ASX Announcement
 (ASX: ERG)

Quarterly Activity Report to June 2021

Eneco Refresh Ltd is pleased to provide a review for the year which includes the quarter ending June 2021.

Every Cash Generating Unit achieved positive variance both in revenue and bottom line. Refresh Waters has continued to do well, with a 15% increase in sales compared to the same period last year. Refresh Plastics achieved a sales growth of 17%. Overall increase was 16%. This growth came about despite our being in the middle of a COVID pandemic.

Refresh Waters

Sales growth in NSW, VIC, and QLD improved partly because since September 2020, our 2-litre Demineralised Water has been sold in all Woolworths supermarkets (with the exception of WA and NT). This is in addition to our 5-litre Refresh Pure Water being sold in Woolworths for the last 16 years (with the exception of SA and TAS).

NSW continued to do well and our custom labelled bottled water sales picked up significantly.

VIC was unfortunately badly affected by many lockdowns, resulting in only a marginal increase in profitability.

Sales in the NT have overtaken VIC, which reflects positively on our strategy to acquire the only single-serve bottled water factory in the Top End.

QLD had excellent revenue growth of 20% and also achieved the highest variance in profitability. Refresh Waters bought back a 51% share of QLD on 2 January 2019, making it a wholly-owned subsidiary. Under our management, it has achieved record profit.

Refresh Plastics

Refresh Plastics achieved excellent growth of 17%. This is despite it no longer selling Petainer one-way PET kegs, which used to be about 5% of total revenue. Petainer refused to take back raw materials and finished goods worth \$93,000. We have progressively written down the value of these stocks, with \$70,000 written off in the last financial year. Refresh Plastics' loss would otherwise have been much lesser.
