Taruga Minerals Limited ACN 153 868 789

**26 October 2020**

## Drilling Update

Taruga Minerals Limited (ASX: **TAR**, **Taruga** or the **Company**) would like to advise that it has decided to temporarily halt drilling at the Flinders Project due to severe weather and while it engages with the local community to discuss various enquiries about the program. Taruga recently commenced its drilling program in full accordance with all government approvals, however out of respect for the traditional land owners, the Company has agreed to provide a short delay to the program to allow for further dialogue and sharing of details of the program with the interested groups. The Company will provide an update shortly on the expected recommencement of the program.

This announcement was approved by the Board of Taruga Minerals Limited.
