1. IMPORTANT INFORMATION

1.1 General

The Prospectus is dated 20 October 2014 and a copy of this Prospectus was lodged with ASIC on that date. ASIC and ASX do not take any responsibility for the contents of this Prospectus or the merits of the investment to which the Prospectus relates.

This Prospectus is a transaction specific prospectus for an offer of continuously quoted securities (as defined in the Corporations Act) and has been prepared in accordance with section 713 of the Corporations Act.

Within 7 days of the date of this Prospectus, the Company will make an application to ASX for the Shares offered pursuant to this Prospectus to be admitted for quotation on ASX. No Shares will be issued pursuant to this Prospectus later than 13 months after the date of this Prospectus.

1.2 Conditional Offers

The Offer is conditional on certain factors summarised in **Section 4.2**.

1.3 Electronic Prospectus

In addition to issuing the Prospectus in printed form, a read-only version of the Prospectus is also available on the Company's website at www.dourado.com.au. Applications cannot be made online. Any person accessing the electronic version of this Prospectus for the purpose of making an investment in the Company must be an Australian resident and must only access the Prospectus from within Australia. The Corporations Act prohibits any person passing onto another person an Application Form unless it is attached to a hard copy of this Prospectus or it accompanies the complete and unaltered electronic version of this Prospectus.

1.4 Application for Securities

Please read the instructions in this Prospectus and on the accompanying Application Form regarding the acceptance of the Offer. By returning an Application Form or lodging an Application Form with your stockbroker or otherwise arranging for payment for Securities in accordance with the instructions on the Application Form, you acknowledge that you have received and read this Prospectus, you have acted in accordance with the terms of the Offer detailed in this Prospectus and you agree to all of the terms and conditions as detailed in this Prospectus.

1.5 Risk factors

Before deciding to invest in the Company, potential investors should read the entire Prospectus. In considering the prospects for the Company, potential investors should consider the assumptions underlying the prospective financial information and the risk factors set out below and in **Section 6** that could affect the performance of the Company. Potential investors should carefully consider these factors in light of personal circumstances (including financial and taxation issues) and seek professional advice from a stockbroker, accountant or other independent financial adviser before deciding to invest.

Risks specific to the Company are set out below, while more general risks are set out in Section 6.

Specific risks

(a) Exploration Risk

The exploration costs of the Company are based on certain assumptions with respect to the method and timing of exploration. By their nature, these estimates and assumptions are subject to significant uncertainties and, accordingly, the actual costs may materially differ from these estimates and assumptions.

Accordingly, no assurance can be given that the cost estimates and the underlying assumptions will be realised in practice, which may materially and adversely affect the Company's viability.

(b) No JORC code compliant resource

There is no JORC code compliant resource in relation to any of the Company's assets and there is no guarantee that a JORC code compliant resource in relation to any of the Company's assets will be achieved in the future.

(c) Resource Estimates

In the event that the Company successfully delineates a JORC compliant resource on any of the tenements in which it has an interest, that resource estimate will be an expression of judgement based on knowledge, experience and industry practice. Estimates which were valid when originally calculated may alter significantly when new information or techniques become available. In addition, by their very nature, resource estimates are imprecise and depend to some extent on interpretations, which may prove to be inaccurate. As further information becomes available through additional fieldwork and analysis, the estimates are likely to change. This may result in alterations to development and mining plans which may, in turn, adversely affect the Company's operations.

(d) Commodity, Price Volatility and Exchange Rate Risks

If the Company achieves success leading to production, the revenue it will derive through the sale of commodities exposes the potential income of the Company to commodity price and exchange rate risks. Commodity prices fluctuate and are affected by many factors beyond the control of the Company. Such factors include supply and demand fluctuations for commodities, technological advancements, forward selling activities and other macro-economic factors.

Furthermore, international prices of various commodities are denominated in United States dollars, whereas the income and expenditure of the Company are and will be taken into account in Australian currency, exposing the Company to the fluctuations and volatility of the rate of exchange between the United States dollar and the Australian dollar as determined in international markets.

(e) Operating Risks

The operations of the Company may be affected by various factors, including failure to locate or identify mineral deposits, failure to achieve predicted grades in exploration and mining, operational and technical difficulties encountered in mining, difficulties in commissioning and operating plant and equipment, mechanical failure or plant breakdown, unanticipated metallurgical problems which may affect extraction costs, adverse weather conditions, industrial and environmental accidents, industrial disputes and unexpected shortages or increases in the costs of consumables, spare parts, and plant and equipment.

