5. REASONS WHY YOU SHOULD ACCEPT THE OFFER

The Bidder is offering to acquire 100% of CNW for 3.2 cents cash per CNW Share. Reasons for accepting the Offer are set out below:

5.1 ACCEPTING THE OFFER ALLOWS YOU TO REALISE IMMEDIATE VALUE FOR YOUR CNW SHARES

The Offer is unconditional and provides an opportunity for an immediate exit from your investment in CNW Shares. This means that you can sell any or all of your CNW Shares for 3.2 cents cash per CNW Share on the market immediately and be paid cash for those CNW Shares 2 Trading Days after your acceptance of the Offer.

Over the last three months, CNW Shares have generally been thinly traded.

Under the Offer, you may sell your CNW Shares to the Bidder immediately. FinClear will stand in the market on behalf of the Bidder to acquire CNW Shares offered to it on ASX at the Offer Price on and from the Announcement Date until Offer closing date.

If you do not accept the Offer, there is no certainty that you would be able to liquidate your entire CNW shareholding following the close of the Offer.

5.2 THE ALL-CASH OFFER PROVIDES CERTAINTY OF VALUE FOR YOUR CNW SHARES

Accepting the Offer will enable you to realise a certain value for your CNW Shares. If you accept the Offer (which is unconditional), you will:

- be paid 3.2 cents cash for each of your CNW Shares; and
- be paid 2 Trading Days after your acceptance.

If you accept the Offer, you will eliminate your exposure to the risks and uncertainties inherent in owning CNW Shares. By contrast, if you do not accept the Offer, the amount which you will be able to realise for your CNW Shares is uncertain.

5.3 IF YOU DO NOT ACCEPT, YOU MAY BE EXPOSED TO A VARIETY OF RISKS

If you do not accept the Offer, there are potential risks associated with continuing to hold CNW Shares, including as follows.

Risks of being a minority shareholder

As the Offer is unconditional, all offers accepted by CNW Shareholders will be settled immediately on a normal T+2 basis.

If you do not accept the Offer and the Bidder acquires more than 50% of the CNW Shares (on a fully diluted basis) but does not achieve the threshold for compulsory acquisition:

- you may be left with a small shareholding;
- the CNW Shareholder spread after the Offer is completed may be less than required under the ASX Listing Rules; and
- the ASX may choose to suspend or de-list CNW in which case, the liquidity in CNW Shares may be severely impacted.

Liquidity Risk

Depending on the level of acceptances the Bidder receives under the Offer, the market for CNW Shares may become even less liquid than at present. This could make it more difficult for you to sell your CNW Shares at an attractive price in the future.

5. REASONS WHY YOU SHOULD ACCEPT THE OFFER

If the Bidder becomes entitled to compulsorily acquire your securities

If the Bidder becomes entitled to compulsorily acquire your CNW Shares, it intends to exercise those rights. If your CNW Shares are compulsorily acquired, you will still receive the consideration offered under the Offer, but at a later time than you would have received it if you had accepted the Offer (which would have been settled immediately following the acceptance on a normal T+2 basis).

5.4 THE OFFER IS THE ONLY TAKEOVER OFFER PRESENTLY AVAILABLE FOR YOUR CNW SHARES

As at the date of this Bidder's Statement, the Bidder is not aware of any other party intending to make a takeover offer for CNW Shares. The Offer is the only takeover offer presently available for all CNW Shares as at the date of this Bidder's Statement. The Offer represents a liquidity opportunity for CNW Shareholders to sell all their CNW Shares for the Offer Price. If no other offers are made for the CNW Shares, the price of CNW Shares may fall below the Offer Price after the Offer closes.

6. PROFILE OF WEBCENTRAL AND THE WEBCENTRAL GROUP

6.1 OVERVIEW AND BUSINESS

Webcentral is an Australian owned, full-service supplier of digital services to small and medium businesses who are in the various stages of their online journey. In 2021, the business services have extended to include digital growth solutions to improve online performance, managed protection of online identity and brand for customers in addition to digital marketing and website development. Through these products and services, Webcentral now supports over 330,000 customers.

