

## ASX ANNOUNCEMENT

### **Bronzewing Update 8 September 2014**

Metaliko Resources Ltd (ASX: MKO) is pleased to advise that the Environmental Bonds relating to the Bronzewing Gold Project have been released by the Department of Mines and Petroleum (DMP) under the recently introduced Mine Rehabilitation Fund.

The sum of \$7,077,900 has been released from the Bond Deposits to the Administrator Pitcher Partners who have forwarded the funds to Waterton Global Value LP, the Secured Creditor of Navigator (Bronzewing) Pty Ltd.

Following clearance of funds, the financial securities currently registered in favour of Waterton should be discharged and the Bronzewing assets effectively unencumbered.

Programs of Works (POW's) have been submitted to the DMP for approval which will allow drilling of several prospective targets within the Bronzewing Tenement package to commence shortly.

Further information will be provided as it comes to hand.

Yours faithfully
