Bidder's letter

Dear SMC Shareholder,

I am pleased to enclose a Bidder's Statement in relation to an Offer from QGold Pty Ltd ACN 149 659 950 (the **Bidder**) to acquire all of the issued ordinary shares of Strategic Minerals Corporation N.L. ACN 008 901 380 (**SMC**).

The Bidder is offering 3.5 cents cash for each of your SMC Shares. The Offer is unconditional and will remain open until 22 August 2014, unless extended or withdrawn.

The Bidder has instructed its Broker, Ord Minnett Ltd, to purchase all SMC Shares offered for sale to it on the ASX during the Offer Period at the Offer Price of 3.5 cents per share.

The Offer provides you certain and immediate value and the opportunity to receive cash within three trading days from the date you instruct your Broker to sell your SMC Shares.

Key reasons for accepting the Offer include:

- (a) the Offer is at a 25% premium to the last trading price on 17 June 2014 - and a premium of 27.3% to the 90 trading day volume weighted average price of SMC Shares;
- (b) the Offer value will be paid to you in cash, providing you with a certain and immediate value for your SMC Shares;
- (c) as the Offer is unconditional, you can sell your SMC Shares to the Bidder immediately and receive cash 3 Trading Days (T+3) after your acceptance; and
- (d) the Offer removes any risks and uncertainties that could otherwise affect the future value of your SMC Shares.

If you wish to accept this Offer you can do so by instructing your Broker to sell your shareholding in SMC on market through the ASX. I encourage you to read this Bidder's Statement for more details about the Offer. The Offer is open for acceptance until 22 August 2014, unless extended or withdrawn.

If you have any questions in relation to the Offer please contact your legal, financial or other professional advisor. Alternatively, you may contact the Offer Information Line on +617 3214 5508 from Monday to Friday between 9:00am and 5:00pm (AEDT).

Yours sincerely

Christopher Wallin

Reasons why you should accept the Offer

There are a number of important reasons why you should accept the Bidder's Offer. These include:

1. The Offer Price is at a significant premium to the last trading price

The Bidder's Offer gives you the opportunity to sell your SMC Shares for 3.5 cents cash per SMC Share.

The Offer Price of 3.5 cents per SMC Share represents:

- a 25% premium to the last trading price on 17 June 2014; and
- a 27.3% premium to the 90 trading day volume weighted average price of SMC Shares.

2. The Offer is unconditional and you can sell your SMC Shares immediately and receive a cash payment three trading days after your acceptance

There are no conditions attached to the Offer and you can sell your SMC shares at 3.5 cents cash per SMC Share on market **now**. Accordingly you can **ACCEPT** the Offer knowing that you will be paid in cash three trading days after your acceptance (T+3 Basis).

Section 2 of this Bidder's Statement provides instructions on how you can **ACCEPT** the Offer.

3. The Bidder is offering cash for your SMC Shares which provides you with certainty compared with retaining your SMC Shares

The Bidder's Offer is to acquire your SMC Shares for 100% cash consideration.

The certainty provided by receiving cash at an attractive price under the Offer should be compared with the risks and uncertainties associated with remaining a SMC Shareholder, including the uncertainty of SMC's ability to generate future earnings, positive cash flow or dividends.

4. If the Offer is not accepted it is possible that the market price of SMC Shares may fall

While there are many factors that will influence the market price of SMC Shares, in the absence of the Offer or a competing bid, it is possible that after the close of the Offer the SMC Share price will fall below the value of the Offer, given that the Offer represents a premium to the prior recent market price of SMC Shares.

4. Information on SMC

4.1 Profile of SMC

SMC is an exploration company with an interest in a gold exploration project within Australia. SMC has been publicly listed on the ASX since 1981.

SMC's core objective is to become a significant gold producer through mine development of its epithermal and mesothermal gold resources established at its 100% owned Woolgar Project (the Project). The Project is located 120 kilometres north of Richmond. SMC's 100% owned and managed Project includes all historical mining leases and exploration permits.

For many years SMC has concentrated upon expanding the epithermal resources in the Sandy Creek area of the Project.

Although significant ounces were discovered in the epithermal area it was determined that additional higher grade, near surface and/or underground resources would be required to comfortably proceed to feasibility for mine development.