5GN is a licenced telecommunications carrier operating across Australia. Its mission is to be Australia's partner of choice for unifying a seamless digital experience for ITS customers across data connectivity, cloud and data centre services, underpinned by expert managed services in the business-to-business market. 5GN currently owns and operates its own nationwide highspeed fibre network with over 70km of fibre installed, with points of presence in all major Australian capital cities. In addition, 5GN offers managed cloud solutions, 900 Tb capacity as well as 90 managed services personnel across 12 offices to optimise customers' IT and network environments. The business offers products and services comprising private data networking and broadband solutions, IP voice applications, data centre services, private cloud platforms in 5 capital cities and managed IT solutions. In addition, 5GN sells a range of hardware and software solutions from market leading technology vendors.

In addition to improving the infrastructure utilisation at 5GN, this plan has also opened both national and international opportunities for profitable revenue growth. One of the key capital investment programs at 5GN has been the ongoing deployment of high-speed fibre, which will connect and integrate more than 80 data centres in Brisbane, Sydney, Melbourne, Adelaide and Perth. Once complete, it will create one of the largest private networks for data centre and cloud inter-connectivity in Australia.

6.3 PROPOSED MERGER WITH 5GN

On 16 July 2021 Webcentral and 5GN announced a proposed merger (**Merger**) by way of a scheme of arrangement (**Scheme**). Under the Scheme 5GN shareholders will receive 2 Webcentral shares for each 5GN share held on the record date. Following the Merger the business and operations of Webcentral will include the business and operations of 5GN.

As a result of the Merger between Webcentral and 5GN, several operational functions will be integrated. This outcome will include the retirement and integration of several service delivery and customer support platforms, and CRM systems can be rationalised and supporting technology consolidated. In addition, the sales and marketing functions will be consolidated and managed to scale the effective optimisation of all brands and the streamlining of business

6. PROFILE OF WEBCENTRAL AND THE WEBCENTRAL GROUP

Whilst the Merger will clearly deliver cost synergies through this transformation activity, 5GN will also experience improved utilisation of existing infrastructure assets such as 5GN private cloud solutions for hosting services and cross selling of many products into the 330,000 Webcentral customers.

Webcentral expects that the first Court hearing for the Scheme will be in September 2021, the Scheme meeting and second Court hearing in October and implementation of the Merger in early November 2021.

9. SOURCES OF CONSIDERATION

9.1 TOTAL CASH CONSIDERATION

The consideration for the acquisition of the CNW Shares to which the Offer relates will be wholly satisfied by the payment of cash (in Australian dollars).

At the Announcement Date, CNW has 928,715,314 shares on issue. If acceptances are received for all CNW Shares on issue or if the Bidder becomes entitled to and exercises the right of compulsory acquisition under the Corporations Act, the amount of cash consideration that the Bidder would be required to pay would be \$29,718,890.

For the purposes of this Bidders Statement Webcentral has taken the view that given the current trading price of CNW shares it is not likely that any CNW Options are likely to be exercised. The lowest exercise price of any CNW Option on issue is \$0.035.

Accordingly, the maximum amount that the Bidder could be required to pay under the Offer is \$29,718,890 (**Maximum Cash Consideration**). The Bidder has already paid cash in the amount of \$2,604,345 in respect of CNW Shares acquired prior to the date of this Bidder's Statement.

9.2 BIDDER FUNDING ARRANGEMENTS

The maximum amount that the Bidder could be required to pay under the Offer in respect of CNW Shares not yet acquired is \$27,114,545.

The Bidder has funding available to pay this amount from internal cash resources and loan facilities available from its parent company 5GN and the Commonwealth Bank of Australia.

9.3 PROVISION OF CONSIDERATION

On the basis of the arrangements described in this section 9, the Bidder believes that it has reasonable grounds for holding the view, and does hold the view, that it will be able to provide the consideration offered under the Offer, as well as meet associated transaction costs.

10. BIDDER'S INTENTIONS IN RELATION TO CNW

10.1 INTRODUCTION

This section 10 sets out the Bidder's intentions in relation to:

- (a) the continuation of the business of CNW;
- (b) any major changes to be made to the business of CNW, including any redeployment of CNW property; and
- (c) the future employment of the present employees of CNW.

These intentions are based on the information concerning CNW, its business and the general business environment which is known to the Bidder at the time of preparation of this Bidder's Statement.

