### Dividend Update and Policy

Ozgrowth Limited intends on paying a consistent stream of dividends to investors. Dividend payments will be set after considering our level of realised net profits after tax, retained earnings and availability of franking credits.

This intention replaces our prior policy that referred to a payout linked to the level of realised profits.

In accordance with this new policy, the Directors have determined:

- To provide for the payment of a final dividend of 0.75 cents (fully franked) in its accounts as at 30 June 2014. This dividend is anticipated to be paid to shareholders in August 2014; and
- To target a dividend payment of **1.5 cents per share in respect of the 2015 financial year**. It is anticipated that the payment of this dividend would occur in February (0.75 cents) and August (0.75 cents) of the 2015 calendar year. Past practice has been to fully frank dividend payments and it is intended to continue this practice.

Investors should note that any dividend is not payable until formally declared. The Company makes no assurance as to dividends or what, if any, franking will be attached until a formal declaration is made.

Any dividend payment also remains subject to compliance with relevant legal requirements and specifically the relevant Corporations Act. The Company will seek appropriate advice at the time of any specific dividend declaration to ensure compliance.
