- (b) a proxy need not be a member of the Company;
- (c) a Shareholder may appoint a body corporate or an individual as its proxy;
- (d) a body corporate appointed as a Shareholder's proxy may appoint an individual as its representative to exercise any of the powers that the body may exercise as the Shareholder's proxy; and
- (e) Shareholders entitled to cast two or more votes may appoint two proxies and may specify the proportion or number of votes each proxy is appointed to exercise, but where the proportion or number is not specified, each proxy may exercise half of the votes.

The enclosed proxy form provides further details on appointing proxies and lodging proxy forms. If a Shareholder appoints a body corporate as its proxy and the body corporate wishes to appoint an individual as its representative, the body corporate should provide that person with a certificate or letter executed in accordance with the Corporations Act authorising him or her to act as that company's representative. Explanatory Statement

This Explanatory Statement has been prepared for the information of Shareholders in relation to the business to be conducted at the Company's Annual General Meeting.

The purpose of this Explanatory Statement is to provide Shareholders with all information known to the Company which is material to a decision on how to vote on the resolutions in the accompanying Notice of Annual General Meeting.

This Explanatory Statement should be read in conjunction with the Notice of Annual General Meeting. Capitalised terms in this Explanatory Statement are defined in the Glossary.

Item 1 - Financial Statements and Reports

The Corporations Act requires the reports of the Directors and of the Company's auditor and the annual financial report, including the financial statements, to be put before the Annual General Meeting and the Constitution provides for those reports and statements to be received and considered at the Annual General Meeting. Neither the Corporations Act nor the Constitution requires a vote of Shareholders at the Annual General Meeting on the reports or statements. However, Shareholders will be given an opportunity to raise questions on the reports and statements at the Annual General Meeting.

In accordance with the Corporations Act, the Company is not required to provide a hard copy of the Company's annual financial report to Shareholders unless a Shareholder has specifically elected to receive a printed copy. These amendments may result in reducing the Company's printing costs.

Whilst the Company will not provide a hard copy of the Company's annual financial report unless specifically requested to do so, Shareholders may view the Company annual financial report on its website at www.coalferesources.com.au.

Item 2 – Adoption of Remuneration Report (Resolution 1)

The Remuneration Report is set out in the Directors Report in the Company's Annual Report for the period ending 30 June 2014. This report sets out the Company's remuneration policy and reports on the remuneration arrangements in place for Directors and key executives of the Company.

Section 250R(2) of the Corporations Act requires a resolution that the Remuneration Report be adopted must be put to the vote. This resolution seeks this approval. However, in accordance with section 250R(3) of the Corporations Act, Shareholders should note that this resolution is an "advisory only" resolution which does not bind the Directors of the Company.

Following consideration of the Remuneration Report, the Chairman, in accordance with section 250SA of the Corporations Act, must give Shareholders a reasonable opportunity to ask questions about, or make comments on, the Remuneration Report.

Under recent reforms to the Corporations Act, if 25% or more of the vote on this resolution are against adopting the Remuneration Report, the Company will be required to consider and report to Shareholders in the next Remuneration Report on what action (if any) has been taken in response to Shareholder concerns, and if no action is proposed to be taken, the Board's reasons for this.

Shareholders also need to be aware that as a result of the new legislation which became effective on 1 July 2011 a "two strikes" process will apply to the results of voting in relation to Resolution 1. This means that if the resolution proposing adoption of the Remuneration Report receives a "no" vote of over 25% of votes cast by those attending in person or by proxy and permitted to vote, at two successive annual general meetings, then at the Company's 2015 annual general meeting, an extra resolution must be put to the meeting proposing that another general meeting should be held within 90 days of the second annual general meeting. A simple majority of over 50% of the votes cast at the 2015 annual general meeting is required to pass this extra resolution. If the resolution is passed, within 90 days another general meeting must be held at which all the Directors, except the Managing Director and any new Directors appointed

since the date of the 2015 annual general meeting, will be required to resign and offer themselves for re-election. These provisions are colloquially referred to as the “two strikes rule” and the “spill resolution” to be put to the “spill meeting”.

