasons:

- all non-audit services have been reviewed and approved to ensure that they do not impact the integrity and objectivity of the auditor; and
- none of the services undermine the general principles relating to auditor independence as set out in APES 110 Code of Ethics for Professional Accountants issued by the Accounting Professional and Ethical Standards Board, including reviewing or auditing the auditor's own work, acting in a management or decision-making capacity for the company, acting as advocate for the company or jointly sharing economic risks and rewards.

BDO East Coast Partnership continues in office in accordance with the *Corporations Act 2001*.

### **AUDITOR'S INDEPENDENCE DECLARATION**

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is attached.

### **ROUNDING**

The amounts contained in this report have been rounded to the nearest \$1,000 (where rounding is applicable) under the option available to the company under ASIC Class Order 98/0100. The company is an entity to which the Class Order applies.

Signed in accordance with a resolution of the directors.

Ian Raymond Veall  
Executive Chairman  
Melbourne, 24 September 2015

## DECLARATION OF INDEPENDENCE BY RICHARD DEAN TO THE DIRECTORS OF VEALLS LIMITED

As lead auditor of Vealls Limited for the year ended 30 June 2015, I declare that, to the best of my knowledge and belief, there have been:

1. No contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
2. No contraventions of any applicable code of professional conduct in relation to the audit.

This declaration is in respect of Vealls Limited and the entities it controlled during the period.

Richard Dean  
Partner

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 JUNE 2015**

**NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES**

The financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) and the Corporations Act 2001, as appropriate for for-profit oriented entities.

The financial report covers the consolidated entity of Vealls Limited and the entities it controlled during the year. Vealls Limited is a listed public company, incorporated and domiciled in Australia.

The financial report of Vealls Limited also complies with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board.

The following is a summary of the material accounting policies adopted by the consolidated entity in the preparation of the financial report. The accounting policies have been consistently applied, unless otherwise stated. The financial statements were authorised for issue on 24 September 2015.

**Basis of Preparation**

*Reporting Basis and Conventions*

The financial report has been prepared on an accruals basis and is based on historical costs modified by the revaluation of selected non-current assets and financial assets for which the fair value basis of accounting has been applied.

*New and Revised Accounting Standards and Interpretations*

The consolidated entity has adopted all the new, revised or amending Accounting Standards and Interpretations issued by the Australian Accounting Standards Board that are mandatory for the current reporting period.

Any new, revised or amending Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Any significant impact on the accounting policies of the consolidated entity from the adoption of these Accounting Standards and Interpretations are disclosed below. The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the consolidated entity.

The following Accounting Standards and interpretations are most relevant to the consolidated entity:

*AASB 2014-3 Amendments to AASB 136 – Recoverable Amount Disclosures for Non-Financial Assets*

The requirements of this standard were adopted from 1 July 2014. The disclosure requirements of AASB 136 'Impairment of Assets' have been enhanced to require additional information about the fair value measurement when the recoverable amount of impaired assets is based on fair value less costs of disposals. Additionally, where fair value is measured using a present value technique, the discount rate is required to be disclosed.

*AASB 2014-5 Amendments to Australian Accounting Standards – Investment Entities*

The amendments apply from 1 July 2014 and allow entities that meet the definition of an 'investment entity' to account for their investments at fair value through profit or loss. An investment entity is not required to consolidate investments in entities it controls, or apply AASB 3 'Business Combinations' when it obtains control of another entity, nor is it required to equity account or proportionately consolidate associates and joint ventures if it meets the criteria for exemption in the standard. The adoptions of these amendments from 1 July 2014 have had no impact on the consolidated entity.

**Accounting Policies**

**a. Principles of Consolidation**

A controlled entity is any entity where Vealls Limited is exposed to, or has rights to variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity.

A list of controlled entities is contained in Note 13 to the financial statements. All controlled entities have a 30 June financial year-end.

All inter-company balances and transactions between entities in the consolidated entity, including any unrealised profits or losses, have been eliminated on consolidation. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with those policies applied by the parent entity.

