EXPLANATORY STATEMENT

This Explanatory Statement has been prepared to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions.

1. FINANCIAL STATEMENTS AND REPORTS

In accordance with the Corporations Act, the business of the Meeting will include receipt and consideration of the annual financial report of the Company for the financial year ended 31 December 2020 together with the declaration of the Directors, the Directors' report, the Remuneration Report and the auditor's report.

The Company will not provide a hard copy of the Company's annual financial report to Shareholders unless specifically requested to do so. The Company's annual financial report is available on its website at www.talonpetroleum.com.au.

2. RESOLUTION 1 – ADOPTION OF REMUNERATION REPORT

2.1 General

The Corporations Act requires that at a listed company's annual general meeting, a resolution that the remuneration report be adopted must be put to the shareholders. However, such a resolution is advisory only and does not bind the company or the directors of the company.

The remuneration report sets out the company's remuneration arrangements for the directors and senior management of the company. The remuneration report is part of the directors' report contained in the annual financial report of the company for a financial year.

The chair of the meeting must allow a reasonable opportunity for its shareholders to ask questions about or make comments on the remuneration report at the annual general meeting.

2.2 Voting consequences

A company is required to put to its shareholders a resolution proposing the calling of another meeting of shareholders to consider the appointment of directors of the company (**Spill Resolution**) if, at consecutive annual general meetings, at least 25% of the votes cast on a remuneration report resolution are voted against adoption of the remuneration report and at the first of those annual general meetings a Spill Resolution was not put to vote. If required, the Spill Resolution must be put to vote at the second of those annual general meetings.

If more than 50% of votes cast are in favour of the Spill Resolution, the company must convene a shareholder meeting (**Spill Meeting**) within 90 days of the second annual general meeting.

All of the directors of the company who were in office when the directors' report (as included in the company's annual financial report for the most recent financial year) was approved, other than the managing director of the company, will cease to hold office immediately before the end of the Spill Meeting but may stand for re-election at the Spill Meeting.

Following the Spill Meeting those persons whose election or re-election as directors of the company is approved will be the directors of the company.

2.3 Previous voting results

At the Company's previous annual general meeting the votes cast against the remuneration report considered at that annual general meeting were less than 25%. Accordingly, the Spill Resolution is not relevant for this Annual General Meeting.

3. RESOLUTION 2 – CHANGE OF COMPANY NAME

Section 157(1)(a) of the Corporations Act provides that a company may change its name if the company passes a special resolution adopting a new name.

Resolution 2 seeks the approval of Shareholders for the Company to change its name to "Talon Energy Ltd".

The Board proposes this change of name on the basis that it believes the proposed name more accurately reflects the future operations of the Company.

The proposed name has been reserved by the Company with ASIC and if Resolution 2 is passed, the Company will lodge a copy of the special resolution with ASIC following the Meeting in order to effect the change.

If Resolution 2 is passed the change of name will take effect when ASIC alters the details of the Company's registration.

4. RESOLUTION 3 – ELECTION OF DIRECTOR – DAVID CASEY

4.1 General

The Constitution allows the Directors to appoint at any time a person to be a Director either to fill a casual vacancy or as an addition to the existing Directors, but only where the total number of Directors does not at any time exceed the maximum number specified by the Constitution.

Pursuant to the Constitution and Listing Rule 14.4, any Director so appointed holds office only until the next annual general meeting and is then eligible for election by Shareholders but shall not be taken into account in determining the Directors who are to retire by rotation (if any) at that meeting.

David Casey, having been appointed by other Directors on 19 July 2020 in accordance with the Constitution, will retire in accordance with the Constitution and Listing Rule 14.4 and being eligible, seeks election from Shareholders.

David Casey has confirmed that he considers he will have sufficient time to fulfil his responsibilities as an Executive Director of the Company and does not consider that any other commitment will interfere with his availability to perform his duties as an Executive Director of the Company.

4.2 Qualifications and other material directorships

David Casey graduated with an Honours degree in Geology from the University of Sydney in 1991 and has spent the past thirty years working in the oil and gas industry, in Australia and overseas.

Mr Casey has been actively involved overseeing the start-up, development and sale of successful exploration and production projects.

He has managed and evaluated all aspects of conventional and unconventional oil and gas exploration and appraisal, from initial reservoir characterisation and fairway identification, through to drilling, testing and production operations. He has substantial experience managing ASX-listed entities and is well known to the Australian institutional investment community.

