Prospective investors who want to acquire securities or convertible note under the offer will need to complete a convertible note deed and/or an application form that is in or accompanies the Offer Document.

Company Overview - Who we are

Skin Elements - enhancing health + wellness ...naturally

We are an Australian public Listed company dedicated to designing and formulating natural, organic, health and wellness products for the global market.

The Skin Elements formula for everything we do is based on the acronym SKN

Science Knowledge Nature

These core values help us focus on utilising nature's power to revitalise, rejuvenate, rehydrate and protect the body's skin without the use of synthetic chemicals so that women, men and children of all ages are benefited.

**Our mission is to empower you to make smarter decisions
about what you put on your body
and those you love... naturally**

Our Point of Difference

SKNProtect

Our SKNProtect division was born out of 10 years research & development that resulted in a major advancement in sun protection technology. Based on all natural, organic ingredients our award-winning sun protection cream, Soléo Organics, is formulated to protect you from both UV-A and UV-B solar radiation while providing natural moisturising care for your skin.

SKNActives

This division was built around our proprietary papaya based filtrate containing the highest percentage of SE Papaya Formula in the market by far. We developed a range of products for cleansing, hydrating, revitalising and generally caring for your skin. Our therapeutics range, was developed using this powerful papaya extract base supplemented by proven ingredients used in traditional herbal medicine to treat a range of skin conditions.

SKNShield

Born shortly before a global pandemic, Invisi Shield is a world leading technology that is effective in killing the corona virus at levels thought only possible using alcohol. Totally free of chemicals and alcohol our antibacterial sanitiser is safe for the whole family. The range continues to grow from a hand sanitiser to a foamer to a room spray to a disinfectant spray.

Invisi Shield does not sting the skin, dry the skin, is non oily, non sticky, fragrance free and plant based.

SKNCosmetics

This division is dedicated to bringing you all natural & organic cosmetics with ingredients such as Argireline and Cannabis carefully selected after independent scientific research. All the Elizabeth Jane range of products are therefore ideal for sensitive skin & provide an effective alternative to synthetic chemical based cosmetic care for your skin.

Launching a game changer-
Invisi Shield an all natural sanitiser shield for personal and commercial applications

Invisi Shield® Organics range includes alcohol-free, all-natural sanitiser and disinfectant products incorporating natural plant-based extracts. It is designed to deliver maximum protection against germs whilst addressing increasing concerns about skin sensitivity, due to the highly repetitive use of alcohol-based sanitisers. Invisi Shield® Organics is available in either a personal spray, room spray, foamer or commercial hospital grade disinfectant spray along with commercial fogging applications.

Skin Elements is continuing to investigate the use of the SE Formula™ in a range of applications for Invisi Shield® Organics.

Launching a game changer- TGA registration under way of worlds first All Natural Hospital grade disinfectant

Skin Elements submits TGA Registration for new formula Invisi Shield® as a Hospital Grade Disinfectant

Highlights

- Skin Elements has submitted its application for Therapeutic Goods Administration (TGA) registration of a new formula Invisi Shield® Organics as a Hospital Grade Disinfectant
- TGA registration has potential to open up significant new commercial-scale sales and distribution opportunities for Invisi Shield®
- A successful TGA registration will result in Invisi Shield® being listed on the TGA's Australian Register of Therapeutic Goods

Australian natural skin care company Skin Elements Limited (ASX: SKN) (Skin Elements, the Company) is pleased to announce that it has submitted its application for Therapeutic Goods Administration (TGA) listing of its new formulation Invisi Shield® Organics (Invisi Shield®) as a natural disinfectant product.

This represents a significant milestone in the development process of Invisi Shield®. A successful registration with the TGA will allow the Company to make more detailed and specific product and label claims in respect of Invisi Shield®.

In addition, TGA registration has the potential to open up significant new commercial-scale sales and distribution opportunities for Invisi Shield® with distributors and other potential sales partners who stipulate TGA registration as pre-requisite in the disinfectant products they deal in.

The TGA will now appoint an assessor for Skin Elements' Invisi Shield® TGA application.

Skin Elements' TGA submission is for a new and advanced Invisi Shield® formulation with all plant-based ingredients, which the Company views as being superior to the previously used formulations and significantly more cost effective.

Skin Elements' Executive Chairman Mr Peter Malone said:
"We are extremely pleased to have lodged our Therapeutic Goods Administration application for the registration of the Invisi Shield® Organics Hospital Grade Disinfectant. This represents a significant positive development for Invisi Shield® and our plans to pursue new sales and distribution agreements for the product range."