With this in mind, in 2008, just prior to the global financial crisis, SMC commenced exploration on the mesothermal occurrences associated with the Woolgar fault zone.

From SMC's drilling programs conducted since 2008 through 2013, it has now been established that strong potential exists for increasing the gold resources in the mesothermal zone adjacent to the Woolgar fault.

The outstanding results achieved below the 80 metre level in the mesothermal zone of the Big Vein South and Central deposits during the 2013 drill program now provide numerous targets for the 2014 drilling. The 2014 drilling program will test the extent, both along strike and at depth, of the higher grade gold mineralisation in the strike section of the mesothermal zone. It is of significant interest to note that both the epithermal and mesothermal resources are in close proximity to each other (3 kilometres apart), which is an unusual geological occurrence.

Further exploration is planned for 2014.

4.2 Publicly available information

The information in this Section has been prepared based on a review of publicly available information concerning SMC. It has not been verified and the Bidder does not make any representation or warranty, express or implied, as to the accuracy or completeness of such information.

Further information concerning SMC may be included in its target's statement in relation to the Offer.

Being a company listed on the ASX, SMC is subject to the periodic and continuous disclosure requirements. Accordingly, more information concerning SMC, including SMC's 2013 Annual Report, may be accessed via the ASX website (www.asx.com.au) or SMC's website: www.stratmin.com.au.

5. Bidder's intentions

5.1 Overview

This Section 5 sets out the Bidder's intentions, on the basis of the facts and information concerning SMC known to the Bidder, in relation to:

- the continuation of the businesses of SMC;
- any major changes to the businesses of SMC and any redeployment of the fixed assets of SMC; and
- the future employment of the present employee and any contracted service providers of SMC.

The Bidder and its advisors have reviewed information that is publicly available concerning SMC and its businesses and assets. However, the Bidder has not undertaken any formal due diligence in relation to SMC's businesses in connection with the Offer and consequently does not believe that it is aware of all material information, facts and circumstances that may be necessary to enable it to assess all of the operational, commercial, taxation and financial implications of its current intentions.

At the conclusion of the Offer Period the Bidder will, to the extent to which it is able, conduct a review of SMC and its operations, assets, liabilities and employees following which it will review its intentions as set out in this Section 5. Final decisions will only be reached after that review has been concluded and the results evaluated and in the light of all material information, facts and circumstances that exist at that time.

Consequently, the statements set out in this Section 5 are statements of the Bidder's current intention only, which may change as new information becomes available or circumstances change. The statements in this Section 5 should be read in this context.

5.2 Intentions upon acquiring 90% or more of SMC Shares

The Bidder's intentions if it acquires a relevant interest in more than 90% of SMC's Shares and is entitled to proceed to compulsory acquisition of the outstanding SMC Shares are set out below.

Compulsory acquisition

If it becomes entitled to do so under the Corporations Act, the Bidder intends to proceed with the compulsory acquisition of the outstanding SMC Shares in accordance with Chapter 6A of the Corporations Act.

ASX Listing

At the conclusion of the compulsory acquisition process, the Bidder intends to arrange for SMC to be removed from the official list of ASX (subject to any required approvals on the part of ASX), thereby eliminating the corporate administration costs associated with maintaining SMC as a listed company.

Directors

The Bidder intends to keep all current members of the Board of SMC, its Subsidiaries and any company in respect of which SMC has nominated directors.

SMC's businesses, assets and employees

Following the close of the Offer, if the Bidder is entitled to acquire 100% of SMC, the Bidder intends to conduct a review of the operations, assets, structure and employees of SMC in light of that information to identify:

- business opportunities and areas of revenue generation which may provide overall strategic operational benefit;

- areas of cost saving which may provide overall strategic and operational benefit; and
- any business or businesses which do not fit into the strategic plan for SMC and then evaluate the best and most appropriate way of organising such business or businesses.

Final decisions will only be reached after that review and in light of all material facts and circumstances.

While the Bidder does not currently have any specific intentions in relation to this review or its outcomes, its current expectation is that the review will focus on identifying the most effective means of utilising SMC's assets and maximising the investment the Bidder has made in SMC.

The status of SMC's existing employee and contracted service providers, if any, will be considered as part of the review outlined above.

5.3 Intentions upon acquiring less than 90% of SMC Shares

The Bidder's intentions if it acquires a relevant interest in less than 90% of SMC Shares are set out below.