He previously was Managing Director of Eastern Star Gas Limited and was responsible for the sale of the company to Santos. Most recently Mr Casey was Managing Director of Petrel Energy Limited and recently arranged a reverse takeover of Petrel by Warrego Energy Limited.

4.3 Independence

David Casey has no interests, position or relationship that might influence, or reasonably be perceived to influence, in a material respect his capacity to bring an independent judgement to bear on issues before the Board and to act in the best interest of the Company as a whole rather than in the interests of an individual security holder or other party.

If elected the Board does not consider Mr Casey will be an independent Director.

4.4 Other material information

The Company conducts appropriate checks on the background and experience of candidates before their appointment to the Board. These include checks as to a person's experience, educational qualifications, character, criminal record and bankruptcy history. The Company undertook such checks prior to the appointment of David Casey.

4.5 Board recommendation

The Board has reviewed David Casey's performance since his appointment to the Board and considers that Mr Casey's skills and experience will continue to enhance the Board's ability to perform its role. Accordingly, the Board supports the election of David Casey and recommends that Shareholders vote in favour of Resolution 3.

5. RESOLUTION 4 – ELECTION OF DIRECTOR – DOUGLAS JENDRY

5.1 General

The Constitution allows the Directors to appoint at any time a person to be a Director either to fill a casual vacancy or as an addition to the existing Directors, but only where the total number of Directors does not at any time exceed the maximum number specified by the Constitution.

Pursuant to the Constitution and Listing Rule 14.4, any Director so appointed holds office only until the next annual general meeting and is then eligible for election by Shareholders but shall not be taken into account in determining the Directors who are to retire by rotation (if any) at that meeting.

Douglas Jendry, having been appointed by other Directors on 14 October 2020 in accordance with the Constitution, will retire in accordance with the Constitution and Listing Rule 14.4 and being eligible, seeks election from Shareholders.

Douglas Jendry has confirmed that he considers he will have sufficient time to fulfil his responsibilities as a Non-Executive Director of the Company and does not consider that any other commitment will interfere with his availability to perform his duties as a Non-Executive Director of the Company.

5.2 Qualifications and other material directorships

Douglas Jendry has had a distinguished career in the resources sector having worked as a geologist and, over the last 25 years, in various consulting, advisor and director roles with ASX and AIM listed companies. He has broad experience in all aspects of the oil and gas industry and has had significant dealings over the years with brokers, investment bankers and various government authorities alike.

Significantly, Mr Jendry has strong experience in the Perth Basin, commencing in the early 80's when he was involved in the exploration and development of the Mt Horner oil field in the Northern Perth Basin with private company Pacific Basin Exploration. In 2001 he was involved in the drilling of the Walyering 4 well which, unfortunately, was a dry hole, the reason for which is now known, following the interpretation of recently acquired 3D seismic data. Mr Jendry strongly believes in the potential of the Walyering field, in which Talon recently acquired a 45% interest alongside operator Strike Energy Limited.

5.3 Independence

Douglas Jendry has no interests, position or relationship that might influence, or reasonably be perceived to influence, in a material respect his capacity to bring an independent judgement to bear on issues before the Board and to act in the best interest of the Company as a whole rather than in the interests of an individual security holder or other party.

If elected the Board considers Mr Jendry will be an independent Director.

5.4 Other material information

The Company conducts appropriate checks on the background and experience of candidates before their appointment to the Board. These include checks as to a person's experience, educational qualifications, character, criminal record and bankruptcy history. The Company undertook such checks prior to the appointment of Douglas Jendry.

5.5 Board recommendation

The Board has reviewed Douglas Jendry's performance since his appointment to the Board and considers that Mr Jendry's skills and experience will continue to enhance the Board's ability to perform its role. Accordingly, the Board supports the election of Douglas Jendry and recommends that Shareholders vote in favour of Resolution 4.

6. RESOLUTION 5 – RE-ELECTION OF MATTHEW WORNER

The Constitution sets out the requirements for determining which Directors are to retire by rotation at an annual general meeting.

As set out above, pursuant to the Constitution and Listing Rule 14.4, any Director elected casually or as an additional director shall not be taken into account in determining the Directors who are to retire by rotation (if any) at that meeting. The re-elections of Messrs Casey and Jendry (the subject of Resolutions 3 and 4 above) should therefore not be taken into account in determining who is to retire by rotation at this meeting.

