

NOTICE OF GENERAL MEETING

HIGHLIGHTS

- **Gladiator to convene Shareholders Meeting to seek approvals delayed due to COVID-19.**
- **Gladiator to seek shareholder approval for consolidation of capital.**
- **Company to undertake entitlements issue to fund Victorian gold projects.**

Gladiator Resources Ltd (ASX:GLA) (“Gladiator” or “the Company”) is pleased to announce that it will convene a shareholders meeting to seek approvals for transactions previously announced and completed during 2020 but which it was unable to put to shareholders as a result of delays caused by COVID-19. The Company will also seek shareholder approval to undertake a consolidation of capital to reduce the number of shares currently on issue. As a result of convening an Extraordinary General Meeting to approve those matters, the Company will now defer its proposed AGM to a date to be determined, in accordance with ASIC COVID policy. Accompanying this announcement is a Notice of Meeting seeking shareholder approval for various matters at an Extraordinary General Meeting to be held on 17 November 2020.

Background

The Company believes it holds two high quality gold exploration projects which justify substantial investment. Recently at its Rutherglen gold project the Company announced an exploration target of **260,000 to 529,000 oz Au** (see ASX announcement 28 September 2020), and at its Bendoc gold project, an intention to bring to JORC compliant status the current non-compliant resource (see ASX announcement 2 October 2020). The Company requires additional working capital to achieve those outcomes.

Proposed Consolidation of Capital

The Company currently has a significant number of shares on issue and its Directors believe a share consolidation will provide the best basis for growth and a capital structure that better attracts and supports new funding and is more in line with the Company’s peers. A consolidation should also result in a share price level that is more attractive to a wider range of investors and reduce share price volatility as the minimum permissible share price movement permitted by ASX (currently 0.1 cents) will represent a smaller proportion of the Company’s market capitalisation.

The Company currently has 2,327,834,171 shares on issue, which if the consolidation is approved will reduce to approximately 232,783,417 shares. As the consolidation applies equally to all shareholders, individual shareholdings will be reduced in the same ratio as the total number of shares (subject only to rounding up of fractions). Accordingly, the consolidation will have no material effect on the percentage interest of each individual shareholder. While the share consolidation will have no effect on the underlying value of the Company, the effect on the Gladiator share price at the time of the conversion should be to trade at 10 times the price at which it previously traded although the share price will continue to be influenced by market factors. Any proposed consolidation of capital would also apply to options on issue at the time of the consolidation. In accordance with the option terms and ASX Listing Rule 7.22, these options will be consolidated on the same basis as the shares with the exercise price amended in inverse proportion to the consolidation ratio. The expiry dates of the options will not change.

Proposed Entitlements Issue

The Company sees the proposed consolidation as part of an opportunity to attract substantial funding to progress its two Victorian gold projects by creating a new share structure better facilitating investment and growth. To that end the Company proposes to follow up the consolidation (if approved), with an entitlements issue so as to give existing shareholders the maximum opportunity to participate in the Company's growth. The Company has mandated Baker Young Stockbrokers to lead manage the proposed entitlements issue, including the placement of any shortfall, to raise circa \$1.5 million. The Company and Baker Young are discussing the pricing of such issue and the terms of any underwriting. Further announcements in respect to those matters will be made as soon as possible.

Indicative Timetable

An indicative timetable if the consolidation is approved by shareholders is as follows:

BY ORDER OF THE BOARD

COMPANY SECRETARY**

EXPLANATORY STATEMENT

This Explanatory Statement has been prepared for the information of the Shareholders in connection with the business to be conducted at the General Meeting to be held at Level 4, 91 William Street, Melbourne on Tuesday, 17 November 2020 at 10.00am (AEDT).

The purpose of this Explanatory Statement is to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions in the Notice of Meeting.