ASX Listing

The Bidder intends to review the benefits and suitability of SMC remaining listed on ASX having regard to the Listing Rules and the additional corporate and compliance costs, and may seek approval from ASX to delist SMC based on the outcome of this review.

Directors

The Bidder intends, subject to the Corporations Act and SMC's Constitution, to seek to re-constitute the Board of Directors of SMC to reflect the Bidder's majority ownership of SMC whilst at the same time including directors on the Board that are independent from the Bidder, which may include one or more of the current directors of SMC. No decision has been made as to the constitution of the Board or who the Bidder's nominees would be, as their identity would depend on the relevant circumstances at the time.

SMC's businesses, assets and employees

The Bidder intends to attempt to procure that the SMC Board implements the intentions of the Bidder which are outlined in Section 5.2 above to the extent possible and appropriate.

Dividends

The Bidder intends to maintain SMC's current policy of not declaring dividends before the establishment of a stable profit stream which can support both SMC's anticipated exploration and capital expenditure requirements and dividend distributions.

Capital raisings & funding

SMC's existing business plan and the current intentions of the Bidder in relation to the development of SMC's businesses are likely to require significant exploration and capital expenditure requirements. While no decision has been made in this regard, it may be necessary to undertake a substantial equity offering either alone or in conjunction with raising debt capital to fund SMC's anticipated exploration and development activities together with any committed capital expenditure requirements. The Bidder has not finalised its intentions in this regard and accordingly the form and timing of any future capital raisings or debt raisings have not been determined at this time.

Further acquisitions of SMC Shares

The Bidder may acquire additional SMC Shares under the "creep" provisions of the Corporations Act. In summary, those provisions would permit the Bidder and its Associates to acquire up to 3% of SMC Shares every 6 months after completion of the Offer. The Bidder has not yet decided whether it will acquire further SMC Shares under the "creep" provisions in the future, as that will be dependent upon (among other things) the extent of Voting Power of the Bidder and its Associates in SMC and market conditions at the time. The Bidder may also acquire additional SMC Shares as permitted by the Corporations Act as part of any future capital raising by SMC.

If the Bidder becomes entitled to give notices to compulsorily acquire any outstanding SMC Shares in accordance with section 664C of the Corporations Act as a result of additional SMC Shares, the Bidder intends to give such notices.

Information protocols

The Bidder will seek access to all books and records of SMC to assist it to implement its intentions as set out above. Whether such access is given would be a decision for the independent directors of SMC at the time, after complying with their statutory and fiduciary duties. If access is given, those books and records may contain confidential information concerning SMC. The Bidder contemplates that such access would be given under an appropriate confidentiality agreement.

5.4 Limitations on intentions

If at the conclusion of the Offer SMC is a controlled entity but is not a wholly owned subsidiary of the Bidder there will be minority SMC Shareholders. In this event the Bidder expects that there will be directors on the Board that are independent from the Bidder, which may include one or more of the current directors of SMC. Any directors appointed to the Board by the Bidder will act at all times in accordance with their statutory and fiduciary duties. The Bidder intends that all requisite shareholder approvals and other requirements of law, including the Corporations Act and ASX Listing Rules, are complied with in pursuing any of the intentions referred to above.

As a result of these requirements the approval of minority SMC Shareholders may be required for the implementation of some or all of the intentions outlined above. The requirement for SMC directors to have regard to their fiduciary duties in the context of a partly owned subsidiary and the possible requirement to seek approval of SMC minority shareholders may prevent a particular intention from being achieved.

5.6 Intentions generally

Except as otherwise disclosed above, the Bidder intends on the basis of the facts and information concerning SMC which are known to it:

- to continue the businesses of SMC;
- not to make any major changes to the businesses of SMC or to redeploy SMC's fixed assets; and
- to continue the employment of SMC's present employee.

6. Information on SMC securities

6.1 Issued securities

As at the date of this Bidder's Statement, the Bidder and its Associates have a relevant interest in 427,030,177 SMC Shares. The Bidder and its Associate's voting power in SMC is 51.75% because of their relevant interest in SMC Shares.

6.3 Consideration provided for SMC securities during previous four months

Except for the acquisitions of SMC Shares by Christopher Wallin, Sylvia Bhatia, Fiona McLoughlin and Ann Wallin as trustees for the Christopher Wallin Superannuation Fund Trust as set out below, the Bidder and its Associates have not acquired SMC Shares during the period of four months ending on the day immediately before the date of the Offer.