No assurances can be given that the Company will achieve commercial viability through the successful exploration of its mineral interests. Until the Company is able to realise value from its projects, it is likely to incur ongoing operating losses.

(f) Title and Tenure

A number of the Company's tenements are exploration licenses. Exploration licenses are subject to periodic renewal. The renewal of the term of a granted tenement is also subject to the discretion of the relevant Minister. Renewal conditions may include increased expenditure and work commitments or compulsory relinquishment of areas of the tenements comprising the Company's projects. The imposition of new conditions or the inability to meet those conditions may adversely affect the operations, financial position and/or performance of the Company.

(g) Failure to Satisfy Expenditure Commitments

Each licence or lease carries with it annual expenditure and reporting commitments, as well as other conditions requiring compliance. Consequently, the Company could lose title to or its interest in the Tenements if licence conditions are not met or if insufficient funds are available to meet expenditure commitments.

(h) Environmental Risks

The Company's exploration programs will, in general, be subject to approval by governmental authorities. Development of any of the Company's properties will be dependent on the project meeting environmental guidelines and, where required, being approved by governmental authorities. As with most mineral exploration and development projects, the Company's activities are expected to have an impact on the surrounding environment, particularly if advanced exploration or mine development proceeds.

It is the Company's intention to conduct its activities to the highest standard of environmental obligations required, including compliance with the relevant environmental laws.

(i) Additional Requirements for Capital

The Company's ability to effectively implement its business and operations plans in the future, to take advantage of opportunities for acquisitions, joint ventures or other business opportunities and to meet any unanticipated liabilities or expenses which the Company may incur may depend in part on its ability to raise additional funds.

The Company may seek to raise further funds through equity or debt financing, joint ventures, production sharing arrangements or other means. Market conditions which are then generally prevailing will impact on the price or cost at which the Company will be able to raise such funds and no assurance can be given that such funding will be available on terms acceptable to the Company. Failure to obtain sufficient financing for the Company's activities and future projects may result in delay and indefinite postponement of the Company's business. There can be no assurance that additional finance will be available when needed or, if available, the terms of the financing might not be favourable to the Company. Any additional equity financing will dilute shareholdings, and debt financing, if available, may involve restrictions on financing and operating activities. If the Company is unable to obtain additional financing as needed, it may be required to reduce the scope of its operations

1.6 Publicly available information

Information about the Company is publicly available and can be obtained from ASIC and ASX (including ASX's website www.asx.com.au). The contents of any website or ASIC or ASX filing by the Company are not incorporated into this Prospectus and do not constitute

part of the Offers. This Prospectus is intended to be read in conjunction with the publicly available information in relation to the Company which has been notified to ASX. Investors should therefore have regard to the other publicly available information in relation to the Company before making a decision on whether or not to invest in Securities or the Company.

No person is authorised to give any information or make any representation in connection with the Offer which is not contained in this Prospectus. Any such extraneous information or representation may not be relied upon.

1.7 Offer restrictions

The offer of Securities made pursuant to this Prospectus is not made to persons or in places to which, or in which, it would not be lawful to make such an offer of Securities. No action has been taken to register the Offer under this Prospectus or otherwise permit the Offer to be made in any jurisdiction outside Australia. The distribution of this Prospectus in jurisdictions outside Australia may be restricted by law in those jurisdictions and therefore persons who come into possession of this Prospectus should seek advice on and observe any of these restrictions. Failure to comply with these restrictions may violate securities laws.

1.8 Representations

No person is authorised to give any information or to make any representation in relation to the Offer which is not contained in this Prospectus. Any information or representation not so contained may not be relied upon as having been authorised by the Company or the Directors in relation to the Offer.

1.9 Forward-looking statements

This Prospectus contains forward-looking statements which incorporate an element of uncertainty or risk, such as 'intends', 'may', 'could', 'believes', 'estimates', 'targets' or 'expects'. These statements are based on an evaluation of current economic and operating conditions, as well as assumptions regarding future events. These events, as at the date of this Prospectus, are expected to take place, but there is no guarantee that such will occur as anticipated or at all given that many of the events are outside the Company's control.

