END

This ASX Announcement has been approved for release by the Board.

Walkabout is developing the high-grade Lindi Jumbo Graphite Project in South East Tanzania to take advantage of forecast market conditions for Large and Jumbo flake graphite products.

The Company holds 100% of a Mining Licence and between 70% and 100% of adjacent graphite prospecting licences at Lindi Jumbo with an enduring option to acquire the remaining 30% share. A high-grade graphite Mineral Reserve has been delineated within the Mining Licence area.

The Company has also acquired an exciting exploration portfolio for gold and base metals in Northern Ireland and Scotland where zinc, lead and other base metals occurrences are being explored.

Details of Walkabout Resources' projects are available at the Company's website, [www.wkt.com.au](http://www.wkt.com.au).
