

Annual General Meeting

CEO Presentation

24 June 2021

Key Achievements in CY20

Bringing Drone Technology & Services into a single offering

SUCCESSFUL MERGER BETWEEN PARAZERO AND DELTA DRONE SOUTH AFRICA AND RELISTING ON THE ASX

Delta Drone International is capable of operating in both urban and rural environments, providing drone data services to a broad range of industrial and commercial markets

RAISED A\$5 MILLION FOLLOWING STRONG SUPPORT FROM DOMESTIC AND INTERNATIONAL INVESTORS

The business is well capitalised, with a strong balance sheet

COMPLETED ISRAELI- FIRST TEST DELIVERIES

DLT in collaboration with its partners, completed two drone deliveries in Israel that had never previously been achieved:

1. Israel's first certified Beyond Visual Line of Site (BVLOS) drone delivery and;
2. Israel's first medical drone delivery (COVID19 testing kits)

MARKET-FIRST DRONE SAFETY TECHNOLOGIES CREATED AND RELEASED

Next-generation Flight Termination System (FTS), which provides an even more robust level of safety and reliability, and new Desktop Application with fleet management capabilities and enhanced flight debriefing tools, are released to the market.

TWO NEW OEM INTEGRATION PROJECTS COMPLETED

DLT completed two OEM projects with the popular Pixhawk 4 and 2.1 autopilots running both Ardupilot and PX4. Both companies commissioned DLT to integrate its advanced support technology to their software systems to strengthen their product offering. This opens many new integration opportunities with other Pixhawk-based OEMs, for both VTOL and multirotor configurations.

Achievements have continued into 2021

Strengthening our position as a Global Drone Services company

OUR AUSTRALIAN EXPANSION

Key Hires & Target Branch Locations being established

- CEO relocation to Adelaide (Agriculture)
- Operations in Perth (Iron Ore) & Newcastle (Coal Mines)

EVLOS/ BVLOS Trials with Civil Aviation Safety Authority (CASA)

- Extending our flight operations beyond 1km from the pilot
- Bringing experience and proven systems over from ICAO-recognised states

KEY ENTERPRISE CONTRACT WINS

Signed contracts with multinational conglomerates

- 5-year contract renewal with global mining and metals company South 32 (now Seriti Power)
- Doosan Mobility Innovation OEM Integration
- Expanded Agri-tech operations into Zambia with Syngenta Project

Founded Africa's first RPL drone pilot course in partnership with University of Pretoria

Expanded service offering into aerial security surveillance

Autonomous Medical Delivery Pilot underway

Provided a tailored drone solution for an audit project for a global accounting firm

NEW BOARD APPOINTMENTS

Delta Drone Group representatives appointed as Non-Executive Directors

Mr Christian Viguie

Mr Nicolas Clerc

GROWING REVENUE & PROFITABILITY

We enable Autonomous Operations for Enterprise

Combining **our Drone-as-a-Service model** and **proprietary Safety Technology**
Lowering the barriers to **Urban & High-Risk Operating Environments** for Drones

Corporate Structure and Brands

The first Globally-listed “Drones-as-a-Service” company

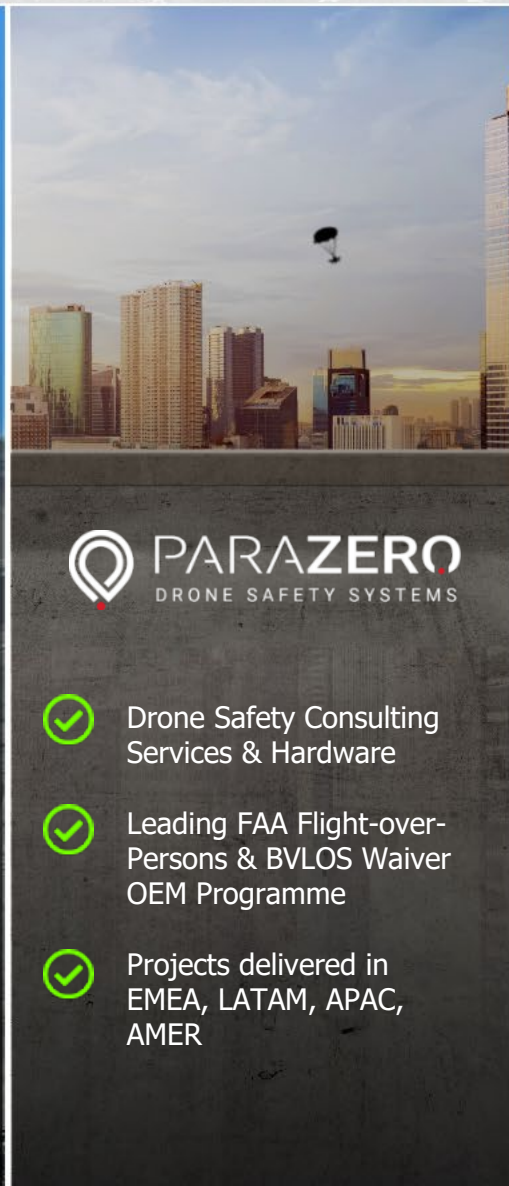

Rocket Farm

- ✓ Drone-as-a-Service
- ✓ Precision Agriculture & AI Focus
- ✓ Projects in South Africa