Accordingly, the Company cannot and does not give any assurance that the results, performance or achievements expressed or implied by the forward-looking statements contained in this Prospectus will actually occur. Further, the Company may not update or revise any forward-looking statement if events subsequently occur or information subsequently becomes available that affects the original forward-looking statement.

1.10 Interpretation

A number of terms and abbreviations used in this Prospectus have defined meanings which are set out in **Section 9**.

All references in this Prospectus to \$, **AUD** or **dollars** are references to Australian currency, unless otherwise stated.

All references to time in this Prospectus relate to the time in Perth, Western Australia.

Opening Date	21 October 2014
Closing Date	5:00pm (WST) on 27 October 2014

The above dates are indicative only and may be subject to change. 4. DETAILS OF THE OFFER

4.1 Offer

The Company is making an offer of 1,000 Shares to investors identified by the Directors at an issue price of \$0.01 each to raise \$10 before expenses of the Offer. The Offer has a minimum subscription of 1,000 Shares to raise \$10. The Offer will only be made to investors identified by the Directors, however no Shares will be issued under the Offer to Directors, related parties of the Company or any other person if the issue would breach the takeover prohibition in section 606 of the Corporations Act.

The Company reserves the right to reject any Application Form or to allocate any Applicant fewer Shares than the number for which the Applicant has applied.

4.2 Conditions of the Offer

The Offer is conditional upon the Company achieving the minimum level of subscription for the Offer, being 1,000 Shares to raise \$10. Satisfaction of the above condition is a requirement for the issue of Shares under the Offer. In the event that the condition is not met within 3 months of the date of this Prospectus, all Application Monies will be returned to Applicants without interest as soon as possible thereafter and no Shares will be allotted under the Offer.

Note

The cleansing of the issue of the Shares referred to in **Section 4.4** is not subject to any of the conditions set out in this **Section 4.2**.

4.3 Purpose of the Offer

The Company is seeking to raise only a nominal amount of \$10 under this Prospectus and accordingly, the purpose of this Prospectus is not to raise capital. The Directors intend to apply the proceeds from the Offer to expenses of the Offer. The Offer is for the purpose of section 708A(11) of the Corporations Act to remove any trading restrictions on the sale of certain Shares issued prior to the date of this Prospectus or while the offer of Shares under this Prospectus remains open.

4.4 Cleansing

Relevantly, Section 708A(11) of the Corporations Act provides that an offer of securities for sale does not need disclosure to investors if:

- (a) the relevant securities are in a class of securities that are quoted securities of the body; and
- (b) either:
 - (i) a prospectus is lodged with ASIC on or after the day on which the relevant securities were issued but before the day on which the sale offer is made; or
 - (ii) a prospectus is lodged with ASIC before the day on which the relevant securities are issued and offer of securities that have been made under the prospectus are still open for acceptance on the day on which the relevant securities were issued; and

- (c) the prospectus is for an offer of securities issued by the body that are in the same class of securities as the relevant securities:

4.5 Rights and liabilities attaching to new Securities

The Shares to be issued pursuant to the Offer are of the same class and will rank equally in all respects with the existing Shares on issue. The rights and liabilities attaching to the Shares are further described in **Section 7.2**.

4.6 Minimum subscription

The Offer is conditional on the Company achieving the minimum level of subscription of 1,000 new Shares to raise \$10. No Shares under the Offer will be allotted or issued until the minimum subscription has been reached. If the minimum subscription has not been achieved within 3 months from the date of this Prospectus, all Application Monies will be refunded without interest in accordance with the Corporations Act.

4.7 Underwriting

The Offer is not underwritten.

4.8 Commissions on Offer applications

The Company reserves the right to pay a fee of up to 6% (excl. GST) of amounts subscribed to any licensed securities dealer or Australian Financial Services Licensee in respect of valid Public Application Forms lodged and accepted by the Company and the stamp of the licensed securities dealer or Australian Financial Services Licensee. Payments will be subject to receipt of a proper tax invoice from the licensed securities dealer or Australian Financial Services Licensee.

4.9 Applications

Applications for Shares under the Offer can only be made on the relevant Application Form attached to or accompanying this Prospectus. Under the Offer, Applicants may apply for a minimum parcel of 100 Shares, representing a minimum investment of \$1.00 using an Application Form. Applicants seeking additional Shares must apply thereafter for Shares in multiples of 100 (equivalent to \$1.00).

