

“Funded for Resource Expansion & Scoping Study”

July 2021

METALS TECH
LIMITED

DISCLAIMER

FORWARD LOOKING INFORMATION & COMPETENT PERSONS STATEMENT

Important Information

This presentation has been prepared and issued by MetalsTech Limited (the "Company") to inform interested parties about the Company and its progress. The material contained in this presentation sets out general background information on the Company and its activities. It does not constitute or contain an offer or invitation to subscribe for or purchase any securities in the Company nor does it constitute an inducement to make an offer or invitation with respect to those securities. No agreement to subscribe for or purchase securities in the Company will be entered into on the basis of this presentation. The information supplied is in summary form and does not purport to be complete. The Company, its directors, officers, employees, agents, affiliates and advisers have not verified the accuracy or completeness of the information, statements and opinions contained in this presentation. Accordingly, to the maximum extent permitted by law, the Company makes no representation and gives no assurance, guarantee or warranty, express or implied, as to, and takes no responsibility and assumes no liability for, the authenticity, validity, accuracy, suitability or completeness of, or any errors in or omission from, any information, statement or opinion contained in this presentation. You should neither act nor refrain from acting in reliance on this presentation material. This overview of the Company does not purport to contain all information that its recipients may require in order to make an informed assessment of the Company's prospects. You should conduct your own investigation and perform your own analysis in order to satisfy yourself as to the accuracy, and completeness of the information, statements and opinions contained in this presentation and when making any decision in relation to this presentation or the Company. The information in this presentation does not take into account the objectives, financial situations or needs of any particular individual. You should consider seeking independent professional advice based on your own objectives. To the extent permitted by law the Company, its directors, officers, employees, agents, affiliates and advisers exclude any and all liability (including, without limitation, in respect of direct, indirect or consequential loss or damage or loss or damage arising out of negligence) arising as a result of the use of anything contained in or omitted from this presentation. All statements, other than statements of historical fact, included in the presentation, including without limitation, statements regarding forecast cash flows, future expansion plans and development objectives of the Company are forward-looking statements. Although the company believes that the expectations reflected in such forward-looking statements are reasonable, they involve subjective judgement, assumptions and analysis and are subject to significant risks, uncertainties and other factors, many of which are outside the control of, and are unknown to the Company. Accordingly, there can be no assurance that such statements or expectations will prove to be accurate and actual results and future events may differ materially from those anticipated or described in this presentation. Historic information is not an indication or representation about the future activities of the Company. The Company disclaims any obligation or undertaking to disseminate any updates or revisions to any information contained in this presentation reflect any change in expectations, events, conditions or circumstances on which that information is based. This presentation is provided on a strictly private and confidential basis, to be used solely by the recipient. Neither this presentation nor any of its contents may be reproduced or used for any other purpose without the prior written consent of the Company. In accepting this presentation, the recipient agrees that it is provided solely for its use in connection with providing background information on the Company and that it is not used for any other purpose.

The Company is not aware of any new information or data that materially affects the information included in the Presentation and, in the case of estimates of minerals resources or ore reserves, that all material assumptions and technical parameters underpinning the estimates in the relevant market announcement continue to apply and have not materially changed.

Competent Person Statement

The information in this announcement that relates to Exploration Results is based on information compiled by Dr Quinton Hills Ph.D., M.Sc., B.Sc. Dr Hills is the technical advisor of MetalsTech Limited and is a member of the Australasian Institute of Mining and Metallurgy (No. 991225). Dr Hills has sufficient experience that is relevant to the style of mineralisation and type of deposit under consideration and to the activity being undertaken to qualify as a Competent Person as defined in the 2012 Edition of the 'Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves'. Dr Hills consents to the inclusion in the report of the matters based on their information in the form and context in which it appears.

The information in the report to which this statement is attached that relates to Mineral Resources for the Sturec Gold Deposit is based on information compiled by Mr Chris Grove, who is a Member of The Australasian Institute of Mining and Metallurgy (No. 310106). Mr Grove is a full-time employee of Measured Group Pty Ltd and has sufficient experience that is relevant to the style of mineralisation and type of deposit under consideration and to the activity being undertaken to qualify as a Competent Person as defined in the 2012 Edition of the 'Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves'. Mr Grove consents to the inclusion in the report of the matters based on his information in the form and context in which it appears.