6.4 SMC Share price history

The last sale price of SMC Shares on ASX on 17 June 2014 being the last day on which SMC Shares were traded on ASX before the Announcement Date was 2.8 cents per share.

The highest and lowest closing prices during the three months immediately before the date of this Bidder's Statement were:

- Highest – 3.7885 cents on 19 March 2014
- Lowest – 2.4285 cents on 10 April 2014

6.5 Inducing benefits given during previous four months

Neither the Bidder nor any of its Associates has, during the period of four months ending on the day immediately before the date of the Offer, given, offered or agreed to give a benefit to another person where the benefit was likely to induce the other person, or an Associate, to:

- accept the Offer; or
- dispose of SMC Shares,

which benefit was not offered to all SMC Shareholders under the Offer.

7. Funding

7.1 Maximum cash consideration

The consideration for the acquisition of SMC Shares to which the Offer relates will be satisfied wholly in cash.

If the Offer is accepted in respect of all SMC Shares on issue as at the Announcement Date, the maximum consideration payable by the Bidder for those shares will be approximately \$28,881,066.48 (**Maximum Consideration Amount**).

7.2 The Bidder's funding arrangements

The Bidder intends to fund the consideration payable for the Offer using advances from Christopher Wallin. Christopher Wallin has irrevocably and unconditionally undertaken to the Bidder that it will make available sufficient funds to enable the Bidder to:

- satisfy its obligations to pay the consideration required for the acquisition of SMC Shares under the Offer; and
- meet the transaction costs associated with the Offer.

Under the terms of the internal funding arrangements between Christopher Wallin and the Bidder (**Internal Funding Arrangements**):

- Christopher Wallin will advance funds on request by the Bidder for the purposes set out above;
- the funds borrowed by the Bidder will be non-interest bearing, and will be repayable on demand; and
- there will be no conditions precedent to the Bidder drawing down on such funds.

Christopher Wallin has existing cash reserves well in excess of the Maximum Consideration Amount on deposit and at call. Christopher Wallin will source the funds that it has undertaken to provide to the Bidder under the Internal Funding Arrangements solely out of these existing cash reserves.

The funds available to the Bidder are sufficient to fund the maximum amount of consideration payable under the Offer and all associated transaction costs.

8. Taxation Implications

8.1 No tax advice given

The following is a general description of the Australian income tax, GST and stamp duty consequences for SMC Shareholders of disposing of SMC Shares in return for cash under the Offer. This taxation summary is not, and is not intended to be, taxation advice to any SMC Shareholder and should not be relied on as such.

Acceptance of the Offer may have taxation implications, which may differ depending on the individual financial affairs of each shareholder. You should seek professional advice regarding the taxation implications of accepting the Offer.

The Bidder and its advisors do not accept any liability or responsibility for any taxation implications arising from the acceptance of the Offer by Australian resident and non-resident Shareholders or for the summary below. Shareholders should obtain independent Australian advice on the taxation consequences of the Offer before accepting.

8.2 Australian taxation issues

It is not possible to cover all Shareholder situations in the Australian taxation summary that follows (which, except where otherwise expressly stated, applies only to Australian tax-resident taxpayers) and the taxation implications of the decision by a Shareholder whether or not to accept the Offer will depend on the particular circumstances of each Shareholder.

The Australian taxation summary that follows is based on the law, and interpretation thereof, in force as at the date of this Bidder's Statement.

Australian resident shareholders

SMC Shares held on revenue account

For Shareholders who are tax resident in Australia and who dispose of SMC Shares held on revenue account, any gain or loss from the disposal will be assessed as ordinary income or claimed as a revenue deduction. CGT roll-over relief will have no application to the Shareholders. The CGT discount will also not be available.

SMC Shares held on capital account

Shareholders may realise a capital gain or capital loss in respect of the disposal of their SMC Shares where the shares are held on capital account. The acceptance of this Offer would constitute the disposal of SMC Shares by the Shareholder, which in turn would constitute a CGT event for Australian taxation purposes. CGT roll-over relief will not be available to the Shareholders. For Shareholders who are tax resident in Australia, a capital gain should arise on disposal of their SMC Shares to the extent that the capital proceeds from the disposal (being the consideration received under the Offer) exceed the cost base of the shares. The taxation treatment of the gain will depend on the date of acquisition of the SMC Shares, the Shareholder's cost base and the nature and tax attributes of the Shareholder.

