In addition, other members of the key management personnel (and their closely related parties) must not cast a vote as a proxy for another shareholder.

However, these restrictions do not apply to a vote cast by such person on behalf of a person who is not themselves subject to the restrictions, and:

- a) the person is appointed as proxy by writing that specifies the way the proxy is to vote on the Resolution; or
- b) the person is the Chairman of the Meeting and the proxy appointment expressly authorises the Chairman of the Meeting to vote undirected proxies as the Chairman decides.

5. **Resolution 4 – Approval of 10% Placement Capacity (continued)**

---

### **2. Resolution 1 – Adoption of Remuneration Report**

The Remuneration Report for the year ended 30 June 2015 is set out on pages 34 to 39 of the Company's 2015 Annual Report. It sets out a range of matters relating to the remuneration of Directors, executives and senior managers of the Company.

Under the Corporations Act, a resolution that the Remuneration Report be adopted must be put to vote at the Company's Annual General Meeting. The vote on Resolution 1 is advisory only and does not bind the Directors or the Company. However, the Board will take the outcome of the vote into consideration when reviewing the remuneration practices and policies of the Company.

The Board unanimously **recommends** that shareholders **vote in favour** of Resolution 1 to adopt the Remuneration Report.

---

### **3. Resolution 2 – Re-election of Director J D Landels**

In accordance with ASX Listing Rules and the Company's Constitution, Mr Jeffrey Landels retires and, being eligible, offers himself for re-election as a Director.

Mr Landels was appointed to the Company's Board in 2012.

Mr Landels holds a BSc (Hons) in chemistry and was the General Manager of WMC's Fertilizer Operations at Phosphate Hill, Mt Isa and Townsville from 2002 to 2006. Prior to that, he spent over 30 years in the pulp and paper industry in both Australia and New Zealand. He was the Group General Manager for PaperlinX at its Gippsland operations and General Manager at AMCOR's Maryvale operations.

The Board (with Mr Landels abstaining) **recommends** that shareholders **vote in favour** of this Resolution to re-elect Mr Landels as a Director.

---

#### 4. Resolutions 3(a), 3(b) and 3(c) – Approval of Grant of Options to Directors

It is proposed that Options be granted, subject to shareholder approval, to each of the Company's Directors, David Muller, Jeffrey Landels and Christopher Tziolis.

During the year, the Board determined to reduce Directors' fees and the Managing Director's salary by 20% from 1 July 2015. The reduction was undertaken to reflect the downturn in the mining industry, and to preserve cash during the pre-development phase of the Company's projects. The grants of Options have been proposed as compensation for fees and salary foregone by the Directors. The grants are also intended to provide an additional incentive to the Directors to increase the value of the Company and its share price.

ASX Listing Rule 10.14 precludes the grant of options to a director under an employee incentive scheme without the approval of the holders of ordinary shares. If approval is given under ASX Listing Rule 10.14, approval is not required under ASX Listing Rule 7.1 for the issue of those securities.

Subject to the relevant Resolutions being passed, the Options will be granted pursuant to the Company's Employee Share Option Plan (the **Plan**). The Plan was approved at the annual general meeting of the Company held on 27 November 2014. Copies of the Plan are available from the Company Secretary.

An Option entitles a holder, upon exercise, to be issued one Share subject to adjustment in accordance with the Rules of the Plan (the **Rules**). Each Option will have a term of four years, will vest on the date of grant and will have an exercise price equal to the Market Price on the date of grant uplifted by 20%. Market Price is defined in the Rules as follows:

**"Market Price** of a Share, at a particular date, means the price determined by the [Board] to be the weighted average closing price of Shares sold on ASX on the 5 trading days immediately preceding that date (but if no Shares were sold on ASX during that 5 day period the Market Price of a Share is to be the amount determined by the [Board] to be equal to the closing price of Shares sold on ASX on the last trading day on which Shares were traded)."