Where controlled entities have entered or left the consolidated entity during the year, their operating results have been included/excluded from the date control was obtained or until the date control ceased.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 JUNE 2015**

**b. Income Tax**

Current tax assets and liabilities are measured at the amount expected to be recovered or paid to the taxation authorities based on the current period's taxable income. The tax rates and tax laws used to compute the amount are those that are enacted or substantially enacted at the reporting date.

Current income tax relating to items recognised directly in equity is recognised in other comprehensive income and not in the profit or loss. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred income tax is provided on all temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred income tax liabilities are recognised for all taxable differences except:

- When the deferred income tax liability arises from the initial recognition of goodwill or of an asset or liability that is not a business combination and that, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of taxable temporary differences associated with investment in subsidiaries, associates and interest in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax related to items outside profit or loss is recognised outside profit or loss.

Deferred tax items recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Vealls Limited and its wholly owned Australian subsidiaries have formed an income tax consolidated group under the Tax Consolidation legalisation. Each entity in the group recognises its own current and deferred tax liabilities as a separate tax payer within the group, except for any deferred tax assets resulting from unused tax losses and tax credits which are immediately assumed by the parent entity. The current tax liability and tax loss of each entity is assumed by the parent entity. The group notified the ATO that it had formed an income tax consolidated group to apply from 1 July 2002.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 JUNE 2015**

**c. Foreign Currency Translation**

**Functional and presentation currency**

The functional currency of each group entity is measured using the currency of the primary economic environment in which that entity operates. The consolidated financial statements are presented in Australian dollars which is the parent entity's functional and presentation currency.

**Transactions**

Foreign currency transactions are translated into Australian dollars using the exchange rates prevailing at the date of the transaction

Exchange differences arising on settlement of transactions and on the translation of monetary items at year end are recognised in either profit or loss.

When a gain or loss on a non-monetary item is recognised directly in other comprehensive income, the exchange component of that gain or loss shall be recognised directly in other comprehensive income, otherwise the exchange difference is recognised in profit or loss.

**Foreign Operations**

The financial results and position of foreign operations whose functional currency is different from the group's presentation currency are translated as follows:

The assets and liabilities of foreign operations are translated at year-end exchange rates prevailing at that reporting date. The revenues and expenses of foreign operations are translated into Australian dollars at average exchange rates, which approximate the rate at the date of the transaction.

Exchange differences arising on translation of foreign operations are recognised directly in the group's foreign currency translation reserve in other comprehensive income. These differences are recognised in profit or loss in the period when an operation is disposed.

**d. Cash and Cash Equivalents**

Cash and cash equivalents includes cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the statement of financial position.

**e. Agricultural Assets**

Agricultural assets are measured at their fair value less point-of-sale costs on initial recognition and at each reporting date. Fair value of mixed age forest timber is determined at current market price. The aggregate gain or loss arising on initial recognition and from changes in fair value less estimated point of sale costs is recognised as income or expense of the period.

**f. Financial Instruments**

**Recognition**

Financial instruments are initially measured at fair value on trade date, net of transaction costs, other than financial assets measured at fair value through profit or loss, which are measured at fair value, when the related contractual rights or obligations exist. Subsequent to initial recognition these instruments are measured as set out below.

**Available for sale financial assets**

Available-for-sale financial assets are non-derivative financial assets, principally equity securities, that are either designated as available-for-sale or not classified as any other category. After initial recognition, fair value movements are recognised in other comprehensive income through the available-for-sale reserve in equity. Cumulative gain or loss previously reported in the available-for-sale reserve is recognised in profit or loss when the asset is derecognised or impaired.

**Loans and receivables**

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are stated at amortised cost using the effective interest rate method.

**Held-to-maturity investments**

These investments have fixed maturities, and it is the group's intention to hold these investments to maturity. Any held-to-maturity investments held by the group are stated at amortised cost using the effective interest rate method.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 JUNE 2015**

**Financial liabilities**

Non-derivative financial liabilities are recognised at amortised cost, comprising original debt less principal payments and amortisation.

**Fair value**

Fair value is determined based on current bid prices for all quoted investments. Valuation techniques are applied to determine the fair value for all unlisted securities, including recent arm's length transactions, reference to similar instruments and option pricing models.

**Impairment**

At each reporting date, the group assesses whether there is objective evidence that a financial instrument has been impaired. In the case of available-for-sale financial instruments, a prolonged or significant decline in the value of the instrument is considered to determine whether an impairment has arisen. Impairment losses are recognised in the profit or loss.