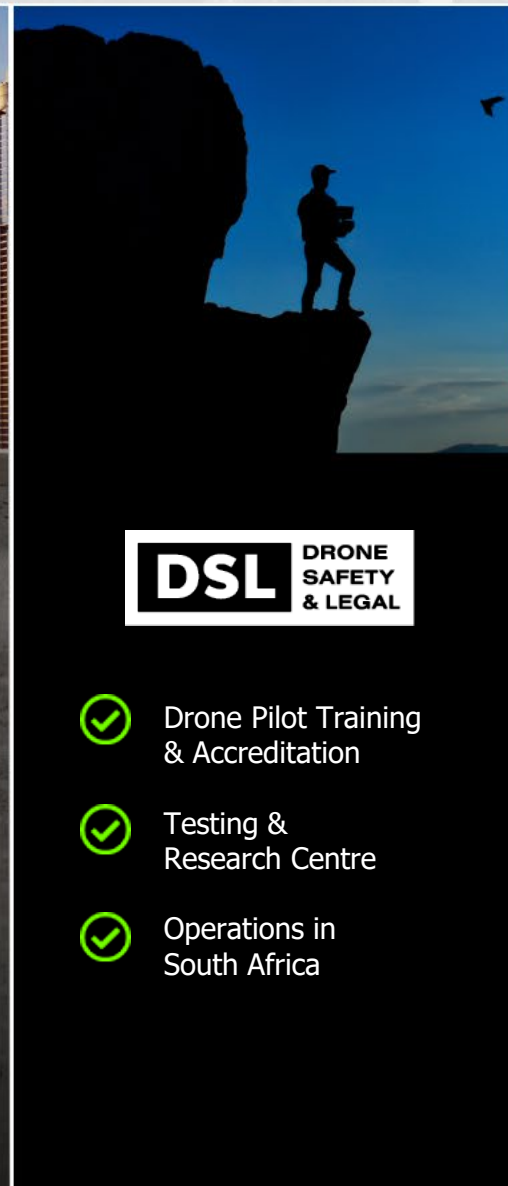

ROCKETMINE

- ✓ Drone-as-a-Service
- ✓ Mining Industry Focus
- ✓ Specialised in Survey & Mapping Services
- ✓ Operations in South Africa, Namibia & Ghana

PARAZERO
DRONE SAFETY SYSTEMS

- ✓ Drone Safety Consulting Services & Hardware
- ✓ Leading FAA Flight-over-Persons & BVLOS Waiver OEM Programme
- ✓ Projects delivered in EMEA, LATAM, APAC, AMER

DSL
DRONE SAFETY & LEGAL

- ✓ Drone Pilot Training & Accreditation
- ✓ Testing & Research Centre
- ✓ Operations in South Africa

POTENTIAL
NEW VERTICALS

Oil & Gas

Security

Inspection

The Opportunity expected for Commercial Drone Sector

Huge growth expected for Commercial Drone Sector, with the FAA expecting the US Commercial Drone fleet to more than double by 2024

Recreational Drone Sector

- Drones used for purposes of entertainment with simple-to-use controls targeted at general public
- Moderate continuing growth from increasing technology and consumer interest

Commercial Drone Sector

THE COMMERCIAL DRONE INDUSTRY IS RELATIVELY YOUNG, BUT GROWING RAPIDLY

- The FAA forecasts significant ongoing US fleet growth, with its base case 2024 forecast more than doubling the fleet from 385k to 828k (~17% CAGR)¹
- Rural applications are increasingly widespread, however wide-scale urban adoption requires next-gen safety technology (where ParaZero is a leader)

Military Drone Sector

SECTOR RESPONSIBLE FOR INCEPTION OF AUTONOMOUS AERIAL VEHICLES, MATURE BUT GROWING

driven by enhanced technology and need to remove human element from dangerous activities and operations

The Drone-as-a-Service Business Model

Services accounted for 79% of the Drone Industry spend by customers in 2020*

- Drone Data Services includes the provision of ongoing or one-off contracted services which entails the collection, processing and analysis of data gathered from unmanned aerial drone flights.
- Key to Delta Drone International's success is the focus on meeting and exceeding key points of service differentiation in compliance, maintenance and risk-mitigation for large enterprise customers.