All applications must be completed in accordance with the detailed instructions on the Application Form and be accompanied by a cheque or bank cheque drawn and payable on an Australian bank (if applicable). The cheque must be made payable to "Dourado Resources Limited Investment Account" (**Investment Account**) and should be crossed "Not Negotiable". No brokerage or stamp duty is payable.

Completed Application Forms and accompanying cheques (if applicable) must be received by the Company before 5.00pm (WST) on the Closing Date by either being delivered to, or mailed to, the following address:

Delivered to: Dourado Resources Limited c/- Mining Corporate Pty Ltd Level 11, 216 St Georges Terrace Perth WA 6000	Posted to: Dourado Resources Limited c/- Mining Corporate Pty Ltd GPO Box 2517 Perth WA 6831
--	---

All Application Monies received with duly completed Application Forms will be paid into the account of the Company in accordance with **Section 4.11**.

An original, completed and lodged Application Form together with a cheque for the Application Monies (if applicable) constitutes a binding and irrevocable offer to subscribe for

the number of Shares specified in each Application Form. The Application Form does not need to be signed to be valid.

If the Application Form is not completed correctly or if the accompanying payment is for the wrong amount, it may be treated by the Company as valid. The Directors' decision as to whether to treat such an Application Form as valid and how to construe, amend or complete the Application Form is final, however, for Application Forms an Applicant will not be treated as having applied for more Shares than is indicated by the amount of the cheque for the Application Monies.

Applicants are encouraged to lodge their Application Forms as soon as possible, as the Offer may close early without notice.

4.10 Allocation and issue of Securities

Subject to satisfaction of the relevant conditions specified in **Section 4.2**, the issue of Securities will occur as soon as practicable after the Closing Date. Holding statements will then be dispatched as required by ASX. It is the responsibility of Applicants to determine their allocation prior to trading in the Securities. Applicants who sell the Securities before they receive their holding statement will do so at their own risk.

The Directors reserve the right to reject any Application Form or to issue a lesser number of Shares than that applied for under the Offer. If the number of Shares allocated is less than that applied for, or no issue is made, the surplus Application Monies will be promptly refunded without interest.

4.11 Application Monies

The Application Monies for Shares to be issued pursuant to the Offer will be held on trust on behalf of Applicants until the Shares are issued. If the conditions to the Offer set out in **Section 4.2** are not achieved within a period of 3 months from the date of this Prospectus, the Application Monies will be refunded in full without interest, and no Shares will be issued under the Offer. All interest earned on Application Monies (including those which do not result in the issue of Shares) will be retained by the Company.

4.12 ASX quotation

The Company will apply to ASX within 7 days after the date of this Prospectus for Official Quotation of the Shares offered under this Prospectus.

If approval for Official Quotation of the Shares to be issued pursuant to this Prospectus is not granted within 3 months after the date of this Prospectus, the Company will not issue any Shares and will repay all Application Monies without interest as soon as practicable.

4.13 Overseas investors

This Prospectus does not constitute an offer or invitation in any place in which, or to any person to whom, it would not be lawful to make such an offer or to extend such an invitation. No action has been taken to register this Prospectus or otherwise to permit an offering of Securities in any jurisdiction outside Australia. It is the responsibility of non-Australian resident investors to obtain all necessary approvals and comply with all relevant regulations for the issue to them of Securities offered pursuant to this Prospectus. Return of a duly completed Application Form will constitute a representation and warranty that there has been no breach of such regulations.

4.14 CHESS and issuer sponsorship

The Company operates an electronic CHESS sub-register and an electronic issue sponsored sub-register. These two sub-registers will make up the Company's register of Securities.

The Company will not issue certificates to security holders. Rather, holding statements (similar to bank statements) will be dispatched to security holders as soon as practicable after allotment. Holding statements will be sent either by CHESS (for security holders who elect to hold Securities on the CHESS sub-register) or by the Company's Share Registry (for security holders who elect to hold their Securities on the issuer sponsored sub-register). The statements will set out the number of Securities allotted under this Prospectus and the Holder Identification Number (for security holders who elect to hold Securities on the CHESS sub register) or Shareholder Reference Number (for security holders who elect to hold their Securities on the issuer sponsored sub-register). Updated holding statements will also be sent to each security holder following the month in which the balance of their security holding changes, and also as required by the ASX Listing Rules and the Corporations Act.

