NT GOVERNMENT GENERAL RESERVATION

HIGHLIGHTS

- **Company confirms that the NT Government has gazetted the general reservation.**

Northern Manganese Ltd (“**NTM**” or the “**Company**”) is pleased to advise that the Northern Territory Government have amended the boundaries showing the General Reservation area as gazetted initially on the 13 August 2014 to reflect what was agreed between the parties and removing NTM’s Blue Mud Bay (BMB) applications from the reserved area.

The corrections gazetted by the NT Government on the 22 August 2014 reflects what was agreed between the Company and the NT Government and resulted in the Deed of Surrender Release and Payment which at no time included any tenure outside of our Groote Eylandt Project area.

This is important to NTM as we are about to enter the first stage of consent negotiations with the BMB community for access to our four Island tenements which are surrounded by three ‘wet’ (over water) Exploration Licences which are still the subject of the NT Governments Moratorium.

We have attached the amended plan as gazetted for share holder information.
