DATED: 10 OCTOBER 2014

BY ORDER OF THE BOARD

HENKO VOS
COMPANY SECRETARY

EXPLANATORY STATEMENT

This Explanatory Statement has been prepared for the information of the Shareholders in connection with the business to be conducted at the Annual General Meeting to be held at 10.00 am (WST) on 26 November 2014 at The Heritage Room, South of Perth Yacht Club, Applecross Western Australia.

The purpose of this Explanatory Statement is to provide information which the directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions in the Notice of Meeting.

1. ANNUAL REPORT

Section 317 of the Corporations Act requires the reports of the directors and of the auditors and the Annual Report, including the financial statements to be put before the Annual General Meeting and the Constitution provides for those reports and statements to be received and considered at the Annual General Meeting. Neither the Corporations Act nor the Constitution requires a vote of Shareholders at the Annual General Meeting on the reports or statements. However, Shareholders will be given the opportunity to raise questions on the reports and the statements at the Annual General Meeting.

The Company's 2014 Annual Report is available at www.ausquest.com.au. Those shareholders that elected to receive a printed copy of the Annual Report will have received a copy with this Notice of Annual General Meeting.

2. RESOLUTION 1 – ADOPTION OF THE REMUNERATION REPORT

The Remuneration Report is in the Directors Report section of the Company's Annual Report.

By way of summary, the Remuneration Report:

- (a) explains the Company's remuneration policy and the process for determining the remuneration of its Directors and executive officers;
- (b) addresses the relationship between the Company's remuneration policy and the Company's performance; and
- (c) sets out remuneration details for each Director and each of the Company's executives named in the Remuneration Report for the financial year ended 30 June 2014.

Section 250R(2) of the Corporations Act requires companies to put a resolution to their members that the Remuneration Report be adopted. The vote on this resolution is advisory only, however, and does not bind the Board or the Company. The Board will consider the outcome of the vote and comments made by Shareholders on the Remuneration Report at the meeting when reviewing the Company's remuneration policies.

The Chairman will give Shareholders a reasonable opportunity to ask questions about or to make comments on the Remuneration Report.

Under the Corporations Act, if 25% or more of votes that are cast are voted against the adoption of the Remuneration Report at two consecutive AGMs, Shareholders will be required to vote at the second of those AGMs on a resolution that a further meeting is held at which all of the Company's Directors (other than the Managing Director) must go up for re-election. Voting on this resolution will be determined by a poll at the meeting rather than a show of hands.

Undirected proxies

The Chairman intends to exercise all undirected proxies in favour of Resolution 1. If the Chairman of the Meeting is appointed as your proxy and you have not specified the way the Chairman is to vote on Resolution 1, by signing and returning the Proxy Form, the Shareholder is considered to have provided the Chairman with an express authorisation to vote the proxy in accordance with the Chairman's intention.

Any undirected proxies held by any other key management personnel or any of their closely related parties will not be voted on this resolution.

Key management personnel of the Company has the same meaning as set out in the accounting standards and includes the Directors of the Company and those other persons having authority and responsibility for planning, directing and controlling the activities of the Company, directly or indirectly. The Remuneration Report identifies the Company's key management personnel for the financial year to 30 June 2014. Their closely related parties are defined in the Corporations Act, and include certain members of their family, dependents and companies they control.

3. RESOLUTION 2 – ELECTION OF MR CHRISTOPHER ELLIS AS A DIRECTOR

ASX Listing Rule 14.4 and Clause 3.6 of the Constitution provide that a re-election of Directors must be held at each annual general meeting. The Directors to retire are to be those who have been in office for 3 years since their appointment or last re-appointment or who have been longest in office since their appointment or last re-appointment or, if the Directors have been in office for an equal length of time, by agreement. Mr Ellis retires from office in accordance with these requirements and being eligible, offers himself for re-election by shareholders as a director of the Company, with effect from the end of the meeting.

Mr Ellis is an experienced mining executive with over 30 years experience in geology, exploration, mine planning and project development in Australia and overseas. He was a founding member and Executive Director of Excel Coal Limited which was the subject of a take-over bid by the US coal giant Peabody Energy Inc, and has held senior positions within Shell Coal's Exploration, BP Coal (London and USA), Agipcoal Australia and the Stratford Joint Venture. Mr Ellis is also an Executive Director of King Island Scheelite Limited.

The Board unanimously recommends that shareholders vote in favour of the re-election of Mr Ellis as a director.

