

Institutional Placement to achieve Financial Close

Salt Lake Potash Limited (SO4 or the Company) is pleased to announce that it has received binding commitments for a successful share placement to institutional shareholders and investors to raise up to A\$52.0 million. This equity raising enables the first drawdown of US\$105 million under the Taurus/CEFC US\$138 million Syndicated Facility Agreement in December 2020.

Equity Placement

- The Company has received binding commitments from institutional shareholders, sophisticated investors and directors to subscribe for up to 130 million new ordinary shares at A\$0.40 each to raise up to A\$52m (before costs) (Placement).

Debt Financial Close and first draw

- As announced on 5 August 2020, the Company has executed the US\$138m Syndicated Facility Agreement (SFA) with Taurus Mining Finance Fund No.2 L.P (Taurus) and the Clean Energy Finance Corporation (CEFC). The lending group has confirmed all conditions precedent to first drawdown under the SFA have been either satisfied or waived, save for the completion of an equity raise of at least A\$30m, a transfer of US\$8m into the Debt Service Reserve Account, payment of transaction fees and repayment of the existing US\$45m bridge loan (Remaining Conditions). The completion of Tranche 1 of the Placement (as described below) will result in each of the Remaining Conditions being satisfied, with the first US\$105m tranche of the SFA to then be drawn down in December 2020.

Share Purchase Plan

- The Company plans to undertake a non-underwritten Share Purchase Plan (SPP) to raise up to a further A\$5 million at an issue price of A\$0.40 per new share.

Uses of capital raising proceeds

- The proceeds from the Placement and SPP will be used to cash back a bank guarantee for the APA gas pipeline (A\$18m), cover variations to ramp up vs. bank model (A\$15m), offset recent AUD strength (A\$10m), transaction fees (A\$2m) and (up to A\$12m) for additional working capital.

Lake Way construction on schedule & budget

- The Lake Way Project remains on track for first SOP production in March 2021 and first SOP sales in April, with the project capital budget unchanged at A\$264m.
