

AZURE MINERALS LTD

Australia's Leading Explorer in Mexico

ASX: AZS

8 SEPTEMBER 2014

Dear Shareholder,

Proactive Investors' Luncheons in Sydney and Melbourne

Azure Minerals Limited is pleased to invite shareholders and investors to hear from the Company's Managing Director, Mr Tony Rovira, who will be presenting this week at Proactive Investors' "Sydney/Melbourne Investor Luncheons" on Wednesday 10 September and Thursday 11 September.

Azure Minerals Limited ("Azure" or "the Company") is an ASX-listed mineral exploration company focused on the development of high grade, low cost copper projects in the richly mineralised Sierra Madre mining province in northern Mexico.

As one of the very few ASX-listed companies exploring in a region saturated with Canadian and US players, Azure is carving a name for itself as an outstanding opportunity for Australian investors.

The Company's flagship project is the Promontorio Copper-Gold-Silver Project where it has defined a high grade resource for the Promontorio deposit and is planning to release a mineral resource for the adjacent Cascada deposit in Q42014. A recently announced earn-in and joint venture agreement over the Promontorio Project with Rio Tinto is a major step forward for Azure, and Mr Rovira will be discussing this in detail in his presentation.

You are encouraged to attend one of the presentations listed below as this is open to all shareholders and investors:

Sydney – Wednesday, 10th September from 12 noon to 2pm

Radisson Blu Hotel Sydney (Cnr. Pitt and O'Connell Street, Sydney)

Melbourne – Thursday, 11th September from 12 noon to 2pm

Novotel Melbourne on Collins (270 Collins Street, Melbourne)