4. RESOLUTION 3 – APPROVAL FOR THE ISSUE OF CONVERTIBLE NOTES TO CHRISTOPHER ELLIS

The Company has agreed to issue up to three convertible notes (**Convertible Notes**) to Director Christopher Ellis with a total face value of up to \$750,000 pursuant to a Loan and Convertible Note Agreement dated 3 October 2014 (**Convertible Note Agreement**).

Mr Ellis has agreed to make available a total loan facility of \$750,000, which is available to be drawn down by the Company in three advances of \$250,000 each on five business days' notice at any time after the date of the Convertible Note Agreement. The Convertible Notes will be unsecured, non transferable, and will be convertible into Shares at a conversion price equal to the higher of:

- (a) 2 cents per Share; and
- (b) If the Company completes a capital raising (**Placement**) at greater than 2 cents prior to the Notes maturing, the conversion price is 2 cents per share plus 50% of the difference between the issue price of the Placement Shares and 2 cents.

The maturity date is 12 months after execution of the Convertible Note Agreement (or such other date as is agreed by the parties in writing). If the Convertible Notes have not converted to Shares by that date the Loan must be repaid in cash by the Company. If an event of default occurs prior to the maturity date the Loan must be repaid in cash by the Company within 20 business days. Events of default include insolvency events for the Company, cessation of ASX listing of the Company, and failure to remedy material default by the Company of the Convertible Note Agreement within 20 business days of a request to do so.

Conversion is deemed to automatically occur in conjunction with any issue of Shares under the Placement. Prior to that date, conversion to Shares is at the election of the Company provided shareholder approval has been received. Mr Ellis may not convert the Convertible Notes to Shares without the prior approval of the Company or shareholder approval.

Interest on the loan funds advanced is accrued at 10% per annum if the Company has not converted the Convertible Notes to Shares within 6 months of the date of issue of a Convertible Note (but is only accrued on the period following expiry of that 6 month period). Any interest accrued is payable in cash only, on the maturity date or the conversion date.

This Resolution seeks Shareholder approval pursuant to ASX Listing Rule 10.11 for the issue of the Convertible Notes to Christopher Ellis. If Shareholders approve the issue of the Convertible Notes pursuant to Listing Rule 10.11, the subsequent issue of Shares upon any conversion of the Convertible Notes will not require additional Shareholder approval.

If Shareholders do not approve the issue of the Convertible Notes pursuant to Listing Rule 10.11 on this or any subsequent occasion at which shareholder approval may be sought, then the Convertible Note certificates will not be issued or be capable of conversion to Shares. It will then be necessary for the Company to repay the loan of up to \$750,000 in cash on the 12 month anniversary of the Convertible Note Agreement.

If Shareholders do approve the issue of the Convertible Notes pursuant to Listing Rule 10.11, then the Company's flexibility to issue equity securities in the future up to the 15% annual placement capacity set out in ASX Listing Rule 7.1 remains intact.

If Shareholder approval is given in relation to this Resolution, Shareholder approval is not required under Listing Rule 7.1.

The number of Shares that may be issued if the Company does elect to convert the Convertible Note to Shares is unknown at present because the conversion price of the Convertible Note to determine the number of Shares to be issued is to be calculated taking into account whether a Placement occurs before the maturity date, and what the issue price of Shares under the Placement will be.

If no Placement occurs after the date Shareholders approve this Resolution and before the maturity date, conversion could occur at \$0.02 each, resulting in the issue of 37,500,000 Shares to Christopher Ellis, increasing his current Voting Power of 28,366,218 Shares or 9.53% of the current total 297,503,444 Shares on issue in the Company, to a Voting Power of 65,866,218 Shares or 19.66% of the then total 335,003,444 Shares on issue in the Company.

If a Placement occurs after the date Shareholders approve this Resolution and before the maturity date, conversion would occur at \$0.02 per Share or more depending on the subscription price for the Placement Shares. The Voting Power of Christopher Ellis would never exceed 19.66%. His Voting Power (increased as a result of the issue of the conversion Shares) would dilute, in the same way that all other Shareholders' holdings would be diluted as a result of the Placement occurring.

Technical Information Required by ASX Listing Rule 10.11

Pursuant to and in accordance with ASX Listing Rule 10.13, the following information is provided in relation to the Resolution:

- (a) up to three Convertible Notes will be issued to Christopher Ellis, a Director, with a face value of \$250,000 each;
- (b) the maximum number of Shares that will be issued upon conversion of the Convertible Notes is 37,500,000 with the actual number to be calculated by reference to the higher of:
 - (i) 2 cents per Share; and
 - (ii) if the Company completes a Placement at greater than 2 cents prior to the Convertible Notes maturing, the conversion price is 2 cents per share plus 50% of the difference between the issue price of the Placement Shares and 2 cents.