By way of example only, the weighted average closing price of Shares sold on ASX in the 5 trading days up to and inclusive of 30 September 2015, was 5.2693 cents. Increased (uplifted) by 20% would result in an exercise price for the options of 6.32 cents.

No funds will be raised from the grant of the Options as they will be granted for nil consideration.

There is no loan proposed in relation to the proposed grant of the Options.

The number of Options proposed to be granted to each Director is:

David Muller	3,000,000
Jeffrey Landels	3,000,000
Christopher Tziolis	5,000,000

The maximum number of Options that may be acquired by all of the Directors for whom approval is required is 11,000,000.

Since the approval of the Plan on 27 November 2014, and with shareholder approval at that meeting, Christopher Tziolis has received 5,000,000 options. No amount was payable for by Mr Tziolis for the grant of those options. Since the 2014 annual general meeting, no other person referred to in ASX Listing Rule 10.14 has received securities under the Company's Employee Share Option Plan.

The Rules permit Options to be granted to a related party or an associate of a participating Director.

## Notice of 2015 Annual General Meeting and Explanatory Memorandum

The exercise price of each Option and the number of shares to be issued on exercise may be adjusted for any capital reorganisations during the term of the Option in accordance with the Rules and the ASX Listing Rules.

If approval is given, all of the Options will be granted shortly after the Meeting and in any event no later than two months after the date of the Meeting.

### ***Approval of potential termination benefits for Christopher Tziolis***

Under section 200B of the Corporations Act, a company may give a person a benefit in connection with their ceasing to hold a managerial or executive office in the company or a related body corporate only if it is approved by shareholders or an exemption applies. Mr Tziolis holds a managerial or executive office with the Company.

If passed, Resolution 3(c) will also constitute approval under section 200E of the Corporations Act for any 'termination benefit' that may be provided to Mr Tziolis under the Plan in relation to the Options to be granted to him. The termination benefit that may be given under the Plan is the Board exercising its discretion to decide that the Options will not lapse under clause 7.7(c) of the Plan if Mr Tziolis ceases employment with the Company. For example, in circumstances where Mr Tziolis's employment has ceased due to death, disability, bona fide redundancy or some other appropriate reason the Board may (but need not) decide to permit the Options to remain outstanding and on conditions the Board determines.

The value of the benefit (that is, the Board exercising its discretion in the future to permit Options to remain outstanding) cannot presently be ascertained. However, matters, events and circumstances that will, or are likely to, affect the calculation of that value include:

- a) the number of Options vested in Mr Tziolis prior to cessation of employment;
- b) the market price of the Company's shares on ASX on the last ASX trading day before the date of calculation; and
- c) the additional period permitted for exercise of the Options and the nature of any conditions imposed by the Board.

Because of their interest in the outcome, the Directors consider that it would be inappropriate to make a recommendation with respect to the resolutions.

## **5. Resolution 4 – Approval of 10% Placement Capacity**

### **5.1 General**

ASX Listing Rule 7.1A enables an "eligible entity", that has obtained shareholder approval by special resolution at an annual general meeting, to issue up to an additional 10% of its issued share capital by way of placements over a 12 month period after the annual general meeting (**10% Placement Facility**). The 10% Placement Facility is in addition to the entity's 15% placement capacity under ASX Listing Rule 7.1.

The Company is an eligible entity for the purpose of ASX Listing Rule 7.1A and is seeking shareholder approval, by way of a special resolution, to have the ability to issue additional shares under the 10% Placement Facility, without the need for further shareholder approval.

The ability to issue shares under the 10% Placement Facility will be in addition to the Company's ability to issue shares, without shareholder approval, under ASX Listing Rule 7.1.

The Company may use the 10% Placement Facility to raise capital to advance its exploration assets in the Northern Territory, to acquire new resource projects/tenements, to progress project studies and/or for general corporate purposes. This 10% Placement Facility will provide extra flexibility and opportunity for the Company to raise capital.