Given that the Bidder has not had the benefit of a due diligence investigation into CNW, the Bidder does not currently have full knowledge of all material information, facts and circumstances that are necessary to assess the operational, commercial, tax and financial implications of its current intentions. Final decisions regarding these matters will only be made by the Bidder in light of material information and circumstances at the relevant time.

Accordingly, the statements set out in this section 10 are statements of current intent only (based on publicly available information) which may change as new information becomes available to the Bidder or as circumstances change.

10.2 SPECIFIC INTENTIONS – CNW OPTIONS

The Offer does not extend to any CNW Options. However, the Offer will extend to CNW Shares that are issued and listed for quotation on the ASX at any time during the Offer Period as a result of the exercise of any CNW Options.

10.3 POST OFFER REVIEW

After the Offer Period, the Bidder intends to undertake a general review of CNW operations covering current strategy, financials and operating matters.

Consequently, the statements set out in this section 10 are statements of the Bidder's current intentions only and may vary as circumstances and further information arise. The statements and intentions set out in this section should be read in that context.

10.4 INTENTIONS UPON THE BIDDER ACQUIRING 90% OR MORE OF THE CNW SHARES

This section 10.4 describes the intentions of the Bidder if at the end of the Offer Period, the Bidder acquires a Relevant Interest in at least 90% of the CNW Shares on issue. In those circumstances, the current intentions of the Bidder are as follows.

(a) Corporate matters

- (i) The Bidder will proceed with compulsory acquisition of the outstanding CNW Shares in accordance with the provisions of Chapter 6A.1 of the Corporations Act;
- (ii) If a compulsory acquisition process is completed, the Bidder would procure the removal of CNW from the official list of ASX;
- (iii) The Bidder will review, and possibly replace, all or some of the current CNW directors, noting that the Bidder has not yet determined the precise size or composition of the CNW Board in such circumstances;
- (iv) The Bidder will review the holding structure of CNW Group and CNW's assets with a view to determining the optimal structure for the CNW Group under the 100% ownership of the Bidder.

10. BIDDER'S INTENTIONS IN RELATION TO CNW

(b) General strategic and operational review

The Bidder intends to conduct a general review of CNW's operations on both a strategic and operational level to evaluate CNW's performance, prospects and profitability in relation to the business. This review will apply quantitative and qualitative factors to measure performance and areas for improvement.

(c) Management and employees

The Bidder recognises CNW management and employees to be an integral part of the CNW business and its success. The Bidder looks forward to working constructively with all employees in an open and transparent manner. As noted in section 10.3 of this Bidder's Statement, following the conclusion of the Offer, the Bidder will undertake a general review of CNW operations. Part of that review will include an assessment of whether existing management and employee staffing arrangements are appropriate taking into account the future needs of CNW and any outcomes of the general strategic and operational review, which may result in changes to the existing workforce.

10.5 INTENTIONS UPON THE BIDDER ACQUIRING LESS THAN 90% OF THE CNW SHARES

This section 10.5 sets out the Bidder's intentions if the Bidder were to acquire a Relevant Interest in more than 50% but less than 90% of CNW Shares on issue. In those circumstances, the current intentions of the Bidder are as follows.

(a) Corporate matters

- (i) The Bidder will review CNW's listing on ASX and consider whether the benefits of a listing on the ASX justify the additional corporate and compliance costs of maintaining this listing. If CNW maintains its listing on the ASX, CNW Shareholders should be aware that the liquidity of CNW Shares on the ASX may be materially diminished.
- (ii) Subject to the Corporations Act and CNW's constitution and all other relevant matters, the Bidder intends to seek board representation so that the Bidder nominees are commensurate with the Bidder's shareholding in CNW. The identity of the proposed nominees to the CNW Board will be the subject of discussion with the CNW Board at the relevant time.

(b) General strategic and operational review and review of management and employees

If the Bidder controls CNW following the close of the Offer, the Bidder currently intends to endeavour to procure that the CNW Board acts consistently with the intentions of the Bidder set out in sections 10.4(b) and 10.4(c) of this Bidder's Statement.

(c) Further acquisition of CNW Shares

The Bidder may, at some later time, acquire further CNW Shares in a manner consistent with the Corporations Act.

