**14 October 2020**

**ASX ANNOUNCEMENT – ORCODA LIMITED (ASX:ODA)**

**Expanded SaaS with SGS Logistics**

**Orcoda Limited (ASX: ODA)** ('Orcoda' or 'the Company'), the resources, healthcare, and transport logistics optimisation company, is pleased to announce that SGS Logistics is expanding its contract with wholly owned subsidiary, Orcoda Transport Logistics Pty Ltd announced by Orcoda in December 2018, and is utilising Orcoda's extensive software-as-a-service (SaaS) scheduling and monitoring system within their business operations.

SGS Logistics was established in 2015 with an unwavering commitment to deliver outstanding service in the area of contract cartage, permanent vehicle hire and distribution services across Australia.

SGS Logistics has over 100 full time contractors across Victoria, New South Wales, Queensland, South Australia and Western Australia performing dedicated runs for their client base. They have the scope and network to cover any contract distribution requirements Australia-wide.

Orcoda's extensive software-as-a-service (SaaS) scheduling and monitoring system and in-field processes gives SGS and its divisions the tools to optimise and streamline their transport and field services workforce, which in-turn boosts efficiency, compliance, visibility, customer service and profits.

David Gay, Director of SGS Logistics said "SGS is excited to be working with Orcoda on these new additional projects and believe we can generate multiple long term contracts with recurring revenue streams for both companies."

Geoff Jamieson, Orcoda Managing Director said; "We see this expanding relationship with SGS as a strategic one where we can support SGS in their growth, whilst growing our market share for our SaaS platform within the transport sector."

We thank our shareholders for continuing to support us and we also acknowledge the support of our other key business stakeholders; our employees, our clients and our suppliers.

*This ASX release was authorised by the Board of Directors.*
