CORPORATE GOVERNANCE STATEMENT

This Corporate Governance Statement is current as at 18 November 2020 and has been approved by the Board of the Company on that date.

This Corporate Governance Statement discloses the extent to which the Company will, as at the date of admission to the Official List of the Australian Securities Exchange (ASX) follow the recommendations set by the ASX Corporate Governance Council in its publication Corporate Governance Principles and Recommendations 4th Edition (**Recommendations**). The Recommendations are not mandatory, however the Recommendations that will not be followed for any part of the reporting period from the date of admission to the Official List of the ASX have been identified and reasons provided for not following them along with what (if any) alternative governance practices will be adopted in lieu of the recommendation during that period.

The Company has adopted a Corporate Governance Plan which provides the written terms of reference for the Company's corporate governance duties.

Due to the current size and nature of the existing Board and the magnitude of the Company's operations, the Board does not consider that the Company will gain any benefit from individual Board committees and that its resources would be better utilised in other areas as the Board is of the strong view that at this stage the experience and skill set of the current Board is sufficient to perform these roles. Under the Company's Board Charter, the duties that would ordinarily be assigned to individual committees are currently carried out by the full Board under the written terms of reference for those committees.

The Company's Corporate Governance Plan is available on the Company's website at www.auricmining.com.au.

The Board does not consider an independent majority of the Board will be appropriate given: (a) the speculative nature of the Company's business, and its limited scale of activities, means the Company only needs, and can only commercially sustain, a small Board of four (4) Directors and no senior executives other than the executive Director(s); (b) the Company considers at least three (3) Directors need to be executive Directors for the Company to be effectively managed; and (c) the Company considers it necessary, given its speculative and small scale activities, to attract and retain suitable Directors by offering Directors an interest in the Company.