If at the spill meeting, the resolutions are all passed against re-electing the relevant Directors, the legislation includes a mechanism to ensure the Board continues with the statutory required minimum of 3 Directors. After the managing director, the remaining two positions will be filled by the Directors whose re-election resolutions at the spill meeting received the highest percentage of votes in favour of re-election. If the number of votes is the same for two Directors, the Managing Director and any other Director whose re-election has been confirmed at this spill meeting, can choose who is to become the third Director, with such appointment to be confirmed by shareholders at the 2016 annual general meeting. The ramifications of this mechanism being invoked include that the Company would not be in compliance with its corporate governance policies as a result of not having three independent directors on the Company’s audit committee or any other committees requiring independent directors.

At the Company’s 2013 Annual General Meeting, there were 21,428 votes cast against the 2013 Remuneration Report, which is less than 25% of the votes cast at the meeting and therefore the two strikes process was not invoked at the 2013 Annual General Meeting.

The Chairman intends to vote all available proxies in favour of adopting the Remuneration Report.

Item 3 – Re-election of Director (Resolution 2)

Clause 13.2 of the Constitution, at every Annual General Meeting, one third of the directors must retire, but are eligible for re-election at that Annual General Meeting.

The Directors to retire are those who have been in office for 3 years since their appointment or last re-appointment or have been longest in office since their appointment or last re-appointment, or, if the Directors have been in office for an equal length of time, by agreement.

The requirements for a Director to retire do not apply to a Managing Director (but if there is more than one Managing Director, only one is exempt from retirement).

The Company currently has three Directors (excluding the Managing Director) and accordingly one must retire.

Accordingly, Mr Faris Abdul Rahman retires by rotation at the Annual General Meeting and, being eligible, he offers himself for re-election as a Director. A summary of Mr Rahman’s qualifications and experience is contained in the 2014 Annual Report.

The Directors, other than Mr Rahman, recommend that Shareholders vote in favour of Resolution 2 to reappoint Mr Rahman as a Director.

The Chairman intends to vote all available proxies in favour of Resolution 2.

Item 4 – Ratification of Director (Resolution 3)

Under clause 13.4 of the Constitution, the Directors at any time may appoint a director to the board of the Company as a casual vacancy until the next annual general meeting where that director is then eligible for re-election.

Accordingly, Mr Ben Donovan having been appointed by the Board on 17 October 2014 without prior shareholder approval retires at the Annual General Meeting and, being eligible, he offers himself for re-election as a Director. A summary of Mr Donovan’s qualifications and experience is contained in the 17 October 2014 general meeting notice.

The Directors, other than Mr Donovan, recommend that Shareholders vote in favour of Resolution 3 to reappoint Mr Donovan as a Director.

The Chairman intends to vote all available proxies in favour of Resolution 3.

Item 5 Approval for the Issue of Share (Resolution 4)

Background to Resolution 4

The Company is likely to need to raise additional funds for working capital purposes and pursue additional acquisition opportunities.

ASX Listing Rule 7.1

ASX Listing Rule 7.1 provides that a company must not, subject to specified exceptions, issue or agree to issue during any 12 month period any equity securities, or other securities with rights to conversion to equity (such as an option), if the number of these securities exceeds 15% of the number of securities in the same class on issue at the commencement of that 12 month period.

Approval is being sought under ASX Listing Rule 7.1 for the issue of up to 114,000,000 shares. If Resolution 4 is passed, following the issue of the Shares referred to above, the Company will still have the capacity to issue 15% of its equity securities over the next 12 months as those Shares, once issued, will be excluded from the calculation under ASX Listing Rule 7.1. The issue of the Shares referred to above must occur no later than 3 months, or such later date as permitted by ASX, from the date of the General Meeting.

