

## Increased Return of Capital to Shareholders

- **Increased amount to be returned to shareholders through Equal Capital Reduction**
- **\$14.05 million (10 cents per share) to be returned through Equal Capital Reduction, subject to shareholder approval**

Vortiv Limited (ASX: VOR) (the **Company**) is pleased to provide updated details of its planned capital return to shareholders.

As announced to ASX on 11 March 2021, the board of the Company (**Board**):

- declared a \$7.8 million, fully franked dividend (**Dividend**), equating to 5.55 cents per share; and
- determined to return an additional \$13.9 million to shareholders via an equal capital reduction.

The Company has now received further tax and accounting advice, such that the capital reduction amount can be increased to \$14.05 million, which is 10 cents per share held on the relevant record date (**Equal Capital Reduction**).

Other than the increase to the amount that will be paid through the Equal Capital Reduction, the capital return (including timetable and amount of the Dividend) remains unchanged from the Company's announcement of 11 March 2021.

### General Meeting

The Equal Capital Reduction requires shareholder approval at a meeting that has been convened for 9am AWST on 19 April 2021.

The meeting to approve the Equal Capital Reduction has been scheduled to occur immediately before a separate meeting that has been called in response to Rocket Science Pty Ltd as trustee for The Trojan Capital Fund (**Requisitioning Shareholder**) issuing a 249D notice seeking to remove two of the existing Directors of the Company, Mr Howard Digby and Mr Jeffrey Lai, and replace them with two of its nominees, Mr Simon Vertullo and Mr Jason Titman.

The Board has always focused its efforts on ensuring it maximised value for **all** shareholders. The Board urges shareholders to support the resolution seeking to approve the Equal Capital Reduction and return funds to shareholders, as no guarantee or assurance exists that any new Board would continue to pursue a return of capital.