For SMC Shares disposed of within 12 months of acquisition, the full amount of the capital gain realised would be assessable. If a Shareholder (being an individual, trust or superannuation fund) has held their SMC Shares for at least 12 months, the Shareholder may apply the CGT discount. The CGT discount is used to reduce the assessable capital gain by one half (i.e. 50%) for individuals and trusts, and by one third (i.e. 33 1/3%) for superannuation funds. Companies are not entitled to the CGT discount. (CGT discount is applied after the realisation of any current or carried forward capital losses.)

Shareholders who are tax resident in Australia may realise a capital loss on disposal of their SMC Shares to the extent the amount of the capital proceeds received is less than the cost base of the shares. The Shareholder may utilise the capital loss against any available capital gains of the current year in working out their net capital gains for the income year for inclusion in their assessable income. Any excess capital loss may be carried forward to be offset against any capital gains made by the Shareholder in a future year.

Non-resident shareholders

SMC Shares held on revenue account

If a Shareholder who is not resident in Australia enters into a profit making transaction in Australia with respect to their SMC Shares, the profit on disposal of the SMC Shares may be included in its assessable income as ordinary income. The Australian taxation implications will depend on the source of the gain and whether there is a double tax agreement between the non-resident Shareholder's country of residence and Australia.

SMC Shares held on capital account

Shareholders who are not resident in Australia will generally not be subject to Australian CGT on acceptance of the Offer unless they, together with their Associates, directly own at least 10% or more of the SMC Shares and more than 50% of the value of SMC's assets are attributable to Australian real property.

8.3 Foreign taxation issues

The foreign taxation implications of non-resident Shareholders disposing of SMC Shares will be a function of the taxation laws (foreign and Australian) as they apply to the Shareholders. It is not possible to address these situations as they will be specifically dependent on the taxation laws of the applicable jurisdictions, any relevant double-tax agreements and the particular circumstances of the Shareholder.

8.4 Transfer taxes

Generally, no stamp duty (share transfer duty) is payable for transfers of shares in listed companies. 'Land rich' or 'Landholder' duty may be payable following an acquisition of 90% or more of SMC shares if SMC directly or indirectly holds any interests in land in Australia with a value over a certain threshold. Should any such duty become payable as a result of the Offer, the applicable duty will be paid by the Bidder.

The disposal of SMC Shares pursuant to the Offer would not be subject to GST. To the extent that you are charged GST in relation to your Broker carrying out your instructions to institute acceptance of the Offer or for any other costs incurred in accepting the Offer, you may not be able to claim any or full input tax credits for GST incurred on the costs as the disposal of shares is input taxed. This will depend on the individual circumstances of each Shareholder.

8.5 GST

The disposal of SMC Shares pursuant to the Offer would not be subject to GST. To the extent that you are charged GST in relation to your Broker carrying out your instructions to institute acceptance of the Offer or for any other costs incurred in accepting the Offer, you may not be able to claim any or full input tax credits for GST incurred on the costs as the disposal of shares is input taxed. This will depend on the individual circumstances of each Shareholder.

9. Additional Information

The Bidder has not obtained from ASIC any modifications of or exemptions from the Corporations Act in relation to the Offer. The Bidder may rely on class order relief granted by ASIC which applies generally to all persons, including the Bidder.

9.2 Regulatory and other approvals

There are no regulatory approvals that the Bidder is required to obtain before acquiring SMC Shares under the Offer.

9.3 Approvals for payment of consideration

- any other law of Australia that would make it unlawful for the Bidder to provide consideration for your SMC Shares,

then you will not be entitled to receive payment under the Offer until all requisite authorities and clearances have been obtained.

9.4 No escalation agreements

Neither the Bidder nor any Associate of the Bidder has entered into any escalation agreement in respect of SMC Shares that is prohibited by section 622 of the Corporations Act.

Each of McMahon Clarke, Ord Minnett Ltd and Harris Black Pty Ltd has given and has not, before lodgement of this Bidder's Statement with ASIC, withdrawn their consent to the inclusion of:
