

### HSC's New Zealand partner signs medical and safety equipment order

11 December 2020

- **HSC's platinum New Zealand partner, Securely, signs \$290,000 IoT order**
- **Contract includes PERS control panels, care detectors and wireless smoke alarms**

HSC Technology Group Ltd (ASX:HSC) has announced its platinum New Zealand partner, Securely, has placed a \$290,000 IoT order with HSC for a range of medical and safety alarm solutions.

Securely is a leading and nationally accredited provider of 24/7 monitored medical alarms and home and business security systems and is backed by Kāpiti/Horowhenua electricity provider Electra.

The order includes Personal Emergency Response System (PERS) control panels, care detectors and wireless smoke alarms to be used as part of their smart home solution that makes it possible for seniors and those with disabilities to live independently in their own homes.

Managing Director, Graham Russell, said the order reinforces HSC's business model and the network strategy it had built throughout the Asia Pacific.

"This is the second international order we have signed in recent months and another example of how our exclusive marketplace partnerships in the Asia Pacific region bolster our ongoing revenue," he said.

"Securely is a valued platinum partner that delivers a range of technology platforms to their clients enabling their smart devices to manage home and security systems and personal safety.

"Their needs are a perfect fit with our end-to-end solutions and this order will ultimately help them to provide their very important range of services to their customer base."

This announcement has been authorised by the Board of Directors of HSC Technology Group Ltd.