21 April 2020 "1.54 MILLION OUNCE GOLD MINERAL RESOURCE DEFINED AT STUREC "

FUNDED WITH PENDING SHAREHOLDER RETURN

\$18M deal with Lithium Royalty Corp

- **PART 1: (PAID)** \$6.65 million cash payment by LRC in consideration of the granting up to 4% Gross Revenue Royalty over non-core lithium assets
 - MTC retains gold rights over tenements
 - paid to MTC to accelerate development of Sturec Gold Mine

Winsome Resources
LIMITED

See ASX announcements:

27 May 2021 "MetalsTech Secures \$18M Deal for Lithium Assets"

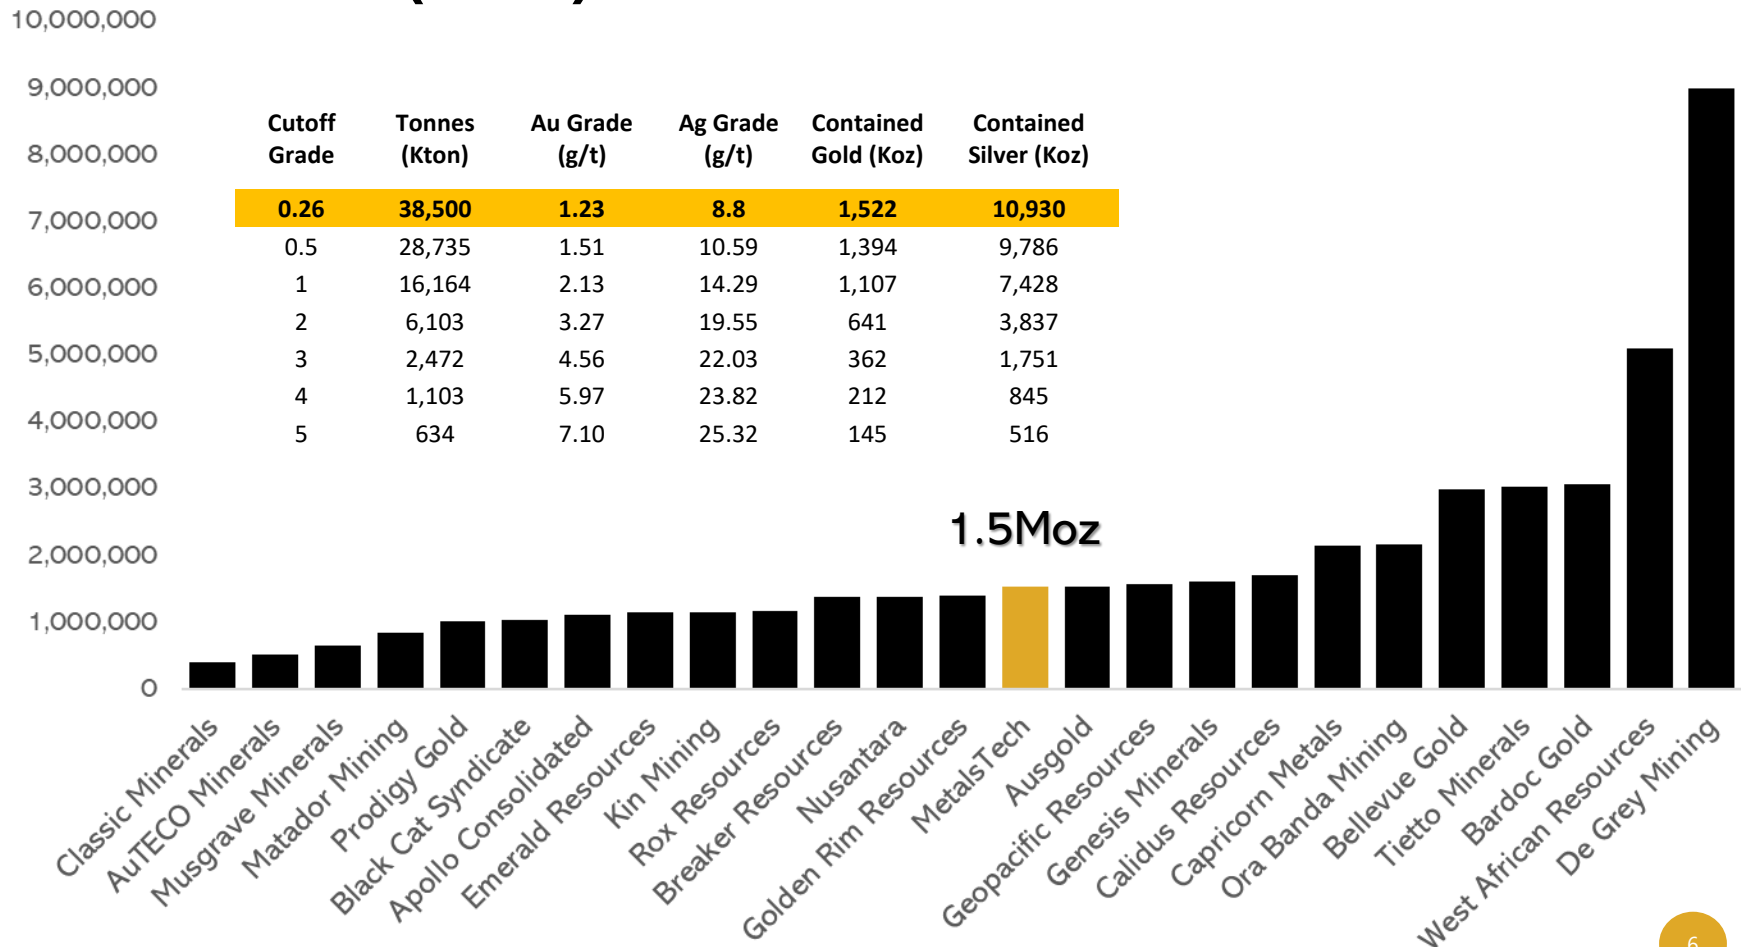

- **PART 2:** \$9 million worth of shares in lithium spinout vehicle 'Winsome Resources' (ASX Reserved Code: WR1)
 - 45 million WR1 shares distributed In-specie to MTC shareholders in proportion to their MTC holding as at record date (future date to be set post shareholder approval)
 - MTC currently has 153.8 million shares on issue
 - **e.g. 1 free WR1 20c share for every 3.5 MTC shares held** assuming current shares on issue
- **PART 3:** \$3 million cornerstone subscription by LRC in Initial Public Offer of WR1 at an issue price of 20 cents per share
 - paid to WR1 to advance the lithium assets
- PART 2 & 3 subject to ASIC, ASX and MTC shareholder approval

CATALYSTS

High resource confidence

See source data: Appendix A

STUREC

Neighbourhood

- Western Tethys orogenic belt location
- Rozalia mine producing a gold concentrate from underground mining 30km south of Sturec
- Geological belt is littered with other major miners targeting large porphyry and epithermal style deposits