**g. Impairment of Assets**

At each reporting date, the group reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the statement of profit or loss and other comprehensive income.

Impairment testing is performed annually for goodwill and intangible assets with indefinite lives.

Where it is not possible to estimate the recoverable amount of an individual asset, the group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

**h. Provisions**

Provisions are recognised when the group has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

**i Employee Benefits**

Provision is made for the company's liability for employee benefits arising from services rendered by employees to reporting date. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled. Employee benefits that are not expected to be settled within 12 months are measured at the present value of the estimated future cash outflows to be made by the consolidated entity in respect of services provided by employees up to reporting date.

**j. Investment property**

Investment properties comprise interests in land and buildings, held for the purpose of long term capital growth. Initially, investment properties are measured at cost including transaction costs. Subsequent to initial recognition, the investment properties are stated at fair value. Fair value is determined by reference to valuations carried out at each reporting date. These valuations take the form of either a director's valuation or independent valuation (which are carried out at least every 3 years). The fair value model is determined as the amount the investment properties would be sold in an arm's length transaction between willing and knowledgeable parties. Gains and losses arising from changes in fair value are recognised in profit or loss in the period they arise.

**k. Revenue**

Revenue from the sale of goods is recognised upon the delivery of goods to customers. Interest revenue is recognised on a proportional basis taking into account the interest rates applicable to the financial assets. Dividend revenue is recognised when the right to receive a dividend has been established. Revenue from the rendering of a service is recognised upon the delivery of the service to the customers.

All revenue is stated net of the amount of goods and services tax (GST).

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 JUNE 2015**

**i. Goods and Services Tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the relevant taxation authority. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the balance sheet are shown inclusive of GST.

Cash flows are presented in the cash flow statement on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

**m. Discontinued Operations**

A discontinued operation is a component of the consolidated entity that has been disposed of or is classified as held for sale and that represents a separate major line of business or geographical area of operations, is part of a single co-ordinated plan to dispose of such a line of business or area of operations, or is a subsidiary acquired exclusively with a view to resale. The results of discontinued operations are presented separately on the face of the statement of profit or loss and other comprehensive income.

**n. Rounding of Amounts**

The parent entity has applied the relief available to it under ASIC Class Order 98/100 and accordingly, amounts in the financial report and directors' report have been rounded off to the nearest \$1,000.

**o. Classification of assets and liabilities**

Assessment is made of the appropriate classification of each group of assets and liabilities into current and non-current and the appropriate descriptions of the items in each such classification.

An asset is current when: it is expected to be realised or intended to be sold or consumed in normal operating cycle; it is held primarily for the purpose of trading; it is expected to be realised within twelve months after the reporting period; or the asset is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. All other assets are classified as non-current.

A liability is current when: it is expected to be settled in normal operating cycle; is held primarily for the purpose of trading; it is due to be settled within twelve months after the reporting period; or there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. All other liabilities are classified as non-current.

Deferred tax assets and liabilities are always classified as non-current.

**p. Critical Accounting Estimates and Judgements**

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements and estimates on historical experience and on other various factors it believes to be reasonable under the circumstances, the result of which form the basis of the carrying values of assets and liabilities that are not readily apparent from other sources.

Management has identified the following critical accounting policies for which significant judgements, estimates and assumptions are made. Actual results may differ from these estimates under different assumptions and conditions and may materially affect financial results or the financial position reported in future periods.

These significant judgements and estimates are as follows:

**(a) Significant accounting judgements**

In the process of applying accounting policies the directors and management make various judgements that can significantly affect the amounts recognised in the financial report.

**(1) Impairment of assets:**

Assessment is made of all the assets at each reporting date to determine that their carrying value is not in excess of their estimated recoverable amount.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 JUNE 2015**

**(2) Fair value measurement hierarchy:**

The consolidated entity is required to classify all assets and liabilities, Measured at fair value, using a three level hierarchy, based on the lowest level of input that is significant to the entire fair value measurement, being: Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date; Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and Level 3: Unobservable inputs for the asset or liability. Considerable judgement is required to determine what is significant to fair value and therefore which category the asset or liability is placed in can be subjective.