4.15 Privacy disclosure

Persons who apply for Securities pursuant to this Prospectus are asked to provide personal information to the Company, either directly or through the Share Registry. The Company and the Share Registry collect, hold and use that personal information to assess applications for Securities, to provide facilities and services to security holders, and to carry out various administrative functions. Access to the information collected may be provided to the Company's agents and service providers and to ASX, ASIC and other regulatory bodies on the basis that they deal with such information in accordance with the relevant privacy laws. If the information requested is not supplied, applications for Securities will not be processed. In accordance with privacy laws, information collected in relation to specific Shareholders can be obtained by that Shareholder through contacting the Company or the Share Registry.

4.16 Taxation

It is the responsibility of all investors to satisfy themselves of the particular taxation treatment that applies to them in relation to the Offer, by consulting their own professional tax advisors. The Company and the Directors do not accept any liability or responsibility in respect of the taxation consequences of the matters referred to in this Prospectus.

4.17 Enquiries

This document is important and should be read in its entirety. Persons who are in any doubt as to the course of action to be followed should consult their stockbroker, lawyer, accountant or other professional advisor without delay. 6. RISK FACTORS

As with any share investment, there are risks associated with an investment in the Company. The numerous risk factors are both of a specific and a general nature. Some can be mitigated by the use of safeguards and appropriate systems and controls, but some are outside the control of the Company and cannot be mitigated.

Risks specific to the Company are set out in **Section 1.5**.

Section 1.5 and Section 6 identify the major areas of risk associated with an investment in the Company, but should not be taken as an exhaustive list of the risk factors to which the Company and its Shareholders are exposed. Potential investors should read the entire Prospectus and consult their professional advisor before deciding whether to apply for Shares.

These risks together with other general risks applicable to all investments in listed securities not specifically referred to, may affect the value of the Shares and in the future.

The Board aims to manage these risks by carefully planning its activities and implementing risk control measures. Some of the risks are, however, highly unpredictable and the extent to which they can effectively manage them is limited.

General risks

(a) Investments

The Shares to be issued pursuant to this Prospectus should be considered speculative due to the nature of the Company's business. There is no guarantee as to the payment of dividends, return of capital or the market value of the Shares. The prices at which an investor may be able to trade the Shares may be above or below the price paid by the investor for the Shares.

Prospective investors must make their own assessment of the likely risks and determine whether an investment in the Company is appropriate to their own circumstances.

(b) Share market

Share market conditions may affect the value of the Company's quoted securities regardless of the Company's operating performance. The market price of the Shares may be subject to fluctuation and may be affected by many factors including, but not limited to, the following:

- general economic outlook;
- interest rates and inflation rates;
- currency fluctuations;
- commodity price fluctuations;
- changes in investor sentiment toward particular market sectors;
- the demand for, and supply of, capital; and

- terrorism or other hostilities.

There is also no guarantee that an active market in the Shares will develop or that the price of the Shares will increase. There may be relatively few buyers or sellers of Shares on the ASX at any particular time:

(c) Competition

The industry in which the Company will be involved is subject to domestic and global competition. While the Company will undertake all reasonable due diligence in its business decisions and operations, the Company will have no influence or control over the activities or actions of its competitors, and such activities or actions may, positively or negatively, affect the operating and financial performance of the Company's projects and business.

(d) Economy

The future viability of the Company is also dependent on a number of factors which may affect the performance of all industries and not just the exploration and mining industries including, but not limited to, the following:

- general economic conditions;
- changes in Government policies, taxation and other laws;
- the strength of the equity and share markets in Australia and throughout the world and, in particular, investment sentiment towards the commodities sector;
- movement in, or outlook on, exchange rates, interest rates and inflation rates; and
- natural disasters, social upheaval or war.

7. ADDITIONAL INFORMATION

7.1 Continuous disclosure obligations

The Company is a “listed disclosing entity” for the purposes of the Corporations Act. As a disclosing entity under the Corporations Act, the Company states that:

- (a) it is subject to regular reporting and disclosure obligations;
- (b) copies of documents lodged with ASIC in relation to the Company may be obtained from, or inspected at, an office of ASIC; and
- (c) it will provide a copy of each of the following documents, free of charge, to any person on request between the date of issue of this Prospectus and the Closing Date:
 - (i) the annual financial report of the Company for the financial year ended 30 June 2014;
 - (ii) the half year financial report of the Company for the half year ended 31 December 2013; and
 - (iii) all continuous disclosure notices given by the Company after the lodgement of the annual financial report referred to in **Section 7.1(c)(i)** before the lodgement of this Prospectus with ASIC (see below).

