Yes. On 29 April 2021 the entity announced details of a share placement to raise \$2.5 million before issue costs to provide additional working capital to fund its operations in future quarters.

- 8.6.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Yes. The Company incurred larger than usual operating expenses during the March quarter, primarily as a result of undertaking an extensive marketing and advertising campaign to promote awareness of the Company's products and services. Levels of cash used in operating activities for future quarters are forecast to return to levels (circa \$500K/quarter) which, together with the completion of a \$2.5 million share placement, will ensure the Company will be able to continue its operations and meet its business objectives.