10.6 INTENTIONS IF THE BIDDER DOES NOT ACQUIRE MORE THAN 50% THE CNW SHARES

If the Offer closes and the Bidder has not acquired a Relevant Interest in more than 50% of CNW Shares:

- (a) the Bidder does not expect to be in a position to give effect to the intentions set out in sections 10.4(b) and 10.4(c) of this Bidder's Statement, but aims to work with the CNW Board to implement those intentions to the extent possible and to the extent they remain appropriate;
- (b) the Bidder will seek to obtain representation on the CNW Board which is at least consistent with its proportionate shareholding; and
- (c) the Bidder would have regard to the circumstances at the time and consider the appropriate courses of action that are in the best interests of the Bidder.

10. BIDDER'S INTENTIONS IN RELATION TO CNW

10.7 LIMITATIONS ON INTENTIONS

The intentions and statements of future conduct set out in this section 10 must be read as being subject to:

- (a) the law (including the Corporations Act) and the ASX Listing Rules, including in particular the requirements of the Corporations Act and the ASX Listing Rules in relation to conflicts of interest and 'related party' transactions, given that if the Bidder obtains control of CNW but does not acquire all of the CNW Shares, it will be treated as a related party of CNW for these purposes;
- (b) the legal obligation of the directors of CNW at the time, including any nominees of the Bidder, to act in good faith and in the best interests of the Bidder for proper purposes and to have regard to the interests of all CNW Shareholders; and
- (c) the outcome of the reviews referred to in this section 10.

11. TAX CONSIDERATIONS

11.1 INTRODUCTION

The Information in this section is intended to provide a general overview of the Australian income and capital gains tax implications for Australian residents who accept the Offer.

This summary is not intended to be comprehensive and is based upon the Bidder's interpretation of Australian income tax legislation currently in force at the date of this Bidder's Statement. CNW Shareholders should not rely on the information in this section as advice in relation to their own affairs.

The taxation laws are complex and there could be implications in additions to those described in this section. Shareholders should seek independent professional advice in relation to their own particular circumstances.

The information in this section does not apply to non-resident CNW Shareholders and CNW Shareholders who have received their CNW Shares in their capacity as employees of CNW. Non-resident and employee CNW Shareholders should also obtain their own independent advice.

11.2 CNW SHARES HELD AS A CAPITAL INVESTMENT

CNW Shareholders who accept the Offer will dispose of their CNW Shares by way of transfer to Webcentral. This disposal will constitute a capital gains tax event for Australian capital gains tax purposes.

CNW Shareholders whose cost base for the acquisition of their CNW Shares is less than the Offer Price, will make a capital gain on the disposal of their CNW Shares to Webcentral. The cost base will generally be the cost of acquisition of the CNW Shares.

If an individual makes a capital gain from the disposal of their CNW Shares which have been held for at least 12 months before disposal, the individual will be taxed on only 50% of the gain. If the CNW Shares have been held for less than 12 months, the individual will be taxed on 100% of the gain. If a trustee of a superannuation fund makes a capital gain from the disposal of CNW Shares which have been held for at least 12 months before disposal, the trustee will be taxed on only $\frac{2}{3}$ of the gain.

CNW Shareholders whose cost base of acquiring their CNW Shares is greater than the Offer Price will make a capital loss if they accept the Offer. In calculating the capital loss, the reduced cost base is not indexed for inflation irrespective of how long the CNW Shares have been held. Capital losses may be offset against capital gains arising in the same year of income to determine the net capital gain. Any net capital gain is included in the CNW Shareholder's assessable income and is subject to income tax. Capital losses may not be offset against other income for income tax purposes, but may be carried forward to offset against future capital gains.

11.3 CNW SHARES HELD AS REVENUE ASSETS

Australian resident CNW Shareholders may be subject to the general income tax provisions (rather than the capital gains tax provisions) in respect of the profit or loss made from the disposal of their CNW Shares to Webcentral in some circumstances. For example, this will occur if a CNW Shareholder is in the business of trading in securities or their CNW Shares were acquired with a dominant purpose of making a profit from a subsequent sale.

In these circumstances, a taxable gain will arise if the Offer Price exceeds a CNW Shareholder's cost of acquiring its CNW Shares. A loss will arise if the Offer Price is less than the price paid for the CNW Shares by the CNW Shareholder. This loss may be offset against profits or capital gains made by the CNW Shareholder.
