The execution of formal Share Purchase has occurred simultaneously with the completion of a \$2 million share placement to sophisticated investors to fund the Stage 1 Exploration Program at Kingman along with working capital.

Along with the issue of shares under the Placement, Riedel will also have issued 60 million vendor shares, escrowed for 6 months.

Referring to the completion of the Flagstaff Transaction, newly appointed Riedel Chairman Michael Bohm stated *"I am looking forward to working with Grant, Scott and the team to advance the Project. We are extremely pleased to have completed the formal agreements following the \$2 million capital raising, facilitating an exciting lead into 2021 commencing with a 5,000m RC drilling campaign over high priority targets at the Kingman Project. The high gold and silver grades seen in historic mining and replicated in the 2019 drill program point to the great potential of this project.
