

Update to Announcement Telstra to provide HSC technology to Anglicare

30 March 2021

HSC Technology Group Ltd (ASX:HSC or Company) refers to its announcement “**Telstra to provide HSC technology to Anglicare**” released to the ASX 29 March 2021, detailing the partnership entered into by itself Telstra and Anglicare allowing HSC to supply the next generation of assistive technology solutions to Anglicare’s Retirement Living division in NSW.

By way of update and additional information the Company confirms that there is no defined term to its partnership with Telstra and Anglicare to deliver assistive technology solutions. As a consequence of the nature of that arrangement, which could lead to further projects and collaborations it is not able to quantify the consideration it will be entitled to receive during the working relationship, however if it does become possible to quantify a material contractual commitment then the market will be kept updated.