Pursuant to and in accordance with ASX Listing Rule 7.3, the following information is provided in relation to the proposed issue of Shares:

- (a) the maximum number of Shares to be issued is 114,000,000;
- (b) the Shares will be issued no later than 3 months after the date of the Annual General Meeting (or such later date to the extent permitted by an ASX waiver or modification of the ASX Listing Rules) and it is intended that the issue will occur on the same date;
- (c) the Shares will be issued at a price that is at least 80% of the average market price for the shares calculated over the last 5 days on which sales in the shares were recorded before the day on which the issue was made.
- (d) the Shares will be issued to sophisticated investors who are not Related Parties of the Company;
- (e) The Shares will rank equally in all respects with the existing class of quoted fully paid ordinary shares, the terms of which are in the public domain; and
- (f) Funds raised will be used for working capital purposes and to provide funds to pursue acquisition opportunities.

The Chairman intends to vote all available proxies in favour of Resolution 4

Item 6 – Approval of 10% Placement Facility (Resolution 5)

6.1 General

Under Listing Rule 7.1, subject to certain exceptions, a listed entity must not, without the approval of holders of ordinary securities, issue or agree to issue more Equity Securities than the number calculated according to the formula set out in that rule. The formula generally has the effect that, in addition to the exceptions provided, every listed entity has the ability (**15% Placement Capacity**) over any 12 month period to issue Equity Securities equal to 15% of its issued capital at the commencement of the 12 month period.

Under Listing Rule 7.1A, an “Eligible Entity” may also seek the approval of the holders of its ordinary securities by special resolution passed at an AGM to have the additional capacity (**10% Placement Capacity**) to issue Equity Securities under rule 7.1A. The exact formula for the 10% Placement Capacity is set out in Listing Rule 7.1A.2 and the approval period (**10% Placement Period**) to which it relates (generally 12 months) is set out in Listing Rule 7.1A.1 (refer to sections 6.2 and 6.3 respectively below). The ability to issue securities under listing rule 7.1A is in addition and separate to each listed entity's ability to issue securities under listing rule 7.1.

An “Eligible Entity” for the purposes of Listing Rule 7.1A is an entity which, as at the date of the relevant special resolution passed for the purposes of rule 7.1A, (excluding restricted securities and securities quoted on a deferred settlement basis) is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300 million or less. As at the date of this Notice, the Company's market capitalisation for

this purpose is under \$15 million and the Company expects to be an Eligible Entity at the time of the Meeting.

There are a number of other rules and conditions applicable to the approval and issue of equity securities under listing rule 7.1A, including:

- (a) that any Equity Securities issued under the 10% Placement Facility must be in the same class as an existing quoted class of Equity Securities of the Company;
- (b) a limitation on the discount to prevailing market price at which they may be issued; and
- (c) additional disclosure requirements.

As at the date of the Notice, the Company has on issue two classes of Equity Securities, being listed Shares, and one class of unlisted Options.

The Company is now seeking Shareholder approval to have the 10% Placement Capacity.

At the date of this Notice, the Company has on issue 461,218,100 fully paid ordinary Shares. Assuming the Company's Shares on issue do not change, the Company will have the capacity over the course of the next 12 months to issue:

- (i) 69,182,715 Equity Securities under its 15% Placement Capacity; and
- (ii) 46,121,810 Equity Securities under its 10% Placement Capacity,

without requiring further shareholder approval.

The Directors of the Company believe that Resolution 5 is in the best interests of the Company and unanimously recommend that Shareholders vote in favour of this Resolution. In particular, the ability of the Company to issue Shares under the 10% Placement Capacity will enable the Company to issue Shares at a discount to the then market price in circumstances where it might otherwise be subjected to the cost, delay and uncertainty of having to go back to Shareholders for approval. The additional flexibility will better position the Company to pursue its interests in the prevailing difficult market conditions.