## Notice of 2015 Annual General Meeting and Explanatory Memorandum

The Directors believe that Resolution 4 is in the best interests of the Company and **recommend** that shareholders vote **in favour** of this Resolution to approve the 10% Placement Facility.

### 5.2 Further information about the 10% Placement Facility

Pursuant to and in accordance with ASX Listing Rule 7.3A, the following information is provided in relation to the approval of the 10% Placement Facility:

#### ***Minimum issue price***

The issue price of ordinary shares issued under the 10% Placement Facility will not be less than 75% of the volume weighted average price of the Company's ordinary shares calculated over the 15 trading days immediately before:

- a) the date on which the price at which the ordinary shares are to be issued is agreed; or
- b) if the ordinary shares are not issued within 5 trading days of the date in a) above, the date on which the ordinary shares are issued.

#### ***Period of the approval***

If shareholders approve Resolution 4 at the Meeting, the approval to issue ordinary shares under the 10% Placement Facility will operate from 20 November 2015 until the earlier of:

- a) 20 November 2016; and
- b) the date (if any) shareholders approve a transaction under ASX Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking),  
(the **10% Placement Period**).

#### ***Formula for calculating the 10% Placement Facility***

Under the 10% Placement Facility, the Company may issue or agree to issue, during the 10% Placement Period, a number of ordinary shares calculated in accordance with the following formula:

$$(A \times D) - E$$

**A** is the number of shares on issue 12 months before the date of issue or agreement to issue:

- a) plus the number of shares issued in the 12 months under an exception in ASX Listing Rule 7.2;
- b) plus the number of partly paid shares (that became fully paid in the 12 months);
- c) plus the number of shares issued in the 12 months with shareholder approval under ASX Listing Rules 7.1 and 7.4;
- d) less the number of shares cancelled in the 12 months.

**D** is 10%

## Notice of 2015 Annual General Meeting and Explanatory Memorandum

- E** is the number of equity securities issued or agreed to be issued under the 10% Placement Facility in the 12 months before the date of the issue or agreement to issue that are *not* issued with shareholder approval under ASX Listing Rule 7.1 or 7.4.

### ***Potential placement capacity under ASX Listing Rules 7.1 and 7.1A***

The ability of the Company to issue shares under ASX Listing Rule 7.1A is in addition to the Company's 15% placement capacity under ASX Listing Rule 7.1.

Assuming Resolution 4 is passed at the Meeting, the Company has a capacity to issue:

- a) the number of equity securities under ASX Listing Rule 7.1, calculated at the date of issue of the equity securities (or the agreement to issue) in accordance with the formula in ASX Listing Rule 7.1; and
- b) equity securities under the 10% Placement Facility under ASX Listing Rule 7.1A, before the end of the 10% Placement Period without further Shareholder approval.

The actual number of equity securities that the Company will have capacity to issue under the 10% Placement Facility will be calculated at the date of issue of the equity securities (or the agreement to issue) in accordance with the formula in ASX Listing Rule 7.1A.2 (described above).

### ***Risk of economic and voting dilution of existing shareholders***

If Resolution 4 is approved by shareholders and the Company issues further shares under the 10% Placement Facility, there is a risk of economic and voting dilution for existing shareholders. In addition, there is a risk that:

- a) the market price for the Company's ordinary shares may be significantly lower on the date of the issue of the ordinary shares than on the date of the Meeting; and
- b) the ordinary shares may be issued at a price that is at a discount to the market price for the Company's ordinary shares on the issue date,

each of which may have an effect on the amount of funds raised by the issue of the ordinary shares.

The potential dilution of existing shareholders as a result of the 10% Placement Facility can be illustrated in the table below. The table has been prepared to show:

- a) the dilution impact assuming different numbers of shares issued. For this purpose, Variable 'A' is the number of ordinary shares the Company has on issue.

"Current Variable 'A'" is the number of shares on issue at 15 October 2015. The two further examples show the impact where variable 'A' has increased by 50% and 100%. This number may increase as a result of issues of ordinary shares that do not require shareholder approval (for example, a pro-rata entitlement offer, share purchase plan or scrip issued under a takeover offer) or future specific placements under ASX Listing Rule 7.1 that are approved by shareholders.

