Dear Mr Russo

## OM HOLDINGS LIMITED (ASX:OMH) ("COMPANY") - PRICE QUERY

We refer to your letter of 22 July 2014, in relation to a noted increase in the price and trading volume of the Company's securities today.

We provide the following response to your queries:

- 1. As previously disclosed, the Company has an 80% interest in OM Materials (Sarawak) Sdn Bhd, which owns a Ferro Alloy Smelting Project in the Samalaju Industrial Park in Sarawak, Malaysia ("Project"). The Company is in confidential, non-binding and incomplete discussions with a third party regarding a minority investment in the Project. There is no guarantee that these discussions will lead to any agreement being reached with the third party or, if agreement is reached, as to what the terms of that agreement will be. In addition, as has been reported in the financial press in Malaysia and as is consistent with the Company's previous announcements, commercial operation of the Project is expected to commence in the current quarter. The Company does not know whether either or both of these matters is the explanation for the recent trading.
- 2. See the answer to question 1.
- 3. No.
- 4. The Company is in compliance with the ASX Listing Rules and in particular with ASX Listing Rule 3.1.

Yours faithfully

**OM HOLDINGS LIMITED**

Bootu Creek has the capacity to produce 1,000,000 tonnes of manganese product annually. Bootu Creek has further exploration potential given that its extensive tenement holdings in the area.

Bootu Creek's manganese product is exclusively marketed by the OMH Group's own trading division with a proportion of the product consumed by the OMH Group's wholly-owned Qinzhou smelter located in south west China.

Through its Singapore based commodity trading activities, OMH has established itself as a significant manganese supplier to the Chinese market. Product from Bootu Creek has strengthened OMH's position in this market.

Dear Daniel

### OM Holdings Limited (the "Company") - ASX price query

We have noted a change in the price of the Company's securities from a closing price of \$0.395 on 14 July 2014, to an intra-day high of \$0.545. We have also noted an increase in the volume of trading in Company's securities over this period.

In light of the price and volume change, ASX asks you to respond separately to each of the following questions:

- 1. Is the Company aware of any information concerning it that has not been announced to the market which, if known by some in the market, could explain the recent trading in its securities?
- 2. If the answer to question 1 is "yes":
  - a) Is the Company relying on Listing Rule 3.1A not to announce that information under Listing Rule 3.1?
    - Please note that the recent trading in the Company's securities would suggest to ASX that such information may have ceased to be confidential and therefore the Company may no longer be able to rely on Listing Rule 3.1A. Accordingly, if the answer to this question is "yes", you need to contact us immediately to discuss the situation.
  - b) Can an announcement be made immediately?
    - Please note, if the answer to this question is "no", you need to contact us immediately to discuss requesting a trading halt (see below).
  - c) If an announcement cannot be made immediately, why not and when is it expected that an announcemant will be made?
- 3. If the answer to question 1 is "no", is there any other explanation that the Company may have for the recent trading in its securities?
- 4. Please confirm that the Company is in compliance with the Listing Rules and, in particular, Listing Rule 3.1.
