The interim report does not include disclosures of the type normally included in the annual financial statements and cannot be expected to provide as comprehensive an understanding of the financial performance, financial position and financing and investing activities of the Consolidated Entity as the most recent annual report.

The adoption of all the new and revised Standards and Interpretations has not resulted in any changes to the group's accounting policies and has no effect on the amounts reported for the current or prior half-years.

Accounting policies adopted are consistent with those of the previous financial period and corresponding interim reporting period with the exception of the below changes;

Joint arrangements

Joint arrangements are classified as either joint operations or joint ventures depending on the contractual rights and obligations each investor has, rather than the structure of the joint arrangement. Following significant developments including substantial progress on agreeing a shareholder's agreement during the period, the Consolidated Entity has assessed the nature of its El Aouj Mining Company S.A.(EMC) joint arrangement and determined that it has changed its accounting from an investment in joint operation to investment in joint venture.

The group has accounted for its investment in the EMC joint venture using the equity accounting method. This has been incorporated in the financial statements under the appropriate headings.

Functional currency

During the period there has been a change in the functional currency of Sphere Minerals Limited and subsidiary Sphere Mauritania S.A. to United States Dollars (USD). The change occurred due to the entering into USD domiciled funding arrangements and USD domiciled construction contracts which represent the key activities of the respective legal entities. The consolidated interim financial report is presented in USD, which is also Sphere Minerals Limited's functional currency (2013: Australian dollars). Comparatives have been restated to reflect the change in presentation currency.

Independent Auditor's Review Report to the Members of Sphere Minerals Limited

We have reviewed the accompanying half-year financial report of Sphere Minerals Limited, which comprises the condensed statement of financial position as at 30 June 2014, and the condensed statement of comprehensive income, the condensed statement of cash flows and the condensed statement of changes in equity for the half-year ended on that date, selected explanatory notes and, the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the end of the half-year or from time to time during the half-year as set out on pages 6 to 14.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the consolidated entity's financial position as at 30 June 2014 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Sphere Minerals Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Auditor's Independence Declaration

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Sphere Minerals Limited, would be in the same terms if given to the directors as at the time of this auditor's review report.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Sphere Minerals Limited is not in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the company's and consolidated entity's financial position as at 30 June 2014 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.