1. RESOLUTION 1 – RATIFICATION OF PRIOR SHARE ISSUES (Listing Rule 7.1 Capacity)

1.1 Background

Resolution 1 relates to the ratification of prior issues of shares undertaken since the last AGM held by the Company in November 2019. In particular, the Company completed a private placement of 18,750,000 fully paid ordinary shares at \$0.008 per share in March 2020 to a sophisticated and professional investor where \$15,000 was raised before expenses (“**Placement**”) and was part of a greater raise of \$250,000 of which \$235,000 was settled in late February with prior shareholder approval.

The issue of the above shares by the Company, undertaken without shareholder approval, was in compliance with Listing Rule 7.1 at the time of the allotment.

1.2 Requirements under Listing Rules

ASX Listing Rule 7.4 permits a listed company at a general meeting to subsequently approve an issue of securities made without prior shareholder approval under Listing Rule 7.1. Resolution 1 has been included in this Notice of Meeting to preserve the Company’s ability to issue further shares under Listing Rule 7.1.

Listing Rule 7.1 provides, in summary, that a listed company may not issue equity securities in any 12 month period where the total number of equity securities to be issued exceeds 15% of the total number of fully paid ordinary securities on issue 12 months before the date of the issue, except where an exception applies or with prior approval of members of the Company at a general meeting.

As such, Resolution 1 seeks Shareholders approval for the ratification of the Shares issued under the Placement.

1.3 Additional Information required by Listing Rule 7.5

Pursuant to Listing Rule 7.5 and to enable the Shareholders to approve the issue of Shares under the Placement, Shareholders are provided with the following information in respect of Resolution 1:

(a) **Name of the person/s to whom the Company issued the securities**

The Shares were issued to Allowside Pty Ltd.

(b) **Number and class of securities issued**

18,750,000 Placement shares were issued

(c) **Terms of the securities**

The Shares rank equally in all respects with all other Shares that the Company has on issue.

(d) **Date on which the securities were issued**

The Shares were issued on 3 March 2020.

(e) **Issue price or consideration received**

The Shares were issued at a price of \$0.0008 (0.08 cents) per share.

(f) **Purpose and use of funds**

As previously disclosed, the Company used funds received from the Placement to:

- (i) progress the Company's gold projects at Rutherglen and Bendoc (subject to completion of acquisition of those projects);
- (ii) commence reconnaissance field work at the Marymia Gold Project; and
- (iii) fund the Company's general working capital requirements.

(g) **Voting Exclusion Statement**

A voting exclusion statement for Resolution 1 is set out in the Notice.

1.4 Additional Information required by Listing Rule 14.1A

In accordance with Listing Rule 14.1A, in the event that Shareholders do not approve Resolution 1 the Company's placement capacity under Listing Rule 7.1 will be reduced by the amount of the Shares issued under the Placement until the earlier of subsequent shareholder approval to ratify the issue of the Shares or 12 months from the date of issue of the Shares.

1.5 Board Recommendation

The Board recommends that shareholders approve the past issue of the Shares under the Placement as proposed by Resolution 1.

2. RESOLUTION 2 – APPROVAL OF ISSUE OF ATTACHING OPTIONS

2.1 Background

For the purposes of Listing Rule 7.1, Resolution 2 seeks Shareholder approval to issue unlisted options to various sophisticated, professional and other investors who participated in a placement announced by the Company on 26 February 2020 to raise a total of \$250,000 by the issue of Shares at a price of \$0.0008 per Share together with one attaching option exercisable within 3 years at \$0.0015. The attaching options were offered subject to shareholder approval to be obtained as soon as practicable. Due to delays incurred as a result of the COVID-19 restrictions this meeting represents the first opportunity to seek such approval. The options if approved will be issued prior to the proposed consolidation of the Company's share capital subject of Resolution 5 and will be subject to the same conditions as set out in Resolution 5.

