Dear Deanna,

Pursuant to ASX Listing Rule 17.2, Queensland Bauxite Limited requests a temporary voluntary suspension of its securities effective immediately.

The suspension is requested until the release by the Company of the further detailed information that is required to be provided under Listing Rule 5 and the 2012 JORC on our North Queensland Bauxite project.

The document is quite a lengthy one and the Company has submitted a draft to the ASX for review prior to release, and it is expected that it should be finalised and released during the day today to allow the resumption of trading in the Company's securities.
