

## North Central Victorian Goldfields Ground Release Tender – Update

Kalamazoo has lodged a tender bid with the Victorian Department of Jobs, Precincts and Regions (“Department”) for the North Central Victorian Goldfields (“NCVG”) land release tender. The Department established a revised decision timeline for the announcement of successful tenders of March 2021.

On 12 April 2021, the Department advised tenderers that the evaluation process remains underway and that it will soon provide an update as to a final decision date for announcing the successful tenderers.

Kalamazoo considers that the NCVG land tender is an exciting opportunity for the Company to increase its prime exploration tenure in the highly prospective Victorian Goldfields. Kalamazoo will continue to provide updates on the awarding of the NCVG tender as information becomes available.

This announcement has been approved for release to the ASX by Luke Reinehr, Chairman and CEO, Kalamazoo Resources Limited.
