

# Athena Resources Limited

ABN 69 113 758 900

INTERIM FINANCIAL REPORT 31 DECEMBER 2020

#### **DIRECTORS' REPORT**

Your directors submit the financial report of the consolidated entity for the half-year ended 31 December 2020. In order to comply with the provisions of the Corporations Act 2001, the directors report as follows:

#### **DIRECTORS**

The following persons were directors of Athena Resources Limited during the whole of the half-year period and up to the date of this report.

David Webster
Hau Wan Wai
Edmond Edwards
Non Executive Chairman
Executive Director
Executive Director

#### **REVIEW OF OPERATIONS**

#### **Exploration and Evaluation**

#### **BYRO BASE METALS PROJECT**

#### Milly Milly Intrusion (Cu/Ni/PGE)

Potential structural flow dynamics within the Milly Milly intrusion warrant an infill gravity survey planned to further define the anomaly. Gaps in ground EM data have also been highlighted warranting further moving loop EM data acquisition.

Review of diamond drill hole AHDH0007 drilled outside the interpreted intrusion boundary targeting a gravity anomaly. The hole remained in ultramafic to end of hole and showed variable geochemistry including sections of primitive ultramafic with signs of metal depletion towards the end of hole.

#### Moonborough Intrusion (Cu/Ni/PGE)

Recent appraisal of the central Byro, Moonborough Intrusion demonstrates compelling exploration potential. The project is at a greenfield stage hosting a significant gravity anomaly coincident with 10-year-old VTEM anomalies and drilling which intersected an ultramafic.

#### **Geophysical Review of Electromagnetic Anomalism**

Athena Resources Limited has completed assessment of the Byro Base Metal Project. Assessment included a detailed review of Electromagnetic Anomalism within the Byro tenements in cooperation with Southern Geoscience Consultants, announced on the ASX Platform on 23/03/2021.

The Review covered all historic exploration results and electromagnetic surveys including a ground GeoFerret fixed loop, time domain electromagnetic survey, (FLTEM); an airborne versatile time domain electromagnetic survey, (VTEM); ground moving loop, time domain electromagnetic surveys, (MLTEM); and down hole electromagnetic surveys, (DHEM).

#### **DIRECTORS' REPORT**

Review of the highlighted historical high priority areas covered had clear inherent problems, notably:

- FLTEM and MLTEM ground surveys had severe IP/SPM effects in the inloop responses.
   The FLTEM data also only surveyed single loop locations and as such, some potential conductors' geometries would have been poorly coupled and likely undetectable if present.
- VTEM was deemed partly ineffective in places due to noise from conductive regolith, Induced Polarization (IP) and superparamagnetic effects (SPM), masking late time responses.
- Follow up ground EM was not completed on recognised VTEM anomalies.
- Drilling to date has not effectively tested the anomalies

Results from the review have confirmed six base metal target areas with anomalous, moderate to strong, mid and late time responses. It was recommended by Southern Geoscience Consultants to use a high power ~100-200A, low base frequency, HT SQUID Bfield sensor and optimal slingram sensor offset to overcome any IP/SPM issues in the near surface and provide low noise surveying over all six target areas.

Work on all aspects of exploration to date support the prospective potential of the six ineffectively or untested EM anomalies so far identified.

HP MLTEM Surveys as specified by Southern Geoscience Consultants are currently underway

#### **BYRO INDUSTRIAL MAGNETITE PROJECT**

During the period under review Athena has undertaken additional test work defining the magnetic characteristic of the Byro Industrial Magnetite. The results of this confirm the suitability for retrieval and re-use in multiple industrial processing applications.

Further work has been conducted to confirm suitability for dense media separation for the coal washing industry. The product is well within international specifications.

The test work to date confirms the Athena product is suited to relatively high value markets as opposed to steel making, which sets it apart from other typical Mid-West deposits.

A small amount of by product may be sent to steel mills for blending with lower grade ore.

Market research on uses for high purity magnetite indicates that there is a significant offtake opportunity for the Athena product in a number of industries.

During the current season Athena intends to conduct further drilling at Byro to upgrade the 2004 JORC compliant Inferred Resource to Indicated both in tonnage and to the revised 2012 JORC Code.

Once a 2012 JORC compliant resource is confirmed the Company will be in a position to publish an indicative valuation of the project.

#### **DIRECTORS' REPORT**

#### Corporate

On 13 August 2019 ASX suspended trading in Athena shares due to insufficient funds to satisfy the funding requirement under their guidelines. This was based on a Quarterly Cash Report for June 2019 which showed available cash of less than \$10,000 and expected outgoings in the order of \$200,000 in the forthcoming quarter.

At the date of the suspension Athena shares had last traded at 2c per share.

During the half year to 31 December 2020, 9,857,142 shares have been issued for a total of \$345,000 less costs of \$4,722. Costs comprised ASX listing fees. These transactions were at 3.5c per share.

Since 31 December 2020 50,571,429 shares have been issued for a total of \$744,000 as specified in Note 13.

On 23 June 2021 announced Capital Raisings, Debt Restructure and ASX Conditional Reinstatement Terms.