- (c) the Convertible Notes will be issued within 1 month of the date of the Meeting; the Convertible Notes may be converted to Shares up to one year after the date of execution of the Convertible Note Agreement;
- (d) the Shares that may be issued upon any conversion of the Convertible Notes will be fully paid ordinary shares in the capital of the Company issued on the same terms and conditions as, and ranking equally (from the date of their issue) with, the Company's existing Shares, the terms of which are in the public domain;
- (e) funds of \$750,000 will be raised by the issue and conversion of the Convertible Notes. These funds will be used by the Company for working capital on its existing projects; and
- (f) a voting exclusion statement is included in the Notice of Meeting.

For the purposes of Chapter 2E of the Corporations Act the Directors, excluding Mr Ellis, resolved that although the issue of the Convertible Notes to Mr Ellis constitutes a financial benefit given to Mr Ellis by the Company, no shareholder approval is required for this related party financial benefit under Chapter 2E of the Corporations Act because the terms of issue of the Convertible Notes are on terms less favourable to the related party Mr Ellis, than arm's length terms.

The Directors, excluding Christopher Ellis, recommend that Shareholders vote in favour of this Resolution to enhance the cash flow position of the Company pending a capital raising in the next 12 month period. The Chairman intends to vote undirected proxies in favour of this Resolution.

5. RESOLUTION 4 – APPROVAL OF 10% PLACEMENT FACILITY

5.1 General

Listing Rule 7.1A enables eligible entities to issue Equity Securities up to 10% of its issued share capital through placements over a 12 month period after the annual general meeting (**10% Placement Facility**). The 10% Placement Facility is in addition to the Company's 15% placement capacity under Listing Rule 7.1.

An eligible entity for the purposes of Listing Rule 7.1A is an entity that is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300 million or less. The Company is an eligible entity.

The Company is now seeking shareholder approval by way of a special resolution to have the ability to issue Equity Securities under the 10% Placement Facility.

The exact number of Equity Securities to be issued under the 10% Placement Facility will be determined in accordance with the formula prescribed in Listing Rule 7.1A.2 (refer to Section 7.2(c) below).

The Directors of the Company believe that Resolution 4 is in the best interests of the Company because if exploration success is encountered at its Fraser Range or Peru projects in particular, over the next 12 months, this resolution provides the ability for the Company to raise additional funds quickly. The Directors unanimously recommend that Shareholders vote in favour of this Resolution.

5.2 Description of Listing Rule 7.1A

(a) Shareholder approval

The ability to issue Equity Securities under the 10% Placement Facility is subject to shareholder approval by way of a special resolution at an annual general meeting.

(b) Equity Securities

Any Equity Securities issued under the 10% Placement Facility must be in the same class as an existing quoted class of Equity Securities of the Company.

The Company, as at the date of the Notice, has on issue three classes of Equity Securities, namely quoted Shares, quoted Options and unquoted Options.

(c) **Formula for calculating 10% Placement Facility**

Listing Rule 7.1A.2 provides that eligible entities which have obtained shareholder approval at an annual general meeting may issue or agree to issue, during the 12 month period after the date of the annual general meeting, a number of Equity Securities calculated in accordance with the following formula:

$$(A \times D) - E$$

A is the number of fully paid shares on issue 12 months before the date of issue or agreement:

- (a) plus the number of fully paid shares issued in the 12 months under an exception in Listing Rule 7.2;
- (b) plus the number of partly paid shares that became fully paid in the 12 months;
- (c) plus the number of fully paid shares issued in the 12 months with approval of holders of shares under Listing Rules 7.1 and 7.4. This does not include an issue of fully paid shares under the entity's 15% placement capacity without shareholder approval;
- (d) less the number of fully paid shares cancelled in the 12 months.

Note that A has the same meaning in Listing Rule 7.1 when calculating an entity's 15% placement capacity.

D is 10%

E is the number of Equity Securities issued or agreed to be issued under Listing Rule 7.1A.2 in the 12 months before the date of the issue or agreement to issue that are not issued with the approval of shareholders under Listing Rule 7.1 or 7.4.

(d) **Listing Rule 7.1 and Listing Rule 7.1A**

The ability of an entity to issue Equity Securities under Listing Rule 7.1A is in addition to the entity's 15% placement capacity under Listing Rule 7.1.

At the date of this Notice, the Company has on issue 297,503,444 Shares, meaning the Company has the capacity to issue:

- (i) 44,625,517 Equity Securities under Listing Rule 7.1; and
- (ii) 29,750,344 Equity Securities under Listing Rule 7.1A.