The Company seeks approval to issue the attaching options because it has already received shareholder approval to issue the shares which were the subject of the placement. The Company obtained approval from Shareholders at its Annual

General Meeting held on 27 November 2019 to issue up to \$500,000 worth of fully paid ordinary shares and used part of that capacity to issue 293,750,000 Shares, on 27 February 2020 and a further 18,750,000 Shares on 3 March 2020. The terms of the placement, which was announced on 26 February 2020, provided that investors would receive, subject to shareholder approval, attaching unlisted options on terms as set out below ("**Attaching Options**").

2.4 **Board Recommendation**

The Board recommends that shareholders approve the issue of the Attaching Options as proposed by Resolution 2.

3. **RESOLUTIONS 3A TO 3C – PROPOSED ISSUE OF SHARES – CONVERSION OF DEBT**

3.1 **Background**

Each of the Company officers noted below, being Related Parties of the Company for the purposes of the Listing Rules, were owed Director's fees by the Company as at 22 January 2020 and are proposed to be issued the Shares on conversion of part of those fees as follows :

	Andrew Draffin	Ian Hastings	Ian Richer
Unpaid Director's Fees*	\$100,000	\$100,000	\$30,000
Shares to be issued	100,000,000	100,000,000	30,000,000

***Note to table:** The Director's fees owing are gross figures reflecting commercial arrangements between the Company and the Directors which relate to the period from November 2018 to 31 December 2019 and include Company Secretarial and Accounting fees in the case of Mr Andrew Draffin.

The Directors accrued fees for services provided when the Company began winding down its involvement in the North Arunta project and began looking for replacement exploration opportunities. The Directors did this to avoid further capital raisings, which would have had the effect of diluting existing Shareholders given the Company's low share price at the time.

The Directors have provided their services on the above basis since late 2018, in order to ensure sufficient capital was available to conduct further exploration on its three projects and for general working capital purposes.

On 22 January 2020 the Company announced that it had entered into a binding share sale agreement to acquire the Highgate Vanadium project of which a condition was that Directors would convert then outstanding fees into the shares of the Company at \$0.001 per share, which represented the then 14-day VWAP at the time, subject to shareholder approval. The meeting to seek that and other shareholder approvals including ratification of shares and options issued in connection with placements to fund the transaction was originally intended to be convened in April 2020 however the onset of COVID-19 and related restrictions have caused the proposed meeting to be delayed with this meeting representing the first opportunity to put the relevant resolutions to shareholders for their consideration.

The relevant shares on conversion of the debts (if approved by shareholders) will be issued prior to the proposed consolidation of the Company's share capital subject of Resolution 6 and will be subject to the conditions as set out in Resolution 6.

Resolutions 3A to 3C seek approval pursuant to Listing Rule 10.11 for the issue of a total of 230,000,000 Shares at a deemed issue price of \$0.001 per Share to the Directors (or their nominee) to extinguish the liabilities referred to above.

No Shares will be issued to the relevant entities if Shareholder approval for Resolutions 3A to 3C is not obtained (as appropriate) in which case the liability to Directors will continue to remain outstanding. In the event that shareholder approval is not granted the Directors would consider to have the outstanding amounts settled via cash payments which would have the undesired effect of reducing funds available for exploration and the advancement of the Company's projects.

3.2 Resolution 3A: Conversion of Director's Fees Owing into Shares – Mr Andrew Draffin

Mr Andrew Draffin was appointed as Director and Company Secretary of the Company on 21 May 2013 and is also the Company's Accountant.

The amount of Director's fees proposed to be converted by Mr Draffin is \$100,000 which relate to the period from November 2018 to 31 January 2020.

3.3 Resolution 3B: Conversion of Director's Fees Owing into Shares – Mr Ian Hastings

Mr Ian Hastings was appointed as a Director of the Company on 28 February 2017 and is also Chairman of the Board

The amount of Director's fees proposed to be converted by Mr Hastings is \$100,000 which relate to the period from November 2018 to 31 January 2020.