Detailed results of activities and discussion thereon are contained in our Quarterly Activities Reports which are available on our website www.athenaresources.com.au.

#### **Auditor's Independence Declaration**

Section 307C of the Corporations Act 2001 requires our auditors, HLB Mann Judd, to provide the directors of the company with an Independence Declaration in relation to the review of the interim financial report. This Independence Declaration is set out on the following page and forms part of this directors' report for the half-year ended 31 December 2020.

This report is signed in accordance with a resolution of the Board of Directors made pursuant to s306(3) of the Corporations Act 2001.

Edmond W Edwards Executive Director

Dated at Perth this 29.day of June 2021

#### **AUDITOR'S INDEPENDENCE DECLARATION**

As lead auditor for the review of the consolidated financial report of Athena Resources Limited for the half-year ended 31 December 2020, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- a) the auditor independence requirements of the *Corporations Act 2001* in relation to the review; and
- b) any applicable code of professional conduct in relation to the review.

Perth, Western Australia 29 June 2021

FOR THE HALF-YEAR ENDED 31 DECEMBER 2020

#### NOTE - 1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

#### Statement of compliance

These interim consolidated financial statements are general purpose financial statements prepared in accordance with the requirements of the Corporations Act 2001, applicable accounting standards including AASB 134 'Interim Financial Reporting', Accounting Interpretations and other authoritative pronouncements of the Australian Accounting Standards Board ('AASB'). Compliance with AASB 134 ensures compliance with IAS 34 'Interim Financial Reporting'.

This condensed half-year report does not include full disclosures of the type normally included in an annual financial report. Therefore, it cannot be expected to provide as full an understanding of the financial performance, financial position and cash flows of the Group as in the full financial report.

It is recommended that the financial statements be read in conjunction with the annual financial report for the year ended 30 June 2020 and any public announcements made by Athena Resources Limited and its subsidiaries during the half-year in accordance with continuous disclosure requirements arising under the Corporations Act 2001 and the ASX Listing Rules.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period except for the impact of the new standards and interpretations effective 1 July 2020 disclosed below. These accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

The interim financial statements were authorised for issue on 29 June 2021.

The interim financial statements comply with Australian Accounting Standards, which include Australian equivalents to International Financial Reporting Standards (AIFRS). Compliance with AIFRS ensures that the financial report, comprising the interim financial statements and notes thereto, complies with International Reporting Standards (IFRS).

#### **Basis of preparation**

The interim report has been prepared on a historical cost basis. Cost is based on the fair value of the consideration given in exchange for assets. The company is domiciled in Australia and all amounts are presented in Australian dollars, unless otherwise noted.

For the purpose of preparing the interim report, the half-year has been treated as a discrete reporting period.

#### **Going Concern**

The financial report has been prepared on the basis of accounting principles applicable to a going concern, which assumes the commercial realisation of the future potential of the Group's assets and the discharge of their liabilities in the normal course of business.

The Board considers that the Company is a going concern and recognises that additional funding is required to ensure that the Company can continue to fund the Group's operations, repay debt funding and further develop its mineral exploration and evaluation assets during the twelve month period from

FOR THE HALF-YEAR ENDED 31 DECEMBER 2020

the date of this financial report. Such additional funding can be derived from either one or a combination

- The placement of securities under the ASX Listing Rule 7.1 or otherwise;
- An excluded offer pursuant to the Corporations Act 2001;
- · Deferral of Related Party Payables', or
- The sale of assets.

Since 31 December 2020 50,571,429 shares have been issued for a total of \$744,000 as specified in Note 13. This includes \$304,000 placement as shown below and in Note 13.

On 23 June 2021 announced Capital Raisings, Debt Restructure and ASX Conditional Reinstatement Terms. The main points of this announcement were :

#### **Capital Raisings**

of the following:

\$304,000 (before costs) through a proposed placement of 38,000,000 fully paid ordinary shares (Shares) at an issue price of \$0.008 per Share (Placement); and

\$2,888,270 through a proposed fully underwritten 1:1 rights issue to existing shareholders (Rights Issue) to issue 361,033,779 Shares at an issue price of \$0.008 per Share,

#### **Debt Restructure**

Write off an amount of \$414,600 (inclusive of GST) of Director fees owing; and

Convert a further amount of \$567,200 Director fees owing into equity at \$0.008 cents per share subject to shareholder approval.

#### **Reinstatement to Trading**

ASX has confirmed that it can see no reason why the securities of AHN should not be reinstated to official quotation, subject to certain conditions outlined in the announcement.

The Directors believe these conditions will be met.

Accordingly, the directors believe that subject to prevailing equity market conditions, Athena will obtain sufficient funding to enable it to continue as a going concern and that it is appropriate to adopt that basis of accounting in the preparation of the financial report. Should Athena be unable to obtain sufficient funding as outlined above, there is a material uncertainty that may cast significant doubt whether it will be able to continue as a going concern and therefore, whether it will realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or to the amounts and classification of liabilities that might be necessary should it not continue as a going concern.

FOR THE HALF-YEAR ENDED 31 DECEMBER 2020

AND CONTROLLED ENTITIES

#### Significant accounting judgements and key estimates

The preparation of interim financial reports requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates.