The actual number of Equity Securities that the Company will have capacity to issue under Listing Rule 7.1A will be calculated at the date of issue of the Equity Securities in accordance with the formula prescribed in Listing Rule 7.1A.2 (refer to Section 5.2(c) above).

(e) **Minimum Issue Price**

The issue price of Equity Securities issued under Listing Rule 7.1A must be not less than 75% of the VWAP of Equity Securities in the same class calculated over the 15 Trading Days immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed; or
- (ii) if the Equity Securities are not issued within 5 Trading Days of the date in paragraph (i) above, the date on which the Equity Securities are issued.

(f) 10% Placement Period

Shareholder approval of the 10% Placement Facility under Listing Rule 7.1A is valid from the date of the annual general meeting at which the approval is obtained and expires on the earlier to occur of:

- (a) the date that is 12 months after the date of the annual general meeting at which the approval is obtained; or
- (ii) the date of the approval by shareholders of a transaction under Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking),

or such longer period if allowed by ASX (**10% Placement Period**).

5.3 Listing Rule 7.1A

The effect of Resolution 4 will be to allow the Directors to issue the Equity Securities under Listing Rule 7.1A during the 10% Placement Period without using the Company's 15% placement capacity under Listing Rule 7.1.

Resolution 4 is a special resolution and therefore requires approval of 75% of the votes cast by shareholders present and eligible to vote (in person, by proxy, by attorney or, in the case of a corporate Shareholder, by a corporate representative).

5.4 Specific information required by Listing Rule 7.3A

Pursuant to and in accordance with Listing Rule 7.3A, information is provided in relation to the approval of the 10% Placement Facility as follows:

(a) Minimum Issue Price

The Equity Securities will be issued at an issue price of not less than 75% of the VWAP for the Company's Equity Securities over the 15 Trading Days immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed; or
- (ii) if the Equity Securities are not issued within 5 Trading Days of the date in paragraph (i) above, the date on which the Equity Securities are issued.

(b) Risk of economic and voting dilution

If Resolution 4 is approved by Shareholders and the Company issues Equity Securities under the 10% Placement Facility, the existing Shareholders' voting power in the Company will be diluted as shown in the below table (in the case of Listed and Unlisted Options, only if the Listed and Unlisted Options are exercised). There is a risk that:

- (i) the market price for the Company's Equity Securities may be significantly lower on the date of the issue of the Equity Securities than on the date of the Meeting; and
- (ii) the Equity Securities may be issued at a price that is at a discount to the market price for the Company's Equity Securities on the issue date or the Equity Securities are issued as part of consideration for the acquisition of a new asset,

which may have an effect on the amount of funds raised by the issue of the Equity Securities.

The below table shows the dilution of existing Shareholders on the basis of the current market price of Shares and the current number of ordinary securities for variable "A" calculated in accordance with the formula in Listing Rule 7.1A(2) as at the date of this Notice.

The table also shows:

- (i) two examples where variable “A” has increased, by 50% and 100%. Variable “A” is based on the number of ordinary securities the Company has on issue. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require Shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under Listing Rule 7.1 that are approved at a future Shareholders’ meeting; and
- (ii) two examples of where the issue price of ordinary securities has decreased by 50% and increased by 50% as against the current market price.

Variable ‘A’ in Listing Rule 7.1A.2		Dilution		
		\$0.006 50% decrease in Issue Price	\$0.011 Issue Price	\$0.017 50% increase in Issue Price
Current Variable A 297,503,444 Shares	10% Voting Dilution	29,750,344 shares	29,750,344 shares	29,750,344 shares
	Funds raised	\$178,502	\$327,254	\$505,756
50% increase in current Variable A 446,255,166 Shares	10% Voting Dilution	44,625,517 shares	44,625,517 shares	44,625,517 shares
	Funds raised	\$267,753	\$490,881	\$758,634
100% increase in current Variable A 595,006,888 Shares	10% Voting Dilution	59,500,689 shares	59,500,689 shares	59,500,689 shares
	Funds raised	\$357,004	\$654,508	\$1,011,512

The table has been prepared on the following assumptions:

- (i) The Company issues the maximum number of Equity Securities available under the 10% Placement Facility.
- (ii) No Listed Options (including any Listed Options issued under the 10% Placement Facility) are exercised into Shares before the date of the issue of the Equity Securities;
- (iii) The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
- (iv) The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Facility, based on that Shareholder’s holding at the date of the Meeting.
- (v) The table shows only the effect of issues of Equity Securities under Listing Rule 7.1A, not under the 15% placement capacity under Listing Rule 7.1.
- (vi) The issue of Equity Securities under the 10% Placement Facility consists only of Shares. If the issue of Equity Securities includes Listed Options, it is assumed that those Listed Options are exercised into Shares for the purpose of calculating the voting dilution effect on existing Shareholders.
- (vii) The issue price is \$0.011, being the closing price of the Shares on ASX on 10 October 2014.