6.2 Formula for calculating the 10% Placement Capacity under Listing Rule 7.1A.2

Listing Rule 7.1A.2 provides that eligible entities which have obtained shareholder approval at an AGM may issue or agree to issue, during the 10% Placement Period, a number of Equity Securities calculated in accordance with the following formula:

$$(A \times D) - E$$

A is the number of fully paid shares on issue 12 months before the date of issue or agreement:

- (i) plus the number of fully paid shares issued in the 12 months under an exception in Listing Rule 7.2;
- (ii) plus the number of partly paid shares that became fully paid in the 12 months;
- (iii) plus the number of fully paid shares issued in the 12 months with approval of holders of shares under Listing Rule 7.1 and 7.4 (which does not include the 10% Placement Capacity);
- (iv) less the number of fully paid shares cancelled in the 12 months.

Note that A has the same meaning in Listing Rule 7.1 when calculating an entity's 15% Placement Capacity.

D is 10%;

E is the number of Equity Securities issued or agreed to be issued under Listing Rule 7.1A.2 in the 12 months before the date of the issue or agreement to issue that are not issued with the approval of shareholders under Listing Rule 7.1 or 7.4.

6.3 10% Placement Period under Listing Rule 7.1A.1

Listing Rule 7.1A.1 provides that an approval under Listing Rule 7.1A must be for a period commencing on the date of the AGM at which the approval is obtained and expiring on the first to occur of the following:

- (a) the date that is 12 months after the date of that AGM; or
- (b) the date of the approval by holders of the Eligible Entity's ordinary securities of a transaction under rule 11.1.2 (proposed significant change to the nature or scale of its activities where ASX has required the entity to seek such approval) or rule 11.2 (disposal of main undertaking).

6.4 Special Resolution

Resolution 5 will only be effective if it is passed as a special resolution which requires (amongst other matters) that it be passed by least 75% of votes cast by members entitled to vote on the resolution.

6.5 Specific information required by Listing Rule 7.3A

Pursuant to and in accordance with Listing Rule 7.3A, information is provided in relation to the approval of the 10% Placement Capacity as follows:

- (a) If the 10% Placement Capacity is used, Equity Securities may only be issued in reliance on the 10% Placement Capacity at an issue price of not less than 75% of the volume weighted average price for the Company's Equity Securities over the 15 Trading Days on which trades in that class were recorded immediately before:
 - (i) the date on which the price at which the Equity Securities are to be issued is agreed; or
 - (ii) if the Equity Securities are not issued within 5 Trading Days of the date in paragraph (i) above, the date on which the Equity Securities are issued.
- (b) If Resolution 5 is approved by Shareholders and the Company issues Equity Securities under the 10% Placement Facility, the existing Shareholders' voting power and economic interests in the Company could potentially be diluted as shown in the below table. There is a risk that:
 - (i) the market price for the Company's Equity Securities may be significantly lower on the date of the issue of the Equity Securities than on the date of the Meeting; and
 - (ii) the Equity Securities may be issued at a price that is at a discount to the market price for the Company's Equity Securities on the issue date,

which may have an effect on the amount of funds raised by the issue of the Equity Securities.

The table below shows:

- (i) the potential dilution of existing Shareholders assuming a share issue at the current market price of Shares and assuming the current number of ordinary securities for variable "A" (as described in section 6.2 and Listing Rule 7.1A.2) (further assumptions are set out in the notes immediately below the table).
- (ii) two further examples where variable "A" has increased by 50% and 100%. Variable "A" is based on the number of ordinary securities the Company has on issue. The number of ordinary securities included in variable "A" may increase as a result of issues of ordinary securities that do not require Shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under Listing Rule 7.1 that are approved at a future Shareholders' meeting; and
- (iii) two examples of where the issue price of ordinary securities has decreased by 50% and increased by 50% as against the current market price.