3.4 Resolution 3C: Conversion of Director's Fees Owing into Shares – Mr Ian Richer

Mr Ian Richer was appointed as a Director of the Company on 28 February 2017.

The amount of Director's fees proposed to be converted by Mr Richer is \$30,000, which relate to the period from November 2018 to 31 January 2020.

3.5 Additional Information required by Listing Rule 10.13

(a) Name of the person/s to whom the Company will issue the securities

- (i) In respect of Resolution 3A – Mr Andrew Draffin or his nominee.

If Resolutions 3A to 3C are approved the Shares will be issued at the earliest practicable opportunity following the date of the Meeting and in any event not later than 1 month after the date of the Meeting.

(e) Issue price or consideration received

The deemed issue price for the Shares proposed to be issued under Resolutions 3A to 3C is \$0.001 per Share, being the 14 day VWAP prior to the date on which the Shares were agreed to be issued subject to Shareholder approval, 22 January 2020.

(f) Purpose and use of funds

No funds will be raised from the issue of the Shares proposed to be issued under Resolutions 3A to 3C. The purpose of the issues is to improve the Company's balance sheet by extinguishing the following Company liabilities.

- (i) In respect of Resolution 3A – \$100,000.
- (ii) In respect of Resolution 3B – \$100,000.
- (iii) In respect of Resolution 3C – \$30,000.

(g) Remuneration of Directors

The proposed issue of the Shares the subject of Resolutions 3A to 3C is intended to convert outstanding directors' fees. The details of the Directors' current annual remuneration packages (including secretarial and accounting fees in the case of Mr. Draffin) are as follows:

- (i) In respect of Mr Andrew Draffin – \$96,000.

(ii) In respect of Mr Ian Hastings – \$96,000.

(iii) In respect of Mr Ian Richer – \$36,000.

(h) Material terms of agreement

There are no other material terms for the proposed issues of Shares under Resolutions 3A to 3C.

(i) Voting Exclusion Statement

Voting exclusion statements for Resolutions 3A to 3C are set out in the Notice.

3.6 Chapter 2E of the Corporations Act

The issues of the Shares pursuant to Resolutions 3A to 3C are pursuant to arrangements agreed by the Directors as part of the Company's then planned acquisition of the Highgate Vanadium project as announced on 22 January 2020 at an issue price equal to the 14-day VWAP of the Company's Shares immediately prior to that date, being \$0.001 per Share, and are reasonable remuneration in the Company's and the Directors' circumstances. The Directors (excluding Mr Andrew Draffin in respect of Resolution 3A, Mr Ian Hastings in respect of Resolution 3B and Mr Ian Richer in respect of Resolution 3C, each abstaining) consider that, having regard to the terms of engagement between the Company and each of the Directors and the Company's cash position and extent of indebtedness to the Directors, the issue of these Shares is on arm's length terms under section 210 of the Corporations Act and/or reasonable remuneration under section 211 of the Corporations Act (being exceptions to the prohibition on conferring financial benefits on related parties set out in Chapter 2E), and therefore that Shareholder approval is not required for the purposes of Chapter 2E (noting that the Company still seeks Shareholder approval for the purposes of the Listing Rules).

3.7 Board Recommendation

Each recipient of Shares contemplated by Resolutions 3A to 3C is a Related Party of the Company as a Director.

Accordingly:

(a) Mr Andrew Draffin has a material personal interest in the outcome of Resolution 3A;

(b) Mr Ian Hastings has a material personal interest in the outcome of Resolution 3B; and

(c) Mr Ian Richer has a material personal interest in the outcome of Resolution 3C.

In the interests of good corporate governance, the Directors decline to make any recommendations as to how Shareholders should vote on any of Resolutions 3A to 3C (not just in respect of those Resolutions in which the individually have a material personal interest) as they may each acquire a Relevant Interest in Shares if Resolutions 3A to 3C are approved.

