FOR THE HALF-YEAR ENDED 30 JUNE 2014

#### 1 BASIS OF PREPARATION AND ACCOUNTING POLICIES

#### (a) Basis of preparation

This general purpose consolidated financial statements for the half year ended 30 June 2014 has been prepared in accordance with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Act 2001.

The half-year financial report does not include all notes of the type normally included within the annual financial report. Accordingly this financial report is to be read in conjunction with the Annual Financial Report for the year ended 31 December 2013 and any public announcements made by United Overseas Australia Ltd during the period ended 30 June 2014 and in accordance with the continuous disclosure obligations of the ASX listing rules.

The accounting policies and methods of computation are the same as those adopted in the most recent financial report.

#### (b) Reporting Basis and Conventions

The half year financial report has been prepared on an accrual basis and is based on historical costs modified by the revaluation of selected non-current assets, financial assets and financial liabilities for which the fair value of accounting has been applied.

#### (c) Investment Properties

The fair value model is applied to all investment properties. Investment properties are independently revalued, which are performed on an open market basis, which represents the amounts for which the assets could be exchanged between knowledgeable willing buyer and knowledgeable willing seller in an arm's length transaction at a valuation date.

The fair value of the investment properties held by the UOA Real Estate Investment Trust ("UOA REIT") were assessed by the Board of Directors of UOA Asset Management Sdn Bhd, the Manager of UOA REIT based on the indicative market values by an Independent Property Valuer, PPC International Sdn Bhd on 30 June 2014. In arriving at the indicative market values, the valuer has applied the Investment and Comparison Methods to assess the market values of the investment properties. Whilst a full valuation has not been conducted, the valuations performed indicated a small increase in the value of the properties and hence confirmed the assessment by the Board of directors that the existing book values as at 30 June 2014 are fair. The last full valuation of the these properties were done on 31 December 2012 by PPC International Sdn Bhd, an independent Property Valuer based on the Investment and Comparison Methods of Valuation.

The directors have reviewed the valuation of a commercial property which was done on 30 July 2014 by PA International Property Consultants (KL) Sdn Bhd, an Independent Property valuer based on the Investment and Comparison Method, and opined that the carrying value reflects the fair value of the investment property.

All other commercial properties have been reviewed in conjunction with PA International Property Consultants (KL) Sdn Bhd and PPC International Sdn Bhd by the directors who are of the opinion that the carrying values reflect the fair value of the investment properties.

The directors have also reviewed the valuation of all residential properties in conjunction with PA International Property Consultants (KL) Sdn Bhd, who are of the opinion that the carrying values reflect the fair value of the investment properties.
