

AGREEMENT SECURED WITH LARGEST SCHOOL REGION IN TEXAS

Family Zone is pleased to advise that it has been awarded a substantial contract with, and appointed as the preferred filtering provider to, the largest procurement region in Texas, the Region 7 Education Service Center.

All Texas school districts are members of Education Service Centres which provide them with technical advice, procurement and various support services.

Region 7 is the largest of those regions with 96 school districts; more than 400 schools; and approximately 165,000 students.

Under the terms of the contract, Region 7 Education Service Center has committed to a three year contract to deploy the Company's advanced School Manager compliance tools into 29 school districts and promote School Manager as the preferred content filtering service for all schools in the region.

The Company expects a large proportion of districts in the region to migrate to School Manager and then also upgrade to our market leading Classwize tool.

The Company won this contract in a competitive tender process in which all major market competitors competed, including an established incumbent provider.

Tim Levy, Managing Director of Family Zone said "This deal firmly establishes our Company as a leading provider of cyber safety technology in the US, having won a competitive tender in the largest region in the second largest education market in the US."

This announcement was made on June 2, 2021 and was authorised by the Board of Family Zone Cyber Safety Limited.

Agreement Details

Key Terms	Three year contract with the Region 7 Education Service Center, Texas to deploy Family Zone's School Manager compliance tools to 29 school districts and to promote School Manager as the preferred provider of online cyber safety technology in Region 7.
Materiality and Projections	The Company is unable to forecast potential revenue from this agreement which will depend on the number of districts and the number of products they buy from the Company over the next 3 years. The Company however considers this to be a strategically important agreement and a strong endorsement of the Company's products and services in the US education market.

About Family Zone

Family Zone, **supporting and protecting every child's digital journey**, is an ASX-listed technology company and an emerging leader in the fast growing global cyber safety industry.