Listing Rule 7.1 provides, in summary, that a listed company may not issue equity securities in any 12 month period where the total number of equity securities to be issued exceeds 15% of the total number of fully paid ordinary securities on issue 12 months before the date of the issue, except where an exception applies or with prior approval of members of the Company at a general meeting.

As such, Resolution 4 seeks Shareholders approval for the ratification of the Shares issued under the Placement.

5.1 Background

Resolution 5 relates to the ratification of a prior issue of Shares by the Company pursuant to its additional 10% placement capacity under Listing Rule 7.1A. The issue undertaken was a private placement of 120,000,000 Shares to sophisticated and professional investors on 4 June 2020 at a price of \$0.00125 per Share to raise \$150,000 before costs for the purpose of being applied to the completion of the Company's drilling campaign at the Marymia Gold Project, and to add to working capital ("**7.1A Placement**").

The issue of the above shares by the Company, undertaken without shareholder approval, complied with Listing Rule 7.1 at the time of the allotment.

5.2 Requirements under Listing Rules

ASX Listing Rule 7.4 permits a listed company at a general meeting to subsequently approve an issue of securities made without prior shareholder approval under Listing Rule 7.1A. The additional placement capacity under Listing Rule 7.1A, as approved by Shareholders at the Company's Annual General Meeting on 27 November 2019, allows the Company to issue further equity securities up to 10% of the total number of fully paid ordinary securities on issue 12 months before the date of an issue, in excess of the 15% allowed under Listing Rule 7.1.

Resolution 5 has been included in this Notice of Meeting to restore the Company's ability to issue further shares under the additional placement capacity available under Listing Rule 7.1A.

5.5 Board Recommendation

The Board recommends that Shareholders approve the past issues of the Shares under the 7.1A Placement as proposed by Resolution 5.

6. RESOLUTION 6 – CONSOLIDATION OF SHARE CAPITAL

6.1 Background

The Company seeks Shareholder approval to consolidate its share capital through the consolidation of every 10 Shares into 1 Share ("**Consolidation**"). Section 254(H) of the Corporations Act states that a company may convert all or any of its shares into a larger or smaller number by resolution passed a general meeting. In accordance with Section 254H(2) of the Corporations Act and Appendix 7A of the ASX Listing Rules, the Consolidation has an effective date of the date of this meeting if Resolution 6 is passed. If Resolution 6 is passed, the Company will lodge a copy of the Resolution with ASIC within 1 month of it being passed in accordance with section 254H(4) of the Corporations Act.

6.2 Reasons for the proposed Consolidation

The Company currently has 2,327,834,171 Shares on issue. If Resolutions 3A to 3C are approved by Shareholders and all Shares are issued pursuant to those Resolutions, the number of Shares on issue will increase to 2,557,834,171. For an entity of the Company's size, this is a large number of securities to have on issue and it subjects the Company to a number of disadvantages, including:

- (a) that the Company has a far greater number of Shares on issue than comparable companies, meaning that its share price is lower for reasons other than valuation;
- (b) negative perceptions associated with a low share price; and
- (c) administrative inconvenience.

The Directors consider that the Consolidation will assist in eliminating or mitigating these disadvantages and would establish a share price more appropriate for a listed entity of its size. The Directors also consider the Consolidation will have the advantages of:

- (a) improving the Company's ability to raise capital, including under future entitlement offers; and
- (b) improving the Company's ability to attract further investor, including institutional investors.

6.3 Effect of Consolidation

(a) Shares

If Resolution 6 is approved, every ten (10) Shares on issue will be consolidated into one (1) Share (subject to rounding). Overall, this will result in the number of Shares on issue reducing from 2,557,834,171 (including Shares proposed to be issued under Resolutions 3A – 3C to approximately 255,783,418 (subject to rounding). As the Consolidation applies equally to all Shareholders, individual Shareholdings will be reduced in the same ratio as the total number of Shares (subject to rounding). Accordingly, assuming no other market movements or impacts occur, the Consolidation will have no effect on the percentage interest in the Company of each Shareholder. The Consolidation will not result in any change to the substantive rights and obligations of existing Shareholders.