(c) Period within which the 10% Placement Facility can be implemented

The Company will only issue the Equity Securities during the 10% Placement Period. The approval under Resolution 4 for the issue of the Equity Securities will cease to be valid in the event that Shareholders approve a transaction under Listing Rule 11.1.2 (a significant change to the nature or scale of activities) or Listing Rule 11.2 (disposal of main undertaking).

(d) Purpose for which the 10% Placement Facility may be implemented

The Company may seek to issue the Equity Securities for the following purposes:

- (i) non-cash consideration for the acquisition of the new resources assets and investments. In such circumstances the Company will provide a valuation of the non-cash consideration as required by Listing Rule 7.1A.3; or
- (ii) cash consideration. In such circumstances, the Company intends to use the funds raised towards an acquisition of new assets or investments (including expense associated with such acquisition), continued exploration and feasibility study expenditure on the Company's current assets and/or general working capital.

The Company will comply with the disclosure obligations under Listing Rules 7.1A(4) and 3.10.5A upon issue of any Equity Securities.

(e) Allocation policy when the 10% Placement Facility may be implemented

The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Facility. The identity of the allottees of Equity Securities will be determined on a case-by-case basis having regard to the factors including but not limited to the following:

- (i) the methods of raising funds that are available to the Company, including but not limited to, rights issue or other issue in which existing security holders can participate;
- (ii) the effect of the issue of the Equity Securities on the control of the Company;

6. RESOLUTION 5 – APPROVAL FOR THE RENEWAL OF THE AUSQUEST LONG TERM INCENTIVE SCHEME

ASX Listing Rule 7.1 requires a listed company to obtain shareholder approval prior to the issue of shares, or securities convertible into shares, representing more than 15% of the issued capital of that company in any rolling 12 month period.

An exception to ASX Listing Rule 7.1 is set out in ASX Listing Rule 7.2 (Exception 9) which provides that issues under an employee incentive plan are exempt for a period of 3 years from the date on which shareholders approve the issue of securities under the plan as an exception to ASX Listing Rule 7.1. Resolution 5 seeks Shareholder refreshment approval for the Company's existing "Long term incentive scheme" (LTIS) as an exception to ASX Listing Rule 7.1 in accordance with ASX Listing Rule 7.2 (Exception 9).

The purpose of the LTIS is to recognise the ability and efforts of the Directors and employees of the Company who have contributed to the success of the Company, in a manner aligned with Shareholders; provide an incentive to Directors and employees to achieve the long term objectives of, and improve the performance of the Company; attract persons of experience and ability to the Company and foster and promote loyalty between the Company and its Directors and employees. Recommendation 8.2 of ASX's Corporate Governance Principles and Recommendations encourages ASX listed companies to find a balance between short term and long term performance objectives in remunerating its senior management personnel. In the Board's view, the adoption of a long term incentive scheme for senior managers is an appropriate means of meeting these long term performance objectives. The Board also considers that the retention of high quality and well-credentialed executive managers within the Company is important to the ongoing development and success of the Company's projects.

Resolution 5 seeks to refresh approval for the previously approved long term incentive scheme as a long term incentive that provides the Board with the discretion to grant Options to certain executives that will become capable of exercise after a minimum period of service and possibly subject to the satisfaction of performance hurdles, as determined by the Board. It will operate in conjunction with any other existing incentive plans of the Company as the Board considers appropriate from time to time.

In order to take advantage of the exemption from ASX Listing Rule 7.1 contained in ASX Listing Rule 7.2 (Exception 9) and allow the Company greater flexibility to issue securities, Shareholders are requested to approve the LTIS as an exemption from ASX Listing Rule 7.1.

For the purpose of exception 9 of Listing Rule 7.2:

- (a) As at the date of this Meeting, 9,900,000 securities will have been issued under the Long Term Incentive Scheme since the date of the Scheme's last approval (all remaining options having an exercise price of 7 cents per share).
- (b) a summary of the key terms of the LTIS is set out below. The full terms of the options are set out in the LTIS, a copy of which may be obtained from the Company. A copy of the LTIS will also be available for inspection both at the Company's registered office during normal business hours prior to the Meeting and at the Meeting venue during the Meeting. In the event of any inconsistency between the terms of the LTIS and the summary set out below, the terms of the Plan will prevail.
- (c) A voting exclusion statement appears in the Notice of Meeting in connection with Resolution 5.

