### **ASX Release**

### APPENDIX 4C – QUARTERLY CASH FLOW REPORT – SEPTEMBER 2015

**Melbourne, Australia, Thursday 29th October 2015: Avexa Limited (ASX: AVX)** lodges the attached Appendix 4C Quarterly Consolidated Statement of Cash Flows for the period ending 30 September 2015.

Commentary is provided as follows:

- The Company held cash reserves of \$0.6 million at 30 September 2015.
- Net operating cash outflows for the September quarter were \$0.4 million.
- As announced on 12 October, a private placement of up to \$4.0 million to sophisticated and professional investors is proposed to be undertaken in connection with the agreement to acquire TALI Health (subject to shareholder approval at the Annual General Meeting to be held 26 November 2015).
- Proceeds from the R&D Incentive totaling \$289k were received on 15th October 2015.
- ATC is now available to be supplied to a number of countries via their Special Access or Named Patient type schemes. A number of potential patients and prescribers have approached the Company to acquire ATC for their treatment. However, cost and lack of insurance cover/rebate has been a significant factor in the slow uptake of ATC. An ATC Facebook page has been established which, combined with continued interaction with HIV patient activist groups, is being pursued in the USA and Canada to get ATC to those that will benefit from it most.

### About Avexa Limited

Avexa Limited is a Melbourne-based biotechnology company with a focus on discovery, development and commercialization of small molecules for the treatment of infectious diseases. Avexa's key projects include apricitabine (ATC) for the treatment of drug-resistant HIV, an HIV integrase program and an antibiotic program for antibiotic-resistant bacterial infections.
