

DRAGONTAIL SCHEME IMPLEMENTATION – REMINDER

5 August 2021: Dragontail Systems Limited (ASX:DTS, Dragontail or DTS), bringing process efficiency and improving customer satisfaction through its Algo SaaS platform and QT AI camera system to the Quick Service Restaurant (QSR) and foodservice industry, is pleased to provide the following reminder in relation to the Scheme of Arrangement (**Scheme**) to effect the acquisition by Yum Connect Australia Pty Ltd:

- DTS ordinary shareholders are reminded to please read the Scheme Booklet for further information as to the Israeli withholding tax arrangement that applies to you, including any documentation that you may be required to provide in order to determine your eligibility for an exemption from or reduced rate of withholding from your Scheme Consideration.
- We draw shareholders' attention to the flow diagram attached which sets out the additional supporting documentation (in most cases, a copy of a passport) to be included with the Israeli Withholding Tax Declaration. For full details please refer to section 2.2 of the Scheme Booklet, a copy of which is attached for your convenience.
- The Scheme Booklet was announced on 19 July 2021 and despatched to DTS ordinary shareholders on 22 July 2021. You can access the Scheme Booklet online at the following link: <https://www.dragontail.com/investors/scheme>
- If shareholders would like to receive a hard copy Scheme Booklet or if you have any questions in relation to the Scheme Booklet or the Scheme, please call the Dragontail Share Registry on +61 8 9389 8033 Monday to Friday between 9.00am and 5.00pm (Perth time).

This ASX Announcement was approved and authorised by Dragontail's Managing Director.

About Dragontail Systems

Dragontail is revolutionising the Quick Service Restaurant (QSR) and foodservice industry with its core technology offering being its patented **Algo Platform** and **QT AI camera system**, sold under a cloud-based monthly subscription-based Software-as-a-Service (SaaS) revenue model which results in time and cost savings, and improved customer satisfaction through:

- Optimising and managing kitchen process task flow and timing from order to delivery
- Checking food quality and consistency
- Providing customers visibility over their food orders
- Acting as a valuable training tool for staff
- Controlling for food hygiene and sanitisation
- Managing driver activities leading to increased efficiency

The **Algo Platform** is the first system in the world to fully automate and streamline the kitchen flow to deliver an immediate and significant return on investment to fast food and quick service restaurants. The Algo integrates into a QSR's point of sale (POS) system.

The **QT AI camera** system's sensor and camera automatically monitor the preparation and cooking process in the kitchen. Using proprietary patented advanced AI machine-learning technology, the system keeps improving its diagnostics, becoming even more efficient. The QT has been upgraded in 2020 for hygiene and sanitisation checking. Dragontail's offering consists of:

1. **Total Technology solution:** Algo Platform + POS + online ordering developed by Dragontail in partnership, resulting in a full and ready integration).
2. **Algo Platform or full Algo:** Ready to integrate into an existing QSR POS system, managing the entire food preparation process from order to delivery.
3. **Algo Lite:** A delivery module – driver tracking and order aggregation. A QSR may begin with this system and migrate across to the full Algo over time.
4. **QT AI camera quality system:** Proprietary developed camera hardware and software used to quality control food preparation.

Dragontail is rolling out its technology globally and has signed contracts with leading QSR franchisors and franchisees including key contracts with Yum! Brands, TelePizza and household names like Dominos, Pizza Hut, KFC, Papa John's and Sweetgreen, and has formed partnerships with global aggregators (third party delivery operators such as Uber Eats, Deliveroo, DoorDash, Grab and FOOD PANDA), across a growing number of countries globally.

2.2 Israeli Withholding Tax Declaration

The transfer of your DTS Shares to YUM! BidCo under the Scheme may have tax consequences depending on your personal facts and circumstances. You should seek professional taxation advice regarding the individual tax consequences applicable to you.

Under the Israeli Tax Ordinance [New Version], 5721-1961, a foreign tax resident may be subject to Israeli tax for capital gain arising from the sale of rights and/or shares of a foreign tax resident company which has its main assets in Israel (whether the asset is held directly or indirectly). Also, under Israeli law, a withholding tax should be deducted from income by a foreign resident if such income is subject to Israeli tax. The obligation to deduct such withholding tax falls on the payer of consideration, even if such payer is a non-Israeli tax resident. It is notable, however, that the Israeli Tax Ordinance also provides an exemption from Israeli tax for capital gain arising at the hands of a foreign tax resident from the sale of shares of a foreign company its main assets are an Israeli company, subject to certain conditions (such as, inter alia, that the capital gain is not in the seller's permanent enterprise in Israel, and that the shares are not traded on a stock exchange market in Israel).

Therefore, DTS has applied for and obtained a tax ruling issued by the Israeli Tax Authority (ITA) dated 16 June 2021 with regard to the Israeli withholding tax arrangement applicable to the payment of Scheme Consideration (**Israeli Withholding Tax Ruling**).

A copy of the Israeli Withholding Tax Ruling is set out in Annexure B and a summary of its contents is provided in the Israeli Tax Letter in Section 12. An Israeli Withholding Tax Declaration is enclosed.

To ensure you receive your Scheme Consideration promptly after implementation of the Scheme (without deduction for any Israeli Withholding Tax, to the extent that you are eligible for an exemption from Israeli Withholding Tax), please review both the table and the flowchart below to determine which category applies to you and follow the instructions in the Israeli Withholding Tax Ruling. (Instructions on signing and return of the Israeli Withholding Tax Declaration form are specified on that form.)