14.5%

CAGR in Drone Services
from 2020 - 2025*

A\$620M

Total Commercial Drone Industry
spend in Australia* 

The Long-Term Opportunity: Enabling Urban Drone Operations

In the next 5 years, Drone Deliveries & Urban Operations will grow 40% CAGR*

- DLT currently manufactures and sells its drone safety systems to original equipment manufacturers (OEM) & systems developers, including aftermarket safety systems for popular drone types, such as DJI.
- Enterprise Customers primarily use ParaZero products to enhance safety and mitigate risk, while simultaneously receiving civil aviation authority regulatory approvals for flight waivers and exemptions for expanded operations.
- The Company plans to continue developing its ParaZero technology to enable more complex urban operations, which the Company views as a significant commercial advantage

125+ No. of FAA (USA) waivers granted to Enterprise Customers using Parazero products

Multiple BVLOS approvals in USA, Australia, Brazil, Canada, Israel, Singapore, United Kingdom

Multiple precedent-setting drone delivery approvals using ParaZero technology (Brazil, Israel, Canada, France, South Africa)

Operational Update

Focused on Delivering value through our Industry-specific Brands & Business Delivery Units (BDU's)

ROCKETMINE

- ✓ We have continued our relationship with South32 Coal Holdings (now Seriti Power)
- ✓ Increased demand for light detection and ranging (LIDAR) & Underground drone operations in South Africa & Ghana
- ✓ New Security & Surveillance offering to our mining customers has been received well

Rocket Farm

- ✓ Expansion across Southern Africa (Zambia) has given enterprise customers (Syngenta) the ability to monitor crops in high-resolution across the continent
- ✓ Business Development team is looking at renewable energy sector (solar & wind) to supplement low-demand winter periods (when there are no crops)

DSL DRONE SAFETY & LEGAL

- ✓ Our Partnership with the University of Pretoria, in delivering application-specific drone training
- ✓ Initial courses, which were scheduled for July, have now been postponed due to resurgence of COVID in South Africa
- ✓ Focus has now turned to online theory training in the meantime, as well as servicing other Business Units within the group

PARAZERO DRONE SAFETY SYSTEMS

- ✓ Focus on products & development which are currently uncatered for
- ✓ Building strong relationships with regulators in an ever-changing regulatory environment
- ✓ ASTM-Certification becoming World-wide Standard for Safety

Revenue Overview CY20

DLT's business model continues to demonstrate resilience and momentum through growing enterprise agreements, despite COVID pandemic

Revenue CY17 - CY20

Strategy & Outlook

Continuing to build momentum and deliver value to all stakeholders

CONTINUE TO SCALE OUR AUSTRALIAN OPERATIONS

- Slowly expand our Branch reach into major Mining areas – supported by localised Sales & Ops
- Increase Marketing activities & engagements
- Strengthen relationship with CASA for more flexible BVLOS applications

BUILD ON OUR OPPORTUNITIES IN AFRICA

- Our Ghana Operation is showing strong growth via a wider-spread of drone services, such as Autonomous Underground Drones
- Agriculture Services gaining traction
- South African market continues to mature & prefer DSP-model

Thank You

Summary

This presentation has been prepared by Delta Drone International Limited. ("Delta Drone" or the "Company") based on information available to it as at the date of this presentation. The information in this presentation is provided in summary form and does not contain all information necessary to make an investment decision.

This presentation does not constitute an offer, invitation, solicitation or recommendation with respect to the purchase or sale of any security in Delta Drone, nor does it constitute financial product advice or take into account any individual's investment objectives, taxation situation, financial situation or needs. An investor must not act on the basis of any matter contained in this presentation but must make its own assessment of Delta Drone and conduct its own investigations. Before making an investment decision, investors should consider the appropriateness of the information having regard to their own objectives, financial situation and needs, and seek legal, taxation and financial advice appropriate to their jurisdiction and circumstances. Delta Drone is not licensed to provide financial product advice in respect of its securities or any other financial products. Cooling off rights do not apply to the acquisition of Delta Drone securities.

Although reasonable care has been taken to ensure that the facts stated in this presentation are accurate and that the opinions expressed are fair and reasonable, no representation or warranty, express or implied, is made as to the fairness, accuracy, completeness or correctness of the information, opinions and conclusions contained in this presentation. To the maximum extent permitted by law, none of Delta Drone its officers, directors, employees and agents, nor any other person, accepts any responsibility and liability for the content of this presentation including, without limitation, any liability arising from fault or negligence, for any loss arising from the use of or reliance on any of the information contained in this presentation or otherwise arising in connection with it.

The information presented in this presentation is subject to change without notice and Delta Drone does not have any responsibility or obligation to inform you of any matter arising or coming to their notice, after the date of this presentation, which may affect any matter referred to in this presentation. The distribution of this presentation may be restricted by law and you should observe any such restrictions.