The Constitution provides that one-third of the Directors at each annual general meeting. Accordingly, a Director (other than Messrs Casey and Jendry) must retire at this meeting.

Matthew Worner has served as a Director since 4 December 2017, having been elected on that date. Mr Worner served as managing director of the Company from 17 December 2018 until 18 July 2020, during which time he was not subject to retirement to rotation pursuant to clause 74.8 of the Constitution. He is no longer acting as managing director.

Matthew Worner, who has served as a Director since 4 December 2017, retires by rotation and seeks re-election.

6.1 Qualifications and other material directorships

Mr Worner is a former corporate lawyer with over 15 years' experience working with and for listed companies both in Australia and London. He is an experienced oil and gas executive, having held various legal, commercial and company secretarial positions in listed companies and worked in countries throughout Africa, South East Asia, Australasia and the United States. Most recently, Mr Worner held the position of Commercial Manager at Otto Energy Limited, where he assisted in that company's successful entry into the shallow water Gulf of Mexico region of the United States.

6.2 Independence

If re-elected the Board does not consider Mr Worner will be an independent Director.

6.3 Board recommendation

The Board has reviewed Mr Worner's performance since his appointment to the Board and considers that Mr Worner's skills and experience will continue to enhance the Board's ability to perform its role. Accordingly, the Board supports the re-election of Mr Worner and recommends that Shareholders vote in favour of Resolution 5.

7. RESOLUTION 6 – APPROVAL OF 7.1A MANDATE

7.1 General

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of Equity Securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary securities it had on issue at the start of that period.

However, under Listing Rule 7.1A, an eligible entity may seek shareholder approval by way of a special resolution passed at its annual general meeting to increase this 15% limit by an extra 10% to 25% (**7.1A Mandate**).

An 'eligible entity' means an entity which is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300,000,000 or less. The Company is an eligible entity for these purposes.

As at the date of this Notice, the Company is an eligible entity as it is not included in the S&P/ASX 300 Index and has a current market capitalisation of \$42,814,316 (based on the number of Shares on issue and the closing price of Shares on the ASX on 17 March 2021).

Resolution 6 seeks Shareholder approval by way of special resolution for the Company to have the additional 10% placement capacity provided for in Listing Rule 7.1A to issue Equity Securities without Shareholder approval.

If Resolution 6 is passed, the Company will be able to issue Equity Securities up to the combined 25% limit in Listing Rules 7.1 and 7.1A without any further Shareholder approval.

If Resolution 6 is not passed, the Company will not be able to access the additional 10% capacity to issue Equity Securities without Shareholder approval under Listing Rule 7.1A, and will remain subject to the 15% limit on issuing Equity Securities without Shareholder approval set out in Listing Rule 7.1.

7.2 Technical information required by Listing Rule 7.1A

Pursuant to and in accordance with Listing Rule 7.3A, the information below is provided in relation to Resolution 6:

(a) Period for which the 7.1A Mandate is valid

The 7.1A Mandate will commence on the date of the Meeting and expire on the first to occur of the following:

- (i) the date that is 12 months after the date of this Meeting;
- (ii) the time and date of the Company's next annual general meeting; and
- (iii) the time and date of approval by Shareholders of any transaction under Listing Rule 11.1.2 (a significant change in the nature or scale of activities) or Listing Rule 11.2 (disposal of the main undertaking).

(b) Minimum Price

Any Equity Securities issued under the 7.1A Mandate must be in an existing quoted class of Equity Securities and be issued at a minimum price of 75% of the volume weighted average price of Equity Securities in that class, calculated over the 15 trading days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed by the entity and the recipient of the Equity Securities; or
- (ii) if the Equity Securities are not issued within 10 trading days of the date in Section 7.2(b)(i), the date on which the Equity Securities are issued.

(c) **Use of funds raised under the 7.1A Mandate**

The Company intends to use funds raised from issues of Equity Securities under the 7.1A Mandate for the acquisition of new assets and investments (including expenses associated with such acquisitions) continued expenditure on the Company's current assets, including its portfolio of Perth Basin and North Sea assets, ongoing project administration and general working capital.

(d) **Risk of Economic and Voting Dilution**

Any issue of Equity Securities under the 7.1A Mandate will dilute the interests of Shareholders who do not receive any Shares under the issue.

