### Notes to the consolidated financial statements

### For the half-year ended 31 December 2020

### 1 Basis of Preparation and Accounting Policies

#### (a) Basis of preparation

The consolidated interim financial report for the half-year reporting period ended 31 December 2020 has been prepared in accordance with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Act 2001.

The consolidated interim financial report does not include all the notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual report for the year ended 30 June 2020 and any public announcements made by NTM Gold Limited during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, except for the adoption of new and amended standards as set out below.

(i) New and amended standards adopted by the Group

The Group has adopted all of new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (%ASB+) that are mandatory for the current reporting period.

Any new or amended Accounting Standards and Interpretations that are not mandatory have not been early adopted.

### (b) Significant accounting judgements and key estimates

In applying the Groups accounting policies, management continually evaluates, estimates and makes assumptions based on experience and other factors, including expectations of future events that may have an impact on the Group. All estimates and assumptions made are believed to be reasonable based on the most current set of circumstances available to management. The carrying amounts of certain assets and liabilities are often determined based on estimates and assumptions of future events.

### (c) Going concern basis

For the half-year ended 31 December 2020 the Group recorded a loss of \$1,355,678, net cash outflows from operating activities of \$939,770 and net working capital of \$2,336,780. Furthermore, the Directors have prepared a cash flow forecast which indicates that the Group would be required to raise funds to provide additional working capital to continue developing its Redcliffe Gold Project should the Scheme not proceed.

The ability of the Group to continue as a going concern is dependent on the Scheme proceeding or securing additional funding through capital raisings to fund its ongoing exploration commitments should the Scheme not proceed.

These conditions indicate a material uncertainty that may cast a significant doubt about the Groups ability to continue as a going concern and, therefore, that it may be unable to realise its assets and discharge its liabilities in the normal course of business.

The Directors believe there are sufficient funds to meet the Groups working capital requirements as at the date of this report.

The financial statements have been prepared on the basis that the Group is a going concern, which contemplates the continuity of normal business activity, realisation of assets and settlement of liabilities in the normal course of business for the following reasons:

- the Directors are confident in the Scheme proceeding; and
- the Directors are confident in the Groups ability to raise the capital mentioned above due to historical experience
  in securing funding for ongoing operational requirements, ongoing communications with funding providers and
  major shareholders; and
- the Directors are also confident they are able to manage discretionary spending to ensure that cash is available to meet debts as and when they fall due.

Should the group not be able to continue as a going concern, it may be required to realise its assets and discharge its liabilities other than in the ordinary course of business, and at amounts that differ from those stated in the financial statements and that the financial report does not include any adjustments relating to the recoverability and classification of recorded asset amounts or liabilities that might be necessary should the group not continue as a going concern.

For the half-year ended 31 December 2020

### 2 Segment information

The Directors (who are the chief decision makers) have determined the Group has one reportable segment, being mineral exploration in Australia. As the Group is focused on mineral exploration, the Board monitors the Group based on actual versus budgeted exploration expenditure incurred by area of interest. This internal reporting framework is the most relevant to assist the Board with making decisions regarding the Group and its ongoing exploration activities, while also taking into consideration the results of exploration work that has been performed to date.

The ultimate recoverability of the Groups areas of interest is dependent on the successful discovery and commercialisation of the project.

The Group follows the guidance of AASB 6 Exploration for and Evaluation of Mineral Resources to determine when capitalised exploration and evaluation expenditure is impaired. Exploration and evaluation expenditure of \$100,070 has been written off during the period.

The terms of the incentive scheme the Company agreed to grant to Mr Muir (or his nominee) require the following conditions to be met for the Performance Rights to vest:

- (a) Class A2 Performance Rights require that the Company must have a 30-day VWAP of NTM shares on the ASX of not less than 7.5 cents per share for any period prior to 30 November 2021.

### INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of NTM Gold Limited

### Report on the Half-Year Financial Report

#### Conclusion

We have reviewed the half-year financial report of NTM Gold Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2020, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the *Corporations Act 2001* including:

- (i) Giving a true and fair view of the Group's financial position as at 31 December 2020 and of its financial performance for the half-year ended on that date; and
- (ii) Complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

### Basis for conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be the same terms if given to the directors as at the time of this auditor's review report.

### Material uncertainty relating to going concern

We draw attention to Note 1(c) in the financial report which describes the events and/or conditions which give rise to the existence of a material uncertainty that may cast significant doubt about the Group's ability to continue as a going concern and therefore the Group may be unable to realise its assets and discharge its liabilities in the normal course of business. Our conclusion is not modified in respect of this matter.

### Responsibility of the directors for the financial report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

### Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including giving a true and fair view of the Company's financial position as at 31 December 2020 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
