

Cash Converters Acquires Balance of Green Light Auto Group Pty Ltd

Cash Converters International Limited (“the Company”) has recently completed the acquisition of the remaining 20% of the shares that it does not already own in the Green Light Auto Group Pty Ltd (GLA), trading as Carboodle, for cash consideration of \$450,000.

The Carboodle brand was established by GLA in 2010. GLA is a licenced motor vehicle dealer providing customers who don’t have access to mainstream credit with a reliable and well maintained car (retail and commercial) via a lease structure which incorporates most of the vehicle’s running costs.