Summary of the LTIS

- Each option entitles the holder, on exercise, to one Share.
- The exercise price and expiry date for the Options will be as determined by the Board (in its discretion) on or before the date of grant.
- Shares issued on exercise of Options will rank equally with other Shares on issue.
- An Option may only be exercised after that Option has passed its exercise period, after any conditions associated with the exercise of the Option are satisfied and before its expiry date. The Board may determine the non-exercise period (if any). On the grant of an Option the Board may in its absolute discretion impose other conditions on the exercise of an Option.
- All Options are subject to the minimum requirement that Option holders have completed one year of employment or consultancy with the Company. Additional requirements or non exercise conditions may be imposed for different holders.
- An Option will lapse upon the first to occur of its expiry date; the holder acting fraudulently or dishonestly in relation to the Company or the holder being in material breach of the LTIS rules.
- An Option (which is past its non-exercise period) will lapse one year after the holder dies or retires or becomes permanently disabled, during which time it may be exercised.
- An Option (which is past its non-exercise period) will lapse 90 days after the holder ends his or her employment or consultancy with the Company other than through death, retirement or permanent disability (for example, voluntarily leaves employment or is made redundant) and the Directors have discretion to extend that 90 day period ceasing to be employed by the Company. During this time the Option may be exercised.
- If a takeover bid (as defined in section 9 of the Corporations Act) is made for the Company's Shares then the Board must notify the holders within 10 days of becoming aware of the bid and the Options are automatically capable of exercise for 120 days after the date of the bid, regardless of any conditions of exercise that were attached on grant of the Options.
- Options may not be transferred or encumbered without the Board's consent.
- Quotation of the Options on ASX will not be sought. However, the Company will apply to ASX for official quotation of Shares issued on the exercise of Options.
- There are no participating rights or entitlements inherent in the Options and holders will not be entitled to participate in new issues of capital offered to Shareholders during the currency of the Options unless the Options are exercised by the record date, in accordance with the ASX Listing Rules.
- If the Company makes an issue of Shares to Shareholders by way of capitalisation of profits or reserves ("Bonus Issue"), each option holder holding any options which have not expired at the time of the record date for determining entitlements to the Bonus Issue shall be entitled to have issued to him upon exercise of any of those options the number of Shares which would have been issued under the Bonus Issue ("Bonus Shares") to a person registered as holding the same number of Shares as that number of Shares to which the option holder may subscribe pursuant to the exercise of those options immediately before the record date determining entitlements under the Bonus Issue (in addition to the shares which he or she is otherwise entitled to have issued to him or her upon such exercise).
- In the event of any reconstruction (including a consolidation, subdivision, reduction or return) of the issued capital of the Company prior to the expiry of any options, the number of options to which each option holder is entitled or the exercise price of his or her options or both or any other terms will be reconstructed in a manner determined by the Board which complies with the provisions of the ASX Listing Rules.

The Directors are eligible to participate in the LTIS (subject to prior shareholder approval being obtained under Listing Rule 10.11) and therefore make no recommendation as to how Shareholders should vote in relation to Resolution 5. The Chairman intends to vote all available proxies in favour of Resolution 5.

7. RESOLUTION 6 – AMENDMENT OF THE CONSTITUTION – TAKEOVER APPROVAL PROVISIONS

The Directors wish to introduce into the existing Constitution an additional clause, as Rule 37. A special resolution is required to amend the Constitution of the Company.

“37. Takeover approval provisions

37.1 In this Rule 37:

“**Proportional takeover bid**” has the meaning given in section 9 of the Corporations Act 2001;

“**Relevant day**” (in relation to a proportional takeover bid) means the day that is 14 days before the last day of the bid period;

Subject to the foregoing, any word the meaning of which is defined in the Corporations Act 2001 has the same meaning in this Rule 37;

Rule 37.2 is to be read subject to this Rule 37.1.

37.2 Where offers have been made under a proportional takeover bid in respect of Securities of the Company:

- (a) the registration of a transfer giving effect to a takeover contract for the bid is prohibited unless and until a resolution to approve the bid is passed in accordance with the provisions of this clause;
- (b) a person (other than the bidder or an associate of the bidder) who, as at the end of the day on which the first offer under the bid was made, held bid class Securities is entitled to vote on the resolution;
- (c) the resolution of the persons entitled to vote on the resolution must be voted on at a meeting, convened and conducted by the Company;
- (d) the resolution is taken to have been passed if the proportion that the number of votes in favour of the resolution bears to the total number of votes on the resolution is greater than one-half, and otherwise is taken to have been rejected.