Except as described below, in preparing this interim report, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial report for the year ended 30 June 2020.

The Group performed a detailed review of its exploration tenements at period end to determine whether the related expenditure should continue to be capitalised under AASB 6 or written off to profit or loss. As a result of this review, there was no amount of (2019: \$Nil) exploration expenditure written off in the half-year. The directors are satisfied with the carrying value of the remaining capitalised exploration costs.

#### **Adoption of new and revised Accounting Standards**

In the half-year ended 31 December 2020, the directors have reviewed all of the new and revised Standards and Interpretations issued by the AASB that are relevant to the Group's operations and effective for annual reporting periods beginning on or after 1 July 2020.

It has been determined by the directors that there is no impact, material or otherwise, of the new and revised standards and interpretations on the Group's business and therefore, no change is necessary to Group accounting policies.

The directors have also reviewed all new Standards and Interpretations that have been issued but are not yet effective for the half-year ended 31 December 2020. As a result of this review the directors have determined that there is no impact, material or otherwise, of the new and revised Standards and Interpretations on the Group's business and, therefore, no change necessary to Group accounting policies.

FOR THE HALF-YEAR ENDED 31 DECEMBER 2020

AND CONTROLLED ENTITIES

#### **NOTE - 6 CONTINGENT LIABILITIES**

Athena Resources Limited and its controlled entities have no known material contingent liabilities as at 31 December 2020.

#### **NOTE - 7 SEGMENT INFORMATION**

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors of Athena Resources Limited.

The Group operates in one business and geographical segment being mineral exploration in Australia. Accordingly, under the management approach outlined above only one operating segment has been identified and no further disclosure is required in the half-year financial statements.

#### **NOTE - 12 FINANCIAL INSTRUMENTS**

The Directors have assessed that the value of financial assets and financial liabilities approximate their fair value at balance date.

#### **NOTE - 13 SUBSEQUENT EVENTS**

During the period to 29 June 2021 the following share issues have taken place:

| Date             | Shares     | \$      |
|------------------|------------|---------|
| 19 February 2021 | 2,857,143  | 100,000 |
| 6 April 2021     | 2,857,143  | 100,000 |
| 14 May 2021      | 6,857,143  | 240,000 |
| 25 June 2021 *   | 38,000,000 | 304,000 |
|                  | 50,571,429 | 744,000 |

<sup>\*</sup> part of the Capital Raisings announced on 23 June 2021

As announced on 23 June 2021 Capital Raisings, Debt Restructure and ASX Conditional Reinstatement Terms have been agreed.

Details of this announcement are disclosed under Going Concern on Note 1.

FOR THE HALF-YEAR ENDED 31 DECEMBER 2020

AND CONTROLLED ENTITIES

As announced on 5 February 2021 Alexander Creek Pty Ltd filed Objections to the Exemption Applications together with Applications for Forfeiture in respect of the E09/1552 and E09/1507.

The Exemption Applications will be vigorously pursued and the Company is confident based on legal advice that they will be granted thereby defeating the Forfeiture Applications. Since 5 February 2021 there have been no events which change the legal advice received.

#### **DIRECTORS' DECLARATION**

FOR THE HALF-YEAR ENDED 31 DECEMBER 2019

AND CONTROLLED ENTITIES

The Directors of the company declare that:

- 1) The financial statements and notes thereto are in accordance with the Corporations Act 2001 including:
  - a) complying with Accounting Standard AASB 134: Interim Financial Reporting, the Corporations Regulations 2001 and other mandatory professional reporting requirements; and
  - b) giving a true and fair view of the Group's financial position as at 31 December 2020 and of its performance for the half-year then ended.
- 2) in the directors' opinion there are reasonable grounds to believe that the Company will be able to pay its debts and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors made pursuant to s.303(5) of the Corporations Act 2001.

**Edmond W Edwards** 

Dated at Perth this 11 day of June 2021

#### **INDEPENDENT AUDITOR'S REVIEW REPORT**

To the members of Athena Resources Limited

#### Report on the Condensed Half-Year Financial Report

#### Conclusion

We have reviewed the accompanying half-year financial report of Athena Resources Limited ("the company") which comprises the condensed consolidated statement of financial position as at 31 December 2020, the condensed consolidated statement of comprehensive income, the condensed consolidated statement of changes in equity and the condensed consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration, for the consolidated entity comprising the company and the entities it controlled at the half-year end or from time to time during the half-year.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Athena Resources Limited does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2020 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

#### Basis for conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's responsibilities for the review of the financial report section of our report. We are independent of the company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

#### Material uncertainty related to going concern

We draw attention to Note 1 in the financial report, which indicates that a material uncertainty exists that may cast significant doubt on the entity's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

#### Responsibility of the directors for the financial report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to

#### hlb.com.au

#### HLB Mann Judd (WA Partnership) ABN 22 193 232 714

Level 4, 130 Stirling Street, Perth WA 6000 / PO Box 8124 Perth BC WA 6849

Liability limited by a scheme approved under Professional Standards Legislation.

enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the consolidated entity's financial position as at 31 December 2020 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.