Variable "A" in Listing Rule 7.1A.2		Dilution		
		\$0.0135 50% decrease in Issue Price	\$0.027 Assumed Issue Price	\$0.0405 50% increase in Issue Price
Current Variable A 461,218,100	10% voting dilution	46,121,810		
	Funds raised	\$622,644	\$1,245,289	\$1,867,933
50% increase in current Variable	10% voting dilution	69,182,715		

A 691,827,150	Funds raised	\$933,966	\$1,867,933	\$2,801,899.
100% increase in current Variable A 922,436,200	10% voting dilution	92,243,620		
	Funds raised	\$1,245,288	\$2,490,578	\$3,735,866

The table has been prepared on the following assumptions:

- (i) The Company issues the maximum number of Equity Securities available under the 10% Placement Facility.
 - (ii) No Options are exercised into Shares before the date of the issue of the Equity Securities.
 - (iii) The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
 - (iv) The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Facility, based on the Shareholder's holding at the date of the Meeting.
 - (v) The table shows only the effect of issue of Equity Securities under Listing Rule 7.1A, not under the 15% placement capacity under Listing Rule 7.1.
 - (vi) The use of Equity Securities under the 10% Placement Facility consists only of Shares.
 - (vii) The assumed issue price is \$0.027, being the closing price of the Shares on ASX on 13 October 2014.
- (c) The Company will only issue the Equity Securities under the 10% Placement Facility approved (if approved) at the 2014 AGM during the 10% Placement Period. The approval under Resolution 5 for the issue of the Equity Securities will cease to be valid in the event that Shareholders approve a transaction under Listing Rule 11.1.2 (a significant change to the nature or scale of activities) or Listing Rule 11.2 (disposal of main undertaking).
- (d) The Company may seek to issue the Equity Securities under the 10% Placement Facility for the following purposes:
- (i) cash consideration. In such circumstances, the Company intends to use the funds raised towards advancing the Company's exploration projects, acquisitions as well as for general working capital; or
 - (ii) non-cash consideration for the acquisition of new resources, assets and investments. In such circumstances the Company will provide a valuation of the non-cash consideration as required by Listing Rule 7.1A.3.

The Company will comply with the disclosure obligations under Listing Rules 7.1A(4) and 3.10.5A upon the issue of any Equity Securities under the 10% Placement Facility.

The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Facility. The identity of the allottees of Equity Securities will be determined on a case-by-case basis having regard to the factors including but not limited to the following:

- (i) the methods of raising funds that are available to the Company, including but not limited to, rights issue or other issue in which existing security holders can participate;
- (ii) the effect of the issue of the Equity Securities on the control of the Company;
- (iii) the financial situation and solvency of the Company; and
- (iv) advice from corporate, financial and broking advisers (if applicable).

The allottees under the 10% Placement Facility have not been determined as at the date of this Notice but may include existing substantial Shareholders and/or new Shareholders who are not related parties or Associates of a related party of the Company.

- (e) The Company has never previously obtained Shareholder approval under Listing Rule 7.1A, and as such no previous shares have been issued under the 10% Placement Capacity.

The Directors recommend that Shareholders vote in favour of Resolution 5.

The Chairman intends to vote all available proxies in favour of Resolution 5.

Item 7 – Approval of 10% Placement Facility (Resolution 6)

As an alternative to changing the name of the Company to Aus Asia Resources Limited as approved in general meeting on 17 October 2014, it is now proposed to change the name of the Company to Aus Asia Minerals Limited with effect on and from 8 December 2014. The deferral of the effective date for the change of Company name will allow the Company time to prepare for an orderly change to its documentation.

The Directors consider that the proposed new name of the Company better reflects the new acquisition of resource projects outside of coal, and with the intention to acquire further projects across a broad range of resources, now is the time to change the name to reflect that new direction.

The Board unanimously recommends shareholders vote in favour of the change of name of the Company.

The Chairman intends to vote all available proxies in favour of Resolution 6.