There is no information which has been excluded from a continuous disclosure notice in accordance with the ASX Listing Rules that investors or their professional advisers:

- (a) would reasonably require for the purpose of making an informed assessment of:
 - (i) the assets and liabilities, financial position and performance, profits and losses and prospects of the Company; and
 - (ii) the rights and liabilities attaching to the securities the subject of this Prospectus; and
- (b) would reasonably expect to find in this Prospectus.

This Prospectus contains information specific to the Offer. If investors require further information in relation to the Company, they are recommended to take advantage of the opportunity to inspect or obtain copies of the documents referred to above.

7.2 Rights and liabilities attaching to the Shares

The following is a general description of the more significant rights and liabilities attaching to the Shares. This summary is not exhaustive. Full details of provisions relating to rights attaching to the Shares are contained in the Corporations Act, ASX Listing Rules and the Constitution, a copy of which is available for inspection at the Company's registered office during normal business hours.

(a) General Meetings

Shareholders are entitled to be present in person, or by proxy, attorney or representative to attend and vote at general meetings of the Company.

Shareholders may requisition meetings in accordance with Section 249D of the Corporations Act and the Constitution of the Company.

(b) Voting Rights

Subject to any rights or restrictions for the time being attached to any class or classes of shares, at general meetings of shareholders or classes of shareholders:

- (i) each shareholder entitled to vote may vote in person or by proxy, attorney or representative;
- (ii) on a show of hands, every person present who is a shareholder or a proxy, attorney or representative of a shareholder has one vote; and
- (iii) on a poll, every person present who is a shareholder or a proxy, attorney or representative of a shareholder shall, in respect of each fully paid share held by him, or in respect of which he is appointed a proxy, attorney or representative, have one vote for the share, but in respect of partly paid shares shall have such number of votes as bears the same proportion to the total of such shares registered in the shareholder's name as the amount paid (not credited) bears to the total amounts paid and payable (excluding amounts credited). Amounts paid in advance of a call are ignored for the purposes of calculating this proportion.

(c) Dividend Rights

Subject to the rights of persons (if any) entitled to shares with special rights to dividend the Directors may declare a final dividend out of profits in accordance with the Corporations Act and may authorise the payment or crediting by the Company to the shareholders of such a dividend. The Directors may authorise the payment or crediting by the Company to the shareholders of such interim dividends as appear to the Directors to be justified by the profits of the Company. Subject to the rights of persons (if any) entitled to shares with special rights as to dividend all dividends are to be declared and paid according to the amounts paid or credited as paid on the shares in respect of which the dividend is paid. Interest may not be paid by the Company in respect of any dividend, whether final or interim.

(d) Winding-Up

If the Company is wound up, the liquidator may, with the authority of a special resolution of the Company, divide among the shareholders in kind the whole or any part of the property of the Company, and may for that purpose set such value as he considers fair upon any property to be so divided, and may determine how the division is to be carried out as between the shareholders or different classes of shareholders. The liquidator may, with the authority of a special resolution of the Company, vest the whole or any part of any such property in trustees upon such trusts for the benefit of the contributories as the liquidator thinks fit, but so that no shareholder is compelled to accept any shares or other securities in respect of which there is any liability. Where an order is made for the winding up of the Company or it is resolved by special resolution to wind up the Company, then on a distribution of assets to members, shares classified by ASX as restricted securities at the time of the commencement of the winding up shall rank in priority after all other shares.

(e) Transfer of Shares

Generally, shares in the Company are freely transferable, subject to formal requirements, the registration of the transfer not resulting in a contravention of or failure to observe the provisions of a law of Australia and the transfer not being in breach of the Corporations Act or the Listing Rules.

(f) Variation of Rights

Pursuant to Section 246B of the Corporations Act, the Company may, with the sanction of a special resolution passed at a meeting of shareholders, vary or abrogate the rights attaching to shares.

If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class), whether or not the Company is being wound up may be varied or abrogated with the consent in writing of the holders of three-quarters of the issued shares of that class, or if authorised by a special resolution passed at a separate meeting of the holders of the shares of that class.