37.3 The provisions that apply to a general meeting of the Company apply with such modifications as the circumstances require to a meeting that is convened pursuant to this Rule 37 and apply as if the last mentioned meeting were a general meeting of the Company.

37.4 Where offers have been made under a proportional takeover bid for a class of the Company’s Securities, the directors must ensure that a resolution to approve the takeover scheme is voted on in accordance with this article before the Relevant day.

37.5 Where a resolution to approve the proportional takeover bid is voted on before the Relevant day in accordance with this clause, the Company must, on or before the Relevant day:

- (a) give to the bidder; and
- (b) serve on each relevant financial market – if the Company is listed, a notice in writing stating that a resolution to approve the bid has been voted on and whether the resolution has been passed or rejected.

37.6 Where, as at the end of the day before the Relevant day, no resolution to approve the proportional takeover bid has been voted on in accordance with this Rule, a resolution to approve the bid is taken to have been passed in accordance with this Rule.

37.7 This Rule 37 ceases to have effect on the third anniversary of the date of its adoption or, if it has been renewed, the third anniversary of the date of its last renewal.”

Section 248G of the Corporations Act requires that certain information be provided to Shareholders when considering the inclusion of these proportional takeover bid approval provisions in a company’s constitution, as follows:

Why do we need the proportional takeover provisions?

In a proportional takeover bid the bidder offers to take only a proportion of a shareholders shares in the target company. This means that control of the company may pass to the bidder without a shareholder having the chance to sell all of their shares in the target to the bidder. The bidder may acquire practical control of the target without paying a premium for that control.

In order to deal with this possibility, the Corporations Act allows the Company to introduce a special procedure into its constitution, which requires shareholders at the time of a proportional bid being made to vote whether or not to approve a proportional takeover bid. The vote of the shareholders is binding on all the shareholders including those who abstain or do not vote in favour of the ordinary resolution. The process

allows the shareholders at that time to collectively decide by simple majority vote how to proceed and it may ensure that an appropriate premium is paid by the bidder offering to acquire a proportion only of each shareholder's shares in the Company.

What is the effect of the proportional takeover provisions?

If a proportional takeover offer is made the Directors of the Company must ensure that the Shareholders of the Company at that time meet to consider whether to approve the offer by simple majority vote, no less than 14 days before the end of the bid period. The Shareholders who are eligible to vote on the ordinary resolution are those who held bid class Securities at the end of the day on which the first offer was made under the takeover bid.

If the ordinary resolution is not passed the bid is deemed to have been withdrawn and no prior acceptances will be valid. Transfers which would have resulted from acceptance of the bid cannot be registered by the Directors. If the ordinary resolution is passed the transfers which comply with the Constitution and the Corporations Act must be registered by the Directors.

If the Directors fail to ensure the bid is voted on, the Directors will be in breach of the Corporations Act. However if the bid is not voted on it is deemed to have been voted on and approved, no later than 14 days before the end of the bid period.

The provisions proposed to be inserted in the Constitution with effect at close of the Meeting will endure for 3 years at which point they will lapse unless Shareholders refresh their approval of the provisions by a special resolution.

The provisions are not relevant and do not apply to full takeover bids, where the bidder offers to acquire the whole of a shareholder's shares in the Company. No such special approval process applies to full takeover bids, where Shareholders are entitled to make their own decision as to whether to accept the bid or not.

Awareness – increase in or acquire substantial interest in the Company

At the date this Notice of Meeting was approved by Directors before despatch to Shareholders, no Director is aware of a proposal by a person to acquire or increase a substantial interest in the Company.

Potential Advantages and Disadvantages

The Directors (excluding Mr Ellis) consider that the proposed provisions have no advantage or disadvantage for them. They remain free to make a recommendation in relation to whether a proportional takeover bid for the Company should be recommended or rejected.

Mr Ellis currently holds a relevant interest of approximately 9.37% in the Shares and if the Convertible Notes the subject of Resolution 3 are approved, issued and converted to Shares, Mr Ellis will potentially increase his relevant interest in the Company to approximately 19.66%. The personal impact of this resolution is therefore greater for Mr Ellis than any of the other Directors because they are more advantageous for him as a shareholder in comparison to the other Directors, and as such he has not made a recommendation in relation to the resolution.

The potential advantages of inclusion of these provisions in the Constitution are:

- You will have the right to decide by majority vote whether a proportional takeover bid should proceed;
- The provisions may help shareholders being locked in as minority shareholders;
- The provisions may improve the bargaining power of shareholders and therefore may result in any proportional takeover bid being adequately priced;
- Knowing in advance the views of the majority of the shareholders may assist a shareholder assess the likelihood of success of the proportional takeover offer and therefore decide how to vote.