The fair value of assets and liabilities classified as level 3 is determined by the use of valuation models. These include discounted cash flow analysis or the use of observable inputs that require significant adjustments based on unobservable inputs.

**(3) Taxation:**

Assessment is made of the types of arrangement considered to be a tax on income and whether deferred tax assets and deferred tax liabilities are correctly recognised in the statement of financial position, with movements therein reflected in income tax expense for the reporting period.

**(b) Significant accounting estimates and assumptions**

**Valuation of Investments:**

Investments in Agricultural and Biological assets and Investment Properties are carried at fair value determined by an independent valuer (at least every three years) or by the director's estimate of fair value at other times after consultation with knowledgeable parties.

**q. New Accounting Standards and Interpretations not yet mandatory or early adopted**

Australian accounting standards and interpretations that have recently been issued or amended but are not yet mandatory, have not been early adopted by the consolidated entity for the annual reporting period ended 30 June 2015. The consolidated entity's assessment of the impact of these new or amended Accounting Standards and Interpretations, most relevant to the consolidated entity, are set out below.

*AASB 9 Financial Instruments and its consequential amendments*

This standard and its consequential amendments are applicable to annual reporting periods beginning on or after 1 January 2018 and completes phases I and III of the IASB's project to replace IAS 39 (AASB 139) 'Financial Instruments: Recognition and Measurement'. This standard introduces new classification and measurement models for financial assets, using a single approach to determine whether a financial asset is measured at amortised cost or fair value. The accounting for financial liabilities continues to be classified and measured in accordance with AASB 139, with one exception, being that the portion of a change of fair value relating to the entity's own credit risk is to be presented in other comprehensive income unless it would create an accounting mismatch. Chapter 6 'Hedge Accounting' supersedes the general hedge accounting requirements in AASB 139 and provides a new simpler approach to hedge accounting that is intended to more closely align with risk management activities undertaken by entities when hedging financial and non-financial risks. The consolidated entity will adopt this standard and the amendments from 1 July 2018 but the impact of its adoption is yet to be assessed by the consolidated entity.

*IFRS 15 (issued June 2015) Revenue from Contracts with Customers*

An entity will recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. This means that revenue will be recognised when control of goods or services is transferred, rather than on transfer of risks and rewards as is currently the case under IAS 18 Revenue. Annual reporting periods beginning on or after 1 January 2017. Due to the recent release of this standard, the entity has not yet made a detailed assessment of the impact of this standard.

Income tax (benefit) / expense	<b>(107)</b>	<b>797</b>

*Note:*

During the year ended 30 June 2011 the operations of Cardrona ski field in New Zealand were transferred from Cardrona Ski Resort Limited to Vealls (Singapore) Pte Ltd, both wholly owned subsidiaries of the company, as part of an internal reorganisation of their functions.

Aspects of the transaction involved were complex and included, in particular, the incidence of tax. It is possible that material income tax expense could be incurred, in which case there would be a reduction in the net income and shareholders' equity of the company.

The directors, however, considered such a result unlikely and accordingly no adjustment has been made in the financial statements to reflect such an eventuality. Subsequently, New Zealand Inland Revenue commenced an audit in November 2012 of Cardrona Ski Resort Limited that is currently ongoing. The resolution of this matter is being monitored.

**NOTES TO THE FINANCIAL STATEMENTS

*Valuations of investment properties*

The basis of the valuation of investment properties is fair value, being the amounts for which the properties could be exchanged between willing parties in an arm's length transaction, based on current prices in an active market for similar properties in the same location and condition. The Mt Martha property valuation is based on an independent assessment by a member of the Australian Property Institute and the French property by an independent Expert Forestier. Refer to note 26 for further information on fair value measurement.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 JUNE 2015**

**NOTE 23: SEGMENT INFORMATION**

**Identification of reportable segments.**

The Group has identified its operating segments based on internal reports used by management and the Board of Directors in assessing performance and in determining the allocation of resources. The reportable segments are based on aggregated operating segments determined by the nature of the principle activities undertaken.

**Description of each segment.**

**Investment.**

The investment business comprises interest bearing deposits, listed shares and freehold land at Mt Martha Vic.

