## Overview

### Financial highlights

- **Revenue:** \$467.2m, up 28.5% from \$363.5m in the prior comparative period
- **EBITDA:** EBITDA on an underlying basis of \$69.6m (14.9% margin)
- **Net profit after tax:** \$11.9m (reported, before minority interest)
- **Mining West:** Acquisition of the Mining West business from Downer EDI Limited for \$175m, which successfully completed on 1 February 2021 (more detail on slide 6)
- **Work in hand:** Record work in hand position of \$3.3bn at Dec20 (which is inclusive of the \$0.9bn contribution from Mining West, but exclusive of a \$200m extension at Cape Preston, with the final award subject only to finalization of documentation and internal client approvals)
- **Operating cash flows:** Operating cash flows of \$24.1m (see slide 23 for more details)
- **Liquidity:** MACA remains in a position of strong liquidity, with cash of \$122.8m and net debt of \$90.8m
- **Interim Dividend:** 2.5 cents per share

### One-off items in 1H-FY21

One-off items have impacted results in 1H-FY21, including:

1. **Carabella/Bluff ~ \$6.3m:** The Carabella Resources Pty Ltd Bluff PCI project transitioned into care and maintenance on 29 October 2020, with a receiver appointed on 19 November 2020. From this period, MACA did not recognise any revenue for works completed until the cessation of mining. MACA mined the remaining accessible coal resources which were then sold in order to improve the cash recovery on the outstanding debtor position. This has resulted in net cash inflows of \$14m (in the 2H-FY21 period), MACA incurred costs of \$6.3m (in the November 2020 to December 2020 period)
2. **Foreign exchange losses:** \$3.0m incurred on USD cash balances
3. **Brazil Closure Costs:** Repatriation of fleet and inventory to Australia and administrative costs resulted in costs of \$1.9m relating to MACA's discontinued Brazilian operations (these costs are excluded from MACA's EBITDA from continuing operations of \$61.4m)

### HOW WILL WE GET THERE?

### MACA TRIFR

# FY21 Half Year Financial Results

## Company outlook

MACA's pro forma revenue run rate (including Mining West) is now **\$1.2 billion +**

### Mining

Improved performance continuing into 2021, with enhanced activity in gold and iron ore sectors expected to support future growth. Focus on integrating Mining West into MACA business in 2H-FY21

### Crushing

Continued pursuit of crushing opportunities with both new clients and leverage opportunities within our existing client base

### Civil & Infrastructure (WA)

MACA continues to see strong activity levels in sector due to significant capital works programs in WA underway, and has a strong tender pipeline

### International

Commencement of operations in Cambodia in 1H-FY21, expected to ramp up throughout 2021

### Civil & Infrastructure (VIC)

Division is well positioned to benefit from any increased or accelerated infrastructure spend, having secured a position on Panel 4 on the MRPV

### MACA Interquip

MACA Interquip enters 2021 with the focus on delivery of the King of the Hill EPC project, in addition to a strong tender pipeline in both the gold and iron ore sectors

MACA holds a positive outlook for FY21 and beyond, supported by its strong work in hand position of \$3.3b at Dec20 (includes Mining West work in hand)

### Our Guidance

Revenue guidance to exceed \$1,050m for FY21, the majority of which is largely secured at Feb21