- b) the funds raised assuming the different issue prices.

The table shows the funds that would be raised at an issue price of \$0.052 (being the closing price of the Company's shares on ASX on 29 September 2015). The two further

## Notice of 2015 Annual General Meeting and Explanatory Memorandum

examples show the funds raised assuming the issue price has decreased by 50% and increased by 100% as against the first issue price of \$0.052.

Variable 'A' in ASX Listing Rule 7.1A.2		Dilution		
		\$0.026 50% decrease in Issue Price	\$0.052 Issue Price (being the closing price of the Company's shares on ASX on 29 September 2015)	\$0.104 100% increase in Issue Price
<b>Current Variable 'A'</b> 385,504,597 shares	10% voting dilution	38,550,459 shares	38,550,459 shares	38,550,459 shares
	Funds raised	\$1,002,312	\$2,004,624	\$4,009,248
<b>50% increase in Current Variable 'A'</b> 578,256,895 shares	10% voting dilution	57,825,689 shares	57,825,689 shares	57,825,689 shares
	Funds raised	\$1,503,468	\$3,006,936	\$6,013,872
<b>100% increase in Current Variable 'A'</b> 771,009,194 shares	10% voting dilution	77,100,919 shares	77,100,919 shares	77,100,919 shares
	Funds raised	\$2,004,623	\$4,009,248	\$8,018,496

The following points are noted:

- The table assumes that the Company issues the maximum number of ordinary shares available under the 10% Placement Facility.
- The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
- The table does not show an example of dilution that may be caused to a particular shareholder by reason of placements under the 10% Placement Facility.
- The table shows only the effect of issues of ordinary shares under ASX Listing Rule 7.1A, not under the 15% placement capacity under ASX Listing Rule 7.1.

### ***Purposes of any issue***

The Company may seek to issue the ordinary shares under the 10% Placement Facility for the following purposes:

- to obtain cash funds. Funds raised could be applied towards continued exploration and feasibility study expenditure on the Company's current assets, an acquisition of new assets or investments (including expenses associated with such acquisition), and/or general corporate purposes; and/or

## Notice of 2015 Annual General Meeting and Explanatory Memorandum

- b) as consideration for the acquisition of the new resource assets and investments. In such circumstances the Company will provide a valuation of the non-cash consideration as required by ASX Listing Rule 7.1A.3.

### ***Allocation policy for the 10% Placement Facility***

The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue under the 10% Placement Facility. The identity of the allottees of ordinary shares will be determined on a case-by-case basis having regard to the factors including but not limited to the following:

- a) the methods of raising funds that are available to the Company, including but not limited to, pro-rata entitlement offers, share purchase plans or other issues in which existing shareholders can participate;
- b) the effect of the issue of the ordinary shares on the control of the Company;
- c) the financial situation of the Company; and
- d) advice from corporate, financial and broking advisers (if applicable).

No allottees for any issues under the 10% Placement Facility have been determined as at the date of this Notice. Allottees may include existing substantial shareholders and/or new shareholders who are not related parties or associates of a related party of the Company.

The Company will comply with the disclosure obligations under ASX Listing Rules 7.1A.4 and 3.10.5A upon issue of any ordinary shares under the 10% Placement Facility.

### ***Previous approvals under ASX Listing Rule 7.1A***

The Company previously obtained shareholder approval under ASX Listing Rule 7.1A at the Company's annual general meeting on 27 November 2014.

As the Company has previously sought and obtained shareholder approval under ASX Listing Rule 7.1A at the Company's 2014 annual general meeting, the Company provides the following additional information in accordance with ASX Listing Rule 7.3A.6.

There has been no equity securities issued by the Company in the period from 20 November 2014 (being 12 months before the date of the 2015 annual general meeting) to the date of this Notice of Meeting.