The potential disadvantages of inclusion of these provisions in the Constitution are:

- This may discourage a proportional takeover bid being made, which may have been the only takeover offer to be made for the Company;
- Shareholders may lose an opportunity to sell a portion of their shares in the Company at a premium; and

- The chance that a proportional takeover bid may be successful is reduced.

The Board (excluding Mr Ellis) considers that the disadvantages do not outweigh the advantages. In particular shareholders as a whole are able to decide by simple majority vote whether a proportional bid should be allowed to proceed.

1. A member entitled to attend and vote at an Annual General Meeting is entitled to appoint not more than two proxies to attend and vote on a poll on their behalf. The appointment of a second proxy must be done on a separate copy of the Proxy Form. Where more than one proxy is appointed, such proxy must be allocated a proportion of the member's voting rights. If a member appoints two proxies and the appointment does not specify this proportion, each proxy may exercise half the votes. A duly appointed proxy need not be a shareholder of the Company.
2. If you wish to appoint the Chairman of the Meeting as your proxy, mark the box. If the person you wish to appoint as your proxy is someone other than the Chairman of the Meeting, please write the full name of that individual or body corporate in the space provided. If you leave both the box and this section blank, or your named proxy does not attend the meeting, the Chairman of the Meeting will be your proxy. A proxy need not be a security holder of the Company. A proxy may be an individual or a body corporate.

If your appointment of a proxy specifies the way the proxy is to vote on a particular resolution and your appointed proxy is not the Chairman of the meeting and at the meeting a poll is duly demanded on the question that the resolution be passed, then if either your proxy is not recorded as attending the meeting (if a record of attendance is made) or your proxy does not vote on the resolution, the Chairman is taken, before voting on the resolution closes, to have been appointed as your proxy for the purposes of voting on the resolution at that meeting.

3. You may direct your proxy how to vote by placing a mark in one of the boxes opposite each item of business. All your securities will be voted in accordance with such a direction, unless you indicate only a portion of voting rights are to be voted on any item by inserting the percentage or number of securities you wish to vote in the appropriate place. If you do not mark any of the boxes on a given item, your proxy may vote as he or she chooses. If you mark more than one box on an item your vote on that item will be invalid.

If you direct your proxy how to vote on a particular resolution, the proxy need not vote on a show of hands but if the proxy does so, the proxy must vote as directed. If the proxy has 2 or more appointments that specify different ways to vote on the resolution, the proxy must not vote on a show of hands. If the proxy is the Chairman, the proxy must vote on a poll, and must vote as directed and if the proxy is not the Chairman, the proxy need not vote on the poll, but if the proxy does so, the proxy must vote as directed. If any member of the Key Management Personnel of the Company, other than the Chairman of the Meeting, or a Closely Related Party of a member of the Key Management Personnel is your nominated proxy and you have not directed the proxy how to vote on Resolution 1 (Remuneration Report), that person will not cast any votes on Resolution 1.

4. Where a member's holding is in one name the holder must sign. Where the holding is in more than one name, all members should sign.
5. Where a Proxy Form of a corporate representative is lodged and is executed under a power of attorney, the power of attorney must be lodged in like manner as this Proxy Form.
6. Corporate members should comply with the execution requirements set out on the Proxy Form or otherwise with the provisions of Section 127 of the Corporations Act. Section 127 of the Corporations Act provides that a company may execute a document without using its common seal if the document is signed by:
 - 2 directors of the company;
 - a director and a company secretary of the company; or
 - for a proprietary company that has a sole director who is also the sole company secretary – that director.

For the Company to rely on the assumptions set out in Section 129(5) and (6) of the Corporations Act, a document must appear to have been executed in accordance with Section 127(1) or (2). This effectively means that the status of the persons signing the document or witnessing the affixing of the seal must be set out and conform to the requirements of Section 127(1) or (2) as applicable. In particular, a person who witnesses the affixing of a common seal and who is the sole director and sole company secretary of the company must state that next to his or her signature.

7. Completion of a Proxy Form will not prevent individual members from attending the Annual General Meeting in person if they wish. Where a member completes and lodges a valid Proxy Form and attends the Annual General Meeting in person, then the proxy's authority to speak and vote for that member is suspended while the member is present at the Annual General Meeting.
8. To vote by proxy, please complete and sign the enclosed Proxy Form and return by:
 - (a) post to AusQuest Limited, 8 Kearns Crescent, Ardross WA 6153; or
 - (b) facsimile to the Company on facsimile number +61 8 9364 4892

so that it is received not later than 10.00 am (WST) on 24 November 2014.

Proxy forms received later than this time will be invalid.
