

PYC Therapeutics Invited to Participate in the SVB Leerink Biopharma Private Company Connect

PERTH, Australia and NEW YORK, New York – March 22, 2021 – PYC Therapeutics (ASX: PYC), a biotechnology company developing a new generation of precision RNA therapeutics to change the lives of patients with inherited diseases, today announced it was invited to participate as one of a select group of companies at the SVB Leerink Biopharma Private Company Connect, taking place virtually on March 25-26, 2021. SVB Leerink is one of the top investment banks to the U.S. healthcare and life science industries.

Members of PYC's management team will participate in one-on-one meetings with U.S. biotech and life science investors during both days of the virtual event.

PYC's participation as a private company is because the Company does not have a U.S. market listing.

About PYC Therapeutics

PYC Therapeutics (ASX: PYC) is a development-stage biotechnology company pioneering a new generation of RNA therapeutics that utilize Cell Penetrating Peptides (CPPs), a revolutionary delivery technology designed to overcome the major challenges of current gene-based therapies. PYC believes its CPP technology provides safer, more effective access for a wide range of potent and precise drug cargoes to the highest value drug targets that exist inside cells. The Company is leveraging its leading-edge science to develop a pipeline of novel therapies with an initial focus on inherited eye diseases for which it has unveiled three preclinical stage assets. PYC's discovery and laboratory operations are located in Australia and the Company recently launched an expansion into the U.S. for its preclinical, clinical, regulatory and business development operations.