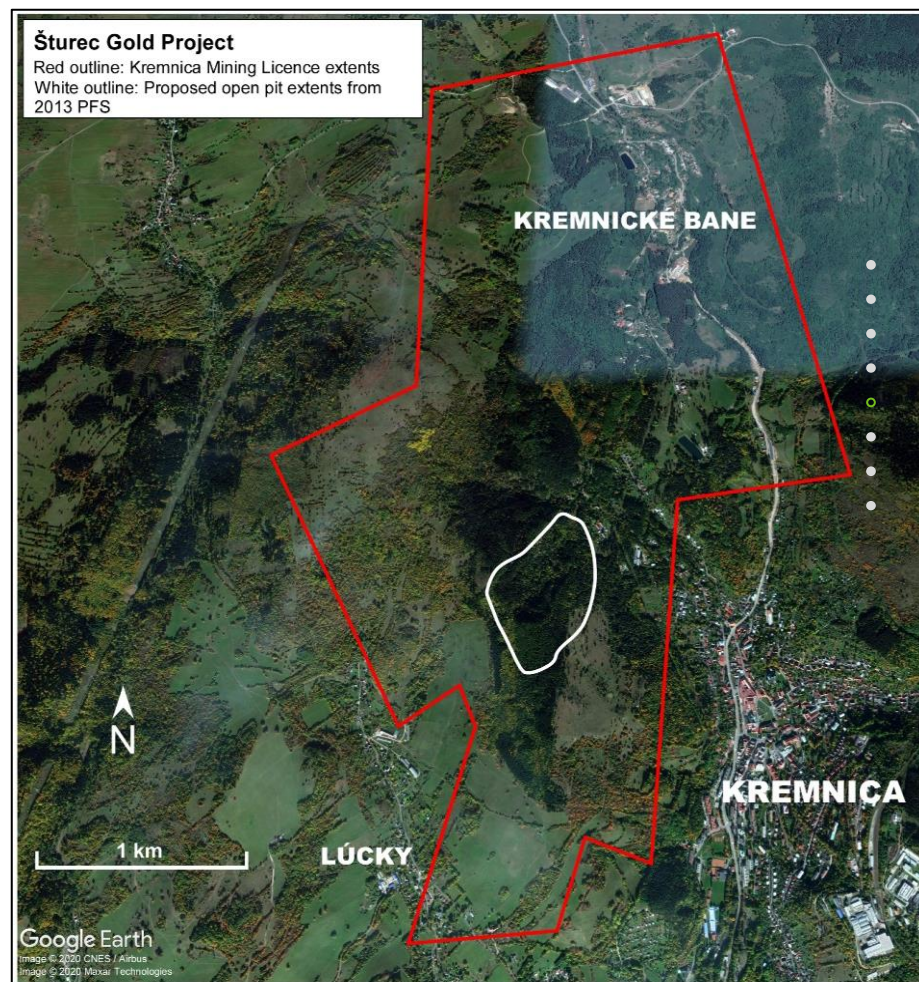

STUREC Highlights

- 1.5Moz gold and 6.7Moz silver historic production
- #JORC (2012) Resource of 1.54Moz of gold and 10.99Moz of silver
- # High grade subset of 658Koz gold at 3.27 g/t Au
- 93% Measured + Indicated Resource Category
- Significant resource expansion potential

See ASX announcements:

21 April 2020 "1.54 MILLION OUNCE GOLD MINERAL RESOURCE DEFINED AT STUREC "

Sturec Mining Licence (red)

STUREC

Development Strategy

- Massive resource growth potential - Epithermal style deposit >3Moz already including significant prior production of gravity gold
- Mineralisation known over 5km strike and open in all directions
- Previous owners focused on very large open cut with potentially large environmental footprint – deposit is 1km from town
- New strategy to assess development of an initial bulk underground mine with potential to implement smaller scale and lower impact open cut mining in later years of mine life
- Cyanide treatment not permitted in Slovakia however excellent deposit metallurgy – up to 74% gravity gold and up to 88% float suggest low CAPEX gold concentrate production potential

UGA-16:	70m @ 9.23 g/t Au and 7.8 g/t Ag
UGA-15:	124m @ 1.47 g/t Au and 11.6 g/t Ag

**RESOURCE UPGRADED
TO 1.54 Moz**

**PHASE II DRILLING TO
COMMENCE IN JULY**

See ASX announcements:

11 June 2021 "MetalsTech hits record intercept at Sturec gold mine"

30 April 2021 "Quarterly Activities Report"

23 March 2021 "Thick Zones of Gold Mineralisation Continue Along Strike"

8 December 2021 "Continuous high grade mineralisation intersected at Sturec"

23 November 2021 "Extension of high grade mineralisation at Sturec gold mine"

MINERAL RESOURCE

High grade subset

High grade subset of **658Koz gold at 3.27 g/t Au** within 1.54 million ounce resource