If Resolution 6 is approved by Shareholders and the Company issues the maximum number of Equity Securities available under the 7.1A Mandate, the economic and voting dilution of existing Shares would be as shown in the table below.

The table below shows the dilution of existing Shareholders calculated in accordance with the formula outlined in Listing Rule 7.1A.2, on the basis of the closing market price of Shares and the number of Equity Securities on issue as at 12 April 2021.

The table also shows the voting dilution impact where the number of Shares on issue (Variable A in the formula) changes and the economic dilution where there are changes in the issue price of Shares issued under the 7.1A Mandate.

Number of Shares on Issue (Variable A in Listing Rule 7.1A.2)		Shares issued – 10% voting dilution	Dilution		
			Issue Price		
			\$0.005	\$0.010	\$0.015
			50% decrease	Issue Price	50% increase
Funds Raised					
Current	5,855,852,025 Shares	585,585,203 Shares	\$2,927,926	\$5,855,852	\$8,783,778
50% increase	8,783,778,038 Shares	878,377,804 Shares	\$4,391,889	\$8,783,778	\$13,175,667
100% increase	11,711,704,050 Shares	1,171,170,405 Shares	\$5,855,852	\$11,711,704	\$17,567,556

*The number of Shares on issue (Variable A in the formula) could increase as a result of the issue of Shares that do not require Shareholder approval (such as under a pro-rata rights issue or scrip issued under a takeover offer) or that are issued with Shareholder approval under Listing Rule 7.1.

The table above uses the following assumptions:

1. There are currently 5,855,852,025 Shares on issue.
2. The issue price set out above is the closing market price of the Shares on the ASX on 12 April 2021.
3. The Company issues the maximum possible number of Equity Securities under the 7.1A Mandate.

4. The Company has not issued any Equity Securities in the 12 months prior to the Meeting that were not issued under an exception in Listing Rule 7.2 or with approval under Listing Rule 7.1.
5. The issue of Equity Securities under the 7.1A Mandate consists only of Shares. It is assumed that no Options are exercised into Shares before the date of issue of the Equity Securities.
6. The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
7. This table does not set out any dilution pursuant to approvals under Listing Rule 7.1 unless otherwise disclosed.
8. The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
9. The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 7.1A mandate, based on that Shareholder's holding at the date of the Meeting.

Shareholders should note that there is a risk that:

- (i) the market price for the Company's Shares may be significantly lower on the issue date than on the date of the Meeting; and
- (ii) the Shares may be issued at a price that is at a discount to the market price for those Shares on the date of issue.

(e) **Allocation policy under the 7.1A Mandate**

The recipients of the Equity Securities to be issued under the 7.1A Mandate have not yet been determined. However, the recipients of Equity Securities could consist of current Shareholders or new investors (or both), none of whom will be related parties of the Company.

The Company will determine the recipients at the time of the issue under the 7.1A Mandate, having regard to the following factors:

- (i) the purpose of the issue;
- (ii) alternative methods for raising funds available to the Company at that time, including, but not limited to, an entitlement issue, share purchase plan, placement or other offer where existing Shareholders may participate;
- (iii) the effect of the issue of the Equity Securities on the control of the Company;
- (iv) the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company;
- (v) prevailing market conditions; and
- (vi) advice from corporate, financial and broking advisers (if applicable).

(f) **Previous approval under Listing Rule 7.1A**

The Company previously obtained approval from its Shareholders pursuant to Listing Rule 7.1A at its annual general meeting held on 29 May 2020 (**Previous Approval**).

During the 12 month period preceding the date of the Meeting, being on and from 28 May 2020, the Company has not issued any Equity Securities pursuant to the Previous Approval.

7.3 Voting Exclusion Statement

A voting exclusion statement applies to this resolution.

8. RESOLUTION 7 – AMENDMENT OF CONSTITUTION

A company may modify or repeal its constitution or a provision of its constitution by special resolution of Shareholders.

Resolution 7 is a special resolution which will enable the Company to amend its existing Constitution to delete all references in the Constitution to “Talon Petroleum Limited” and replace them with “Talon Energy Ltd.”

A copy of the Amended Constitution is available for review by Shareholders at the office of the Company. A copy of the Amended Constitution can also be sent to Shareholders upon request to the Company Secretary. Shareholders are invited to contact the Company if they have any queries or concerns.
