Total's Announcement on the Mozambique LNG Project

Labour and training specialist RBR Group Limited (ASX: RBR) ("RBR" or "Company") provides the following update on Mozambique.

Total, the French petroleum group, made the following announcement on Monday 26 April 2021: *"Considering the evolution of the security situation in the north of the Cabo Delgado province in Mozambique, Total confirms the withdrawal of all Mozambique LNG project personnel from the Afungi site. This situation leads Total, as operator of Mozambique LNG project, to declare force majeure."*

Total expresses its solidarity with the government and people of Mozambique and wishes that the actions carried out by the government of Mozambique and its regional and international partners will enable the restoration of security and stability in Cabo Delgado province in a sustained manner.

Total E&P Mozambique Area 1 Limitada, a wholly owned subsidiary of Total SE, operates Mozambique LNG with a 26.5% participating interest alongside ENH Rovuma Área Um, S.A. (15%), Mitsui E&P Mozambique Area1 Limited (20%), ONGC Videsh Rovuma Limited (10%), Beas Rovuma Energy Mozambique Limited (10%), BPRL Ventures Mozambique B.V. (10%), and PTTEP Mozambique Area 1 Limited (8.5%)." See: <https://www.total.com/media/news/press-releases/total-declares-force-majeure-mozambique-lng-project>

RBR's 50%-owned company Projectos Dinamicos Lda ("PD") has a contract with the CCS Joint Venture to build and operate a 668-bed accommodation camp at the Wentworth facility (see ASX release dated 28 January 2021). The CCS JV is the Engineering, Procurement and Construction ("EPC") contractor developing the Mozambique LNG project on behalf of the operator (Total). To date, 340 beds and associated infrastructure have been installed on the site and validly invoiced. The CCS JV has not advised PD of any Force Majeure.

RBR will continue to provide further verified information to the market as it comes to hand.