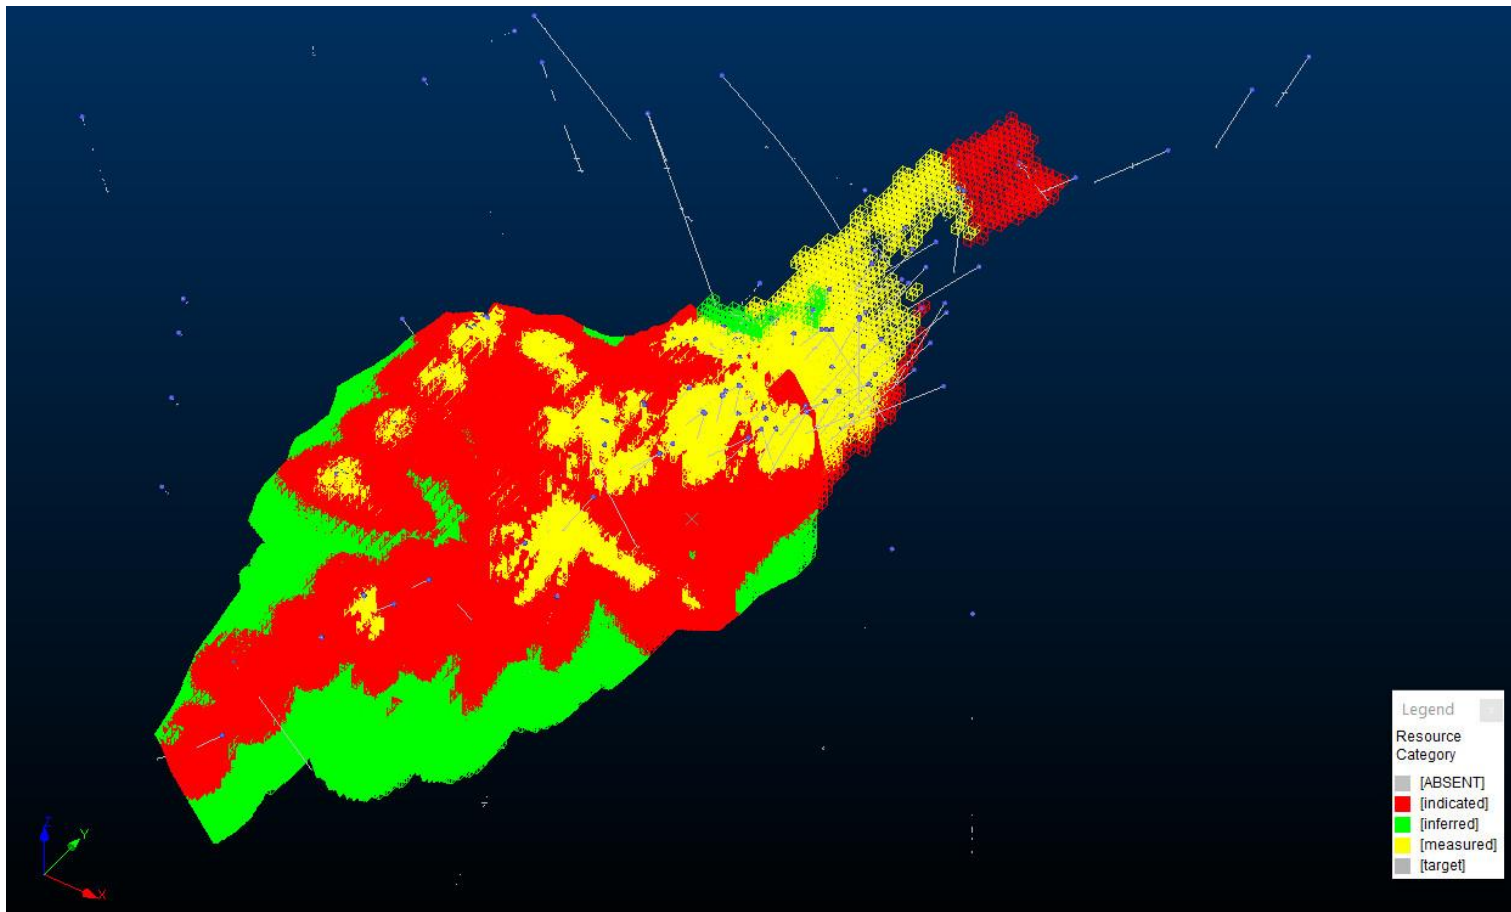

MINERAL RESOURCE

High confidence

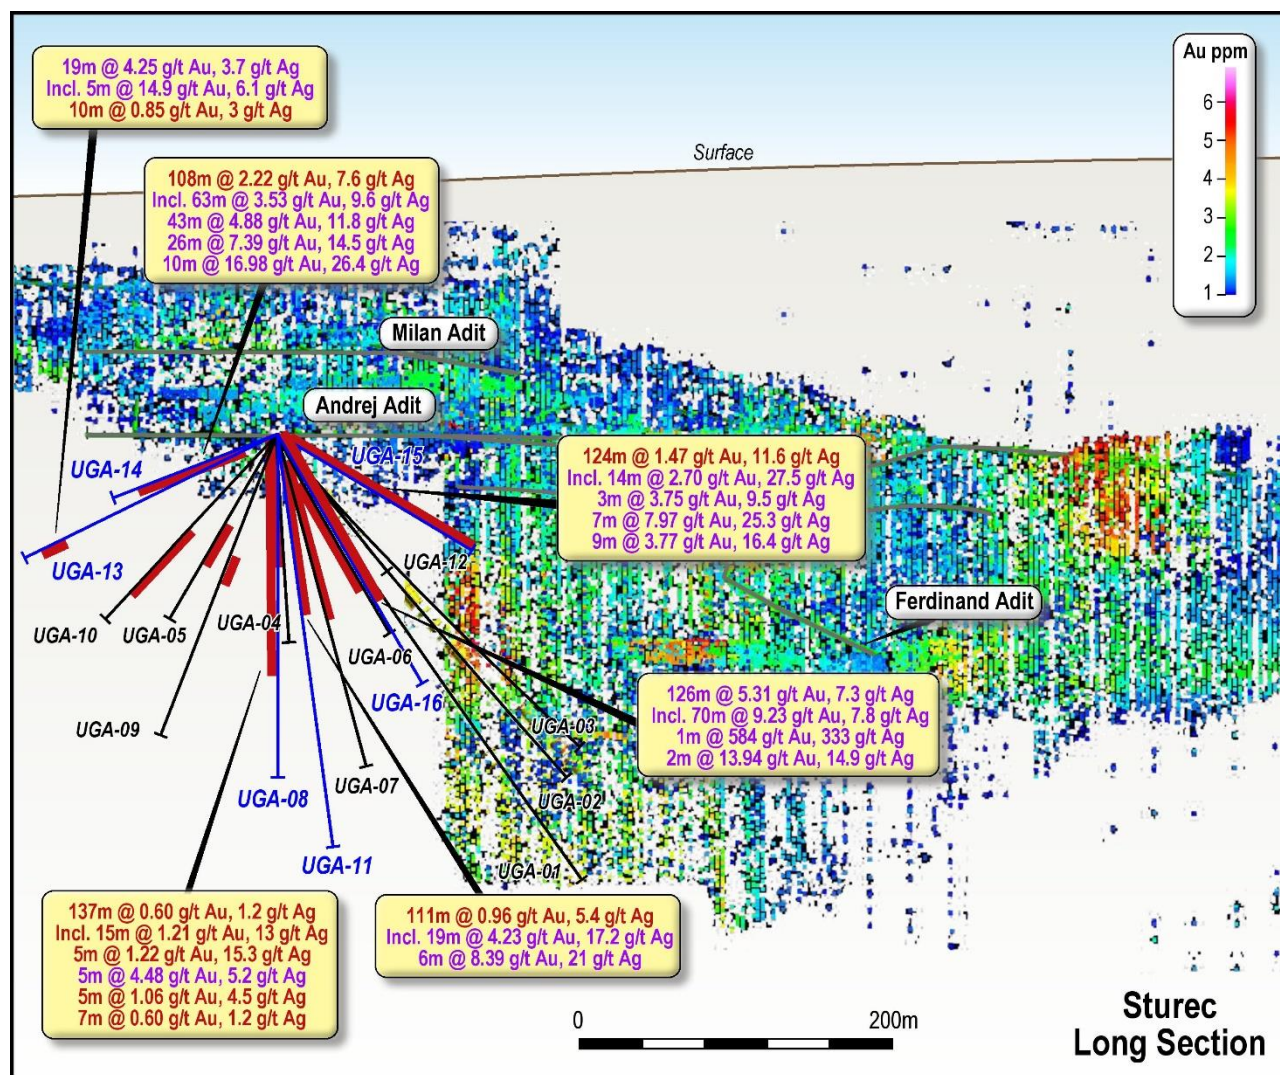

93% of the Mineral Resource sits in Measured + Indicated categories

DRILLING STRATEGY

Targeting high grade plunge south along strike

See ASX announcements:
11 June 2021 "MetalsTech hits record intercept at Sturec gold mine"

VISIBLE GOLD

Multiple VG occurrences in drilling

ATTRACTIVE METALLURGY

Simple processing potential

- Excellent gold recovery on transitional (semi-oxidised) and sulphide (fresh) ore from the Andrej Adit within the Sturec Gold Mine using gravity separation and flotation
- **Gravity gold recoveries range from 52% to 74% increasing to up to 88% after flotation** and increasing to up to 98% if flotation tailings are also leached
- Strong gold recovery profile of sulphide ore supports potential for **simple gravity separation and flotation processing strategy**
- Potential to **significantly reduce CAPEX** and allow Sturec to produce a gold concentrate for export out of Slovakia where it could be processed further using conventional processing for sulphide concentrates or sold (Note: traditional cyanide processing is not possible within Slovakia)

