#### About GBM Gold Ltd (ASX: GBM)

GBM Gold is a gold focused mining and exploration company with mining and exploration assets located in underexplored areas of one of Australia's most significant gold producing regions; the Central Victorian Goldfields that host the Bendigo (~22 million ounce) and Ballarat (~12 million ounce) gold deposits.

The Company is targeting low cost projects to develop long term sustainable mining to fund the Company's growth. Recent work has centred on the Harvest Home deposit located north-east of Dunolly in the Golden Triangle area of Central Victoria. GBM has a 50% equity interest in Harvest Home and recently completed a bulk sample from this project producing a 107 ounce gold dore bar. Harvest Home and the adjacent Queen's Birthday will continue to be developed in parallel with the company's development of the Bendigo Goldfield, Australia's second largest goldfield.