(b) Options

As at the date of this Notice of Meeting, the Company has 95,000,000 unlisted Options on issue. It is proposed that a further 312,500,000 Options be issued pursuant to Resolution 2. If the Consolidation is approved, the Options will also be reorganised in accordance with the terms and conditions of the Options and Listing Rule 7.22.1 (as applicable) on the basis that the number of Options will be consolidated in the same ratio as Shares under the Consolidation and the exercise price is amended in inverse proportion to that ratio.

For example, a holding of one hundred thousand (100,000) Options with an exercise price of \$0.005 each prior to the Consolidation would result in a holding of ten thousand (10,000) Options with an exercise price of \$0.05 each after the Consolidation.

After the Consolidation, the Company will have on issue:

- (i) 31,250,000 Options exercisable at \$0.015 within 3 years of the date of issue (subject to the issue of Options subject of Resolution 2);
- (ii) 6,000,000 Options exercisable at \$0.05 on or before 24 July 2024; and
- (iii) 2,000,000 Options exercisable at \$0.05 on or before 6 December 2020.

6.4 Fractional entitlements

The Consolidation may result in Shareholders receiving a fraction of a Share. These fractional entitlements will be rounded up as part of the Consolidation, so that the consolidated holding will be rounded up to the nearest whole number.

6.5 Holding statements

From the date of Consolidation, all existing holding statements for Shares and Options will cease to have any effect, except as evidence of entitlement to a certain number of Shares or Options. After the Consolidation becomes effective, the Company will arrange for new holding statements to be issued to Shareholders. It is the responsibility of each Shareholder to check the number of Shares held prior to Consolidation and post-Consolidation.

6.6 Taxation

It is not expected that any taxation consequences will arise for Shareholders from the Consolidation. However, Shareholders are advised to seek their own tax advice on the effect of the Consolidation, and neither the Company nor the Directors accept any responsibility for the individual taxation consequences arising from the Consolidation.

6.7 Timetable

If approved by Shareholders, the Consolidation will take effect in accordance with the following indicative timetable (subject to change) of the key events:

Key Event	Indicative Date
General Meeting	17 November 2020
Notification to ASX that Consolidation is approved	17 November 2020
Last day for trading in pre-Consolidation securities	18 November 2020
Effective Date of Consolidation	19 November 2020
Trading in the consolidated securities on a deferred settlement basis commences	19 November 2020
Record date – last day to register transfers on a pre-Consolidation basis	20 November 2020
Deferred settlement trading ends and despatch of new holding statements	27 November 2020
Normal trading commences	30 November 2020

6.8 Recommendation

The Board recommends that Shareholders approve the Consolidation as proposed by Resolution 6.

Instructions for Completing 'Appointment of Proxy' Form

1. **(Appointing a proxy):** A Shareholder entitled to attend and cast a vote at the Meeting is entitled to appoint a proxy to attend and vote on their behalf at the Meeting. If a Shareholder is entitled to cast 2 or more votes at the Meeting, the Shareholder may appoint a second proxy to attend and vote on their behalf at the Meeting. If a Shareholder appoints 2 proxies and the appointments do not specify the proportion or number of the Shareholder's votes each proxy is appointed to exercise, each proxy may exercise one-half of the votes. Any fractions of votes resulting from the application of these principles will be disregarded. A duly appointed proxy need not be a Shareholder.
2. **(Direction to vote):** A Shareholder may direct a proxy how to vote by marking one of the boxes opposite each item of business. The direction may specify the proportion or number of votes that the proxy may exercise by writing the percentage or number of Shares next to the box marked for the relevant item of business. Where a box is not marked the proxy may vote as they choose subject to the relevant laws. Where more than one box is marked on an item the vote will be invalid on that item.