This presentation contains certain forward looking statements that are based on the Company's management's beliefs, assumptions and expectations and on information currently available to management. Such forward looking statements involve known and unknown risks, uncertainties, and other factors which may cause the actual results or performance of Delta Drone to be materially different from the results or performance expressed or implied by such forward looking statements. Such forward looking statements are based on numerous assumptions regarding the Company's present and future business strategies and the political and economic environment in which Delta Drone will operate in the future, which are subject to change without notice. Past performance is not necessarily a guide to future performance and no representation or warranty is made as to the likelihood of achievement or reasonableness of any forward looking statements or other forecast. To the full extent permitted by law, Delta Drone and its directors, officers, employees, advisers, agents and intermediaries disclaim any obligation or undertaking to release any updates or revisions to information to reflect any change in any of the information contained in this presentation (including, but not limited to, any assumptions or expectations set out in the presentation).

Not financial or product advice

This presentation is for information purposes only and is not a prospectus, product disclosure statement or other offer document under Australian law or the law of any other jurisdiction. This document is not a financial product or investment advice, or a recommendation to acquire securities in Delta Drone International Limited, nor is it legal or tax advice. You are solely responsible for seeking independent and professional advice in relation to the information contained in this presentation and any action taken on the basis of that information. Before making an investment decision, prospective investors should consider the appropriateness of the information having regard to their own objectives, financial and tax situation and needs and seek legal and taxation advice appropriate to their jurisdiction.

Financial data

All dollar values are in Australian dollars (A\$) unless stated otherwise.

Past performance

Past performance information given in this presentation is given for illustrative purposes only and should not be relied upon as (and is not) an indication of future performance. The historical information in this presentation is, or is based upon, information that has been released to the Australian Securities Exchange (ASX). This presentation should be read in conjunction with Delta Drone International Limited's other periodic and continuous disclosure announcements which are available at www.asx.com.au.

Future performance

The presentation includes forward-looking statements regarding future events and the future financial performance of Delta Drone International Limited. Forward looking words such as "expect", "should", "could", "may", "predict", "plan", "will", "believe", "forecast", "estimate", "target" or other similar expressions are intended to identify forward-looking statements. Any forward looking statements included in this document involve subjective judgment and analysis and are subject to significant uncertainties, risks and contingencies, many of which are outside the control of, and are unknown to, Delta Drone International Limited and its officers, employees, agents or associates. In particular, factors such as variable climatic conditions and regulatory decisions and processes may affect the future operating and financial performance of Delta Drone International Limited. This may cause actual results to be materially different from any future results, performance or achievements expressed or implied by such statements. The Information also assumes the success of Delta Drone International Limited's business strategies. The success of the strategies is subject to uncertainties and contingencies beyond control, and no assurance can be given that the anticipated benefits from the strategies will be realised in the periods for which forecasts have been prepared or otherwise. Given these uncertainties, you are cautioned to not place undue reliance on any such forward looking statements. Delta Drone International Limited is providing this information as of the date of this presentation and does not assume any obligation to update any forward-looking statements contained in this document as a result of new information, future events or developments or otherwise.

No representation, warranty or assurance (express or implied) is given or made in relation to any forward-looking statement by any person (including the Company). In particular, no representation, warranty or assurance (express or implied) is given that the occurrence of the events expressed or implied in any forward-looking statements in this presentation will actually occur. Actual results, performance or achievement may vary materially from any projections and forward-looking statements and the assumptions on which those statements are based. The forward-looking statements in this presentation speak only as at the date of this presentation.

No advertisement

This document does not constitute an advertisement for an offer or proposed offer of securities. It is not intended to induce any person to engage in, or refrain from engaging in, any transaction.

Disclaimer

Except as required by law, no representation or warranty, express or implied, is made as to the fairness, accuracy, completeness, reliability or correctness of the Information, opinions and conclusions, or as to the reasonableness of any assumption contained in this presentation. By receiving this presentation and to the extent permitted by law, you release Delta Drone International Limited and its officers, employees, agents and associates from any liability (including, without limitation, in respect of direct, indirect or consequential loss or damage or loss or damage arising by negligence) arising as a result of the reliance by you or any other person on anything contained in or omitted from this presentation. To the maximum extent permitted by law, Delta Drone International Limited and its respective advisers, affiliates, related bodies corporate, directors, officers, partners, employees and agents exclude and disclaim all liability, including without limitation for negligence or for any expenses, losses, damages or costs incurred by you as a result of your participation in or failure to participate in the Offer and the information in the presentation being inaccurate or incomplete in any way for any reason, whether by negligence or otherwise. To the maximum extent permitted by law, Delta Drone International Limited and its advisers, affiliates, related bodies corporate, directors, officers, partners, employees and agents make no representation or warranty, express or implied, as to the currency, accuracy, reliability or completeness of information in this presentation.