**Agriculture.**

Forestry is conducted at Foret de Leyde near Moulins, France.

**Major Customers**

The Group did not have any one customer to which it provided products and services amounting to more than 10% of the Group revenue in 2015 or 2014.

**Segment information**

The table below represents revenue and profit information for reportable segments for the year ended 30 June 2015 and 2014.

Segment revenue and expenses are those directly attributable to the segment. Segment assets include all assets used by a segment and consist principally of cash, receivables, term deposits and property, plant and equipment, net of allowances and accumulated depreciation. Segment liabilities consist principally of payables and employee benefits.

Revenue from external customers by geographical locations is detailed below. Revenue is attributed to geographic location based on the location of the assets.

<b>Revenue by geographic locations</b>	<b>2015 \$'000</b>	<b>2014 \$'000</b>
From outside Australia	2,615	3,300
From inside Australia	1,244	322
	<b>3,859</b>	<b>3,622</b>
<b>Assets by geographic locations</b>	<b>2015 \$'000</b>	<b>2014 \$'000</b>
Australia	18,700	17,200
France	5,068	4,759
	<b>23,768</b>	<b>21,959</b>

The geographical non-current assets above are exclusive of, where applicable, financial instruments, deferred tax assets, post-employment benefits assets and rights under insurance contracts.

**NOTE 24: RELATED PARTY TRANSACTIONS**

Transactions between related parties are on normal commercial terms and conditions no more favourable than those available to other parties unless otherwise stated.

<b>Transactions with related parties</b>	<b>2015</b>	<b>2014</b>
	<b>\$'000</b>	<b>\$'000</b>
- Advances from subsidiary to parent entity	-	6,142
- Payment made by parent entity on behalf of Vealls (Singapore) Pte Ltd	7	-
- Dividends paid by subsidiary to parent entity	-	30,972
<b>Balances outstanding at the reporting date in relation to loans with related parties:</b>		
- Loans from V.L. Investments Pty Ltd to parent entity	31,752	31,752
- Loans from V.L Pastoral Pty Ltd to parent entity	10,238	10,238
- Loan from parent entity to Vealls (Singapore) Pte Ltd	7	-

**Ultimate parent entity**

The ultimate parent entity is St Columb Limited.

**NOTE 25: FINANCIAL INSTRUMENTS**

**Financial Risk Management**

The group's financial instruments consist mainly of deposits with banks, investments, accounts receivable and payable.

**Financial Risks**

The main risks the group is exposed to through its financial instruments are interest rate risk, foreign currency risk, liquidity risk, credit risk.

**(i) Interest Rate Risk**

Interest rate risk arises from the consolidated entity's short term bank deposits at variable interest rates denominated in AUD, NZD, USD and SGD.

No hedging or derivatives are used and all movements are reflected directly in profit or loss.

During the year deposit interest rates per cent per annum varied between:

AUD	NZD	USD	SGD
3.20% - 2.25%	4.42% - 3.15%	0.01% - 0.00%	0.01% - 0.00%

At 30 June 2015 short term bank deposits totalled \$99.681m. A movement of +/- 1% in deposit interest rates would amount to \$997,000 per annum in Interest Received/Receivable.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 JUNE 2015**

**(ii) Market risk**

*Foreign currency risk*

Foreign exchange risk arises when transactions are denominated in a currency that is not the consolidated entity's functional currency. This risk is minimal as there are few translations of little value.

The translation of the statement of profit or loss and other comprehensive income of foreign subsidiary companies directly affects their operating results in AUD terms. Similarly, the translation of the assets and liabilities of such companies is reflected in Equity (Foreign Currency Translation Reserve).

The carrying amount of the consolidated entity's foreign currency denominated financial assets and financial liabilities at the reporting date was as follows:

<b>Consolidated</b>	<b>Assets</b>		<b>Liabilities</b>	
	<b>2015 \$'000</b>	<b>2014 \$'000</b>	<b>2015 \$'000</b>	<b>2014 \$'000</b>
US dollars	1,940	1,581	-	-
Singapore dollars	772	724	15	1
New Zealand dollars	59,573	60,188	27	1,143
	<u>62,285</u>	<u>62,493</u>	<u>42</u>	<u>1,144</u>

The consolidated entity had net assets denominated in foreign currencies of \$62.243 million as at 30 June 2015 (2014: \$61.349 million).

