About Silver Lake Resources Ltd:

Silver Lake is a gold producing and exploration company based solely in Western Australia.

Silver Lake's core asset is the Mount Monger Operations, a high margin operation located in a first world jurisdiction 50km south east of Kalgoorlie in the Eastern Goldfields district of Western Australia.

Silver Lake has multiple near term options to further develop the Mount Monger Operations that are under review including:

- Majestic open pit followed by Imperial underground mine;
- Maxwells underground mine;
- Upper areas to the east and west of Daisy Milano;
- Lorna Doone open pit; and
- Magic underground mine.

These deposits have work programmes in place to advance towards production and are in various stages of evaluation.

Silver Lake's land position in Western Australia covers 5,000 sqkm of highly prospective under explored tenements containing gold, silver, copper & zinc.

Silver Lake currently has JORC Resources and JORC Ore Reserves containing:

- 5.7 million oz of gold inclusive of 1.1 million oz of Reserve;
- 10.5 million oz of silver; and
- 134,000 tonnes of copper.

Competent Person's Statement

The information in this ASX announcement that relates to Mineral Resources and Ore Reserves for the Daisy Milano, Haoma, Haoma West, Wombola Dam and Cock Eyed Bob deposits were compiled by Matthew Karl who is a Member of the Australasian Institute of Mining and Metallurgy. Mr Karl is a full time employee of Silver Lake Resources Ltd, and has sufficient experience which is relevant to the style of mineralisation under consideration to qualify as a Competent Person as defined in the 2012 edition of the JORC Code. Mr Karl has given his consent to the inclusion in the report of the matters based on the information in the form and context in which it appears.

All other information relating to Exploration results, Mineral Resources and Ore Reserves is based on information compiled by Mr Christopher Banasik who is a Member of the Australasian Institute of Mining and Metallurgy. Mr Banasik is a full time employee of Silver Lake Resources Ltd, and has sufficient experience which is relevant to the style of mineralisation under consideration to qualify as a Competent Person as defined in the 2012 edition of the JORC Code. Mr Banasik has given his consent to the inclusion in the report of the matters based on the information in the form and context in which it appears.

Information that relates to exploration and production targets refers to targets that are conceptual in nature, where there has been insufficient exploration to define a Mineral Resource and it is uncertain if further exploration will result in the determination of a Mineral Resource.

Forward Looking Statements

This ASX announcement may contain forward looking statements that are subject to risk factors associated with gold exploration, mining and production businesses. It is believed that the expectations reflected in these statements are reasonable but they may be affected by a variety of variables and changes in underlying assumptions which could cause actual results or trends to differ materially, including but not limited to price fluctuations, actual demand, currency fluctuations, drilling and production results, Reserve estimations, loss of market, industry competition, environmental risks, physical risks, legislative, fiscal and regulatory changes, economic and financial market conditions in various countries and regions, political risks, project delay or advancement, approvals and cost estimates.

Forward-looking statements, including projections, forecasts and estimates, are provided as a general guide only and should not be relied on as an indication or guarantee of future performance and involve known and unknown risks, uncertainties and other factors, many of which are outside the control of Silver Lake. Past performance is not necessarily a guide to future performance and no representation or warranty is made as to the likelihood of achievement or reasonableness of any forward looking statements or other forecast.