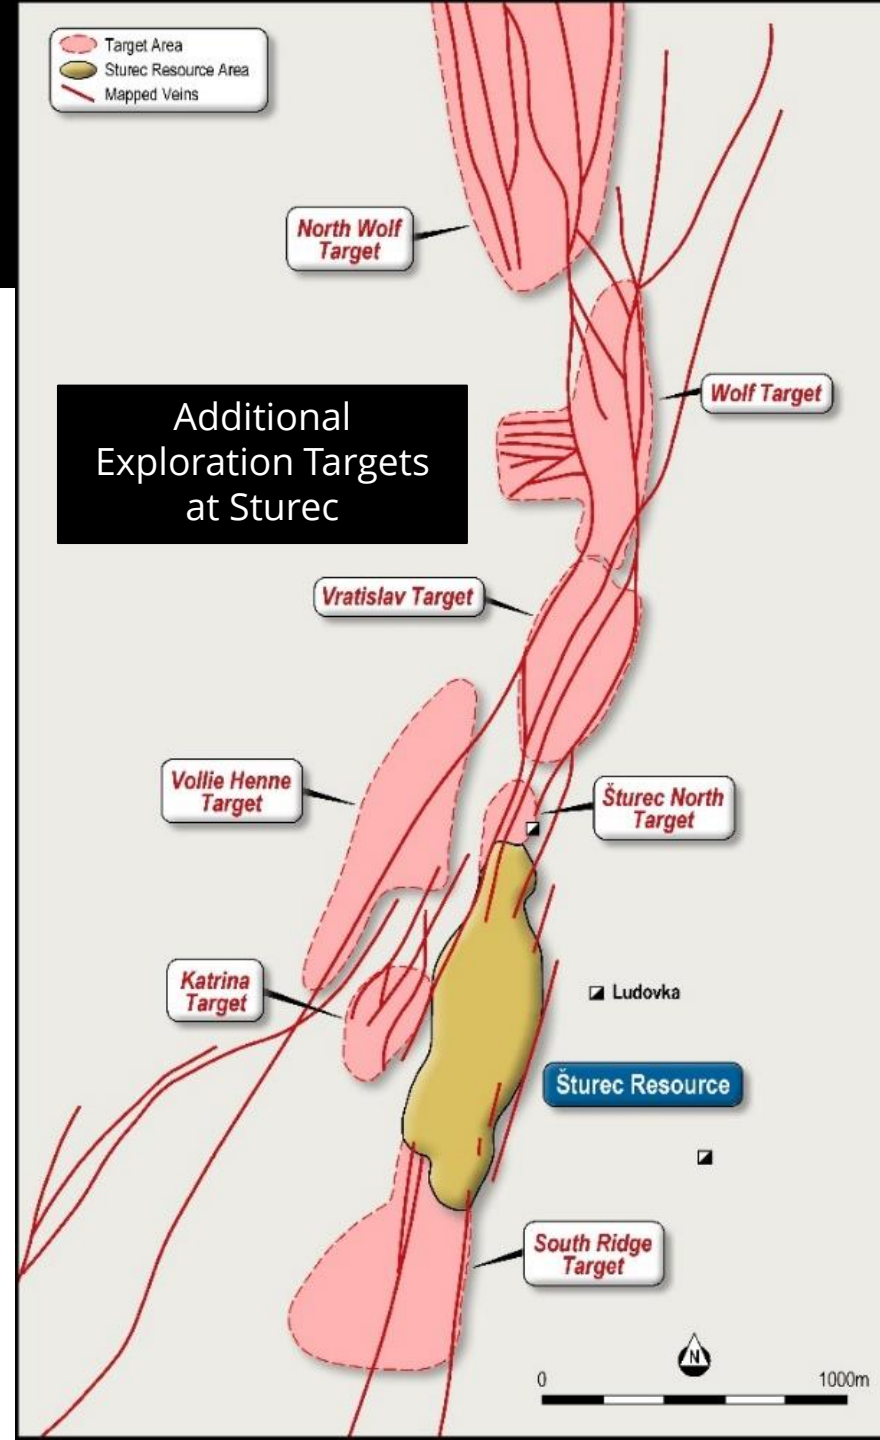

See ASX announcements:

25 August 2020 "Excellent Gravity and Flotation Recoveries at Sturec Gold"

CATALYSTS

Leveraged for a re-rate

- Phase II of resource expansion drilling at high grade plunging zone at Sturec zone to commence in late June
- Further resource upgrade expected later this year
- Completion of scoping study using underground mining methods and focusing on simple gravity separation and flotation processing in late 2021
- Potential to explore additional high grade targets

LEADERSHIP

Leveraged skills & experience

Russell Moran – *Chairman*

- Proven resources investor, M&A specialist and operator with a track record of major resource discoveries
- History of building successful exploration companies

Gino D'Anna – *Director*

- Extensive experience in running junior exploration companies with a track record in discovering new mineralised bodies. Expertise in running exploration and development programs within the resources sector
- Co-founder of MetalsTech

Dr Qingtao Zeng – *Technical Director*

- Experienced geologist with a range of geological and commercial specialities including offtake negotiation for the mining industry and Chinese investor relations

Dr Quinton Hills – *Exploration Manager*

- Experienced structural geologist
- Responsible for the discovery of the 100 million tonne Boseto Copper Project in Botswana

Mark Calderwood – *Technical Advisor*

- 25 years experience in running major mine developments and resource discoveries
- Led Perseus Mining Limited as Managing Director and over 9 years, facilitated its transition from IPO to gold producer and an ASX100 company with a market capitalisation of > \$1.6 billion

Paul Fromson – *CFO / Company Secretary*

- Experienced financial professional, CPA, Chartered Secretary

Fero Bakos– Senior Geologist - Slovakia

- Extensive experience in gold, copper and epithermal deposits in the Western Carpathians and Western Tethys orogenic belt of south-eastern Europe
- Qualified JORC (2012) Competent Person with more than 25 years experience

Fiona Paterson – *Executive*

- Ms Paterson is an experienced engineer, corporate governance professional and project generator
- Formerly a senior risk engineer with oil and gas multinational Eni and a former Director of K2 Technology which sold its assets to K2Fly Limited (ASX:K2F)