Based on this exposure, had the Australian dollar weakened by 10% (2014: 10%), against these foreign currencies with all other variables held constant, the consolidated entity's profit before tax for the year would have increased by \$194,000 (2014: \$158,000). Equity would have increased by \$6.224 million (2014: \$6.135 million).

Conversely, had the Australian dollar strengthened by 5% (2014: 5%) against these foreign currencies with all other variables held constant, the consolidated entity's profit before tax for the year would have reduced by \$97,000 (2014: \$38,500), and equity would have been \$3.068 million lower.

The percentage change is the expected overall volatility of the significant currencies, which is based on management's assessment of reasonable possible fluctuations taking into consideration movements over the last 6 months each year and the spot rate at each reporting date.

*Price risk*

The consolidated entity is not exposed to any significant price risk.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 JUNE 2015**

**(iii) Liquidity Risk**

**Analysis of financial assets and liabilities.**

The risk implied from the values shown in the table below, reflects a balanced view of cash inflows and outflows. Financial assets to liabilities show a ratio that provides adequate liquidity to cover the Group's present and future operations.

<b>Year ended 30 June</b>	<b>2015</b>	<b>2014</b>
	<b>\$'000</b>	<b>\$'000</b>
	<b>Within 6 Months</b>	<b>Within 6 Months</b>
<b>Financial Assets</b>		
Cash and cash equivalents	99,330	99,681
Trade & other receivables	10	17
<b>Total</b>	<b>99,340</b>	<b>99,698</b>
<b>Financial liabilities</b>		
Trade and other payables	133	179
<b>Total</b>	<b>133</b>	<b>179</b>
<b>Net difference:</b>	<b>99,207</b>	<b>99,519</b>

**(iv) Credit Risk**

Credit risk arises from the potential default of the counter parties to the consolidated entity's deposits and trade and other receivables.

All deposits are placed with major trading banks of high rating. All receivables relate primarily to tax balances from GST and equivalent returns. Accordingly the consolidated entity is not exposed to significant credit risk

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 JUNE 2015**

**NOTE 26: FAIR VALUE MEASUREMENT**

The Group uses various methods in estimating the fair value of assets designated or measured at fair value. The methods comprise:

Level 1 – the fair value is calculated using quoted prices in active markets.

Level 2 – the fair value is estimated using inputs other than quoted prices included in Level 1 that are observable for the asset or liability either (as prices) or indirectly (derived from prices).

Level 3 – the fair value is estimated using inputs for the asset or liability that are not based on observable market data.

The assets carried at fair value as well as the methods used to estimate the fair value is summarised in the table below:

**Fair value measurement**

	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
<b>Consolidated - 2015</b>	<b>\$'000</b>	<b>\$'000</b>	<b>\$'000</b>	<b>\$'000</b>
<i>Assets</i>				
Listed ordinary shares at fair value	187	-	-	187
Investment properties	-	-	20,078	20,078
Agricultural & Biological Assets	-	-	3,690	3,690
<b>Total assets</b>	<b>187</b>	<b>-</b>	<b>23,768</b>	<b>23,955</b>
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
<b>Consolidated - 2014</b>	<b>\$'000</b>	<b>\$'000</b>	<b>\$'000</b>	<b>\$'000</b>
<i>Assets</i>				
Listed ordinary shares at fair value	218	-	-	218
Investment properties	-	-	18,614	18,614
Agricultural & Biological Assets	-	-	3,345	3,345
<b>Total assets</b>	<b>218</b>	<b>-</b>	<b>21,959</b>	<b>22,177</b>

Assets held for sale are measured at fair value on a non-recurring basis.

There were no transfers between levels during the financial year.

*Level 3 assets and liabilities*

Movements in level 3 assets and liabilities during the current and previous financial year are set out below:

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 JUNE 2015**

<b>Consolidated</b>	<b>Investment Properties Mt Martha \$'000</b>	<b>Investment Properties France \$'000</b>	<b>Agricultural &amp; Biological assets Trees France \$'000</b>	<b>Total \$'000</b>
	Balance at 1 July 2013	14,400	1,376	2,902
Gains recognised in profit or loss	2,800	-	368	3,168
Foreign exchange movement	-	38	79	117
Disposals	-	-	(4)	(4)
Balance at 30 June 2014	17,200	1,414	3,345	21,959
Gains/(losses) recognised from profit or loss	1,500	(44)	325	1,781
Foreign exchange movement	-	8	20	28
Disposals	-	-	-	-
Balance at 30 June 2015	<u>18,700</u>	<u>1,378</u>	<u>3,690</u>	<u>23,768</u>

The level 3 assets and liabilities unobservable inputs and sensitivity are as follows:

Description	Unobservable inputs	Average	Sensitivity
Freehold Land- Mt Martha	\$18,700,000	5.0%	5% change would increase/decrease fair value by \$935,000
Freehold land- France	\$1,378,000	5.0%	5% change would increase/decrease fair value by \$68,900
Valuation has been based on direct comparison approach, whereby similar sales at market value have been analysed to determine value.			
Agricultural & Biological Assets- Trees France	\$3,690,000	5.0%	5% change would increase/decrease fair value by \$184,500

The estimation of the Agricultural & Biological Assets is based on the value of consumption net of cuts made between 2003 and 2015. Consumption value reflects the product of the total sale of trees on the plot.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 JUNE 2015**

**NOTE 28: SUBSEQUENT EVENTS**

In the opinion of the directors there has not arisen since the end of the financial year any matter or circumstance that has significantly affected or may significantly affect the operations of the consolidated entity or the results of those operations or the state of affairs of the consolidated entity in financial years after the financial year ended 30 June 2015 except as referred to and to be inferred from the Financial Report.

**DIRECTORS' DECLARATION**

- (1) In the opinion of the directors of Vealls Limited -
  - (a) There are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable; and
  - (b) The attached financial statements and notes thereto comply with the Corporations Act 2001, the Accounting Standards, the Corporations Regulations 2001 and other mandatory professional reporting requirements.
  - (c) The attached financial statements and notes that comply with International Reporting Standards as issued by the International Accounting Standards Board as described in note 1 to the financial statements.
  - (d) The attached financial statements and notes thereto give a true and fair view of the consolidated entity's financial position as at 30 June 2015 and its performance for the financial year ended on that date.
- (2) The directors have been given the declarations required by section 295A of the Corporations Act 2001 for the year ended 30 June 2015.

This declaration is made in accordance with a resolution of the directors.

Ian Raymond Veall  
Executive Chairman

Melbourne, 24 September 2015

## INDEPENDENT AUDITOR'S REPORT

To the members of Vealls Limited

### Report on the Financial Report

We have audited the accompanying financial report of Vealls Limited, which comprises the consolidated statement of financial position as at 30 June 2015, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the year's end or from time to time during the financial year.

#### Directors' Responsibility for the Financial Report

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error. In Note 1, the directors also state, in accordance with Accounting Standard AASB 101 *Presentation of Financial Statements*, that the financial statements comply with *International Financial Reporting Standards*.

#### Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the company's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Independence

In conducting our audit, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Vealls Limited, would be in the same terms if given to the directors as at the time of this auditor's report.

### Opinion

In our opinion:

- (a) the financial report of Vealls Limited is in accordance with the *Corporations Act 2001*, including:
  - (i) giving a true and fair view of the consolidated entity's financial position as at 30 June 2015 and of its performance for the year ended on that date; and
  - (ii) complying with Australian Accounting Standards and the *Corporations Regulations 2001*; and
- (b) the financial report also complies with *International Financial Reporting Standards* as disclosed in Note 1.

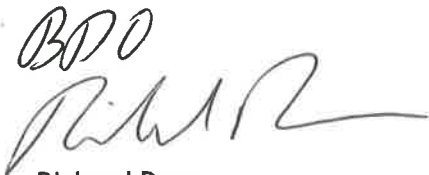

### Report on the Remuneration Report

We have audited the Remuneration Report included in pages 4 to 7 of the directors' report for the year ended 30 June 2015. The directors of the company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

### Opinion

In our opinion, the Remuneration Report of Vealls Limited for the year ended 30 June 2015 complies with section 300A of the *Corporations Act 2001*.
